Hull.

Measure the length along the deck from the after part of the stem to the fore part of the stern post.

Secondly.—The breadth from the broadest part from skin to skin.

Thirdly.—The depth from under the tonnage deck down the pump well to skin.

Multiply these three dimensions together, and divide the product by 130, and the quotient will be the tonnage of hull of such vessel.

If the vessel have a poop or other closed-in space, measure the inside length, breadth,

Poop or other closed-in space.

and height of such part thereof as may be included within the bulk-heads, whether enclosed within foremost bulkhead or not.

Multiply these three measurements together, and dividing the product by 92·4, the quotient will be the number of tons to be added to the tonnage of hull of such vessel.

NOTE.—In measuring breadth, the skin is the inner side of the inner planking, and if a boat or vessel has no inner planking a thin batten laid on or against the inner side of the timbers would represent the inner skin, and in measuring depth, the floor timber, or, in its absence, the upper part of the kelson shall represent the skin.

HIGH COURT—Original Side.

NOTIFICATIONS.

Calcutta, the 25th January 1878.

The following Rules, passed by the High Court of Judicature at Fort William in Bengal on its Original Side, are now published.

By order,
R. BELCHAMBERS,
Registrar.

It is ordered that the following Rules be read and passed as Rules of the High Court of Judicature at Fort William in Bengal in its Original Jurisdiction, to take effect from the 1st day of February 1878:—

1. When any property is ordered to be sold by public auction in execution of a decree or order of the High Court, on its Original Side, the ascertainment of the matters required by Section 287 of the Civil Procedure Code to be specified in the proclamation issuing under that Section shall be deemed to be a quasi-judicial act within the meaning of the 637th Section of the Code, and the same shall be done by the Registrar of the Court or such other Officer as shall be named in the order of sale, and the Registrar or such other Officer, as the case may be, shall for that purpose have power to summon any person whom he may think necessary, and examine him in respect of any such matter, and require him to produce any document in his possession or power relating thereto.
2. Every order for sale shall direct a proclamation to be made under the provisions of Section 287 of the Code of Civil Procedure.
3. Unless otherwise ordered by the Court or a Judge, every proclamation of an intended sale shall be settled and approved by the Registrar or such other Officer as may be named in the order for sale.
4. When immoveable property is under attachment in execution, the party at whose instance the same may be attached shall, before applying for an order for the sale of such property, cause search to be made in the Office of the Registrar of Deeds with the object of ascertaining whether such property is subject to any and what incumbrances.
5. Every application for an order for the sale of property in execution, whether moveable or immoveable, shall be supported by an affidavit stating all that is known to the party at whose instance the same has been attached respecting the title to such property, and also, whenever the application is for the sale of immoveable property, stating the result of the search made with respect thereto pursuant to the last preceding Rule.

NOTIFICATION.

The 4th February 1878.—The following Bye-laws framed by the Municipal Commissioners of Kishnaghur at a meeting under Section 313 of Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under Section 314 thereof, are hereby published for general information.

For Regulating the Conduct of Business at Meetings.

1. The day of the meeting shall ordinarily be the last Saturday in every month, unless the Chairman for any special reason fix any other day. A notice signed by the Chairman or Vice-Chairman shall be circulated at least three days before the day of the meeting.

2. A list of business to be transacted at the meeting shall accompany the notice, and no matter which is not contained in such list shall be brought forward for discussion at any meeting unless with the consent of the majority of the Commissioners present at the meeting.

3. Any member wishing to bring any proposition before the Commissioners at a meeting shall give written notice to the Chairman or Vice-Chairman of his intention to do so, and such proposition shall be included in the next list of business which may be prepared after the receipt of the notice.

For Regulating the Time and Mode of Collecting the Taxes.

4. A darogah shall be appointed for the purpose of superintending the collection of taxes. The Municipality shall be divided into six wards, as heretofore, and to each of these wards shall be appointed a sirkar, who shall be authorized to collect taxes and to grant receipts. The Commissioners shall also appoint such warrant clerks or other officers as may be necessary for the realization of taxes.

5. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer, at the time of demanding payment, shall be bound to show this certificate, if required, and no tax-payer shall be bound to pay unless such certificate is shown and a printed receipt tendered to him.

6. For all sums paid on account of any tax mentioned in the Act, a printed receipt signed by the tax darogah and the collecting officer, showing the quarter for which the sum is paid, the amount of the tax, the number of the holding and of the ward in which it is situated, and the person from whom the tax is levied, shall be given to the person paying the same.

7. Bills shall not be made over at one time to any collecting sirkar or warrant clerk to a larger amount than that of the security given by him.

8. The darogah shall periodically settle accounts with the sirkars and warrant clerks, at such intervals as the Commissioners may from time to time direct. The darogah shall report to the Chairman the result of such settlements of accounts, and shall certify that the accounts are correct.

9. The darogah shall have a permanent advance of Rs. 25 to meet petty contingent expenses, to be accounted for at the end of each month.

10. When any tax, rate, or toll is levied by distress and sale of moveable property, payment of the purchase-money and delivery of the property shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer to sell the property again on the same or any other day, and the first or any succeeding purchaser, except the last, shall in such case be responsible to the Commissioners for any loss; such loss shall be recoverable as a debt due from him.

11. Every person required, in writing, to furnish any schedule or return which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition, in the manner described in section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for the omission, and to a penalty not exceeding Rs. 2 for every day the omission shall continue. Any person submitting a false or incorrect schedule or return shall be liable to a penalty of Rs. 20, provided that nothing in this bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code, should the facts appear to warrant such a proceeding.

For Regulating the Conduct of Persons Employed by the Commissioners.

12. The Commissioners shall have power to inflict, for neglect of duty a fine not exceeding one month's pay upon any person employed by them.

13. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

14. Every person within whose premises any animal may die shall, within six hours after its death, or, if death occurs at night, within four hours after day light, either remove at

his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcasses, or report the death to the conservancy overseer of the division within which such premises may be situated. Penalty for infringement, Rs. 20. In case the person liable shall not remove the carcass, he shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in case the said person be not the owner of the animal, and the owner be known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners.

15. No person shall dispose, or cause to be disposed, of any corpse, or any part of a corpse, otherwise than by burning or burying it at or in some lawful burning or burial ground.

Penalty for infringement, Rs. 50.

16. If the corpse of any person within the municipal limits shall remain unburied or unburnt after 12 hours from the time of death, the Municipal Commissioners may dispose of such corpse through their servants, and recover the expense from any assets left by the deceased.

For the Regulation and Management of Privies.

17. No person shall perform any office of nature in any place outside private premises, other than such place as may be appointed by the Commissioners.

Penalty for infringement, Rs. 10.

18. No person shall carry night-soil through the streets except between the hours of 3 A.M. and 8 A.M., or otherwise than in a closely covered receptacle; or shall use any place, other than those approved by the Commissioners, for the purpose of depositing such night-soil therein.

Penalty for infringement, Rs. 20.

19. Within such limits as the Municipal Commissioners may appoint, no person shall construct or keep, after prohibition by the Municipal Commissioners, any well-privy.

Penalty, Rs. 20 and a daily fine of one rupee.

20. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises, if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease: provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

Penalty, daily fine of one rupee.

For Regulating Traffic in the Streets.

21. Every carriage or cart plying on the streets after one hour after sunset shall carry a light or lights.

Penalty for infringement, Rs. 5.

For Regulating or Prohibiting the use of Fire-balloons, Fire-works, Fire-arms, or Missiles, in the Vicinity of Public Roads.

22. No one shall let off any fire-balloon, fire-work, fire-arm, or any missile, in or near a public street without the consent of the Municipal Commissioners previously obtained.

Penalty for infringement, Rs. 10.

Miscellaneous Bye-laws.

23. No person shall put, or cause to be put, on any house or building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and all persons shall take such order with existing spouts, &c., as may be necessary to prevent injury to any public road or thoroughfare.

Penalty for infringement, Rs. 10; penalty for continued infringement, one rupee daily.

24. No person shall deposit, or cause to be deposited, in or by the side of any public drain any substance or thing whereby the said drain is or may be in any way obstructed.

Penalty for infringement, Rs. 10; penalty for continued infringement, Rs. 3 daily.

25. Except by and with the written permission of the Commissioners, and in such manner as they shall direct, no person shall construct any building or structure of any kind abutting on any public road or drain, and no person shall place over any public drain any bridge or platform.

Penalty for infringement, Rs. 50.

The Commissioners may direct that the owner or occupier shall remove the said building or obstruction at his own expense. In case of default, the defaulter shall be liable to pay a daily fine not exceeding Rs. 3.

26. RULE II.—Notwithstanding Rule I, no fee shall be chargeable for serving and executing any process, such as a notice, rule, summons, or warrant of arrest which may be issued by any Court of its own motion, solely for the purpose of taking cognizance of, and punishing any act done, or words spoken, in contempt of its authority.

RULE III.—No process which comes within the operation of Rule I shall be drawn up for service or execution, except upon an application made to the Court for that purpose in writing, on a document bearing upon its face stamps not less in amount than the fee, which by Rule I is directed to be charged for serving and executing the process so sought to be drawn up. This application may, however, at the option of the party making it, be included in the petition by which he moves the Court to order the process to issue; but in that case the petition must bear the requisite stamps for the process fee, in addition to such stamps, if any, as are needed for its own validity: and, in either case, the filing of the application, thus duly stamped, shall constitute payment of the fee chargeable for the process.

RULE IV.—In cases which are covered by the note to Article 3 of Part I, and the note to Articles (3) and (4) of Parts II, III, and IV of the Table of Fees in Rule I, the additional fee which may become payable after the process has been actually issued shall be paid by filing a written requisition to the Court to receive the fee, which document shall bear on the face of it stamps not less in amount than the additional fee, together with a memorandum of the purpose for which it is paid.

RULE V.—The proceeds of a sale effected in execution of any decree will only be paid out of Court on an application made for that purpose in writing, and the additional fee (*f*), Article (6), Parts II, III, and IV must be paid by stamps affixed to, or impressed upon, the first of such applications: whether it be or be not made by the person who obtained the order for sale, or whether it does or does not extend to the whole of the proceeds. No fee will be chargeable upon any such application subsequent to the first.

NOTIFICATION.

The 4th February 1878.—The following Bye-laws framed by the Municipal Commissioners of Kishnaghur at a meeting under Section 313 of Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under Section 314 thereof, are hereby published for general information.

For Regulating the Conduct of Business at Meetings.

1. The day of the meeting shall ordinarily be the last Saturday in every month, unless the Chairman for any special reason fix any other day. A notice signed by the Chairman or Vice-Chairman shall be circulated at least three days before the day of the meeting.

2. A list of business to be transacted at the meeting shall accompany the notice, and no matter which is not contained in such list shall be brought forward for discussion at any meeting unless with the consent of the majority of the Commissioners present at the meeting.

3. Any member wishing to bring any proposition before the Commissioners at a meeting shall give written notice to the Chairman or Vice-Chairman of his intention to do so, and such proposition shall be included in the next list of business which may be prepared after the receipt of the notice.

For Regulating the Time and Mode of Collecting the Taxes.

4. A darogah shall be appointed for the purpose of superintending the collection of taxes. The Municipality shall be divided into six wards, as heretofore, and to each of these wards shall be appointed a sirkar, who shall be authorized to collect taxes and to grant receipts. The Commissioners shall also appoint such warrant clerks or other officers as may be necessary for the realization of taxes.

5. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer, at the time of demanding payment,

shall be bound to show this certificate, if required, and no tax-payer shall be bound to pay unless such certificate is shown and a printed receipt tendered to him.

6. For all sums paid on account of any tax mentioned in the Act, a printed receipt signed by the tax darogah and the collecting officer, showing the quarter for which the sum is paid, the amount of the tax, the number of the holding and of the ward in which it is situated, and the person from whom the tax is levied, shall be given to the person paying the same.

7. Bills shall not be made over at one time to any collecting sirkar or warrant clerk to a larger amount than that of the security given by him.

8. The darogah shall periodically settle accounts with the sirkars and warrant clerks, at such intervals as the Commissioners may from time to time direct. The darogah shall report to the Chairman the result of such settlements of accounts, and shall certify that the accounts are correct.

9. The darogah shall have a permanent advance of Rs. 25 to meet petty contingent expenses, to be accounted for at the end of each month.

10. When any tax, rate, or toll is levied by distress and sale of moveable property, payment of the purchase-money and delivery of the property shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer to sell the property again on the same or any other day, and the first or any succeeding purchaser, except the last, shall in such case be responsible to the Commissioners for any loss; such loss shall be recoverable as a debt due from him.

11. Every person required, in writing, to furnish any schedule or return which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition, in the manner described in section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for the omission, and to a penalty not exceeding Rs. 2 for every day the omission shall continue. Any person submitting a false or incorrect schedule or return shall be liable to a penalty of Rs. 20, provided that nothing in this bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code, should the facts appear to warrant such a proceeding.

For Regulating the Conduct of Persons Employed by the Commissioners.

12. The Commissioners shall have power to inflict for neglect of duty a fine not exceeding one month's pay upon any person employed by them.

13. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

14. Every person within whose premises any animal may die shall, within six hours after its death, or, if death occurs at night, within four hours after day light, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcasses, or report the death to the conservancy overseer of the division within which such premises may be situated. Penalty for infringement, Rs. 20. In case the person liable shall not remove the carcass, he shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in case the said person be not the owner of the animal, and the owner be known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners.

15. No person shall dispose, or cause to be disposed, of any corpse, or any part of a corpse, otherwise than by burning or burying it at or in some lawful burning or burial ground.

Penalty for infringement, Rs. 50.

16. If the corpse of any person within the municipal limits shall remain unburied or unburnt after 12 hours from the time of death, the Municipal Commissioners may dispose of such corpse through their servants, and recover the expense from any assets left by the deceased.

For the Regulation and Management of Privies.

17. No person shall perform any office of nature in any place outside private premises, other than such place as may be appointed by the Commissioners.

Penalty for infringement, Rs. 10.

18. No person shall carry night-soil through the streets except between the hours of 3 A.M. and 8 A.M., or otherwise than in a closely covered receptacle; or shall use any place, other than those approved by the Commissioners, for the purpose of depositing such night-soil therein.

Penalty for infringement, Rs. 20.

19. Within such limits as the Municipal Commissioners may appoint, no person shall construct or keep, after prohibition by the Municipal Commissioners, any well-privy.

Penalty, Rs. 20 and a daily fine of one rupee.

20. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises, if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease: provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

Penalty, daily fine of one rupee.

For Regulating Traffic in the Streets.

21. Every carriage or cart plying on the streets after one hour after sunset shall carry a light or lights

Penalty for infringement, Rs 5.

For Regulating or Prohibiting the use of Fire-balloons, Fire-works, Fire-arms, or Missiles, in the Vicinity of Public Roads.

22. No one shall let off any fire-balloon, fire-work, fire-arm, or any missile, in or near a public street without the consent of the Municipal Commissioners previously obtained.

Penalty for infringement, Rs. 10.

Miscellaneous Bye-laws.

23. No person shall put, or cause to be put, on any house or building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and all persons shall take such order with existing spouts, &c., as may be necessary to prevent injury to any public road or thoroughfare.

Penalty for infringement, Rs. 10; penalty for continued infringement, one rupee daily.

24. No person shall deposit, or cause to be deposited, in or by the side of any public drain any substance or thing whereby the said drain is or may be in any way obstructed.

Penalty for infringement, Rs. 10; penalty for continued infringement, Rs. 3 daily.

25. Except by and with the written permission of the Commissioners, and in such manner as they shall direct, no person shall construct any building or structure of any kind abutting on any public road or drain, and no person shall place over any public drain any bridge or platform.

Penalty for infringement, Rs. 50.

The Commissioners may direct that the owner or occupier shall remove the said building or obstruction at his own expense. In case of default, the defaulter shall be liable to pay a daily fine not exceeding Rs. 3.

26. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners, and any such channel may be filled up by the Commissioners, who may recover the expense from the offender, or from the person for whose benefit the channel may have been cut.

Penalty for infringement, Rs. 50.

27. No person shall, without the permission of the Commissioners, steep in any tank or ditch within municipal limits any jute, hemp, or other vegetable matter, or any animal matter.

Penalty for infringement, Rs. 20; penalty for continued infringement, Rs. 2 daily.

28. No person shall wash in any tank, or ditch, or well the clothes, or bedding, or furniture used by any person suffering from cholera or from any contagious disease.

Penalty for disobedience, a fine of Rs. 50.

29. No person shall, without the consent of the Municipal Commissioners, fill up or stop any existing cesspool so as to obstruct the drainage of any part of the town.

Penalty for infringement, Rs. 20; and the Commissioners may order the offender to re-dig the hole at his own expense, and, if he neglects to do so, may impose a daily fine not exceeding Rs. 2, or may do the work at his expense.

30. No person shall collect, or allow to be collected (except for the purpose of conveying it away), on or near any public road or place, any manure or other offensive substance.

Penalty for infringement, Rs. 5.

31. No person shall tether or graze cattle, goats, or other animals, or cause them to be tethered, or cause or allow them to stray, on any public highway.

Penalty for infringement, Rs. 5.

32. No person shall allow any diseased or worn-out animal to stray into any highway, or into any place whence such animal can escape into any highway.

Penalty for infringement, Rs. 5.

33. No person shall cut grass from the banks or sides of any roads or from any public place within municipal limits.

Penalty for infringement, Rs. 10.

34. No person shall throw or place on any road or street any broken glass, broken bottles, or crockery.

Penalty for infringement, a fine not exceeding Rs. 10.

For Regulating Burial-grounds, &c.

35. No person shall bury, or cause to be buried, any corpse, or part of a corpse, in any burial ground in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than four feet from the surface ground.

Penalty for infringement, Rs. 10.

36. No person shall bury, or cause to be buried, in any burial ground any corpse, or part of a corpse, in a grave not constructed of masonry which shall be less than six feet deep.

Penalty for infringement, Rs. 10.

37. No person shall build or dig, or cause to be built or dug, any grave in a burial ground at a less distance than two feet from any other existing grave.

Penalty for infringement, Rs. 20.

38. No person shall build or dig, or cause to be built or dug, a grave in any burial place in any other line than that marked out by the Commissioners or some person authorized on their behalf.

Penalty for infringement, Rs. 20.

39. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

Penalty for infringement, Rs. 20.

For Regulating the Burning of Dead Bodies.

40. Every person who shall bring or convey, or cause to be brought or conveyed, any corpse or part thereof to any burning ground, shall burn, or cause the same to be burnt, within six hours after its arrival at the said burning ground.

Penalty for infringement, Rs. 20.

41. No person, when burning, or causing to be burnt, any corpse, or part of a corpse, in any burning ground, shall permit the same or any part thereof to remain without being completely reduced to ashes, or shall permit the clothes or other articles connected with the burning of such corpse to remain at or near such burning ground unless the same be completely reduced to ashes.

Penalty for infringement, Rs. 20.

42. No person shall carry a corpse, or part of a corpse, through any highway unless it be decently covered and totally concealed from public view.

Penalty for infringement, Rs. 10.

43. No person while carrying any corpse, or part of a corpse, shall deposit it on any bazar or crowded thoroughfare for any purpose whatever.

Penalty for infringement, Rs. 10.

44. Every corpse, or part of a corpse, that has been kept or used for the purpose of dissection must be removed in a closed vehicle.

Penalty for infringement, Rs. 20.

General.

45. Each penalty laid down in the above bye-laws shall be the maximum penalty.

Article 7.—Every rule, notice, proclamation, injunction, or other order not specified in any preceding Article of this part	1 0 0

RULE II.—Notwithstanding Rule I, no fee shall be chargeable for serving and executing any process, such as a notice, rule, summons, or warrant of arrest which may be issued by any Court of its own motion, solely for the purpose of taking cognizance of, and punishing any act done, or words spoken, in contempt of its authority.

RULE III.—No process which comes within the operation of Rule I shall be drawn up for service or execution, except upon an application made to the Court for that purpose in writing, on a document bearing upon its face stamps not less in amount than the fee, which by Rule I is directed to be charged for serving and executing the process so sought to be drawn up. This application may, however, at the option of the party making it, be included in the petition by which he moves the Court to order the process to issue; but in that case the petition must bear the requisite stamps for the process fee, in addition to such stamps, if any, as are needed for its own validity: and, in either case, the filing of the application, thus duly stamped, shall constitute payment of the fee chargeable for the process.

RULE IV.—In cases which are covered by the note to Article 3 of Part I, and the note to Articles (3) and (4) of Parts II, III, and IV of the Table of Fees in Rule I, the additional fee which may become payable after the process has been actually issued shall be paid by filing a written requisition to the Court to receive the fee, which document shall bear on the face of it stamps not less in amount than the additional fee, together with a memorandum of the purpose for which it is paid.

RULE V.—The proceeds of a sale effected in execution of any decree will only be paid out of Court on an application made for that purpose in writing, and the additional fee (*f*), Article (6), Parts II, III, and IV must be paid by stamps affixed to, or impressed upon, the first of such applications: whether it be or be not made by the person who obtained the order for sale, or whether it does or does not extend to the whole of the proceeds. No fee will be chargeable upon any such application subsequent to the first.

N.B.—The fees paid in pursuance of these Rules, must, in all proceedings, be deemed and treated as part of the necessary and proper costs of the party who pays them.

For Regulating the Conduct of Business at Meetings.

1. The day of the meeting shall ordinarily be the last Saturday in every month, unless the Chairman for any special reason fix any other day. A notice signed by the Chairman or Vice-Chairman shall be circulated at least three days before the day of the meeting.

2. A list of business to be transacted at the meeting shall accompany the notice, and no matter which is not contained in such list shall be brought forward for discussion at any meeting unless with the consent of the majority of the Commissioners present at the meeting.

3. Any member wishing to bring any proposition before the Commissioners at a meeting shall give written notice to the Chairman or Vice-Chairman of his intention to do so, and such proposition shall be included in the next list of business which may be prepared after the receipt of the notice.

For Regulating the Time and Mode of Collecting the Taxes.

4. A darogah shall be appointed for the purpose of superintending the collection of taxes. The Municipality shall be divided into six wards, as heretofore, and to each of these wards shall be appointed a sirkar, who shall be authorized to collect taxes and to grant receipts. The Commissioners shall also appoint such warrant clerks or other officers as may be necessary for the realization of taxes.

5. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer, at the time of demanding payment,

shall be bound to show this certificate, if required, and no tax-payer shall be bound to pay unless such certificate is shown and a printed receipt tendered to him.

6. For all sums paid on account of any tax mentioned in the Act, a printed receipt signed by the tax darogah and the collecting officer, showing the quarter for which the sum is paid, the amount of the tax, the number of the holding and of the ward in which it is situated, and the person from whom the tax is levied, shall be given to the person paying the same.

7. Bills shall not be made over at one time to any collecting sirkar or warrant clerk to a larger amount than that of the security given by him.

8. The darogah shall periodically settle accounts with the sirkars and warrant clerks, at such intervals as the Commissioners may from time to time direct. The darogah shall report to the Chairman the result of such settlements of accounts, and shall certify that the accounts are correct.

9. The darogah shall have a permanent advance of Rs. 25 to meet petty contingent expenses, to be accounted for at the end of each month.

10. When any tax, rate, or toll is levied by distress and sale of moveable property, payment of the purchase-money and delivery of the property shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer to sell the property again on the same or any other day, and the first or any succeeding purchaser, except the last, shall in such case be responsible to the Commissioners for any loss; such loss shall be recoverable as a debt due from him.

11. Every person required, in writing, to furnish any schedule or return which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition, in the manner described in section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for the omission, and to a penalty not exceeding Rs. 2 for every day the omission shall continue. Article 7.—Every rule, notice, proclamation, injunction, or other order not specified in any preceding Article of this part	1 0 0

RULE II.—Notwithstanding Rule I, no fee shall be chargeable for serving and executing any process, such as a notice, rule, summons, or warrant of arrest which may be issued by any Court of its own motion, solely for the purpose of taking cognizance of, and punishing any act done, or words spoken, in contempt of its authority.

RULE III.—No process which comes within the operation of Rule I shall be drawn up for service or execution, except upon an application made to the Court for that purpose in writing, on a document bearing upon its face stamps not less in amount than the fee, which by Rule I is directed to be charged for serving and executing the process so sought to be drawn up. This application may, however, at the option of the party making it, be included in the petition by which he moves the Court to order the process to issue; but in that case the petition must bear the requisite stamps for the process fee, in addition to such stamps, if any, as are needed for its own validity: and, in either case, the filing of the application, thus duly stamped, shall constitute payment of the fee chargeable for the process.

RULE IV.—In cases which are covered by the note to Article 3 of Part I, and the note to Articles (3) and (4) of Parts II, III, and IV of the Table of Fees in Rule I, the additional fee which may become payable after the process has been actually issued shall be paid by filing a written requisition to the Court to receive the fee, which document shall bear on the face of it stamps not less in amount than the additional fee, together with a memorandum of the purpose for which it is paid.

RULE V.—The proceeds of a sale effected in execution of any decree will only be paid out of Court on an application made for that purpose in writing, and the additional fee (*f*), Article (6), Parts II, III, and IV must be paid by stamps affixed to, or impressed upon, the first of such applications; whether it be or be not made by the person who obtained the order for sale, or whether it does or does not extend to the whole of the proceeds. No fee will be chargeable upon any such application subsequent to the first.

N.B.—The fees paid in pursuance of these Rules, must, in all proceedings, be deemed and treated as part of the necessary and proper costs of the party who pays them.

HIGH COURT NOTICES.

Circular Orders issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 3, dated the 16th February 1878.

From a report recently submitted by a District Judge, it appears that, in the time of his predecessors, the record-room attached to this Court has been allowed to fall into a state of great confusion. No register of the contents of the record-room had been prepared; no system in arranging the records had been followed. The provisions of Circular Order No. 7, dated 4th March 1874, requiring lists of the records sent in by the Lower Courts to be prepared on printed forms of a uniform size and bound into volumes, had been overlooked. The papers, the periodical destruction of which was prescribed by Circular Order No. 26, dated 16th November 1865, and previous Circular Orders of the Sudder Court, had not been touched, though year after year the annual reports contained certificates to the effect that the rules had been complied with. The record-keeper and his deputy had been permitted to delegate their duties to copyists, who were allowed unrestricted access to the record-room, and permitted to do their copying work there, away from the control of the Serishtadar. Irregularities, such as might have been expected in regard to the granting of copies, are said to have resulted.

2. To remedy the irregularities noted above as soon as they were discovered, advantage was taken by the Judge of the Dusserah vacation to employ all the clerks of the Court, who had not taken leave, in making a list of the contents of the racks, and examining, as far as possible, the contents of the bundles. A complete index to the papers, which are now being arranged, is in process of preparation, and something like order is gradually being introduced.

3. It is to be feared that a somewhat similar state of things may prevail elsewhere, and consequently the Judges consider it necessary to direct that steps be taken to ascertain in every Court that the record-keeper is performing his duties thoroughly, and not only so far as is sufficient to prevent the immediate detection of neglect.

4. The Court have to remind the District Judges that the native holidays afford opportunities which may be usefully employed in carrying out inquiries for the neglect of which pressure of business is frequently pleaded, and that it must always be possible to make arrangements for the performance of this duty without interfering with the religious observances of their ministerial officers.

5. The object to be attained is of such importance, that the Court trust that all District Judges will co-operate heartily in securing it. Officers who may hereafter neglect this duty must bear in mind that they will be held personally responsible.

No. 4, dated the 16th February 1878.

In lieu of the monthly return, shewing the number of pauper suits decided in the Civil Courts, prescribed by the Circular Order of the late Sudder Court, No. 22, dated 2nd October 1846, the Court is pleased to prescribe for use the annexed form of quarterly statement to be prepared by the District Judge on account of his own and the Subordinate Civil Courts, and by him forwarded to the Collector of the District concerned.

2. Instead of communicating directly with the Collector immediately on passing a decision in favour of a person suing *in formâ pauperis*, as directed in Circular Order No. 34, dated 30th November 1864, the officer deciding will, in future, within seven days from the day on which the decree is signed, deliver to the Government Pleader a copy of the decree in the case.

Statement shewing the number of Pauper Suits decided in the Civil Courts of the District of during the Quarter of the year 18 , and the amount of Stamp Duty leviable on behalf of Government (Circular Order No. 4, dated 16th February 1878).

In what Court decided.	Date of institution of suit.	Register number of suit.	Names of suitors, with their places of residence.	Nature of the suit.	Substance of the order passed.	Date on which copy of the decree was made over to the Government Pleader.	Amount or value in dispute.	Amount of stamp duty leviable.	REMARKS.

Sheriff's Office, the 27th February 1878.

HIGH COURT NOTICES.

Circular Orders issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 5, *dated 20th February* 1878.

HIGH COURT, CIVIL SIDE.
Present :
The Full Court.

The Court are pleased to direct that the following be substituted for the penultimate paragraph of Circular Order No. 13, dated the 18th July 1877 :—

"13. Order sheet.

"In proceedings after decree for the execution thereof, the trial nuthee shall be constituted of the undermentioned papers and documents :—

"14. The decree-holder's application under Section 212, Act VIII of 1859 [Section 230, Act X of 1877].

"15. Applications for substitution in place of decree-holder under Section 208, Act VIII of 1859 [Section 232, Act X of 1877].

"16. Applications to execute against the estate of a deceased debtor under Section 210, Act VIII of 1859 [Section 234, Act X of 1877].

"17. Notices issued under Section 216, Act VIII of 1859 [Section 248, Act X of 1877].

"18. Applications by the defendant objecting to the execution proceeding.

"19. Writs of attachment or possession, and returns of service.

"20. Proclamations of sale and returns of service.

"21. Proceedings of the Court holding a sale.

"22. Applications by the decree-holder granting time to the debtor.

"23. Statements of accounts.

"24. Receipts and acknowledgments of satisfaction in whole or in part.

"25. Vakalutnamahs.

"26. The final order."

No. 6, *dated the* 20*th February* 1878.

HIGH COURT, CIVIL SIDE.
Present :
The Full Court.

The Court are pleased to direct that the following additions be made in Circular Order No. 14, dated the 19th July 1877 :—

In the list of "papers to be preserved," and before the words "the periods for which the trial nuthee shall be preserved entire," &c., the following shall be inserted :—

"In execution of decree cases—

14. The decree-holder's application.
19. Writs of attachment or possession and returns of service.
21. Proceedings of the court holding a sale of immovable property.
24. Receipts, &c.
25. Vakalutnamahs by which a decree-holder authorises a pleader to receive money from the court.
26. The final order."

In page 2, the following shall be inserted after the words "or in executions, not proceeded with when three years have elapsed since the last application":—

The word 'application' must be here read in connection with clause 4, Article 179, Schedule II, Act XV of 1877.

No. 7, *dated the* 23*rd February* 1878.

Circular Order No. 186, dated 24th October 1861, issued by the late Sudder Court, prescribing a form of fly leaf for use with pending suits, is hereby cancelled. In future it will be sufficient if, on the termination of a trial, the fly leaf or index of the contents of the Trial Nuthee is prepared as directed in Circular Order No. 13, dated 18th July last.

2. The orders contained in the latter circular order for the preparation of supplementary indexes, shewing separately for each party to the suit the documents used by them, supersede the orders contained in Circular Order No. 12, dated 3rd December 1869, in so far that a list of rejected documents is not now required. All that is now necessary is to make up a list of all the documents admitted in evidence in the case in as many parts as there are parties.

No. 8, *dated* 23*rd February* 1878.

The Court are pleased to direct that the quarterly returns submitted to it by the Judges of Courts of Small Causes through the District Judge, under the provisions of Circular Order No. 10A, dated 26th April 1864, and Circular Memo. No. 6, dated 8th April 1875, be discontinued. As the Courts of Small Causes are now, under Act X of 1877, subordinate to the District Courts, it will be the duty of the District Judges to exercise the same control over them in the matter of their process establishments as they do over the other Subordinate Civil Courts.

No. 9, *dated the* 23*rd February* 1878.

As the High Court has ceased, under the provisions of Act VI of 1871, to exercise any control over the establishments attached to the Subordinate Civil Courts, it is no longer necessary that the annual reports on the validity of the security filed by ministerial officers, which some District Judges continue to forward under the provisions of Circular Order No. 34, dated 23rd September 1831, issued by the late Sudder Court, should be submitted for the information of the Judges.

2. District Judges must in future be guided in the matter of taking security from members of the establishments subordinate to them, and of periodically satisfying themselves as to its validity by any instructions which they may receive on the subject from the Government.

Sheriff's Office, the 27th February 1878.

NOTICE is hereby given that the Third Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the Twenty-fifth day of March next, at 11 o'clock in the forenoon, and so on from day to day until the said Sessions be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute.

RULE II.—Notwithstanding Rule I, no fee shall be chargeable for serving and executing any process, such as a notice, rule, summons, or warrant of arrest which may be issued by any Court of its own motion, solely for the purpose of taking cognizance of, and punishing any act done, or words spoken, in contempt of its authority.

RULE III.—No process which comes within the operation of Rule I shall be drawn up for service or execution, except upon an application made to the Court for that purpose in writing, on a document bearing upon its face stamps not less in amount than the fee which by Rule I is directed to be charged for serving and executing the process so sought to be drawn up This application may, however, at the option of the party making it, be included in the petition by which he moves the Court to order the process to issue; but in that case the petition must bear the requisite stamps for the process fee, in addition to such stamps, if any, as are needed for its own validity: and, in either case, the filing of the application, thus duly stamped, shall constitute payment of the fee chargeable for the process.

RULE IV.—In cases which are covered by the note to Article 3 of Part I, and the note to Articles 3 and 4 of Parts II, III, and IV of the Table of Fees in Rule I, the additional fee which may become payable after the process has been actually issued shall be paid by filing a written requisition to the Court to receive the fee, which document shall bear on the face of it stamps not less in amount than the additional fee, together with a memorandum of the purpose for which it is paid.

RULE V.—The proceeds of a sale effected in execution of any decree will only be paid out of Court on an application made for that purpose in writing, and the additional fee (*f*), Article 6, Parts II, III, and IV, must be paid by stamps affixed to, or impressed upon, the first of such applications: whether it be or be not made by the person who obtained the order for sale, or whether it does or does not extend to the whole of the proceeds. No fee will be chargeable upon any such application subsequent to the first.

N.B.—The fees paid in pursuance of these Rules must, in all proceedings, be deemed and treated as part of the necessary and proper costs of the party who pays them.

HIGH COURT.—Original Side.

NOTIFICATION.

Calcutta, the 9th March 1878.

THE following rules, passed by the High Court of Judicature at Fort William in Bengal, in its Original Side, are now published for general information. By order,

R. BELCHAMBERS, *Registrar.*

IT is ordered that the following rules be read and passed as rules of the High Court of Judicature at Fort William in Bengal, in its original jurisdiction, to take effect from the 1st day of April 1878:—

I.—The attestation of any amendment under Sections 47, 53, 116, 245, or 543 of the Code of Civil Procedure shall be considered to be a non-judicial act, and shall, unless otherwise ordered by the Court, be done by the Registrar.

II.—When a plaint or written statement is verified out of Court in the presence of an attesting witness, the fact of such verification may be proved by the affidavit of such witness, unless the Court shall otherwise order.

III.—No costs for making or presenting any copy or copies of the plaint under Section 58 will be allowed, unless the Court has specially directed such copy or copies to be presented.

IV.—Such copy or copies, when so ordered, shall be presented to the Registrar, who shall cause the same to be compared with the plaint by one of the Examiners, who shall attest such copy or copies if found correct; and the same, when so attested, shall forthwith be served upon the defendant or defendants, as the case may be.

V.—When an original document is produced by the plaintiff under Section 59, the same shall be marked for identification by the chief ministerial officer in attendance on the Court; and if in lieu of the original a copy thereof is filed with the plaint, the same shall, before return of the original, be compared therewith by one of the Examiners, who shall attest the copy if it be found correct.

VI.—When an original document is produced by the plaintiff under Section 62, the same shall be marked for identification by the chief ministerial officer in attendance on the Court, and the copy to be filed under that section shall be examined and compared with the original by one of the Examiners, who shall attest the copy if it be found correct.

VII.—The acts directed to be done by the Court under Sections 262 and 302 respectively shall be deemed to be non-judicial acts, and, unless otherwise ordered by the Court, shall be done by the Registrar. The endorsement or execution by the Registrar shall be in the following form:—"A. B. by C. D., Registrar of Her Majesty's High Court of Judicature at Fort William in Bengal, in its Original Civil Jurisdiction."

NOTIFICATION.

The 18th March 1878.—The following Bye-laws framed by the Municipal Commissioners of Howrah at a meeting under section 313, of Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under section 314 thereof, are hereby published for general information :—

For regulating the conduct of business at Meetings of the Commissioners.

1. An Ordinary General Meeting of the Commissioners shall be held on every first and third Thursday of the month.

2. All such meetings shall be convened by the Chairman or Vice-Chairman by notice to be served on each Commissioner, not later than the Monday preceding the day of the meeting.

3. In the event of the Chairman or Vice-Chairman determining to call an Extraordinary General Meeting, not less than two clear days' notice shall be given to the Commissioners of the day fixed for such Extraordinary General Meeting.

4. Every notice convening a meeting shall be accompanied by a list of the business signed by the Chairman or Vice-Chairman to be brought forward at such meeting.

5. Any Commissioners wishing to bring forward any business shall give notice of such intention in writing to the Chairman a week before the meeting, when the Chairman or Vice-Chairman shall include such business in the list of the business to be laid before such meeting.

6. No business shall be considered, or proposition received at any meeting, if it does not appear in the list of business.

7. At all Ordinary General Meetings the proceedings shall be commenced by the Secretary reading the Minutes of the last Ordinary or Extraordinary General Meeting with a view to ascertain if the resolutions passed at such meeting have been faithfully and accurately recorded in the words used by the mover of such resolution, or if amendments thereto shall have been passed in the words used by the mover of such duly passed amendments.

8. In the event of any Commissioner being of opinion that any such resolution has not been accurately recorded, it shall be competent to such Commissioner to state his opinion to that effect, and thereupon the Chairman shall decide, whether or no, such resolution has been accurately recorded by reference to the original draft of such resolution written and signed by the mover, and if he finds the Minute to be inaccurate, he shall then and there make the necessary correction in the Minute Book, provided that no discussion as to the propriety or otherwise of such resolution shall be allowed.

9. The order in which the several subjects shall be discussed at a meeting shall be determined by the order in which they are mentioned in the Chairman's list.

10. On the Commissioners proceeding to the consideration of any subject, the Secretary shall first read to the Commissioners the letters and papers connected with such subject, and thereupon any Commissioner may make a proposition regarding such subject, and address the meeting prior to the question being put to vote by the President, provided that such Commissioner shall confine his remarks to the subject under consideration.

11. Every proposition made shall be written out by the proposer, and signed by him.

12. Every proposition shall be seconded by one Commissioner who shall also sign or initial the draft proposition written by the proposer.

13. The Commissioner who first addresses the meeting shall be entitled to be heard first, and should more than one Commissioner address the meeting, the right of precedence shall be determined by the President.

14. Any Commissioner shall be at liberty to call the attention of the President to a point of order, even when a Commissioner is addressing the meeting.

15. Any Commissioner may propose an amendment to a proposition to the effect that certain words in the proposition originally made be omitted thereform, that certain words be substituted, or that certain words be added thereto, provided that such amendment be proposed when the subject is being discussed and the original proposition is still before the meeting.

16. On the discussion being concluded, in the event of several amendments having been proposed, the President shall put the last amendment to the vote first; if negatived, he shall put the second amendment, and then the first, and if all the amendments are lost, the original proposition shall be put to the vote.

17. No Commissioner shall be allowed to vote by proxy, when he is unable to attend a meeting, or under any circumstances.

18. On a proposition being made and seconded, the President shall put the same to the vote.

19. Votes shall be taken by show of hands.

20. All votes shall be put by the President, first in the affirmative, and then in the negative form.

21. Any Commissioner may decline to vote on any subject without assigning his reason for abstaining from voting.

22. Any Commissioner may, with the President's permission, make a proposition that a subject under consideration be postponed, or that the consideration of it be adjourned either to a fixed date, or *sine die*.

23. It shall be competent to any Commissioner to move a resolution to the effect that the subject under consideration be referred to a committee, provided that such Commissioner shall also at the same time propose the names of the members of such committee.

24. It shall be competent to the members of any such committee appointed to vote at any general meeting on the subject reported on by such committee.

25. Should any Commissioner object to any part of a report submitted by such committee, such Commissioner shall be competent to make a proposition that the report be adopted, except with regard to the particular part objected to by him, or that such report be again referred to the committee, or that the report be entirely set aside.

26. A subject once finally disposed of by a resolution duly passed at a meeting shall not be re-opened at any subsequent meeting, unless at least three-fourths of the Commissioners present at a meeting, of which due notice has been given, consent that such subject shall be re-opened and re-considered, provided that resolutions adjourning the consideration of a subject may be re-considered at any meeting after the usual notice.

27. The minutes of the proceedings of all meetings shall show the names of the President and of all members attending, the words of every proposition and every amendment, and in cases where votes are taken the number of votes *pro* and *con*.

For regulating the mode of collecting taxes.

28. Every collecting officer shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman or Vice-Chairman. HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CRIMINAL.

No. 1, *dated the 4th March* 1878.

THE attention of Sessions Judges, and of Magistrates of the first class in the Lower Provinces of Bengal, and of the Presidency Magistrates in Calcutta, is drawn to the rules made by the Governor-General in Council under Section 22, Act V of 1876, and published at page 138, Part I, of the *Calcutta Gazette* of 20th February, by which the periods for which they may send youthful offenders to Reformatory Schools must be regulated.

2. The Court have learnt from the Government of Bengal that the preliminary arrangements for the introduction of the Reformatory Schools' Act in the Lower Provinces of Bengal are now complete; that the buildings for the Reformatory School to be established at Alipore for the reception and industrial training of juvenile offenders are ready for occupation, and that the Act has been formally extended to the Lower Provinces of Bengal from the 1st March. The instructions contained in Circular Memorandum No. 2, dated 20th May 1874, are therefore withdrawn. Officers must, however, bear in mind that the accommodation available in the Reformatory will be very limited, at least during 1878-79, provision having been made for the maintenance of only 50 boys in the institution during the ensuing financial year. It will therefore be necessary, before recording an order for sending a boy to the Reformatory School at Alipore, to inquire whether he can be received.

Sheriff's Office, the 27th February 1878.

NOTICE is hereby given that the Third Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the Twenty-fifth day of March next, at 11 o'clock in the forenoon, and so on from day to day until the said Sessions be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute.

The 18th March 1878.—The following Bye-laws framed by the Municipal Commissioners of Howrah at a meeting under section 313, of Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under section 314 thereof, are hereby published for general information:—

For regulating the conduct of business at Meetings of the Commissioners.

1. An Ordinary General Meeting of the Commissioners shall be held on every first and third Thursday of the month.

2. All such meetings shall be convened by the Chairman or Vice-Chairman by notice to be served on each Commissioner, not later than the Monday preceding the day of the meeting.

3. In the event of the Chairman or Vice-Chairman determining to call an Extraordinary General Meeting, not less than two clear days' notice shall be given to the Commissioners of the day fixed for such Extraordinary General Meeting.

4. Every notice convening a meeting shall be accompanied by a list of the business signed by the Chairman or Vice-Chairman to be brought forward at such meeting.

5. Any Commissioners wishing to bring forward any business shall give notice of such intention in writing to the Chairman a week before the meeting, when the Chairman or Vice-Chairman shall include such business in the list of the business to be laid before such meeting.

6. No business shall be considered, or proposition received at any meeting, if it does not appear in the list of business.

7. At all Ordinary General Meetings the proceedings shall be commenced by the Secretary reading the Minutes of the last Ordinary or Extraordinary General Meeting with a view to ascertain if the resolutions passed at such meeting have been faithfully and accurately recorded in the words used by the mover of such resolution, or if amendments thereto shall have been passed in the words used by the mover of such duly passed amendments.

8. In the event of any Commissioner being of opinion that any such resolution has not been accurately recorded, it shall be competent to such Commissioner to state his opinion to that effect, and thereupon the Chairman shall decide, whether or no, such resolution has been accurately recorded by reference to the original draft of such resolution written and signed by the mover, and if he finds the Minute to be inaccurate, he shall then and there make the necessary correction in the Minute Book, provided that no discussion as to the propriety or otherwise of such resolution shall be allowed.

9. The order in which the several subjects shall be discussed at a meeting shall be determined by the order in which they are mentioned in the Chairman's list.

10. On the Commissioners proceeding to the consideration of any subject, the Secretary shall first read to the Commissioners the letters and papers connected with such subject, and thereupon any Commissioner may make a proposition regarding such subject, and address the meeting prior to the question being put to vote by the President, provided that such Commissioner shall confine his remarks to the subject under consideration.

11. Every proposition made shall be written out by the proposer, and signed by him.

12. Every proposition shall be seconded by one Commissioner who shall also sign or initial the draft proposition written by the proposer.

13. The Commissioner who first addresses the meeting shall be entitled to be heard first, and should more than one Commissioner address the meeting, the right of precedence shall be determined by the President.

14. Any Commissioner shall be at liberty to call the attention of the President to a point of order, even when a Commissioner is addressing the meeting.

15. Any Commissioner may propose an amendment to a proposition to the effect that certain words in the proposition originally made be omitted thereform, that certain words be substituted, or that certain words be added thereto, provided that such amendment be proposed when the subject is being discussed and the original proposition is still before the meeting.

16. On the discussion being concluded, in the event of several amendments having been proposed, the President shall put the last amendment to the vote first; if negatived, he shall put the second amendment, and then the first, and if all the amendments are lost, the original proposition shall be put to the vote.

17. No Commissioner shall be allowed to vote by proxy, when he is unable to attend a meeting, or under any circumstances.

18. On a proposition being made and seconded, the President shall put the same to the vote.

19. Votes shall be taken by show of hands.

20. All votes shall be put by the President, first in the affirmative, and then in the negative form.

21. Any Commissioner may decline to vote on any subject without assigning his reason for abstaining from voting.

22. Any Commissioner may, with the President's permission, make a proposition that a subject under consideration be postponed, or that the consideration of it be adjourned either to a fixed date, or *sine die*.

23. It shall be competent to any Commissioner to move a resolution to the effect that the subject under consideration be referred to a committee, provided that such Commissioner shall also at the same time propose the names of the members of such committee.

24. It shall be competent to the members of any such committee appointed to vote at any general meeting on the subject reported on by such committee.

25. Should any Commissioner object to any part of a report submitted by such committee, such Commissioner shall be competent to make a proposition that the report be adopted, except with regard to the particular part objected to by him, or that such report be again referred to the committee, or that the report be entirely set aside.

26. A subject once finally disposed of by a resolution duly passed at a meeting shall not be re-opened at any subsequent meeting, unless at least three-fourths of the Commissioners present at a meeting, of which due notice has been given, consent that such subject shall be re-opened and re-considered, provided that resolutions adjourning the consideration of a subject may be re-considered at any meeting after the usual notice.

27. The minutes of the proceedings of all meetings shall show the names of the President and of all members attending, the words of every proposition and every amendment, and in cases where votes are taken the number of votes *pro* and *con*.

For regulating the mode of collecting taxes.

28. Every collecting officer shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman or Vice-Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

29. The collecting officer taking the money in payment of any demand shall give the receipt for it.

For regulating the conduct of persons employed by the Commissioners.

30. All persons employed by the Commissioners, whose services may no longer be required, shall be liable to discharge after receipt of previous notice, or pay in advance for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

31. All persons now holding, or who may hereafter be appointed to any office under the Commissioners, shall, when required to do so, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

32. The Commissioners shall have power to inflict, for neglect of duty, a fine not exceeding one month's pay upon any person employed by them.

For regulation and management of privies.

33. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to such parts of his house, land, or premises where night-soil or filth is kept for the removal of such night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

Penalty for infringement a fine not exceeding Rs. 5.

34. Every person shall construct his privy above ground and shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware.

Penalty for infringement a fine not exceeding Rs. 20.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 11, *dated the* 6*th March* 1878.

District Judges are reminded that any cash belonging to an intestate's estate, which may be received in Court, from whatever source derived, must be paid into the treasury at once, and that no such cash must be allowed to remain in the hands of their Nazirs.

2. On the receipt of unclaimed property of persons dying intestate, the Nazir must make the requisite entries in the register prescribed in paragraph 35 of the Account Rules, and these entries must be compared with the police chalan by the sheristadar and the accountant. If cash be part of the property, or if part of the property, being perishable, be sold before expiry of the year prescribed by law, such cash or sale proceeds must, after entry in the register referred to, be put in deposit till the time arrives for paying them over to claimants or crediting them to Government.

3. When any property in the custody of the Court is sold, the sale account must invariably be checked with the Register by the Sheristadar and the Accountant, and the Judge must from time to time test the work of his subordinates by personally examining the sale accounts in some cases taken at random.

No. 12, *dated the* 9*th March* 1878.

With reference to Section 2, Act X of 1877, which enacts that every Court of Small Causes shall, for the purposes of that Code, be deemed to be subordinate to the District Court, the Court direct that all communications, including the monthly returns, from Small Cause Courts to the High Court, be submitted in the first instance to the District Judge, to whom the Small Cause Court is subordinate.

[First Publication.]

NOTIFICATION.

The 2nd April 1878.—The following bye-laws framed by the Municipal Commissioners of Madhubani at a meeting under section 313, Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under section 314 thereof, are hereby published for general information.

For regulating the time and mode of collecting the taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall show his certificate if required.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within two weeks from the date of service of the requisition in the manner described in section 367 of the Act.

3. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same day or any other day; and the first purchaser shall in such case be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

4. All persons employed by the Commissioners whose services may be no longer required shall be liable to discharge after receipt of previous notice or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

6. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division; and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases in which the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

Penalty for infringement not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

Penalty for infringement not exceeding Rs. 10.

For regulation and management of privies.

8. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the municipality to his house, land, or premises for the removal of any night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

Penalty for infringement not exceeding Rs. 5.

9. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy, or other noxious or improperly constructed privy, may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

10. No owner or occupier of any house, land, or premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, tank, hollow, or excavation, or any place containing waste or stagnant water.

Penalty for infringement not exceeding Rs. 20.

11. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter, in any other way than as the Municipal Commissioners may from time to time direct.

Penalty for infringement not exceeding Rs. 20.

12. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seem to them necessary for preservation of public health, or for the prevention of infection or spread of disease, provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

13. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

Penalty for infringement Rs. 5.

14. No person shall perform any office of nature in any place outside private premises other than such as may have been appointed by the Commissioners, provided that such places have been set apart by the Commissioners.

Penalty for infringement Rs. 20.

17. Every cart laden with bamboos shall not use the public road within the limits of the municipality except the cart is attended with a driver and another man.

Penalty for infringement Rs. 2.

For regulating or prohibiting the use of fire-balloons, fireworks, fire-arms, or any other missile in the vicinity of public roads.

18. No one shall let off any fire-balloons, fireworks, fire-arms, or any missile in or near a public street without the consent of the Municipal Commissioners previously obtained.

Penalty for infringement not exceeding Rs. 10.

General Bye-laws.

19 No person shall put, or cause to be put, on any house or other building a spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare; and the Commissioners shall have power to take down and alter any such spout now in existence and to recover the costs as a debt due to the Commissioners.

Penalty for infringement not exceeding Rs. 5.

20. No person shall construct or place over, or by the side of any public drain, any bridge, platform, building, or structure of any kind, except by, and with the written permission of, the Commissioners, and in such manner as they shall direct.

Penalty for infringement not exceeding Rs. 10; penalty for continued infringement after notice not exceeding Rs. 3 daily.

21. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

Penalty for infringement not exceeding Rs. 10; penalty for continued infringement after notice not exceeding Rs. 3 daily.

22. No person shall prepare any channel or convey water by any channel across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

Penalty for infringement not exceeding Rs. 10; penalty for continued infringement after notice not exceeding Rs. 2 daily.

23. No person shall steep in any khal, tank, or ditch within municipal limits any jute hemp, bamboos, or other vegetable matter likely to render the water of such khal, tank, or ditch offensive or noxious to the neighbourhood.

Penalty for infringement not exceeding Rs. 5; penalty for continued infringement after notice not exceeding Rs. 2 daily.

24. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course, and the Commissioners may order the removal of any such obstruction on grounds of public health.

Penalty for infringement not exceeding Rs. 10; penalty for continued infringement after notice not exceeding Rs. 2 daily.

25. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all times allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

Penalty for infringement not exceeding Rs. 10; penalty for continued infringement after notice not exceeding Rs. 5 daily.

26. No person shall let loose, or cause or allow to be let loose, or allow to get loose, any diseased or worn-out animal on any highway or into any public place.

Penalty for infringement not exceeding Rs. 5.

27. No person shall bury, or cause to be buried, any corpse or part of a corpse in any burial-ground in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

Penalty for infringement not exceeding Rs. 10.

28. No person shall bury, or cause to be buried, in any burial-ground any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

Penalty for infringement not exceeding Rs. 10.

29. No person shall build or dig, or cause to be built or dug, any grave in any burial-ground at a less distance than two feet from any other existing grave.

Penalty for infringement not exceeding Rs. 10.

30. No person shall built or dig, or cause to be built or dug, a grave in any burial-place in any other line than that marked out by the Commissioners.

Penalty for infringement not exceeding Rs. 20.

31. No grave once used shall be open for the burial of another body without the permission of the Commissioners.

Penalty for infringement not exceeding Rs. 20.

32. No body shall be burned on any land other than that set apart by the Municipal Commissioners for that purpose.

Penalty for infringement not exceeding Rs. 20.

33. No one shall carry a corpse or part of a corpse through any highway unless it be decently covered and totally concealed from public view.

Penalty for infringement not exceeding Rs. 5.

34. No person shall picket animals, or collect carts, or form any encampment upon any public ground, without the permission of the Commissioners.

Penalty for infringement not exceeding Rs. 5.

Secy. to the Govt. of Bengal.

FINANCIAL DEPARTMENT—FINANCE.

Calcutta, the 30th March 1878.

RESOLUTION.

READ—

(1) Memorandum No. 1846C, dated the 10th November 1877, from the Accountant-General, submitting an abstract of receipts and charges under Provincial Services and Local Funds for the year 1875-76 and 1876-77.

(2) Letter from the Government of India, No. 1899, dated the 27th March 1877, surrendering certain additional revenues and services to the use, management, and responsibility of the Government of Bengal, and calling for revised estimates for the year 1877-78 with reference to these orders.

(3) Letter from the Government of India, No. 1801, dated the 26th March 1877, enforcing provincial responsibility for the financial results of State Railways and Irrigation works in the province.

(4) Resolution of this Government, No. 1705, dated the 6th June 1877, submitting revised estimates for 1877-78 as directed.

(5) Estimates for 1878-79 submitted by the Accountant-General for the various major heads of Provincial Services and the Provincial Reserve Fund, and the Government Resolutions on those estimates.

(6) Resolution by the Government of India in the Financial Department, No. 1072, dated 20th February 1878, directing Local Governments to re-incorporate in the estimates and accounts of Provincial Revenue and Expenditure those resources now recorded under Local Funds which are at the free disposal of each Local Government in any part of its jurisdiction.

(7) Memorandum from the Accountant-General, No. 977C, dated 27th February 1878, showing the changes necessary in the estimates of Provincial Services for 1878-79, in consequence of the re-incorporation of Provincial Reserve with the ordinary Service heads

(8) Resolution of this Government, No. 890, dated 6th March 1878, regarding grants for railway surveys.

(9) Resolution by the Government of India in the Financial Department, No. 1911, dated 18th March 1878, with the appended statements published in the *Gazette of India* Extraordinary of that date.

(10) Resolution of this Government of the 23rd instant, reviewing the estimates of Local and Trust Funds for 1878-79.

(11) Statement of Provincial Revenues and Expenditure appended to this Resolution.

THE Lieutenant-Governor has already in separate Resolutions passed orders upon the estimates under the various heads of Provincial Services for 1878-79, and upon the estimates of those funds which have hitherto constituted the Provincial Reserve. After these orders were issued, the Government of India acceded to the proposal of this Government to amalgamate with the ordinary service heads all the receipts and charges of those funds the surplus balances of which are entirely at the disposal of the Provincial Government for provincial purposes. Under this arrangement the Provincial Reserve Fund, as a separate fund, must cease to exist; and this alone would render it necessary to revise the estimates of Provincial Services, so as to exhibit the effect of the amalgamation, which takes effect from the 1st April 1878. Besides this, however, the Government of India has by its Financial Resolution No. 1911, dated the 18th instant, and the appended papers, made certain further important modifications in the form and matter of the Imperial estimates, which it is incumbent upon the Provincial Government to follow.

2. In order to explain the effect of the changes referred to in the foregoing paragraph, it may be convenient to recapitulate briefly the various classes of estimates and accounts with which the Provincial Government has hitherto had to deal. There are *first* the estimates and accounts of *Imperial Services*, that is to say, of those branches of revenue and expenditure which have not been made over to provincial control and management. In its relation to these services the Local Government is in the same position now that it held before the introduction of the Provincial Services scheme in 1871-72. *Secondly*, there are the estimates and accounts of *Provincial Services*, or of those branches of revenue and expenditure, originally Imperial, made over to the management of the Local Government under the present system of

provincial contracts. *Thirdly*, there are the estimates and accounts of the funds constituting the *Provincial Reserve*, that is, of those Local Funds, the balances of which are at the disposal of the Local Government for provincial purposes. *Fourthly*, there are the estimates and accounts of those *Local Funds* (properly so called) which are by law or by their constitution devoted to particular local and limited objects. The amount of control which may be exercised over these by Government varies considerably, and may be said to be at a minimum in the case of the District Road Fund, and at a maximum in the case of the Port Funds. Both these strictly Local Funds, and those hitherto included under the Provincial Reserve, may be divided with reference to their origin into two classes, thus—

(I)—Funds supported by compulsory rating, or by payments under sanction of law, or orders having the force of law.

(II)—Funds made up of payments which are of the nature of rents, tolls, or fees, for services or facilities rendered or privileges conferred.

Lastly, there are the accounts and estimates of *Municipal Funds*. These, though strictly speaking local funds, are not dealt with in the Local Funds Budget of this Government, under which only the funds of the *fourth* class are treated together.

3. By its Resolution No. 1886, dated the 28th March 1877, the Government of India directed that the transactions of the Local Government, under the heading of 'Provincial Services,' should be re-incorporated in the general estimates and accounts. The effect of this order was to amalgamate, for the purposes of the Imperial Budget, the *first* and *second* classes of accounts and estimates described in the preceding paragraph. The later Resolution, No. 1072 of the 20th February 1878, re-incorporated with the estimates and accounts of Provincial Services "those resources recorded under 'Local Funds' which were at the free disposal of the Local Government for expenditure in any part of its jurisdiction without legal let or hindrance." The effect of this was to incorporate with the estimates of Provincial Services, and therefore with the Imperial estimates, the transactions of the funds treated in Bengal as Provincial Reserve (*i.e.* the *third* class above described).

In the same Resolution of the 20th February, it was stated that the estimates and accounts of the transactions of *Local Funds* would thereafter be, "confined to moneys which are not the property of the Government at all, or the appropriation of which is regulated by special laws and limited to territorial units within the provincial jurisdiction or to some specific objects." The intention of these remarks was understood by this Government to be to leave under the head of Local Funds all the funds hitherto treated as such in the Bengal Local Funds Budget; the last clause in the definition of the excluded local funds seeming clearly to cover all the funds so treated by this Government. In the statements appended to the Resolution No 1911 of the 18th March, the estimates of the majority of these funds have, however, also as a matter of fact been incorporated in the Imperial Estimates, though it is still declared that "the receipts and disbursements of those local funds which are appropriated to specially defined purposes, or are quasi-private property and are not at any stage *under the direct control of the Local Governments*, and *do not affect whole provinces* will still be excluded from the general estimates and accounts, and shown in subsidiary statements." It is added that, "excepting the Port Funds, their amount will be unimportant."

4. This Government had no opportunity of expressing its views as to the manner and extent to which the various 'local funds' fall within the category of funds suitable for incorporation in the general accounts, and for this year the distribution directed by the Government of India must be accepted as it stands. But the Lieutenant-Governor is disposed to think that the Government of India may on further examination of the accounts be convinced that the selection of funds for incorporation has not been altogether in accordance with the principles which it has itself laid down. The local funds which have been incorporated in the general estimates are these—

(1.) District Road Fund.
(2.) District Road Account.
(3.) Zemindari Dâk Fund.

(4.) Fund for the Management of Wards' Estates.
(5.) Government Estates Improvement Fund.
(6.) Inland Labor Transport Fund.
(7.) Zoological Garden Fund.
(8.) Salt Reward Fund.
(9.) Encamping Ground Grazing Fund.

The funds which still remain 'local' are—

(10.) The Cantonment Fund.
(11.) Pooree Pilgrim Fund.
(12.) Jugernath Road Fund.
(13.) Town Improvement Fund.
(14.) The various minor Port Funds.
(15.) Hospital Port Dues Fund.

Municipal Funds, which, however, represent a very considerable item of taxation, do not anywhere appear in the accounts.

5. The District Road Committee no doubt act in that capacity as a branch of the Government and not in any way as a private body, and as these Committees are appointed by Government, the Funds may be said perhaps to be under the direct control of Government; but Government has no power to spend these funds, except through the Local Committees and in the districts in which the money is raised; but much the same may be said of municipalities, and if it be intended to bring into the estimates all the moneys raised for public purposes within the province, there would seem to be as good reason for incorporating the Municipal Funds as the District Road Fund. Government has almost identical powers in respect of either. The District Road Fund has no operation within municipalities, but together they represent the aggregate of district taxation for strictly local purposes.

6. Further, the Lieutenant-Governor observes that all the receipts of the incorporated local funds, together with those hitherto classed as Provincial Reserve (and enumerated on the margin), are shown, along with the Provincial Public Works Cess, under the heading of "Provincial Rates." He fears that this nomenclature may be likely to mislead. The great majority of the funds thus classified are in no sense 'rates' or 'taxes,' and an erroneous impression may be caused as to the incidence of taxation in Bengal by their being so entered. The Lieutenant-Governor can quite understand that it is considered desirable to show in the annual estimates and returns the gross amount of taxation of all kinds—Local, Provincial, and Imperial—in British India. In that case the heading of provincial rates ought properly to comprise everything in the shape of a rate or tax (other than assessed taxes, which are separately shown) and including of course municipal taxation. The other funds (including Port Funds and all funds not absolutely Trust Funds) might then be classed under a separate heading as 'Local Funds,' or treated as miscellaneous receipts; they being all moneys paid into the public treasuries for public purposes, though these purposes may be more or less local or specific.

Pound Fees.
Pleadership Examination Fees.
Circuit-house Rents.
Steam-boiler Inspection Fees.
Ferry Tolls.
Road Tolls.
Canal Tolls.
River Tolls.
Strand Bank Rents.
Staging Bungalow Receipts.

7. While venturing to make these suggestions for the future consideration of the Government of India, the Lieutenant-Governor has, in the revised estimate attached to this Resolution, followed the classification adopted by the Government of India; but in a foot-note the balances at the disposal of the Local Government for provincial purposes are distinguished from the balances belonging to Local Funds, whether incorporated or not. It is of course understood that in virtue of their incorporation in the public accounts, no change of practice is intended in respect of the management or control of any of the funds hitherto treated as local. The District Road Fund, for instance, will continue under the management of the District Road Committee in accordance with law. The Zemindari Dâk Cess will be devoted to its present uses, and be subject to increase or decrease solely on consideration of the requirements of that special fund, and without any reference to the exigencies of the Provincial or Imperial Governments. So in the case of all the other funds, the fund accounts will be maintained as hitherto, and the estimates of each will be separately dealt with on existing principles before the figures are incorporated in the

general estimates and accounts. The Lieutenant-Governor has, in fact, already passed orders upon the Local Funds Budget Estimate as in former years, dealing with each Local Fund separately in the usual way.

8. In considering therefore the revised estimates appended to this Resolution, it is necessary to remember that the inclusion of the local funds in the accounts does not in any way affect the financial position of the Local Government; and in order to the due understanding of the *provincial* finances as they now are, it will be convenient here to review very briefly the history of the provincial balances (strictly so called) since the first introduction of the Provincial Services scheme in April 1871.

9. The financial year 1871-72 opened with a credit balance of Rs. 5,32,870 under Provincial Services, being a special assignment made by the Imperial Government from the savings of 1870-71 in addition to the fixed annual allotment of Rs. 1,23,09,990. The opening balance of those Local Funds which were constituted into the Provincial Reserve aggregated on the 1st April 1871 Rs. 15,12,387. The Local Government therefore commenced its independent financial career with a balance in hand of Rs. 20,45,257, apart altogether from the balances of strictly Local, Municipal, and Trust Funds.

10. The strict economies of Sir George Campbell effected in the year 1871-72 savings aggregating about seventeen lakhs of rupees under the Provincial Service heads, and the year 1872-73 opened with a balance under those heads of Rs. 22,23,126, while the balance under Provincial Reserve had risen to Rs. 16,12,440, making a grand provincial balance of Rs. 38,35,566. For the year 1872-73 very liberal grants were made under Education, Medical, Public Works and other headings; but the closing balance under 'Services' rose to Rs. 35,58,298. This result is, however, partly to be explained by a special grant from the Supreme Government of Rs. 9,66,677 on account of the Sudder Court buildings, capitalization of Calcutta rents, and Burdwan fever relief. The greater part of this special grant was meant to be reserved for the erection of public offices for the Bengal Government. Under Reserve the balance fell to Rs. 9,80,683, making the aggregate provincial balance at the opening of 1873-74 Rs. 45,38,981. In 1873-74 the Local Government was called upon to face the enormous expenditure on relief works caused by the famine in Bengal and Behar, and the year closed with a deficit of Rs. 19,037 under 'Services,' while the balance under Reserve had fallen to Rs. 5,14,704. The net provincial balance at the opening of 1874-75 was thus only Rs. 4,95,667. During 1874-75 the expenditure upon relief works continued to be heavy, but a special grant of Rs. 76,38,139 was received from the Supreme Government, and the year closed with a credit balance of Rs. 23,61,583 under Services, and of Rs. 8,28,465 under Reserve, the aggregate being Rs. 31,90,048. In the year 1875-76 the final adjustment of the famine account between the Supreme and Local Governments took place. It was estimated that if all charges on account of famine had been excluded from the accounts, the closing balance under 'Services' in 1873-74 would have been Rs. 19,21,069, in 1874-75 Rs. 13,87,787, and in 1875-76 Rs. 12,97,981. The balance under Provincial Reserve at the end of 1875-76 being Rs. 7,21,464, that year would, famine apart, have left the Local Government with about 20 lakhs of rupees in hand. The demand of the Imperial Government on account of that portion of the relief works chargeable to the Provincial Public Works Budget being far in excess of this sum, it was arranged that the Bengal Government should surrender to the Imperial Government about 15 lakhs of its estimated credit balance; that all outstanding famine charges beyond that amount should be debited to the Imperial Government; and that the accounts should be so adjusted as to leave to the Government of Bengal an opening balance of Rs. 5,00,000 on the 1st of April 1876.

11. It will be seen from the above that, even apart from famine, the service balances were estimated to show an annual falling off in the years following 1873-74, until in the budget of 1876-77, after excluding famine charges, they would have been estimated at only Rs. 10,70,926. The explanation of this diminution of the balances is to be found entirely in the accounts of expenditure, for the ordinary receipts remained fairly constant throughout this

period, and in some instances showed an increase. The following are the principal figures of ordinary expenditure which account for the result:—

Expenditure.

Chief heads showing increase.	1871-72.	1872-73.	1873-74.	1874-75.	1875-76.
	Rs.	Rs.	Rs.	Rs.	Rs.
Jails	14,84,000	16,82,000	19,23,000	17,91,000	16,90,000
Education	19,58,000	20,31,000	24,65,000	25,11,000	25,53,000
Medical	9,00,000	11,36,000	13,78,000	13,14,000	13,50,000
Public Works	27,42,000	36,07,000	47,30,000	30,59,000	27,37,000

The figures for 1871-72, 1872-73, and 1873-74 include Assam.

12. With the year 1876-77 the provincial finances took a fresh start. The whole opening balance of Rs. 5,00,000 granted by the Supreme Government was credited under Provincial Services, the Reserve Fund opening with nothing to its credit. The accounts now submitted show that the year closed with an actual credit balance of Rs. 8,49,395, divided as follows:—

	Rs.
Under Provincial Services	2,87,265
,, ,, Reserve	5,62,130
Total ...	8,49,395

13. The opening balance of Provincial Services had thus decreased by Rs. 2,12,735, and it would in fact have been entirely absorbed but for extraordinary receipts under Public Works on account of sales of plant and tools for Madras famine relief, and an increase under the receipts from registration fees. The Provincial Reserve Fund, however, closed with a balance of Rs. 5,62,130, making the aggregate balance at the disposal of the Local Government on 1st April 1877 Rs. 8,49,395 as shown above, or Rs. 3,49,395 better than at the beginning of 1876-77.

14. The first estimate of receipts and charges of Provincial Services and Provincial Reserve for 1877-78 was made in February 1877 before the actual opening balances were known, and before the receipt of the orders of the Government of India transferring to provincial control certain additional revenues and charges. As those orders materially changed the position of the provincial finances, this first estimate may be set aside for the purposes of this resolution. The revenues surrendered and the grants for expenditure entrusted to provincial management and responsibility by the orders of the Supreme Government in March 1877 were as follow for 1877-78:—

Revenues.	1877-78.	Grants.	1877-78.
	Rs.		Rs.
Excise	64,00,00	Refunds	4,91,000
Customs	36,000	Land Revenue ...	22,62,000
Salt (minor items) ...	2,20,000	Excise	2,92,000
Stamps ... ... }	1,05,75,000	Customs	6,93,000
Law and Justice ... }		Salt	39,000
Marine	10,84,000	Stamps	2,38,000
Miscellaneous ...	7,92,000	Law and Justice ...	63,97,000
		Administration ...	12,61,000
		Minor Departments ...	1,68,000
		Marine	10,92,000
		Stationery	4,98,000
		Police	7,000
		Miscellaneous ...	25,000
		Bishop's Palace, &c.— Petty construction and repairs .. .	7,000
	1,91,07,000		1,34,70,000

15. That is to say, the various departmental receipts for 1877-78 were transferred to the Government of Bengal for a fixed contribution of Rs. 1,91,07,000, and the charges were transferred with a fixed total assignment of Rs. 1,34,70,000. Amalgamating the previous Imperial assignment with these figures, the result is as follows :—

	Rs.
Amount of previous Imperial assignment for 1877-78 ...	1,10,59,000
Grants assigned for 1877-78	1,34,70,000
Total ...	2,45,29,000
Amount of contribution to be paid by the Bengal to the Supreme Government in 1877-78 for revenues surrendered	1,91,07,000
Amount of Imperial grant ...	54,22,000

Under these arrangements the Imperial grant would strictly have been Rs. 54,22,000, but the Government of India deducted Rs. 5,90,000 from the previous Imperial allotment of Rs. 1,10,59,000 as a lump retrenchment or contribution from Provincial to Imperial resources, and the net Imperial grant for 1877-78 was fixed at Rs. 48,32,000.

16. The Government of India further resolved to enforce provincial responsibility for the financial results of railways and irrigation works, and the sum to be paid by the Local Government into the Imperial Exchequer on this account was at first fixed at Rs. 27,47,000 for 1877-78; but this was subsequently reduced to Rs. 20,00,000 in consideration of the fact that this Government would only be able to collect during 1877-78 a portion of the annual demand of Public Works Cess imposed under Act II (B.C.) of 1877 to meet these extraordinary charges.

17. A second or revised estimate for 1877-78 was submitted to the Government of India with this office Resolution No. 1705, dated the 6th June 1877, in which, however, no provision was made for the contribution to be paid on account of extraordinary Public Works, and no credit was taken for receipts from the Provincial Public Work Cess. In this estimate it was assumed that, under the ordinary Provincial Services as now constituted, there would be a closing credit balance at the end of 1877-78 of Rs. 11,199; but this result was only brought about by taking credit on the receipt side for a sum of Rs. 5,90,000 in excess of the original estimates of stamp receipts, on account of operations under the Land Registration Act No. VII (B.C.) of 1876. Had it not been for this, the estimate would have closed with a debit balance of Rs. 5,53,141.

18. The year 1877-78 has, however, been prosperous beyond the most sanguine anticipations. The excise revenue has risen all over the country. The receipts from stamps have been very considerable, owing to the land registration operations and to the general briskness of trade arising from the Madras famine. The registration receipts and marine receipts have also grown. On the other hand, the Lieutenant-Governor feeling that the prospects of the year were at the outset doubtful, reduced all expenditure as much as possible, postponing many necessary and important works, until he was in a position to know that he could proceed with them safely.

REGULAR ESTIMATE, 1877-78.

19. A revised or regular estimate of all receipts and charges for 1877-78, based on actuals for eight, and in some cases for ten months, is given in column 3 of the appendix. In this revised estimate a new major head has been opened on the Receipt side for "PROVINCIAL RATES," under which have been entered the estimated receipts from the Provincial Public Works Cess, together with the balances on the 31st March 1878 of the Provincial Reserve Funds, and the balances of those Local Funds which the Government of India has, as above explained, resolved to incorporate in the Public Accounts, the whole aggregating Rs. 53,88,000. It is estimated that the receipts from the Provincial Public Works Cess during 1877-78 will not be more than Rs. 18,50,000. The balance to credit of Provincial Reserve (abolished) is expected to be Rs. 13,62,000; and the balance

of Local Funds incorporated is taken at Rs. 21,76,000. This last sum, however, it will be remembered, is not in fact at the disposal of the Local Government for provincial purposes.

20. Under the head of "SALT" the old balance of the Salt Reward Fund (Rs. 59,000) is credited, the Lieutenant-Governor having determined that this need no longer be maintained as a separate fund, but may form a sub-head under the major head of SALT.

21. Two new headings have been opened, "CANALS" and "STATE RAILWAYS," to show the gross receipts from those works, for the maintenance and interest charges of which the local Government has become responsible.

22. On the EXPENDITURE side of the statement under "INTEREST ON DEBT" is shown Rs. 20,00,000, the sum which the Government of India has agreed to accept from this Government for 1877-78 on account of interest on the capital expenditure for Canals and State Railways after crediting net traffic receipts. The sum payable under the Government of India's orders No. 1801 of 26th March 1877 was about 27½ lakhs of rupees. In consideration, however, of the fact that the Public Works Cess only came into force in June last, the Government of India, as already explained, reduced the demand for 1877-78 to 20 lakhs. The collections of the cess during 1877-78 are expected to be only 18½ lakhs, but the difference between this sum and the demand of the Supreme Government can be met from the general Provincial balance, which will recoup itself in the following year.

23. The only charge entered under "PROVINCIAL RATES" is one of Rs. 10,000 for the cost of collecting the Public Works Cess.

24. Under "CANALS" and "STATE RAILWAYS," the expenses of maintenance of these works is shown in gross.

25. Throughout these revised estimates for 1877-78, the Lieutenant-Governor has accepted the figures adopted by the Financial Department of the Government of India for the purposes of the Imperial estimates, in preference to the figures originally furnished by the Accountant-General for the Provincial estimates, as the Government of India had in several instances actual figures for ten months before it, instead of for six or eight months, which were all that were available when the local Government prepared its estimates.

26 Including the transferred balance of Provincial Reserve (Rs. 13,62,000), but excluding Local Fund balances, the year 1877-78 is estimated to close with a credit balance at the disposal of the local Government amounting to Rs. 28,54,000: and as the balances of the Local Funds amount to Rs. 21,76,000, the gross balance, including incorporated local funds, is estimated to be Rs. 50,30,000.

ESTIMATE, 1878-79.

27. It is now necessary to examine and explain the estimate for 1878-79. Each of the ordinary service heads has been dealt with by the Lieutenant-Governor in a separate resolution, and it is only intended here to recapitulate such of the main facts as throw light upon the estimate as a whole. The figures accepted in the separate resolutions of this Government are those entered in the statement hereto appended, any slight modification made for Imperial purposes in the Financial Department of the Supreme Government being, under instructions from that Department, disregarded.

28. The receipts under LAND REVENUE are estimated at Rs. 86,000, against Rs. 87,000, the revised estimate for the current year. They show a considerable increase over the receipts of 1876-77 in consequence of the operations under the Land Registration Act.

29. The receipts from EXCISE are estimated at Rs. 69,00,000, against Rs. 68,60,000, the revised estimate for 1877-78. If the year 1878-79 is fairly prosperous, there is no reason to doubt that this figure will easily be reached. It may very possibly be exceeded. The Local Government and the Board of Revenue are at present devoting much attention to the improvement of the excise system in these provinces. There is strong reason to believe that there has been a large consumption of illicit liquor is some districts, and that the revenue has been systematically defrauded, and in some instances locally mismanaged. It is the object of Government to enhance the revenue in a legitimate way by substituting licit for illicit consumption, while by raising the

duties on drugs it discourages the growing use of those deleterious articles that have a tendency to take the place of the more wholesome weak spirit of the country wherever the procuring of this is made exceptionally difficult.

30. The receipts under the License Tax Act shown under ASSESSED TAXES the Government has no present means of estimating accurately. The estimate adopted is in the main a conjectural one, though based to some extent upon the recorded results of the License Tax of 1867 and the Certificate Tax of 1868. It is assumed that the receipts under the Act may amount to Rs. 23,50,000, and a similar sum, less Rs. 2,35,000 on account of cost of collection, is shown as expenditure on FAMINE INSURANCE on the other side of the estimate. The figures of the License Tax do not affect in any way the ultimate provincial balances.

31. Under PROVINCIAL RATES is entered a sum of Rs. 34,50,000, the estimated receipts from the Public Works Cess in 1878-79; Rs. 16,32,000, receipts from funds formerly classified as reserve; and Rs. 36,84,000, the income of the incorporated "Local Funds," the whole together aggregating Rs. 87,66,000.

32. The receipts and charges under CUSTOMS, so far as these are provincial, call for no special remark. The Local Government receives certain small items of revenue, and a further grant to enable it to meet the charges of the establishments of the various custom houses in the province.

33. The provincial receipts from SALT consist only of warehouse rents and a few minor items of fees and fines made over by the Government of India in March 1877. The Lieutenant-Governor has now, as already stated, added to these the receipts of the *Salt Reward Fund* which were hitherto entered in the Local Funds Budget. These will amount to Rs. 8,300 in 1878-79.

34. The receipts under STAMPS have been estimated at Rs. 1,01,50,000, against Rs 1,07,50,000, the revised estimate for 1877-78. Under this head, taken together with LAW AND JUSTICE, the Imperial Government expects a normal growth of revenue of two and three-quarter lakhs per annum for the next four years. The receipts of the current year have from exceptional causes been largely in excess of the amount which this Government was bound to make good to the Government of India in 1877-78, viz. Rs. 98,50,000. But it is the opinion of the Board of Revenue and of the local officers that the receipts of 1878-79 under Stamps are not likely to exceed Rs. 97,34,000, while the sum this Government has to make good to the Government of India is Rs. 1,01,00,000. The Lieutenant-Governor was disposed to think that the local estimates might safely be somewhat raised, and in consideration of the general prosperity of the country and the promising state of the winter crops, and in the expectation that the Stamp Bill at present before the legislature would shortly become law, he raised the estimate to Rs. 1,01,50,000. It is now, however, certain that the Stamp Bill will not pass into law before next cold season, and it is therefore doubtful how far the anticipations of this Government may be realized. The demand of the Supreme Government for two and three-quarter lakhs of rupees annual increment in the receipts under 'Stamps' and 'Law and Justice' is likely to prove a serious charge upon the general resources of the Local Government for the next few years. The share of the increment expected from 'Law and Justice' was Rs. 25,000. It has not been found possible to estimate for this in 1878-79, and the receipts are only taken to be Rs. 8,000 better than those of 1877-78.

35. Under the orders of the Government of India for amalgamating the Provincial with the Imperial financial accounts, the receipts and charges of '*Jails*' and '*Registration*' fall now under LAW AND JUSTICE. For convenience of comparison, however, they may here be separately referred to.

36. Under *Jails* the receipts have been estimated at Rs. 7,34,000, against the revised estimate for 1877-78 of Rs. 8,30,000, and the expenditure has been estimated at Rs. 15,55,000, against Rs. 16,28,000. Both the Accountant-General and the Inspector-General of Jails, in estimating the receipts and charges under this head in preceding years, took into account the paper transactions of the Department—on the receipt side the value of clothing and other jail supplies, and on the debit side the charges under various heads on account of supplies not purchased in the local market, but received from jails. As, however, the object of an estimate is to enable Government to know its cash liabilities, the figures for paper transactions have been eliminated from the estimate

for 1878-79. Compared with figures of previous years, the estimated expenditure under Jails shows a decrease in 1878-79. But the Lieutenant-Governor has made a grant of Rs. 2,30,000 under Public Works for jail buildings, which in several districts are still in a very disreputable state.

37. The receipts under *Registration* have been estimated at Rs. 8,00,000, against Rs. 7,00,000 for 1877-78. The new table of fees under the Registration Act is expected to raise the receipts by about 25 per cent., and the steady and regular expansion of registration is not likely to be checked, save by some serious and general calamity. The expenditure of the department has been at the same time reduced by a careful revision of establishments and regulation of their rate of payment.

38. The gross revenue under LAW AND JUSTICE is estimated at Rs. 22,67,000. This estimate is perhaps rather sanguine with reference to the results of the present year's working as seen in the revised estimate for 1877-78.

39. The receipts under MARINE have been estimated at Rs. 10,87,000, against the grant made by the Government of India under this head of Rs. 10,84,000. The revised estimates for 1877-78 show receipts amounting to Rs. 14,76,000 during the current year, which are attributable to the great development of the trade in grain during the pressure of the late famine, and the consequent remarkable influx of vessels to the port; but the Lieutenant-Governor did not feel justified in anticipating a recurrence of these exceptional circumstances in 1878-79.

40. The receipts under EDUCATION are estimated at Rs. 5,29,000, against Rs. 5,25,000 in 1877-78. It may be noted that, since the inauguration of the scheme of Provincial finance, the receipts under this head have greatly increased, thus—

	Rs.		Rs.
1871-72	3,90,000	1875-76	4,95,287
1872-73	3,80,007	1876-77	4,75,227
1873-74	4,78,540	1877-78 (regular estimate)	5,25,000
1874-75	5,02,363	1878-79 (estimate) ...	5,29,000

As educational receipts consist chiefly of college and school fees, the fact of their steady increase is particularly satisfactory.

41. Under the head of MISCELLANEOUS are included receipts from sale of old stores, unclaimed deposits, medical, printing, and various other sources. The gross receipts are estimated for 1878-79 at Rs. 10,66,000, against Rs. 10,69,000 in 1877-78.

42. The receipts under *Medical* are estimated at Rs. 1,44,000, against Rs. 1,59,000 in 1877-78. There is a slight decrease in the estimated receipts of the coming year, attributable chiefly to the substitution of the cheap cinchona febrifuge for quinine in sales to the public, &c. In both 1876-77 and 1877-78 the great influx of shipping into the Port of Calcutta gave an abnormal development to the fees from paying patients in Government hospitals and asylums, which is not likely to recur next year. The general question of enforcing payment from well-to-do patients in Government hospitals is now under consideration.

43. The receipts from *Printing* are estimated at Rs. 52,000; and from unclaimed deposits at Rs. 6,00,000.

44. PUBLIC WORKS receipts are estimated by that Department at Rs. 61,000.

45. The gross receipts of the *Sone* and *Orissa Canals* (CANALS) are estimated at Rs. 9,67,000 for next year, showing a large and satisfactory advance attributable to the readiness with which landowners and others are now coming forward to take the water.

46. From STATE RAILWAYS an income is expected of Rs. 16,18,000: which may probably be larger if the rolling stock of the Northern Bengal Railway is increased.

47. On the EXPENDITURE side of the estimates, the first heading is that of INTEREST, representing the gross interest charge for the year upon the capital expended on reproductive works, for which the Provincial Government is responsible. This is taken to be Rs. 31,99,000. The actual amount which the local Government has to make good is the gross interest less the net traffic

receipts, and will amount in 1878-79 to about Rs. 24,15,000. This will be met from the Public Works Cess collections, the balance of which will then be available for other works of improvements within the Province. The charge entered under FAMINE INSURANCE represents, as above explained, the estimated net proceeds of the License Tax. The cost of collecting this tax, estimated at Rs. 2,35,000, is entered under heading VII, ASSESSED TAXES. The cost of establishment for collecting the Public Works Cess, Rs. 50,000, is shown under VIII, PROVINCIAL RATES.

48. The estimated grant for REFUNDS AND DRAWBACKS, under Provincial Services was Rs. 5,23,000. To this has now been added Rs. 34,000 on account of funds lately held as Reserve, and Rs. 1,000 for incorporated Local Funds, making a total provision of Rs. 5,58,000.

49. The expenditure under LAND REVENUE is taken at Rs. 25,31,000, including a grant of Rs. 1,40,000 recently made by the Government of India on account of the management of Government estates transferred to provincial control. The local estimates, as passed by the Board for the management of these estates, amount to Rs. 1,46,200, but the Lieutenant-Governor will only admit the provision of Rs. 1,40,000. The other expenditure under this head consists mainly of salaries of permanent establishments, and remains on the whole tolerably constant, with, however, a strong tendency to increase, which it has been necessary very firmly to resist.

50. The expenditure under EXCISE and CUSTOMS is normal and calls for no special remark.

51. Under SALT the estimate of expenditure has been raised to Rs. 60,000, against Rs. 40,000 for 1877-78. This increase is rendered necessary by the cost of the preventive establishment at Pooree (about Rs. 13,000) which is under recent orders of the Government of India to be borne by the Government instead of by the manufacturers as heretofore. An application was made to the Government of India to increase the provincial assignment to the extent of the extra charge thus thrown on the Local Government, but His Excellency the Governor-General in Council has decided that this shall be postponed until it is certain what the actual charge is likely in future to be. Meantime the Provincial Government will defray the cost, looking to the Supreme Government to indemnify it hereafter. The charges of the *Salt Reward Fund* have also for the first time been shown under this head and have helped to swell the figures of expenditure.

52. The expenditure of the *Jails* and *Registration* Departments included under the major head of LAW and JUSTICE has been noticed above. The expenditure under ADMINISTRATION and LAW AND JUSTICE proper, consists mainly of salaries and payments to fixed establishments which are not susceptible of reduction, but rather, as in the case of 'land revenue charges,' show a constant tendency to increase. The Lieutenant-Governor has it in contemplation to invite the High Court to assist in a general scrutiny and revision of ministerial judicial establishments, which may possibly effect some savings. But there can be no doubt that the Government must be prepared very shortly to meet a large increase in the number of Moonsifs, as well as the cost of the system of appellate benches, now under reference to the Secretary of State. The Lieutenant-Governor hopes, however, that some part at least of the increased cost of Moonsifs may be met by a revision and re-arrangement of grades in the Subordinate Judicial Service.

53. Under MINOR DEPARTMENTS are entered Rs. 1,85,000 on account of expenditure on the establishments of funds formerly under reserve, and Rs. 5,78,000 on account of the establishments of incorporated local funds. This accounts for the apparent large increase under this head, which now aggregates Rs. 10,19,000.

54. The expenditure on account of POLICE has been estimated at Rs. 39,08,000, against Rs. 41,00,000, for 1877-78. The Inspector-General of Police is now engaged on a detailed examination of the Police allotments of all the districts in Bengal, in view to extensive reductions, which are believed to be both possible and desirable. Already reductions aggregating Rs. 32,000 have been made in the case of Orissa, and it is expected that the retrenchments throughout Bengal will aggregate not less than Rs. 1,75,000. These reductions will not in any way impair the real efficiency of the force, being based upon

a more careful adaptation of the Police arrangements to local requirements and on certain improvements of system, as to which there is a general agreement among the most experienced District and Police officers.

55. Under EDUCATION the provincial expenditure has been estimated at Rs. 25,72,000, against Rs. 24,32,000, the revised estimate for 1877-78, and Rs. 24,47,958, the actual expenditure of 1876-77. Provision has been made in the estimates for the introduction of the graded scheme of teachers' salaries, and for the maintenance and gradual extension of the Government Art Gallery. To the above figure for 1878-79 has to be added Rs. 23,000 expenditure debited to the Estates Improvement Fund, making the total grant under this head Rs. 25,95,000.

56. The provincial MEDICAL expenditure is estimated at Rs. 12,07,000, against Rs. 13,35,000 for 1877-78. There has been a large and serious increase in this class of expenditure since 1871-72, into the causes of which the Lieutenant-Governor has ordered close and detailed enquiry. The grant for the ensuing year is reduced, in the expectation that the Committee now investigating the subject will secure very shortly savings in hospital and dispensary outlay. At the same time, the reductions made have been for the present very moderate in amount, to prevent any risk from a too summary change of system. A sum of Rs. 4,000 debitable to local funds has been added to the provincial estimate which shows a total of Rs. 12,11,000.

57. The expenditure under PRINTING has been estimated at Rs. 1,85,000, against Rs. 2,58,000 for 1877-78. The large decrease is due to radical changes made in the organization of the Printing Department, which are expected to result in savings to the extent of one lakh of rupees. In future, all heavy printing work will be executed at the Presidency Jail, which is being converted into a large Government Printing and Binding Establishment. At the Secretariat Press only the current printing work of the office will be carried on. To the above a sum of Rs. 2,000 has to be added on account of reserve funds work.

58. The grant for STATIONERY received from the Government of India was Rs. 4,98,000, reduced to Rs. 4,48,000. The estimated charge in 1878-79 is Rs. 5,15,000, but measures are under consideration for reducing the outlay under this head.

59. Under 'MISCELLANEOUS' has been included a sum of Rs. 2,000, debitable to funds formerly in Reserve, and Rs. 83,000, charges of incorporated Local Funds. The total grant is thus raised to Rs. 3,79,000, but there is no real increase of charge to Government.

60. The largest head of expenditure is the PUBLIC WORKS ordinary, the total grant for which in 1878-79 is Rs. 85,99,000, thus made up—

	Rs.
Original normal grant for Public Works	24,90,000
Additional grant (explained below)	20,00,000
Expenditure formerly debited to Reserve Funds	9,14,000
Grant for Railway Surveys	80,000
Total grant from Provincial Services	54,84,000
Expenditure from Incorporated Local Funds	31,15,000
Total ...	85,99,000

61. The grant originally made to the Public Works Department for 1878-79, on which its detailed Provincial estimates were to be prepared, was Rs. 24,90,000 only. When, however, the revised estimates of 1877-78 showed that the financial position of the province was a safe and flourishing one, and in view of the favourable estimate of the receipts for 1878-79, the Lieutenant-Governor decided to make a large addition to the Public Works expenditure, and to carry out various important and useful schemes that had been left in abeyance for want of funds.

62. On the inauguration of the scheme of Provincial Finance in 1871-72, the grant made by the Government of India for Provincial Public Works was about 26 lakhs of rupees. In the first year of the Provincial scheme Sir G. Campbell allowed the Public Works Department to expend only a little more

than this grant; but in the next year (1872-73), as he had by saving elsewhere secured a large surplus, large special grants were given for roads and communications and the general improvement of the province; and the expenditure rose to nearly 35¾ lakhs. In October 1873 came the first alarm of scarcity, and during the next two years—that is up to the end of 1874-75—the resources of the Provincial Public Works Department were devoted almost entirely to relief works in the distressed districts. When the famine was over, the local Government found its balances, as already explained, completely exhausted. In April 1876, the Lieutenant-Governor (Sir Richard Temple) expressed his conviction that there was no probability that the annual grant for Provincial Public Works could for some years to come exceed 25 lakhs of rupees. In accordance with this principle, the grants for Provincial Public Works for 1876-77, 1877-78, and 1878-79 were fixed.

63. The Lieutenant-Governor has now, however, decided upon taking in hand and pushing on as rapidly as possible the following important Public Works, making grants from Service Funds to the extent specified against each:—

	Grant. Rs.
Concentration of the Government Offices in Writers' Buildings, (postponed in 1875-76)	3,50,000
Improvements in the Medical College Hospital (estimated at 6 lakhs of rupees, half of which will be found by the Government of India)	3,00,000
Public Works Practical Training Institution	2,60,000
Jail Buildings	2,30,000
Court-houses at Durbhunga and Motiharee	2,10,000
Assam Emigration Road	1,50,000
Other Provincial roads and minor works	1,50,000
Improving navigable channels between Balasore and Pooree ...	50,000
Total ...	17,00,000

A further sum of Rs. 3,00,000 will be made available for other similar works to be selected hereafter. The sum of Rs. 9,14,000 will be spent on account of works hitherto debited to the Provincial Reserve Funds. Of this Rs. 7,73,000 are to be devoted to improving, enlarging, and locking the Calcutta Canals. Again, in accordance with the orders of this Government, No. 890, dated 6th March, a sum of Rs. 80,000 has to be provided on account of preliminary outlay on Railway Surveys. This will be charged eventually to the capital cost of the lines if sanctioned; meantime it is given from Provincial Funds. The ordinary expenditure of the incorporated Local Funds upon Public Works is, as shown above, Rs 29,15,000. But besides this, the Lieutenant-Governor has made a further grant of Rs. 2,00,000 towards completing the Assam Emigration Road. This is in addition to grants aggregating Rs. 1,10,000 made this year for similar purposes. The total sum that Government has made available for this Road and the rest-houses thereupon is Rs. 4,60,000 this year and next.

64. The grants for the working expenses of CANALS and STATE RAILWAYS are Rs. 6,74,000 and Rs. 11,27,000 respectively.

65. The general effect of the estimates upon the provincial finances and balances may be thus shown:—

	Opening balance.	Receipts.	Total.	Charges?	Closing balance.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Provincial Finance	28,54,000	3,71,37,000	3,99,91,000	3,73,90,000	26,01,000	3,99,91,000
Local Funds	21,76,000	36,84,000	58,60,000	38,03,000	20,57,000	58,60,000
Total	50,30,000	4,08,21,000	4,58,51,000	4,11,93,000	46,58,000	4,58,51,000

66. The Lieutenant-Governor is of opinion that the Bengal Government should ordinarily maintain a credit balance under provincial funds of not less than 20 lakhs of rupees to enable it to meet the vicissitudes of bad years, without being driven to put a sudden and disastrous stop to all works of

improvement. Doubtless, when widespread and serious calamity comes upon the province, local resources at their best will not suffice to meet it, and everything must be sacrificed to the exigency of the moment. But the local Government should in normal years be in a sufficiently strong position to contemplate without dismay any mere temporary fluctuations in its excise and stamp revenue arising from bad crops and the like, and on the other hand it should be able to undertake from time to time works of more than common magnitude with the certainty of being able to complete them without curtailing its ordinary expenditure. Upon these principles the estimates for 1878-79 have been framed. If there seems during the year to be any prospect of a larger balance accumulating than it seems necessary to maintain, special arrangements will be made for putting in hand further works, which have already been decided upon.

ORDERED, that a copy of this Resolution and of the appended statement be submitted to the Government of India, Financial Department, and that a copy be forwarded to the Accountant-General and to the Public Works Department of this Government for information.

By order of the Lieutenant-Governor of Bengal,

A. MACKENZIE,

Secretary to the Government of Bengal.

NOTIFICATION.

The 18th March 1878.—The following Bye-laws framed by the Municipal Commissioners of Howrah at a meeting under section 313, of Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under section 314 thereof, are hereby published for general information :—

For regulating the conduct of business at Meetings of the Commissioners.

1. An Ordinary General Meeting of the Commissioners shall be held on every first and third Thursday of the month.

2. All such meetings shall be convened by the Chairman or Vice-Chairman by notice to be served on each Commissioner, not later than the Monday preceding the day of the meeting.

3. In the event of the Chairman or Vice-Chairman determining to call an Extraordinary General Meeting, not less than two clear days' notice shall be given to the Commissioners of the day fixed for such Extraordinary General Meeting.

4. Every notice convening a meeting shall be accompanied by a list of the business signed by the Chairman or Vice-Chairman to be brought forward at such meeting.

5. Any Commissioners wishing to bring forward any business shall give notice of such intention in writing to the Chairman a week before the meeting, when the Chairman or Vice-Chairman shall include such business in the list of the business to be laid before such meeting.

6. No business shall be considered, or proposition received at any meeting, if it does not appear in the list of business.

7. At all Ordinary General Meetings the proceedings shall be commenced by the Secretary reading the Minutes of the last Ordinary or Extraordinary General Meeting with a view to ascertain if the resolutions passed at such meeting have been faithfully and accurately recorded in the words used by the mover of such resolution, or if amendments thereto shall have been passed in the words used by the mover of such duly passed amendments.

8. In the event of any Commissioner being of opinion that any such resolution has not been accurately recorded, it shall be competent to such Commissioner to state his opinion to that effect, and thereupon the Chairman shall decide, whether or no, such resolution has been accurately recorded by reference to the original draft of such resolution written and signed by the mover, and if he finds the Minute to be inaccurate, he shall then and there make the necessary correction in the Minute Book, provided that no discussion as to the propriety or otherwise of such resolution shall be allowed.

9. The order in which the several subjects shall be discussed at a meeting shall be determined by the order in which they are mentioned in the Chairman's list.

10. On the Commissioners proceeding to the consideration of any subject, the Secretary shall first read to the Commissioners the letters and papers connected with such subject, and thereupon any Commissioner may make a proposition regarding such subject, and address the meeting prior to the question being put to vote by the President, provided that such Commissioner shall confine his remarks to the subject under consideration.

11. Every proposition made shall be written out by the proposer, and signed by him.

12. Every proposition shall be seconded by one Commissioner who shall also sign or initial the draft proposition written by the proposer.

13. The Commissioner who first addresses the meeting shall be entitled to be heard first, and should more than one Commissioner address the meeting, the right of precedence shall be determined by the President.

14. Any Commissioner shall be at liberty to call the attention of the President to a point of order, even when a Commissioner is addressing the meeting.

15. Any Commissioner may propose an amendment to a proposition to the effect that certain words in the proposition originally made be omitted therefrom, that certain words be substituted, or that certain words be added thereto, provided that such amendment be proposed when the subject is being discussed and the original proposition is still before the meeting.

16. On the discussion being concluded, in the event of several amendments having been proposed, the President shall put the last amendment to the vote first; if negatived, he shall put the second amendment, and then the first, and if all the amendments are lost, the original proposition shall be put to the vote.

17. No Commissioner shall be allowed to vote by proxy, when he is unable to attend a meeting, or under any circumstances.

18. On a proposition being made and seconded, the President shall put the same to the vote.

19. Votes shall be taken by show of hands.

20. All votes shall be put by the President, first in the affirmative, and then in the negative form.

21. Any Commissioner may decline to vote on any subject without assigning his reason for abstaining from voting.

22. Any Commissioner may, with the President's permission, make a proposition that a subject under consideration be postponed, or that the consideration of it be adjourned either to a fixed date, or *sine die*.

23. It shall be competent to any Commissioner to move a resolution to the effect that the subject under consideration be referred to a committee, provided that such Commissioner shall also at the same time propose the names of the members of such committee.

24. It shall be competent to the members of any such committee appointed to vote at any general meeting on the subject reported on by such committee.

25. Should any Commissioner object to any part of a report submitted by such committee, such Commissioner shall be competent to make a proposition that the report be adopted, except with regard to the particular part objected to by him, or that such report be again referred to the committee, or that the report be entirely set aside.

26. A subject once finally disposed of by a resolution duly passed at a meeting shall not be re-opened at any subsequent meeting, unless at least three-fourths of the Commissioners present at a meeting, of which due notice has been given, consent that such subject shall be re-opened and re-considered, provided that resolutions adjourning the consideration of a subject may be re-considered at any meeting after the usual notice.

27. The minutes of the proceedings of all meetings shall show the names of the President and of all members attending, the words of every proposition and every amendment, and in cases where votes are taken the number of votes *pro* and *con*.

For regulating the mode of collecting taxes.

28. Every collecting officer shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman or Vice-Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

29. The collecting officer taking the money in payment of any demand shall give the receipt for it.

For regulating the conduct of persons employed by the Commissioners.

30 All persons employed by the Commissioners, whose services may no longer be required, shall be liable to discharge after receipt of previous notice, or pay in advance for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

31. All persons now holding, or who may hereafter be appointed to any office under the Commissioners, shall, when required to do so, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

32. The Commissioners shall have power to inflict, for neglect of duty, a fine not exceeding one month's pay upon any person employed by them.

For regulation and management of privies.

33. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to such parts of his house, land, or premises where night-soil or filth is kept for the removal of such night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

Penalty for infringement a fine not exceeding Rs. 5.

34. Every person shall construct his privy above ground and shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware.

NOTIFICATION.

The 2nd April 1878.—The following bye-laws framed by the Municipal Commissioners of Madhubani at a meeting under section 313, Act V (B.C.) of 1876, having been confirmed by the LieutenantGovernor under section 314 thereof, are hereby published for general information:—

For regulating the time and mode of collecting the taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall show his certificate if required.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within two weeks from the date of service of the requisition in the manner described in section 367 of the Act.

3. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same day or any other day; and the first purchaser shall in such case be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

4. All persons employed by the Commissioners whose services may be no longer required shall be liable to discharge after receipt of previous notice or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security

within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

6. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division; and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases in which the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

Penalty for infringement not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

Penalty for infringement not exceeding Rs 10.

For regulation and management of privies.

8. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the municipality to his house, land, or premises for the removal of any night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

Penalty for infringement not exceeding Rs. 5.

9. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy, or other noxious or improperly constructed privy, may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners

10. No owner or occupier of any house, land, or premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, tank, hollow, or excavation, or any place containing waste or stagnant water.

Penalty for infringement not exceeding Rs. 20.

11. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter, in any other way than as the Municipal Commissioners may from time to time direct.

Penalty for infringement not exceeding Rs. 20.

12. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seem to them necessary for preservation of public health, or for the prevention of infection or spread of disease, provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

13. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

Penalty for infringement Rs. 5.

14. No person shall perform any office of nature in any place outside private premises other than such as may have been appointed by the Commissioners, provided that such places have been set apart by the Commissioners.

Penalty for infringement not exceeding Rs. 5.

For regulating traffic in the streets.

15. Every carriage or cart plying on the streets after one hour after sunset shall carry a light or lights.

Penalty for infringement not exceeding Rs. 3.

16. No person shall, without the permission of the Commissioners, take an elephant or camel along any of the public roads within the limits of the municipality except by such routes as shall be fixed for the purpose by the Municipal Commissioners.

Penalty for infringement Rs. 20.

17. Every cart laden with bamboos shall not use the public road within the limits of the municipality except the cart is attended with a driver and another man.

Penalty for infringement Rs. 2.

For regulating or prohibiting the use of fire-balloons, fireworks, fire-arms, or any other missile in the vicinity of public roads.

18. No one shall let off any fire-balloons, fireworks, fire-arms, or any missile in or near a public street without the consent of the Municipal Commissioners previously obtained.

Penalty for infringement not exceeding Rs. 10.

General Bye-laws.

19 No person shall put, or cause to be put, on any house or other building a spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare; and the Commissioners shall have power to take down and alter any such spout now in existence and to recover the costs as a debt due to the Commissioners.

Penalty for infringement not exceeding Rs. 5.

20. No person shall construct or place over, or by the side of any public drain, any bridge, platform building, or structure of any kind, except by, and with the written permission of, the Commissioners, and in such manner as they shall direct.

Penalty for infringement not exceeding Rs. 10; penalty for continued infringement after notice not exceeding Rs. 3 daily.

21 If any house, wall, or other erection, or any part hereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

Penalty for infringement not exceeding Rs. 10; penalty for continued infringement after notice not exceeding Rs. 3 daily.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

HIGH COURT, the 22nd March 1878.

CIVIL.

No. 14, *dated the* 16*th March* 1878.

The accompanying copy of instructions issued to the Judge of Hooghly regarding the position of Revenue Agents practising as pleaders under Act IV of 1876, is circulated for the information and guidance of all Munsifs in districts in the Lower Provinces of Bengal, where Act VIII (B.C.) of 1869 is in force.

From J. CRAWFURD, ESQ., *Officiating Registrar of the High Court of Judicature at Fort William in Bengal, to the Judge of Hooghly,—No.* 680, *dated Calcutta, the* 16*th March* 1878.

In reply to your letter No. 219, dated the 14th ultimo, I am directed to say that it is not necessary that Revenue Agents acting in rent suits in the Civil Courts should be enrolled under Section 12, Act XX of 1865. All that is necessary is, that the Civil Courts should satisfy themselves that the Revenue Agents hold certificates in force at the time they come in to practise as pleaders under Act IV of 1876.

2. The position of these Revenue Agents in the Civil Courts, I am to point out, is not that of Pleaders. The latter are enrolled in the Courts in which they practise, and are liable to punishment by the High Court in case of misconduct. Revenue Agents on the other hand are not so enrolled, and are subject, in case of misconduct, to the orders of the Board of Revenue. There can therefore, in the opinion of the Court, be no hardship in requiring the latter, when they act in the Civil Courts, to prove their authority to represent the person for whom they act, and this should be done in every case.

CRIMINAL.

No. 2, *dated the* 23*rd March* 1878.

Inconvenience having resulted from delay in the submission, for the Court's orders, by Sessions Judges, of cases in which they have disagreed with the verdict of the jury, enquiry was made as to the cause to which the delay was due, and it has been reported that the records had been detained in the Sessions Judge's Court in order that copies might be made of the proceedings for the use of the Government pleader. The Court is therefore pleased to direct that after the delivery of the verdict by the jury in such cases, no delay should be permitted to occur in the submission of the records with the Sessions Judge's letter of reference. It is open to the Government pleader and to the pleader for the accused to make notes of the evidence as the case proceeds. If after the trial is concluded copies of any part of the proceedings are required, it will be necessary that they should be made on application in the High Court after receipt of the record.

No. 3, *dated the* 23*rd March* 1878.

The attention of all Sessions Judges is called to the instructions, extracted below, contained in paragraph 4 of the Court's Circular Order No. 7, dated 11th March 1870, which should invariably be followed in the preparation of Sessions Statement No. III :—

"Adverting to column 4, Statement No. 3....., the Court observe that there is a diversity of practice in numbering the accused, some officers giving fresh numbers to the prisoners in each case, while others continue the series throughout the year. The Court direct that one series of numbers should be employed for each session."

No. 4, *dated the* 30*th March* 1878.

In paragraph 2 of Circular Order No. 6, dated 2nd July 1869, it is directed that an Appellate Court shall, in every case, except as otherwise provided in that Circular Order, certify its decision to the Court or Magistrate from whose decision the appeal has been preferred. To remove doubts which have been raised as to the intension of this order, the Court is pleased to explain that what is required is, that the Appellate Court should at once communicate the decision arrived at to the Court which has to carry out its order. A copy of the formal order passed, and of the judgment on appeal, should, however, always be attached by the Appellate Court to the record of the original Court, and returned to it therewith.

No. 5, *dated the* 30*th March* 1878.

Sessions Judges are requested to ascertain and report whether the form of Vernacular Statement No. 9, prescribed by paragraph 7 of Circular Order No. 11, dated 1st December 1854, of the late Sudder Court, is still in use in any of the Courts in their districts.

Sheriff's Office, the 3rd April 1878.

ESTABLISHMENTS.

The 6th May 1878.

No. 101.—*Leave of Absence.*—The undermentioned officer has been allowed an extension of his furlough by the Secretary of State for India:—

J. W. Johnson, Assistant Engineer, First Grade, Public Works Department, for seven months.

LOCAL—COMMUNICATIONS.

The 6th May 1878.

No. 102.—*Declaration under Section* 6, *Act X of* 1870 *of the Government of India.*—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the public expense for a public purpose, viz. for the construction of a road from the station of the East Indian Railway at the Patna City Ghaut to the centre of the Maroofganj Bazar, and for widening the road from the Poorub Darwaza bridge to the said Bazar, it is hereby declared that for the above purposes the undermentioned two plots of land, measuring in area 1 beegha 7 cottahs and 5 dhurs, more or less, are required, situated as hereinafter described:—

Plot No. 1.—A strip of land, 715 feet in length by an average width of 40 feet, situated in mohullah Maroofganj, thana Malsalamy, pergunnah Azeemabad, zillah Patna.

Plot No. 2.—A triangular strip of land, 148 feet in length and 33 feet at its widest breadth, situated at the entrance of the Maroofganj Lane, in mohullah Maroofganj as aforesaid.

2. The plan of the lands above detailed is open for inspection at the Office of the Collector of Patna.

3. This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 103.

Dated the 6th May 1878.

UNDER Section 89 of Act X (B.C.) of 1871, the following annual accounts and reports of the Road Cess Committees of Cuttack, Pooree, and Balasore, of works done and in progress during the past cess year 1876-77, together with the remarks thereon of the Commissioner of the Orissa Division, are published for general information.

J. E. T. NICOLLS, MAJOR-GENERAL, R E.,

Secretary to the Government of Bengal,
in the Public Works Department.

No. 372, dated Cuttack, the 8th December 1877.

From—H. S. BEADON, Esq., Collector and Chairman, Road Cess Committee,
To—The Commissioner of the Orissa Division.

I HAVE the honor to submit the annual report of the Road Cess Department for the year ending the 30th September 1877.

2. Under the provisions of Section 88 the accounts for the year have been audited by the Sub-Committee appointed for that purpose, and have been considered by the District Committee and passed upon the Sub-Committee's report. That report calls for no special consideration, except on the subject of the ferry stock, regarding which I have addressed you separately from the magisterial side of my office. Shortly, I may mention that the claim as a whole has not met with my approval or that of the District Committee; but special reference has been made regarding the Judpore ferry, which is a newly established ferry, and at which the Committee lately posted a boat, the cost of which should not properly be debited against the District Road Cess Committee.

3. The balance on the 1st October 1876 was Rs. 8,175-7-8, and the receipts during the year from the collections Rs. 40,878-6-8, and from other sources Rs. 2,513-6-10, giving a total revenue for the year of Rs. 51,567-5-2.

4. The expenditure has been Rs. 44,256-8-6, and the net balance on the last day of the year Rs. 7,310-12-8.

Of the sum expended, Rs. 5,397-6-2 represents the cost of collecting establishments, Rs. 21,768-14-11 repairs, Rs. 9,170-0-1 original works, and Rs. 7,920-3-4 road establishment and plant.

5. The income was greater than that of the previous year, for the reason of the decrease from the previous year recorded by the Chairman last year, viz. "because we had been realizing our cess in advance, and the Board having ruled in their No. 189A., dated 20th August 1875, that the cess was payable in arrears, only one of the two yearly instalments was collected" during last year.

6. The Road Cess Committee meetings were not numerously attended, but I can safely say that the non-official members who came thoroughly discussed every subject which was laid before them. At Kendrapara it will be observed that two-thirds of the members on the average attended, at Cuttack upwards of one-third, and at Jajpore about one-seventh. In Jajpore there were 15 defaulters, *who have never attended*, out of a Committee consisting of 22, and as seven is the quorum required, it is clear that to have a meeting all the others must attend. This desirable result has never yet been accomplished. The sub-division was for nine months of the year in charge of Baboo Atool Chunder Chatterjee, and doubtless matters there will now improve. I attribute the good attendance at Kendrapara to the facts that the members are residents of the town of Kendrapara, and that there were only two meetings. Under late orders of Government the branch Committee list has been revised, but only those have been entered who were on the Committee during the year. At head-quarters four out of the five gentlemen who never attended have been lately omitted in the revised list sent up to Government, as two are no longer residents of this district, and two others live too far from the sudder station and as a fact never come to Cuttack. I have found great assistance from the non-official members of the Committee both from their advice and their readiness to take charge of any small village road work within their estates or their neighbourhood. The Executive Engineer attended two of the meetings in the course of the year.

7. SUB-DIVISIONAL REPORTS. *Kendrapara village roads.*—The works in Kendrapara were all petty, being chiefly earthwork and turfing, with two wooden temporary bridges. One of these, costing Rs. 15, was swept away by the heavy floods of the Chitratola. The works executed are entered in statement A accompanying. Though more than Rs. 50 have been expended on some of them, the fact is the road which goes by one name passes several villages running from one to the other. The total expended was Rs. 547-14.

8. *Jajpore.*—The village road works in Jajpore were repaired during the year at an outlay of Rs. 550 as per statement B., all petty works, with here and there a small wooden bridge, not exceeding Rs. 30. But the floods of the 13th July last washed away portions of work done in previous years on some of these roads. The roads that seem to have been permanently benefited are one at Rambag, eight small roads in the Dharmasala thana, and two small bridges costing Rs. 35 and Rs. 15.

9. *Sudder Sub-division.*—The village road work in the sudder sub-division consisted of repairs to five village roads at a cost of Rs. 411-5, as per statement C, earthwork repairs, and the erection of a wooden bridge on the Sujang road, in Jagatsingpore thana, at a cost of Rs. 59. Baboo Gopal Prosad Mitter, one of the members of the Committee, proposed and superintended the construction of two village roads in Jagatsingpore thana. The reason for the small expenditure is that the sudder sub-division depends largely for its communications on canal and river way, and the embankments are the chief, and in many places the only, mode of communication.

10. *Village roads under the District Engineer.*—There were three such roads. I find that the Chairman, for whom I am officiating, did not approve of spending much money on village roads, and considered the sum of Rs. 2,000 was as much as should be devoted to this purpose. The total expenditure for the year was Rs. 1,509-3.

11. *Original works.*—During the year the road cess and municipal office was commenced, but it was delayed partly on account of the non-receipt of sanction to the estimates, and partly because rains came down unexpectedly early and destroyed the bricks before they were burnt, thus limiting the tale. Sanction was received in July, and the work is now being pushed on. The total cost will be Rs. 4,229, of which the municipality has agreed to pay Rs. 1,000 for its share of the accommodation.

12. Three small masonry culverts were built on the Chandbally road for Rs. 354-14-4, and one of four feet span for Rs. 242-15-6.

13. There were three timber bridges raised—two on the Kendrapara to Jajpore road, and one on the Chandbally road. The last three are not yet complete, but are passable for traffic. They cost Rs. 2,105-11-9.

14. *Repairs.*—On the Chandbally road Rs. 5,182-3-0 were expended. This was entailed by surface dressing throughout twice over. It is a very difficult road to keep in order. Apart from the liability to complete inundation, from which it suffers nearly every year in some portions of it, much of the road is only clay and much only sand. The first part suffers greatly during the rains, and the latter part throughout the rest of the year. Repairs are attempted by spreading clay upon the sandy parts and sand upon the clay. The latter process is easy and answers; the former excessively difficult to carry out, and of doubtful success when finished. The last nine miles of the road towards Chandbally were not touched in the year under report, but full provision extending to upwards of Rs. 16,000 has been provided for this road for the coming year. There is an offshoot at the 16th mile of this road leading to Mohanga. This road has been put in thorough repairs for Rs. 600 and is in good order, excepting at the points where it crosses the distributaries of the Kendrapara canal and their branches.

15. The Kendrapara loop road also was repaired during the year. This road is now within the limits of the municipality of Kendrapara and ceases to be borne on the district roads. The staging bungalow at Kendrapara and the other bungalows of the Chandbally road were repaired and finished.

16. The road from Judpore to Pattamundi was not repaired. The Irrigation Department has driven the canal across the road which emerges again on the same side, but the Executive Engineer has promised to rectify it by making a substitute along the berm of the canal till the communication is again completed. The repairs of the road generally will be taken in hand this year as soon as that is effected.

17. Nor has anything been done to the Kendrapara and Marsaghai road. I think there is probability of this road being abandoned. Marsaghai is usefully connected with Kendrapara only because it is the end of the canal, but the road crosses some of the lowest land in the district, and expensive bridges and culverts are necessary upon it, if it is to be made good all the year round. Enquiry is now being made as to whether direct communication cannot be made along a high ridge covered with villages to impinge on that canal at some point to the east of Marsaghai and nearer to Jamboo. It is thought by the Deputy Magistrate and the District Engineer that such a route may be found; and, if so, the matter of abandoning the present road will be taken up and considered.

18. Upon the Taldanda road considerable repairs have been carried out, amounting in all to Rs. 6,189-7-11. It is reported to me as being in thoroughly good order, the bungalows, bridges, and causeways having been repaired throughout.

19. Rs. 1,538-3-5 was expended on the Machgan road, and the District Engineer reports that the earthwork and bridges have been executed satisfactorily; but the causeways were not so well done, and consequently one of them was carried away during the high flood of the Katjuri this year.

20. The Madhab road is a road running in and out of the Pooree and Cuttack districts for 44 miles, 18 being in Pooree and 26 in Cuttack. The road is not very useful for this

district, but it is thought to be of great advantage to Pooree. It was some time ago agreed that the repairs should be carried out by the Cuttack Committee, and that Pooree should bear ¼ths of the cost The cost has, however, fallen on this district wholly for the last three years; and when the bill for repairs was sent to the Pooree Committee, it was desired by that Committee that this practice might cease for the future, as the Pooree Committee has now its own Engineer. The matter is, however, under consideration again, as it is impossible to carry out the repairs of some portions of the road, endeavouring to limit operations to the particular district. During the year under report Rs. 378-5-0 has been expended on this road.

21. The road from Jagats ...re to Jaipore has been put in order also, except that one timber bridge on the 5th mi ... very dilapidated state.

22. The Jobra road and ...hapore road have also been repaired, the latter thoroughly.

23. On the Kendrapara to Jajpore road Rs. 2,872-5-2 were expended, but to no purpose. "The high floods," Mr. Serres writes, "that we had this year have undone all the works; the whole of the breaches have been re-opened, the road has been cut up worse even than it was before, the temporary wooden bridges are damaged, and one of them, No. 7 at the 10th mile, carried away entirely."

24. A similar tale of woe comes from the other roads of the Jajpore sub-division, and indeed this must be the case until the waters of the Brahmini, Kharsua, and Byturnee are entirely brought into subjection by the embankment department. No amount of money that the Road Cess Department can ever afford to spend on these roads would enable them to stand against the violence of the higher floods of these rivers, and the only possible plan to adopt is to make overroads with a view to the water passing over them as completely and easily as possible. Rs. 865-5-0 were expended on the Baruan to Judpore road. In order to enable it to stand the flood, the breaches were re-filled and heavy berms made on either sides. All the breaches were again forced except one.

25. A most important road runs from Kuakhia to Jajpore, the direct communication from Cuttack Rs. 1,166-8-2 were expended in its repairs, but it is now in complete ruin as a road. To put that road in really good repair and to re-erect the bridges and causeways that have been swept away would cost nearly a year's income. We can only hope to keep it up as a fair-weather road. In one place a breach 335 feet has been made in the road, and this will give some idea of the enormous flood of water that rushes over the country in those parts.

26. *Tree-planting.*—I find Rs 2,000 were allotted in the budget for this purpose. The trees on the Chandbally and Taldanda roads have been maintained, and a double line of trees has been planted from the Jobra road to the Taldanda loop road. A tope of trees has been planted at the 2½ mile of the Taldanda road. The young trees on the road are flourishing, but the same success does not attend the cultivation on the Chandbally road. The land for the first three miles is very sandy, and, while the trees will not grow, their protective works fall down. Efforts are, however, still being made, and it is hoped will eventually succeed. The sub-divisional officers of Kendrapara and Jajpore also carry on some arboriculture at the sub-divisional head-quarters.

27. The following are the works proposed for the ensuing year:—

(1). Increasing the slopes of the road from 2 to 1 to 3 to 1 from the 58th to 65¾ miles of the Chandbally road.
(2). Constructing four new timber bridges with masonry abutments for 58th, 59th, and 60th miles of the Chandbally road.
(3). Constructing masonry abutments to the timber bridges on 40th, 43rd, and 64¼ miles of the Chandbally road.
(4). Constructing nine culverts for Chandbally road.
(5). Constructing a timber bridge with masonry abutments at the 5th mile of the Jagatsingpore to Jaipore road.
(6). Constructing a road from Ersama to Taldanda road.
(7). Re-constructing the broken bridge on the 9th mile of the Kuakhia to Jajpore road.
(8). Construction of a pucca inspection bungalow at 64th mile of the Chandbally road.
(9). Constructing a halting place at the end of the Chandbally road, 66th mile.
(10). Constructing landing stages at the ghât or ferries.
(11). Repairs of Golara Hât road.
(12). The construction of a road cess office (remaining portion).
(13). Ordinary repairs and construction of village roads wherever they may prove to be required.
(14). Planting trees on district roads as far as funds will permit.
(15). Ordinary maintenance and repairs to district roads, including bridges and causeways.

28. I am desired by the Committee to express their extreme satisfaction at the manner in which Mr. Serres has conducted the duties of District Engineer. He is an active, painstaking, upright young officer His previous experience under Messrs. Stoney & Co. has given him a knowledge of the rates of work and cost of materials in the district which is valuable, and for all practical purposes he is quite as good an Engineer as the Committee can

hope to get. He was confirmed by Government as District Engineer, but the powers of an Overseer only were accorded to him unless he passed an examination. In the course of the year Government directed his removal, and against this both the Committee and Mr. Beames have remonstrated. No further orders have been received, and it is earnestly hoped that no change will be forced upon us. Of his subordinates Mr. Serres speaks well, except Mr. DeSouza and Peter Manuel. I have in the course of the year had on several occasions to reprimand them for idleness, malingering, and disobedience; and they both now stand warned that the severest notice will be taken of any future shortcoming on their part.

29. The road cess head clerk continues to deserve the praise awarded to him by Mr. Beames last year.

30. The office of Chairman has undergone several changes during the year as indicated below :—

From 1st October 1876 to 8th January 1877, John Beames, Esq.
From 9th January 1877 to 29th ditto, G. Toynbee, Esq.
From 30th ditto to 26th March 1877, John Beames, Esq.
From 27th March 1877 to 22nd May 1877, G. Toynbee, Esq.
From 23rd May 1877 to 30th September 1877, H. S. Beadon, Esq.

EXPLANATORY NOTE.

(A) The figures given in this column have been taken from the budget estimate submitted with this office No. 166 of the 26th July 1876, and approved of by the Commissioner in No. 107R.C., dated the 30th idem.

(B) The discrepancy between the estimated demand and the actual collections is attributable to the payment made in advance by some of the assessees during the preceding year (*vide* the explanatory notes (*c*) for that year).

(C) The difference is owing to non-realization of the balance at the close of the year. Measures, however, have already been taken for its speedy recovery.

(D) The excess is attributable to the fact that the amount of expenditure fell short of what was anticipated at the time of preparation of the budget.

(E) The excess in this head is owing to the sale of more trees, &c., than were estimated for.

(F) Rs. 750 was originally alloted in the budget, but funds being insufficient to meet the requirements, Rs. 330 was added by transfer from office contingencies under paragraph 1 of the Committee's proceedings dated 10th November, and Commissioner's No. 240, dated 16th idem.)

Balance	2,170	0	0

(*Vide* Committee's proceedings dated 10th November, and Commissioner's No. 240, dated 16th idem.)

(H) The difference is attributable to the fact that Rs. 5,489 was first allotted in this head, and Rs. 578 was added by transfer from "reserve," as per Committee's proceedings dated 10th May, and Commissioner's No. 44RC, dated the 19th idem.

Again, from the total (Rs. 6,067), Rs. 1,160 was retransferred for the reconstruction of the last two miles of the road shown under the original works (*vide* Committee's proceedings dated the 25th September 1877, and Commissioner's No. 206RC, dated 27th October 1877).

(I) The trifling excess of Rs. 3-3 than the budget grant was recouped by transfer from "reserve" (*vide* paragraph 1 of the Committee's proceedings dated 10th November, and Commissioner's No. 240RC, dated 16th idem)—

(P) The petty excess of one anna was received by transfer from reserve, as per Committee's proceedings dated 9th November, and Commissioner's No. 240R C., dated 16th idem.

(Q) Nothing was allotted to this, but Rs. 1,775-5-0 was transferred from reserve (*vide* Committee's proceedings dated 2nd March and 26th June 1877, sanctioned as per Commissioner's Nos. 265 and No. 92, dated 9th March and 5th July respectively.)

(R) Rs. 500 was originally kept under this head, which was wholly transferred to reserve, as per Committee's proceedings dated 10th May 1877, sanctioned by Commissioner's No. 44, dated 19th idem. Again, Rs. 336-2-2 was transferred to this head, as per Commissioner's No. 147, dated 11th August 1877.

(S) The excess of Rs. 4-2-10 was added by transfer from reserve (*vide* Committee's proceedings dated 9th November, and Commissioner's No. 240, dated 16th November 1877).

(T) There was no original allotment made in the budget for these works, but the amounts mentioned against each head have been transferred to each of them as per

paragraph 3 of Committee's proceedings dated 25th September, and sanctioned as per Commissioner's No. 206, dated 26th October 1877.

(U) No allotment was first made in this head. Rs.. 1,160 was transferred to it from Taldanda road and Rs 110 2-6 from reserve (*vide* paragraphs 3 and 1 of the Committee's proceedings dated 25th September and 9th November, and Commissioner's Nos. 206 and 240, dated 27th October and 16th November respectively.)

(V) The difference in the detail of the establishment under the District Road Committee is attributable to the reduced scale of establishment made in accordance with paragraph 11 of Government No. 335, dated 16th April 1877, received under Commissioner's No. 15RC, dated 27th April 1877 (*vide* paragraph 5 of the Committee's proceedings dated 10th May 1877, submitted to the Commissioner with this office No. 43, dated 14th May 1877.) For the said reduction in the scale of establishment the actual expenditure has fallen below what was originally allotted.

(W) Rs. 200 was originally allotted to this head, and Rs 395-8-0 was received by transfer from reserve (*vide* Committee's proceedings dated 26th June and Commissioner's No. 92 of 5th July 1877).

Special Note.

CERTAIN original works amounting to Rs. 3,973-12-1 were charged in the last quarterly return under the head of repairs, but subsequently rectified in this annual return.

F. F. Handley, Esq., late Vice-Chairman, was transferred to Cuttack in April last, and Baboo Mahananda Gupta was elected Vice-Chairman in his place.

3. The aggregate receipts of the year under the several heads amounted to Rs. 22,605-3-3, viz.—

	Rs.	A.	P.
Cash in hand	12,927	6	5
Advances outstanding	1,457	14	9
Cess on land	8,137	0	1
,, houses	33	0	0
Miscellaneous receipts	49	14	0
Total ...	22,605	3	3

4. The total expenditure amounted to Rs 18,458-5-11 at the end of the year. The details of the expenditure are given below :—

	Rs.	A.	P.
Office establishment	1,678	7	6
Contingencies	991	10	7
Repairs to roads	11,282	6	3
Original works	990	6	11
Work establishment	3,143	1	8
Mathematical instruments	372	5	0
Total ...	18,458	5	11

5. *Repairs.*—The following roads were completely repaired during the year :—

	Rs.	A.	P.
Repairs to the road from Khoordah to Kalapather ...	1,737	11	2
„ the road from Piply to Khoordah ...	1,026	6	2
„ Bagmari to Bolgarh road	1,192	13	1
„ the Balighai and Madhab road	877	8	1
„ from Balugan to Banpore road	149	11	0
Village Roads —Thana Pooree	615	2	0
„ Piply	560	0	3
„ Gope	371	2	6
„ Khoordah	985	0	0
„ Tangy	180	0	0
„ Banpore	660	0	0

6. The road from Atharnala to sea-beach was partly repaired during the year. The repair of this road was transferred to the Road Cess Department in April last. The work was taken up immediately on its transfer, and a sum of Rs. 2,927 was spent in repairing and metalling a portion of the road, *i.e.*, from the sea-beach to the police line. The other portion of the road has been taken up from the commencement of the year 1877-78, and will be shortly completed. The amount spent for each road is set forth above. All the roads in the district have received their due share of attention, and the earthwork, metalling, bridges, culverts, and causeways are at present in a fair state of repair.

7. *Original works.*—A sum of Rs. 990-6-11 was spent on the construction of the new road and culverts. A sum of Rs. 4,000 was allotted for improving and bridging the Bhobanesar road, but the late District Engineer submitted the estimate of the road too late, and the work could not be taken up, and a sum of Rs. 3,527 from this head was transferred to the repair of the road from Atharnala to sea-beach. The details of the original works are given below :—

	Rs.	A.	P.
1 Construction of a culvert on Balighai and Madhab road	227	14	6
2. Division of a causeway on the Piply to Khoordah road	479	15	5
3. Extention of Balugan and Banpore road	163	0	11
4. Survey to the proposed lines	119	8	1
Total ...	990	6	11

8. It will be seen that in the budget of the year 1876-77 a sum of Rs. 16,322 and Rs 5,400 was sanctioned for original and repair works respectively, but Rs. 3,527 (a part of Rs. 4,000 sanctioned for the Bhobanesar road), and Rs. 5,222 allotted for the village roads under the head of original works having been transferred to the head of repair works under the Commissioner's letters Nos. 64RC, and 101 of 5th June 1877 and 17th July 1877 respectively, the net expenditure under the repairs, as per figures given in the annual account, amounted to Rs. 11,282-6-3.

9. The expenditure of the Committee under the several heads shown in the annual account has been kept down to the sums allotted for them, except the maintenance of the village roads under block thana Banpore, which has exceeded the estimates by Rs. 145. A sum of Rs. 515 was assigned for the village roads under that thana, but the Chairman of the Branch Committee spent Rs. 660. The excess sum of Rs. 145 was charged to the total amount allotted to the village roads of all the other thanas under which there was a considerable saving, as shown in the annual account.

10 *District Committee.*—There were 12 meetings of the District Committee during the year under review, but in one of the meetings there was no quorum : thus 11 meetings were convened. Almost all the members attended the meetings except the undermentioned five who absented themselves altogether :—

Baboo Bhagban Ratsingha.
„ Baidhar Mahapatra.
„ Raghunandan Ramanuj Das.
Sheikh Jameeloodeen Mohamed, Jagirdar.
Executive Engineer of Orissa Division.

The absence of the Executive Engineer, Orissa Division, is much to be regretted.

The working of the District Committee and the attendance of the members were satisfactory.

11. *Branch Committee at Khoordah.*—During the year under report three meetings were convened by the Branch Committee, and the percentage of attendance to whole Committee was 58·3. The working of the Branch Committee was on the whole satisfactory.

12. *Work establishment.*—Baboo Bhomesh Chandra Ghose, late District Engineer, resigned his services in April last, and was succeeded by Mr H. Beek. Mr. Beek has given satisfaction. The Sub-Overseer, T. Rajgopal Moodeliar, has done very well.

13. *Office establishment.*—The head clerk, Baboo Nadia Chand Dutt, has deserved the thanks of the Committee for his punctuality and close attention to business. The rest of the office establishment have given no cause of complaint.

14. I give below the list of the works proposed by the Committee to be carried out during the year 1877-78, viz.—

	Rs.
Repairing the first portion of the road from Atharnala to sea-beach	4,030
Repairs to the inspection huts situated on the Bagmari and Bolgar road	109
Repairs to the inspection bungalows situated on Khoordah and Kalapather road	312
Repairs to the inspection bungalow at Gope	69
Village Roads.	
Thana Pooree	100
„ Piply	100
„ Gope	100
„ Tangy	50
„ Banpore	50
Remodelling Delang bridge	1,026
Compensation to be paid for acquiring land for roads ...	1,178
Relief Works.	
Repairing Balugan and Banpore road	6,541
Constructing a road from Barabcoody to Rorang	5,606

From the above it will be observed that the sum of Rs. 2,000 sanctioned for Patnaikia road and Rs. 5,173 for the construction of the office building, together with a sum of Rs. 4,974 out of Rs. 6,000 allotted for Delang bridge, have been omitted, as the amounts were transferred to the famine relief work.

15. The people are by no means inappreciative of the objects and advantages of the cess. They came forward with the utmost alacrity to represent their wants, which were readily attended to.

16. The rate of the cess has now been raised to the maximum, and is double that assessed previously. This was effected without exciting any discontent or opposition.

POOREE,
The 6th December 1877.

MAHANUNDA GUPTA,
Vice-Chairman.

Explanatory note to accompany the annual account of 1876-77.

(*a*) The income on land for the year 1876-77 was estimated at Rs. 13,004. It fell short of the estimated amount, because the cess in this district was being realized in advance; but the Government notification, dated 24th July 1875, altering the dates of payments of the cess being brought into force in this district in the year under review (*vide* paragraph 2 of the Board's Resolution dated 27th March 1877) only one of the two yearly instalments of the revenue-paying estates was collected during the year: hence the decrease.

(*b*) Under miscellaneous receipts Rs. 150 was estimated for; but the receipts under that head amounted to Rs. 40-14-0, as the fees of the inspection bungalow at Khoordah fell short of the last year's receipts.

(*c*) Rs. 198 estimated for in the budget and a sum of Rs. 115 was transferred to this head under Commissioner's No. 82R.C. of 21st June 1877.

(*d*)

Transferred under Commissionr's No. 43R.C. of 18th May 1877	445
Total ...	1,018

(*e*) Rs. 3,527 was transferred for this work under Commissioner's No. 64R.C. of 5th June 1877.

(*f*) The budget estimate provided the following sums for the village roads of the undermentioned thanas, viz.—

	Rs.
Thana Pooree	1,349
,, Piply	843
Salt roads	422

But on account of the transfer sanctioned in Commissioner's No. 225R.C. of the 23rd December 1876, the net amount shown against these blocks is—

	Rs.
Thana Pooree	1,249
,, Piply	743
Salt roads	388

(*g*) Rs 758 was allotted for the village roads of Gope, but on account of Rs 228 having been transferred under Commissioner's No. 222R.C. of 20th December 1876 for other works, the estimated amount was decreased to Rs. 530.

(*h*) Rs. 228 transferred under Commissioner's No. 222R.C. of 20th December 1876.

POOREE,
The 6th December 1877.

MAHANUNDA GUPTA,
Vice-Chairman.

No. 10T, dated Camp Soroh, the 19th November 1877.

From—T. NORMAN, ESQ., Acting Collector,
To—The Commissioner of the Orissa Division.

I HAVE the honor, on behalf of the Road Cess Committee of this district, to submit a copy of the accounts of the receipts and expenditure of the District Road Fund during the road cess year 1876-77, as required by section 89 of the District Road Cess Act, 1871.

2. The accounts have been examined, in compliance with the requirements of the Act, by the Vice-Chairman and a sub-committee appointed in its behalf by the Committee, and were submitted to and passed by a general meeting of the Committee held on the 16th November 1877.

3. During the year under report funds did not permit of the prosecution of more than one original work, namely, the Barpada and Moraigaon road, a work intended to open up the tributary territory of Keunjhar. The estimate for this work was Rs. 1,500, and the expenditure Rs. 1,492-15-9. The earthwork of the whole line—11¼ miles in length—has now been completed. Culverts and causeways will be added as funds permit.

4. The budget allotment for maintenance and repairs was Rs. 18,509, and the expenditure has been Rs. 15,907-11-9. The following table shows in full detail the nature, quantity, rates, and cost of all work executed on the district roads throughout the year:—

Tabular Statement showing the Nature, Amount, Rate, and Cost of all Works executed by the Balasore Road Cess Committee from Road Cess Funds during the Road Cess year 1876-77.

2. The works in this road were placed in the special charge of the Sub-Deputy Collector.
3. Mr Vertannes, Executive Engineer, Balasore Survey Division, prepared rough estimates, but the rates on which he based his calculation were found so low as to be unworkable.
4. Rs 458-10 have been spent on general repairs of bridges and earthwork, the remainder on account of constructing two causeways, and in re-constructing with an additional pier a large bridge in the 5th mile.
Two causeways in the 5th mile with an aggregate length of 1,100 feet are approaching completion. Materials only have been collected for a 3rd causeway in 23rd mile. The new pier in bridge over Kundi nullah in 5th mile is not yet finished.

								5. The July floods caused great damage, Rs 91-5 worth of material being washed away which had been taken over, while the contractors also lost a quantity not taken over This delayed the work directly, material having to be replaced, and indirectly by cutting up the road leading to the spot where work was being carried on.

Thus the total sum available for the road is Rs 1,115-8. Of this Rs. 1,115-4 have been expended, and the balance, 4 annas, is undrawn.

								2. Of the sum expended, Rs 134 went to defray the cost of dressing along the whole road and the filling up of breaches; Rs. 760-4 was spent in erecting two new piers in the Ruknadeipore bridge over the Kanchani nuddee and in buying and preparing timber for the bridge itself, as well as in repairing the existing masonry. The fact of the river being a tidal one, and the constant freshets caused by the abnormal rainfall of last cold weather, made the progress of the masonry work and of laying the foundations very tedious, the protective bunds giving way, and again having to be repaired and the water baled out. Finally, the heavy floods of July occurring when the new piers were just above high water level, and before the masonry had time to consolidate, undermined one so much so that it cracked and gave way, the head of water rendering it impossible to prop it up or repair the foundations. The wood, iron nails, and tar purchased are in stock, the aggregate value being Rs. 327-8. The sum of Rs. 133-3 spent on repair of the old masonry is not lost, as this is undamaged so far. One new pier is undamaged apparently, and it contains 600 c. ft of masonry, having cost Rs. 708-9 There must be written off as loss cost of 900 c. ft masonry in damaged pier equal to Rs. 144, unless it be found possible to let the half of the pier still erect stand and have the damaged half to be replaced joined on to it

5. The expenditure on village roads has been much larger than shown in the table, which only exhibits expenditure regularly accounted for before the close of the year. Grants entrusted to private persons for expenditure under this head are much appreciated and are generally spent to the utmost possible advantage; but the accounts of village road expenditure cannot be obtained with the same punctuality as those furnished by salaried officers.

6. Full details of the work done having been accurately shown in the above table, I refrain from discussing each operation in detail. It will be sufficient to state generally that I believe that available funds have been utilised to the fullest possible extent. There is scarcely a road in the district which has not been materially improved during the past year, whether by earthwork, metalling, or bridging.

7. The long and straggling configuration of this district renders it a very much more expensive undertaking *to* provide fully for its wants in the way of roads than is the case in more compact districts. Moreover, the Road Fund is extremely poor, the total valuation of the land for road cess purposes having only amounted to Rs. 10,43,651, and the house cess yielding next to nothing. Already the district roads cover the very considerable mileage of 277 miles; and to prevent this mileage extending to an inordinate length, it is necessary to to bear in mind, and to adhere as rigidly as possible to, the principle that the Orissa trunk road, which bisects the district throughout its entire length, should be treated as the principal line of communication, with the district roads joined to it on both sides as feeders. Accordingly, unless very special circumstances require a deviation from this rule, I align all new roads, whether leading from the sub-mountainous tracts on the west or from the littoral tracts on the east, so as to join the trunk road as nearly at right angles as possible. When the district scheme of roads is completed it will somewhat resemble a skeleton, the trunk road representing the spine and the district roads the ribs.

8. In addition to works paid for from road cess funds, the Phulwar and Kalma road, noticed in the previous year's report, has been completed. This is a road designed to connect the important Mohurbhunj territory and its capital, Baripada, with the Orissa trunk road near Balasore. The work has been paid for by the Maharajah of Mohurbhunj, who very liberally placed Rs. 7,000 in my hands for the purpose. It presented features of special difficulty, as it was necessary to provide for the escape of a large portion of the flood spill of the Baraballang river. This object has been very successfully accomplished under the able supervision of Mr. Vertannes, Executive Engineer, Balasore Survey Division. Causeways were constructed, aggregating over a mile in length, and a weir was built over the Nizampur nullah which serves as a bridge and viaduct, and also allows the flood water to pass over it without injury.

11. It will be seen from the above that meetings of the Committee were regular and that the attendance of the members has been fair on the whole.

12. The working of the Committee continues to be attended with as great a degree of success as could reasonably be expected. The rates are voted cheerfully; no obstruction is offered to the prompt and regular disposal of business. The unofficial members take pleasure in attending and in listening to what is going on; they occasionally do a little work in the way of auditing accounts, and when they are acquainted with a locality under discussion they express their opinions with tolerable freeness; although it must be admitted that in most cases their acquaintance with the geography and circumstances of the district is very limited. The fact that native gentlemen usually know little of the country beyond the immediate vicinity of their homes is no doubt mainly due to climatic influences, and cannot be remedied.

12. What it is proposed to do during the road cess year 1877-78 is as follows: land will be acquired for the construction of three new roads; it will be demarcated in a durable manner, and the earthwork necessary for raising the roads in certain parts will be executed so far as funds will permit. The names of these roads and the allotments to each are shown by the following table:—

Number of Road.	Name of Road.	Allotment for 1877-78.
		Rs.
35.	Singla branch road	230
36.	Uttareshwar to Gopinathpore road...	2,100
37.	Jamjhari to Basudebpore road	3,200

The Singla branch road is designed to connect the Singla market (one of the most important in the district), the Singla police outpost, salt warehouse, and village with the Busta and Baliapal road. The people of Singla have long been in urgent want of this road, and they even raised a voluntary subscription to defray its cost.

The Uttareshwar to Gopinathpore road is designed to traverse killah Taldanda and killah Mangalpore, and to connect a large sub-mountainous tract on the western side of the district, including the above killahs and killah Patna, with the trunk road at Soro.

The Jamjhari and Basudebpore road will run in a south-easterly direction from Jamjhari on the trunk road to the police station of Basudebpore. This road is much required for the purpose of connecting with the trunk road the posts of Churamun and Lachanpore, the large villages adjacent to Basudebpore, and the salt-manufacturing tract along the east coast.

Allotments for the maintenance and repair of existing roads during 1877-78 are as follow:—

No. 275 R.C., dated Cuttack, the 28th December 1877.

From—T. E. RAVENSHAW, Esq., Commissioner of the Orissa Division,
To—The Secretary to the Government of Bengal, Public Works Dept.

I HAVE the honor to submit in original, for publication in the *Calcutta Gazette* under section 89 of the Road Cess Act, the annual reports and accounts of the District Road Fund of the several districts of this division for cess year 1876-77 duly examined and passed by the Road Cess Committee, and to report on the works of local improvement as follows.

2. The total receipts of the year for the whole division, including the opening balance on 1st October 1876, amounted to Rs. 99,483-10-2, and the total expenditure Rs. 84,910-2-5, leaving a balance of Rs. 14,573-7-9 unexpended at the close of the year.

3. The receipts, expenditure, and balances of the Road Cess Fund in each district are shown in the table subjoined:—

NAME OF DISTRICT.	RECEIPTS.			Expenditure during 1876-77.	Balance on 1st October 1877.

4. No grant-in-aid was given by Government. The maximum rate of cess has been imposed in all districts, and there is a marked increase in receipts and expenditure, as shown below:—

5. If from the receipts of 1875-76 the grants-in-aid, Rs. 12,000, be deducted, it will be observed that receipts have increased from Rs. 70,674 in 1875-76 to Rs. 99,484 in 1876-77; and the expenditure from Rs. 57,798 to Rs. 84,910. In Pooree district the Cess Committee expended nearly double of the amount utilized during 1875-76.

6. In Cuttack district the undermentioned works were carried out:—

Original works.

Cuttack Road Cess and Municipal Office.—Sanction of Government was received in July 1877, and the work is in a forward state. The total cost is estimated at Rs. 4,229, of which the municipality has agreed to pay Rs. 1,000 for its share of the accommodation.

Three small masonry culverts were built for Rs. 354-14-4 on the Chandbally road, and one of four feet span for Rs. 242-15-6. Two timber bridges were raised on the road Kendrapara to Jajpore, and one on the Chandbally road, at a cost of Rs. 2,105-11-9.

Repairs.

(1.) *Chandbally road.*—Rs. 5,182-3-0 were expended in surface repair. It is a most difficult road to keep in order. Apart from its liability to complete inundation, the country

over which the road runs is alternately alluvial loam and sand, difficult to keep in repair. The last 9 miles of this road towards Chandbally were not touched in the year under report, but full provision, extending to upwards of Rs. 16,000, has been made for this road for the coming year.

(2.) The bungalows on this road were thoroughly repaired.

(3.) Necessary repairs were executed to the Kendrapara loop road and to the staging bungalow at Kendrapara.

(4.) *Taldanda road.*—Considerable repairs were carried out on this road at a cost of Rs. 6,189-7-11. Bridges, causeways, and bungalows are all in thoroughly good order.

(5.) Rs. 1,538-3 5 were expended on the Machgaon road. One of the causeways was not repaired in a satisfactory manner and has since been carried away by flood.

(6.) On the Madhab road Rs. 378-5 were expended in repairs.

(7.) The road from Jagatsingpore to Jajpore was put in order, except the timber bridge on the 5th mile, which is in a most dilapidated state and requires re-construction.

(8.) Needful repairs were done to the Jobra road and Pithapore road.

(9.) The important roads (1) Kendrapara to Jajpore, (2) Jajpore to Kuakhia, (3) Baruan to Judpore, were also repaired at a cost of Rs. 2,872-5-2, Rs 166-8-2, and Rs. 865-5 respectively; but they have been again seriously damaged by floods of the Brahmini, Khursua, and Byturnee rivers, and much of the earthwork carried away and the roads breached in many places.

(10.) The subjoined extract from the district report will give an idea of the extent of the injury inflicted to the roads in general in the sub-divisions of Jajpore and Kendrapara by the high floods of the Brahmini, Byturnee, and Khursua this year:—"On the Kendrapara to Jajpore road Rs. 2,872 were expended, but to no purpose. The high floods that we had this year has undone all the works: the whole of the breaches have been re-opened, the road has been cut up worse even than it was before, the temporary wooden bridges are damaged, and one of them, No. 7 at the 10th mile, carried away entirely.

"A similar state of woe comes from the other roads of the Jajpore sub-division, and indeed this must be the case until the waters of the Brahmini, Khursua, and Byturnee are entirely brought into subjection by the embankment department. No amount of money that the Road Cess Department can ever afford to spend on these roads would enable them to stand against the violence of the higher floods of these rivers, and the only possible plan to adopt is to make over-roads with a view to the water passing over them as completely and easily as possible. Rs. 865-5 were expended on the Baruan to Judpore road. In order to enable it to stand the flood, the breaches were re-filled and heavy berms made on either sides. All the breaches were again forced except one. A most important road runs from Kuakhia to Jajpore, the direct communication from Cuttack. Rs. 1,166-8-2 were expended in its repairs, but it is now in complete ruin as a road. To put the road in really good repair and to re-erect the bridges and causeways that have been swept away would cost nearly a year's income. We can only hope to keep it up as fair-weather road. In one place a breach, 335 feet, has been made in the road, and this will give some idea of the enormous flood of water that rushes over the country in those parts."

Village Roads.

Rs. 1,509-3 were expended on village roads in Kendrapara, Jajpore, and Cuttack sub-divisions, *vide* detailed statements A, B, and C, appended to the district report, viz,—

	Rs	A.	P.
In Kendrapara sub-division	547	14	0
In Jajpore ditto	550	0	0
In Cuttack head-quarters sub-division	411	5	0
Total ...	1,509	3	0

Trees Planting.

The trees on the Chandbally and Taldanda roads were maintained, and a double line of trees was planted from the Jobra road to the Taldanda loop road. A tope of trees has also been planted at the 2½ miles of the Taldanda road.

7. The Cuttack Committee propose to undertake the following works in the ensuing year:—

1st.—Increasing the slopes of the road from 2 to 1 to 3 to 1 from the 58th to 65¾ miles of the Chandbally road.

2nd.—Constructing four new timber bridges with masonry abutments on the 58th, 59th, and 60th miles of the Chandbally road.

3rd.—Constructing masonry abutments to the timber bridges on 40th, 43rd, and 64¼ miles of the Chandbally road.

4th.—Constructing nine culverts for Chandbally road.

5th.—Constructing a timber bridge with masonry abutments at the 5th mile of the Jagatsingpore to Jajpore road.

6th.—Constructing a road from Ersama to Taldanda road.

7th.—Re-constructing the broken bridge on the 9th mile of the Kuakhia to Jajpore road.

8th.—Construction of a pucca inspection bungalow at 64th mile of the Chandbally road.

9th.—Constructing a halting place at 66th mile of the Chandbally road.

10th.—Constructing landing stages at the ghâts or ferries.

11th.—Repairs of Golarahat road.

12th.—Construction of the Road Cess Office (remaining portion).

13th.—Ordinary repairs and construction of village roads wherever necessary.

14th.—Planting trees along district roads as far as funds will permit.

15th.—Ordinary maintenance and repairs to district roads, including bridges and causeways.

8. Appendix A shows the number of the road cess meetings held during the year, attendance of the official and non-official members, and other particulars. It will be seen that the meetings were never so numerously attended as could be wished. At Kendrapara about two-thirds of the members on the average attended, at Cuttack upwards of one-third, and at Jajpore about one-seventh. The Collector and Chairman reports that the non-official members who attended the meetings thoroughly discussed every subject which was laid before them, and that he has derived great assistance from the non-official members of the Committee, both from their advice and their readiness to undertake charge of any small village road work within their estate or their neighbourhood. Seven meetings were held at Cuttack, four at Jajpore and two at Kendrapara. The Executive Engineer is reported to have attended only two of the meetings in the course of the year.

9. Cuttack working establishment stands in need of revision. Under the orders of Government recently communicated to the Committee the post of District Engineer must be considered to be vacant. The officer now employed (Mr. Serres) can only be allowed to continue in the post until a properly qualified and competent man can be found. I regret the necessity of removing Mr. Serres, as, though he may not be up to the required professional standard, he is an active, intelligent, and reliable man, practically good and useful. Two of the lower subordinates are also reported to be indolent and disobedient, and stand warned to be removed on any future shortcomings on their part.

POOREE DISTRICT.

Original Works.

10. Rs. 990-6-11 was spent on original works, *vide* details subjoined :—

12. The road from Atharanala to sea-beach was transferred to the Road Cess Department in April last. The work was taken up immediately on its transfer, and a sum of Rs. 2,927 was spent in repairing and metalling a portion of the road, *i e* from the sea-beach to the police lines during the year. The other portion of the road has been taken up from the commencement of 1877-78, and will be shortly completed.

13. All the roads in the district had their due share of attention paid to them and were maintained in a fair state of repair.

14. The following are the works proposed to be carried out during 1877-78 :—

	Rs.
Repairing the first portion of the road from Atharanala to sea-beach	4,030
Repairs to the inspection huts situated on the Bagmari and Banpore road	109

Constructing a road from Barakcoodi to Rorang	5,606

15. There were 12 meetings of the District Committee during the year. With the exception of five individuals, three of whom were non-resident members, almost all the members attended the meetings. It is to be much regretted that at no one of the meetings the Executive Engineer, Orissa Division, was present.

16. Three meetings were convened by the Branch Committee at Khoordah. The percentage of attendance to whole Committee was 58·3. The working of the Branch Committee was on the whole satisfactory.

BALASORE DISTRICT.

17. Only one original work was executed during the year—namely, the Barpada and Maraigaon road, a work intended to open up the Tributary State of Keunjhar. The estimate of this work was Rs. 1,500, and Rs. 1,492-15-9 have been expended. The earthwork of the whole line, 11¾ miles in length, has now been completed. Culverts and causeways will be added as funds permit.

Repairs.

18. In the budget Rs. 18,500 were provided for maintenance and repairs, but under this head Rs. 15,907-11-9 have been expended during the year. The statements appended to the district reports will show in full detail the nature, quantity, rates, and cost of all work executed on the district roads throughout the year.

19. A brief summary of the works done and the amount expended on each road is subjoined:—

NAME OF ROAD.	Amount expended.	Works done.
	Rs. A. P.	
1. Port road	199 6 0	The road has been metalled, the side drains have been cleaned, and petty repairs done to the masonry culverts.
2. Road from Balasore to Mitrapore	556 15 0	Road surface smoothened and ruts and gaps filled in. The first two miles from Balasore thana repaired with laterite metal, &c.
3. Road from Balasore to Balaramgari	600 9 4	Road surface smoothened and gaps filled in. Before the damage done by the flood in July 1877, more than three-fourths of a mile repaired with laterite metal. The jetty near the mouth of the Burrabalang repaired.
4. Road from Soroh to Charakmari	199 14 11	Petty repairs have been done to the first mile and the 1st half of the second mile, and about 1,000 feet have been metalled. Repairs have been done to the plastering of the stone bridge.
5. Bhaskargunge, or short round	100 0 0	About a mile of the road has been metalled and the side drains have been cleaned.
6. Distillery road	199 12 7	About three furlongs of the road have been metalled and petty repairs done to the first mile. The wooden bridge has been repaired and tarred.
7. Sobharampore, or long round	200 0 0	The road has been metalled to a distance of 1½ miles and the side drains cleaned.
8. Jellasore to Santipore	176 2 6	28,333 c. ft. of earthwork and 17,000 s. ft. of turfing executed and metal laid down on low portions of the road.
9. Road from Busta and Baliapal	1,344 12 10	Causeways repaired and one in the 8th mile lengthened. The side cuttings at the approaches of the timber bridge over Pejgolla nullah have been filled in and an obstructing tongue of land in the nullah removed.
10. Road from Berhampore to Garpada	200 0 0	The road surface was smoothened and a length of nearly 1,400 feet in the Berhampore village was brick-soled and metalled.

The following other roads were repaired during the year, *vide* particulars in the statement appended to the district report referred to above:—

11. Road from Balasore to Basudebpore.
12. „ Soroh to Anantpore.
13. „ Soroh to Kopari.
14. „ Ranitalao to Kopari.
15. „ Bhudruck to Agurpara.
16. Bhudruck station roads.
17. Road from Barikpore to Dhamnuggur.
18. „ Bhudruck to Chandbally.
19. „ Barang to Basudebpore.
20. „ Turkia to Kamarda.
21. „ Baliapal to Kamarda.
22. „ Singla to Mangleswar.
23. „ Kopari to Agurpara.
24. „ Sanaranji to Rowpore.
25. „ Banagaon to Talpada.
26. Village roads in Bhudruck sub-division.
33. Road from Barpada to Maraigaon ferries.

Regarding village roads, the Collector reports thus:—

"The expenditure on village roads have been much larger than shown in the table, which only exhibits expenditure regularly accounted for before the close of the year. Grants entrusted to private persons for expenditure under this head are much appreciated and are generally spent to the utmost possible advantage, but the accounts of village roads expenditure cannot be obtained with the same punctuality as those furnished by salaried officers."

20. In addition to the works executed from the road cess funds, the Shulwar and Kalma road, for which Rs. 7,000 were paid by the Maharajah of Mohurbhunj, as was noticed in paragraph 14 of last year's report, has been completed. This is a road designed to connect the important Mohurbhunj territory and its capital, Barpada, with the Orissa trunk road near Balasore.

The prosecution of this work was a matter of special difficulty, as it was necessary to provide for the escape of a large portion of the flood spill of Burraballang river; but the work has been successfully accomplished under the able supervision of Mr. Vertannes, Executive Engineer, Balasore Survey Division. Causeways aggregating over a mile in length have been constructed, and a weir has been built over the Nizampore nullah, which serves as a bridge and viaduct, and also allows the flood water to pass over it without injury. The whole cost of this road has been defrayed by the Maharajah of Mohurbhunj, and the result is very creditable to the Maharajah's public spirit and liberality.

21. The following works are proposed to be done during the road cess year 1877-78:—

Land will be acquired for the construction of three new roads. It will be demarcated in a durable manner, and the earthwork necessary for raising the roads will be executed as far as funds will permit.

The names of the roads and the allotments to each are shown below:—

Number of Road.	Name of Road.	Allotment for 1877-78.
		Rs.
35.	Singla branch road	230
36.	Uttereshwar to Gopinathpore road	2,100
37.	Jamjhari to Basudebpore road	3,200

The Singla branch road is designed to connect the Singla market (one of the most important in the district), the Singla police outpost, salt warehouse, and village with the Busta and Baliapal road. The Uttereshwar to Gopinathpore road is designed to traverse killah Talmunda and killah Mungulpore, and to connect a large sub-mountainous tract on the western side of the Balasore district, including the above killahs and killah Patna with the trunk road at Soroh. The Jamjhari and Basudebpore road will run in a south-easterly direction from Jamjhari on the trunk road to the police station of Basudebpore. This road is much required for the purpose of connecting with the trunk road the posts of Chooramun and Lachanpore, the large villages adjacent to Basudebpore, and the salt-manufacturing tracts along the east coast.

22. The following allotments are made for the maintenance and repairs of existing roads during 1877-78:—

		Rs.
1.	Port road	400
2.	Balasore to Mitrapore (Remua road)	500
3.	Balasore to Balramgari road	700
4.	Soroh to Charakmari (Soroh loop road)	100
5.	Bhaskargunge road (short round)	200
6.	Distillery road	250
7.	Sobharampore road (long round)	100

		Rs.
8.	Jellasore to Santipore	400
9.	Busta to Baliapal road	1,000
10.	Berhampore to Garpada road	150
11.	Balasore to Basudebpore road (salt road)	800
12.	Soroh to Anantpore road	350
13.	Ditto to Kopra, *vid* Turigaria road	1,000
14.	Ranitalao to Kopari, *vid* Arampia road	500
15.	Agurpara to Bhudruck road	600
16.	Bhudruck station roads	500
17.	Barikpore to Dhamnuggur road	300
18.	Bhudruck to Chandbally road	2,000
19.	Barang to Basudebpore road	800
20.	Turkia to Kamarda road	1,000
21.	Baliapal to Kamarda road	600
22.	Singla to Mangleswar road	25
23.	Kopari to Agurpara road	100
24.	Sanaranji to Cowpore road	50
25.	Banagaon to Talpada road	200
26.	Village roads in Bhudruck sub-division	300
27.	Ditto in Balasore ditto	490
33	Barapada to Maraigaon road	1,000

23. The principle on which new roads are aligned in the Balasore district is thus described by the Collector:—"The long and straggling configuration of this district renders it a very much more expensive undertaking to provide fully for its wants in the way of roads than is the case in more compact districts. Already the district roads cover the very considerable mileage of 277 miles, and to prevent this mileage extending to an inordinate length it is necessary to bear in mind, and to adhere as rigidly as possible to, the principle that the Orissa trunk road, which bisects the district throughout its entire length, should be treated as the principal line of communication, and with the district roads joined to it on both sides as feeders. Accordingly, unless very special circumstances require a deviation from this rule, I align all the new roads, whether leading from the sub-mountainous tracts on the west or from the littoral tracts on the east, so as to join the trunk road as nearly at right angles as possible. When the district scheme of roads is complete it will somewhat resemble a skeleton, the trunk road representing the spine and the district roads the ribs."

24. The Road Cess Committee held 12 meetings during the year, and the attendance of the members was on the whole fair. The Collector writes on the subject thus:—

"The working of the Committee continues to be attended with as great a degree of success as could reasonably be expected. The rates are voted cheerfully; no obstruction is offered to the prompt and regular disposal of business. The non-official members take pleasure in attending and listening to what is going on; they occasionally do a little work in the way of auditing accounts; and when they are acquainted with a locality under discussion they express their opinions with tolerable freeness."

25. Generally speaking, the funds of each district have been judiciously distributed and economically expended on works of real benefit to the country.

The 6th May 1878.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 113.

The 13th May 1878.

UNDER Section 89 of Act X. (B.C.) of 1871, the following annual accounts and reports of the Road Cess Committees of Chittagong, Noakholly, and of the Deputy Commissioner of Chittagong Hill Tracts, of works done and in progress during the past cess year 1876-77, together with the remarks thereon of the Commissioner of the Chittagong Division, are published for general information.

J. E. T. NICOLLS, *Major-General*, R.E.,
Secretary to the Govt. of Bengal
in the Public Works Department.

No. 35L., dated Chittagong, the 5th January 1878.

From—G. M. CURRIE, Esq., Chairman of the District Road Committee, Chittagong,
To—The Commissioner of the Chittagong Division.

I HAVE the honor to submit the following report on the operations of the Road Cess Committee of this district, together with a detailed account of their receipts and expenditure during the road cess year 1876-77.

The Committee consisted of the following six official and ten non-official members. Six meetings were held during the year, and the number of meetings attended by each member is noted against his name:—

Official.	No. of meetings attended.	*Non-official.*	No. of meetings attended.
The Magistrate and Chairman	... 6	R. Macalpine, Esq.	... 0
The Senior Assistant to Collector	... 2	W. A. Campbell, Esq.	... 0
Baboo N. C. Sen, Vice-Chairman	... 2	Baboo K. P. Hazari	... 4
F. F. Pargiter, Esq., Assistant Collector, in charge of establishment	... 6	„ L. C. Chowdhury	... 4
		Shaikh Abdul Malum	... 5
		Meah Ashanullah Chowdhury	... 1
Baboo K. M. Bose, Executive Engineer	... 2	Baboo G. M. Ghose	... 1
		„ R. C. Rai	... 0
F. T. Platts, Esq., District Superintendent	... 2	Mobaruk Ali Chowdhury	... 0
		Abdullah Khan	... 0

An abstract of the attendance in the prescribed form is appended.

3. Of the members who, as shown by the above list, did not attend any meetings, Mr. Macalpine was compelled to re-visit England through ill-health early in the year and has since died there; and Mr. Campbell, though absent from meetings, gave the Committee valuable assistance in connexion with repairs of the roads. The other three members, Baboo R. C. Rai, Mobaruk Ali Chowdhury and Abdullah Khan, evinced no interest in the work either during the year under report or during the previous year. It would be a gain to the Committee to have their names removed from the list, and their places supplied by abler and more enlightened gentlemen.

4. The estimated and actual receipts of the year contrasted stand thus:—

	Estimated.	Actual.
	Rs.	Rs.
(1) Fines under D 6	... 600	3,563
(2) Miscellaneous cesses	... 400	237
(3) Ferry tolls	... 8,732	6,262
(4) Canal tolls	... 7,140	5,538
(5) Grant from Government ...	... 10,000	10,000
(6) Miscellaneous receipts ...	... 2,034	816
	28,906	26,416
Balance in hand at beginning of year ...	... 2,343	2,343
Total	... 31,249	28,759

5. It is, therefore, seen that the actual income has fallen short of the estimated by Rs. 2,490; the reasons for the larger differences are as follow:—

6. *As regards fines.*—The results of the preceding year were an uncertain guide to the probable income under this head. Very little was realized then, partly through the difficulties attending their recovery, and partly on account of the non-perception at first of the importance of compelling the landholders to send in returns of their estates. During the year under report much attention was paid to the matter, and the law was actively put in force. Hence it was impossible to estimate with any degree of certainty from the receipts of the previous year the probable receipts of the year; and to this must be added the difficulty of forecasting to what extent the people would disregard the requisitions of the law.

7. *Miscellaneous cesses.*—The difference under this head is due to the distress prevalent throughout the district after the late cyclone; many of the zemindars have not paid in their cesses along with Government revenue.

8. *Ferry tolls.*—The same cause has been productive of poor results in this direction too. Rs. 1,271 were paid in during the previous year on account of the year under report; hence the amount to be realized during the latter year was Rs. 7,461. Of this Rs. 6,262 were realized, and there remained a balance of Rs. 1,199. The farmers of three ferries were unable to hold on by reason of the late distress; and on the re-sale of the farms Rs. 476 were lost. At the close of the year, therefore, there were Rs. 723 arrears, out of which Rs. 650 have been recovered since.

9. *Canal tolls.*—Rs. 714 of the estimated receipts were paid in during the previous year. Of the amount for realization (Rs. 6,426), Rs. 4,519 were paid in, and Rs. 620 were lost on the re-sale of the farm of a canal, for the same cause as has diminished the receipts under the last preceding head, and Rs. 1,287 remained in arrear at the close of the year. Rs. 1,019 were paid in advance for the year 1877-78; and this together with the above sum, Rs. 4,519, constitutes the income under this head, Rs. 5,538.

10. *Miscellaneous receipts.*—The realizations were Rs. 1,226. Rs. 400 were refunded to Shaikh Abdul Malum, being the sum he had advanced to the Committee as part of the cost of a road which they undertook to construct. As they were unable to redeem their promise for an indefinite period, they refunded the money to him. Rs. 10 were repaid as fines improperly levied. Rs. 1,000 were due from Government on account of khas mehals, but have not yet been paid by the Collector, the Board's sanction to the disbursement not having been yet given. It will, therefore, be seen that the total receipts under this head are Rs. 2,226.

11. The only source from which the actual has exceeded the estimated income is that of fines: the former being nearly six times the latter. This increase has considerably compensated for the falling off in the receipts from other sources.

12. The following table shows the estimated and actual expenditure of the year:—

	Estimated expenditure.	Actual expenditure.
	Rs.	Rs.
(1) Committee's office establishment ...	420	415
(2) Road cess establishment ...	45,591	42,478
(3) Original road works ...	1,000	877
(4) Maintenance and repairs ...	4,771	2,450
(5) Road works establishment ...	2,500	2,322
(6) Ferry establishment ...	2,232	2,542
Total ...	56,514	51,079

13. As regards road cess establishment, the estimated figures given in the above list are much larger than those entered in the budget originally drawn up for the year. For in November 1876, the Board viewing with dissatisfaction the slow progress of the preliminary work under the Act,—a slow progress, however, altogether unavoidable owing to the unique character of the land tenure of the district,—insisted on its completion by September 1877, and for that purpose sanctioned an establishment four times as large as that entertained from the beginning. This staff was employed till the end of September last, some reductions, however, having been carried out before.

14. The sum of Rs. 1,000 was provided in the budget for original works, but the whole was not expended, the Board having enjoined the stoppage of all outlay on roads so as to devote the money destined therefor to the payment in part of the large establishment employed in preliminary work.

15. Sums were allotted for maintenance and repairs of roads in the first budget, but little or nothing was laid out after the Board's prohibition mentioned in the preceding paragraph. The cyclone and storm-wave that visited the district on 1st November 1877 wrought great havoc and damage to all means of communication, and their dilapidated condition was much increased during the rainy season. At that time most of the bridges were destroyed or were falling to pieces, and the roads were generally impassable. After many representations of the state of the district, sanction was granted to the outlay of Rs. 4,771 for the purpose of rendering the chief lines of road temporarily passable, although the Committee were heavily involved in debt. Repairs were at once pushed on with vigour, and works to the value of Rs. 2,450 were executed before the close of the year. The whole of

the works contemplated were in hand, and have now been finished, but the bills have not been submitted yet.

16. The increase in the cost of the ferry establishment is owing to the payment of the Kumaria ferry establishment for five months of the preceding year, and extra repairs required for the boats of the same ferry on account of the damage inflicted by the cyclone wave.

17. The Committee's financial condition hence stands thus at the close of the year under report:—

	Rs.
Income	28,759
Expenditure	51,079
Deficit of year	22,320
Deficit at beginning of year ...	20,102
Total Deficit ...	42,422

18. The road works of all kinds do not call for particular mention. All that the Committee have been enabled to do is that broken bridges have been replaced by slight temporary bamboo bridges, damaged bridges have been rendered passable by the simplest possible expedients, and the earthworks have been filled in and levelled when broken into or cut up. The roads that have been so repaired are the following:—Ramghar, Arracan, Halishahar, Tipperah Pass, Chandpore, Sakerapole, Fenoah, Cox's Bazar, Hill Tracts and Moheshkhali Strand Roads, and the Moheshkhali and Boalkhali towing paths.

19. There is no Sub-Committee at Cox's Bazar. The Sudder Committee manages the whole district.

CHITTAGONG,
The 5th January 1878.

F. E. PARGITER,
for Chairman.

No. 71R.C.C., dated Noakholly, the 18th January 1878.

From—R. PORCH, Esq., Chairman, District Road Cess Committee, Noakholly,

To—The Commissioner of the Chittagong Division.

I HAVE the honor to submit the annual administration report of the local works undertaken during the cess year 1876-77.

2. During the year under report there were six sittings of the District Road Cess Committee attended by the following members:—

Meeting held on 7th December 1876.

PRESENT:

R. Porch, Esq., Chairman. | Baboo Raj Kumar Rae.

3. This meeting was called to revise the budget-estimates of receipts and disbursements for the cess year 1876-77; but the business being urgent, it was proceeded with in the absence of a quorum, and the budget-estimates were passed.

Meeting held on 1st February 1877.

PRESENT:

R. Porch, Esq., Chairman. | Moulvi Abdul Aziz Khan.
Baboo Raj Kumar Rae.

4. This meeting was convened to consider the appointment of a District Engineer, but as a quorum could not be got together, the business was postponed.

Meeting held on 29th March 1877.

PRESENT:

R. Porch, Esq., Chairman. | Baboo Manik Chandra Rae.
H. J. W. Clarke, Esq., *Dt. Supdt. of Police.* | „ Tarini Prosad Sen.
Baboo Kali Nath Bose. | „ Adyait Chandra Dutt.
„ Sri Nath Ghosh. | Moulvi Abdul Aziz Khan.
„ Bagula Prosanna Mozumdar. | Munshi Mohamed Ibrahim.
„ Raj Kumar Rae.

5. This meeting was called to consider as to the percentage to be charged if the provincial works are entrusted to the Road Cess Committee, and as to the temporary appointment of the District Engineer and the establishment, and also to revise the budget-estimates approved by the Committee at the meeting held on 7th December 1876, as they were returned by

Government on account of there being no quorum at the meeting in which the estimates were passed. This meeting was well attended; there being a quorum, the revised budget was passed and submitted to Government. At this meeting the Committee also approved the temporary appointments of the District Engineer Mr. E. M. DeSilva, on probation for two months, and Assistant Overseer Mr. D. E. Ferrault and the officers under the Committee and under the District Engineer for one year. The establishments attached to both the departments were provisionally approved, subject to test as to their fitness to hold the appointments permanently.

Meeting held on 25th April 1877.

PRESENT:

R. Porch, Esq., Chairman.
Baboo Bagula Prosanna Mozumdar.
„ Kali Nath Bose.
„ Sri Nath Ghosh.
Baboo Manik Chandra Rae.

6. After ascertaining from the Executive Engineer that about Rs. 1,500 will be expended per mensem on Public Works Department repairs in this district, and after considering the cost of the sub-divisional Public Works Department establishment for such work, and the staff that would be required and the quantity of clerical work as well as of overseers' work and other expenses in the present state of uncertainty as to requirements and liabilities, it was settled that the work can be undertaken at a cost of 50 per cent. on the expenditure of any sum not in excess of Rs. 1,500 a year, and that as the expenditure rises above that sum the rate per cent. may be reduced proportionately until it falls to Rs. 30 per cent., which rate the Committee in their present state of information consider the minimum rate; but as an experimental measure the Committee were willing to make an attempt at what the Government in the Public Works Department may consider a fair rate, and if it result in loss to the Committee, the Government in the Public Works Department should adjust the loss and re-arrange the commission on a practicable footing, or relieve the Committee of the responsibility.

7. The Committee in this sitting also approved of the District Engineer Mr. E. M. DeSilva being appointed on probation for one year from March 1877, during which his practical efficiency would be tested, in accordance with sections 20 and 21 of Government Resolution No. 1209 of 1875. The Committee further approved of the services of the officers of the District Engineer and Committees' establishments on probation for the same period, and also those of Mr. Ferrault as Assistant Overseer.

9. The cost of establishments under the Committee being considered high, a revised budget for 1877-78 was laid before the Committee curtailing the establishments to some considerable extent, which was approved and passed.

10. With reference to Bengal Government's letter No. 1323E., dated 1st August 1877, the appointments of Messrs. E. M. DeSilva and D. E. Ferrault, probationary District Engineer and Assistant Overseer, were considered, and a recommendation sent to Government for the sanction of their probationary appointments with this office No. 202R.C.C., dated 27th September 1877.

11. There were only two sittings of the members of the Committee during the year in which there was no quorum; all the other sittings were fairly attended.

12. The members residing at a distance in the interior appeared to be unable to attend meetings at head-quarters; accordingly a recommendation was made for the appointment of certain gentlemen residing in or about the station of Noakholly to be members of the Committee. On some occasions when meetings had been called, most urgent matters had to be deferred owing to there being no quorum to transact business as required by section 59 of the Road Cess Act.

13. The following works were executed during the year under report:—

Chittagong road, from Dhumchur bridge to Robertgunge, 22 miles in length.—336,600 cubic feet earthwork and eight miles petty earthwork, and only surface dressing eight miles.

Robertgunge road, from Robertgunge to Jarwargunge, five miles in length.—Four miles petty earthwork, surface dressing, jungle clearing, and partial turfing.

Dewangunge road, from Chittagong road, junction at Sundalpore, to Dewangunge, 22 miles in length.—1,153,555 cubic feet earthwork and 56,880 square feet surface dressing.

Laksham road, 12 miles in length.—619,820 cubic feet earthwork and 12 miles jungle clearing.

Bhowanigunge road, from Sudharam to Bhawanigunge, 20 miles in length, and Lukhipore road, from Bhowanigunge to Dalal Bazaar, nine miles in length.—1,012,557 cubic feet earthwork, 12,000 square feet turfing, and 260,240 square feet surface dressing.

Begumgunge road, 12 miles in length.—590,000 cubic feet earthwork and eight miles jungle clearing.

Taktakhally road, six miles in length.—Five miles petty earthwork.

Chairakhally road, six miles in length.—Five miles petty earthwork.

Ramgunge road, 10 miles in length.—296,100 cubic feet earthwork and five miles surface dressing.

Lombakhally road, seven miles in length.—508,815 cubic feet earthwork, 80,000 square feet turfing, and seven miles jungle clearing.

Farashgunge road, one mile in length.—One mile earthwork.

Old Luckhipore road, 34 miles in length.—353,530 cubic feet earthwork and 18 miles jungle clearing.

Bhuluah road, six miles in length.—Six miles partial earthwork.

Chittoshee road, 12 miles in length.—480,140 cubic feet earthwork and nine miles surface dressing and jungle clearing.

Petty repairs have also been done to the Raipore road to a distance of seven miles.

14. A portion of the earthwork on the Dewangunge, Begumgunge, Chittoshee and Ramgunge roads could not be done on account of the unusual rain of the season, and because of the work having commenced late owing to the cyclone and inundation of 31st October 1876.

15. As to the remaining roads entered in the statement of roads prepared under sections 66 and 68 of the Road Cess Act, some had been long abandoned and left unrepaired since the close of the Government cloth and salt manufacturing trade. They with the other roads will be repaired where necessary during the current year.

16. Estimates are being prepared for making the Sundeep and Hattiah roads regular cart-traffic roads this year. Only Rs. 25 has been expended for repairing the cart road at Sundeep, in the immediate vicinity of the Moonsiff's Court at Sundeep.

BRIDGES.

17. Rs. 4,000 was estimated for thorough repair with masonry work of the Dhumchur bridge, but the timber work only has been completed at a cost of Rs. 1,436-11-8, as there appeared to be no necessity for the repair of the masonry work this year. Bamboo spurs have been put at a cost of Rs. 20 for the protection of the abutments of the bridge.

18. Rs. 1,500 was estimated for the repairs of the Chaprassi khal bridge; but the work was entirely abandoned as the bridge gave way in the middle during the cyclone of 31st October 1876, and afterwards the west side went down on account of the strong current of the khal, and, moreover, the question as to the proper site of the bridge has been revived.

The Executive Engineer of the Chittagong Division has given his opinion for the removal of the bridge from its present site to a place north of it. Requirements which were first met by a temporary embankment are now being temporarily met by a bamboo bridge.

19. The Chairakhally road bridge has been repaired at a cost of Rs. 197-3-2; masonry work to the extent of 896 cubic feet has been executed on this bridge.

20. The Taktakhally road bridge repair cost Rs. 290-14-0. The following works were executed on it:—masonry work 432 cubic feet, jungly woodwork 17 feet 6 inches, and planking 207 feet.

21. Two timber-top bridges were repaired on the Chittagong road during the year, and some petty repairs were also done to some of the timber-top bridges on the Luckhipore road and Begumgunge road. The works executed on the Chittagong road bridges are as follow:—woodwork 32 feet 1 inch; planking 420-9 square feet; iron nails one maund.

22. The timber work of the six timber-top bridges on the Laksham road has been completed, and a very little of the masonry work is remaining to be done. Rs. 800-8-0 has been expended on the above work.

23. Ninety-seven temporary bamboo bridges were put on the several district, dâk and police station roads. Of these, the bridge on the Chaprassi khal and that at Pearapore on the Luckhipore road are the largest. Some of the existing bridges were repaired. Instead of temporary bamboo bridges, sundari-wood bridges may hereafter be constructed. They would probably be more lasting, as well as cheaper on that account than bamboo bridges, and would be more convenient for the public, and save some trouble to the Road Cess Department. Timber can be easily procured from the Chittagong and Backergunge Districts.

24. 72,719 cubic feet and 1,62,950 square feet of metal works were executed on the Suddar Station road. Earthwork was also done on the Sudder Station cutcha roads to the extent of 1,09,362 cubic feet.

RIVER AND CANAL WORKS.

25. No river and canal works were undertaken during the year, except sloping the Shahebghatta canal and taking a preliminary survey and soundings of the Atteabari canal for deepening it.

26. An embankment or bandh was constructed across the Chaprassi khal (just after the cyclone and salt water inundation of 31st October 1876 had broken down the large bridge), in order to keep communication open. It secured fresh water in the khal inland for the

benefit of the neighbourhood after the tanks had been spoilt by the salt inundation. The earthwork executed on this was 102,100 cubic feet, and the amount expended Rs. 373-5-7. This was a very useful work as it kept the khal fresh in the interior and also provided a crossing for traffic, the long wooden bridge having been broken down by the cyclone and inundation.

27. The following works are proposed to be carried out during the current cess year as detailed below. They have been brought before and sanctioned by the Committee :—

ORIGINAL WORKS.

1. Construction of two timber-top culverts on Chittagong road.
2. Ditto of three culverts on Lombakhally road.
3. Ditto of four ditto on Bhowanigunge road.
4. Ditto of two ditto on Luckhipore road.
5. Ditto of four ditto on Ramguhge road.
6. Ditto of two ditto on public drains of the Sudder Station roads.
7. Cutting a canal at the mouth of Pearapore khal at Pearapore.
8. Ditto two bends in the Luckhipore khal at Atteatolly and Majupore.

Protection work at Moundhaghana, Shahebghatta and Dhumchur.

Four hundred and fifty mile and half mile wooden pins (4′ × 5′ × 25′), six inspection bungalows and out-offices.

15. Chur Uriah road, from Bhowanigunge road at Azhaliah to Lombakhally road at Chur Uria, two miles.

Roads proposed to be repaired during the year, but not entered in the budget-estimates—

Bhanubibi road and Sundeep road, *viz.*, Sundeep dâk road.

Hatteah road, *viz.*, Hatteah dâk road.

Chur Darvesh and Hangotia road.

REPAIRS TO CULVERTS AND BRIDGES.

1. Repairs to four timber-top culverts on Chittagong road.
2. Repairs to Chaprassi khal bridge damaged by last cyclone.
3. Repairs to 14 culverts and two bridges on Dewangunge road.
4. Repairs to three masonry bridges on the Bhowanigunge road.
5. Repairs to 11 culverts on the Bhowanigunge road.
6. Repairs to two culverts on the Taktakhally road.

28. The rules in force regarding the execution of district works are so strict that it is hardly possible for the District Committee to carry out work in time when required. It appears under paragraphs 28 and 33 of Government Resolution No. 1209, dated 8th March 1875, that almost all the estimates are to be submitted to your office, and that a great many will have to go before Government for sanction. If these rules are to be strictly observed, work will be much impeded, especially in this district, as the whole of it is more or less flooded country.

29. Difficulties will sometimes be experienced if works are carried out in strict accordance with the list submitted to Government under sections 66 and 68 of the Road Cess Act. As every requirement of the district does not come to light when the budget-estimates are

submitted, a considerable amount of money is put down under the head of reserve for unforeseen works, and the district officers are sometimes obliged to undertake work which is not entered in the list when found to be urgently required for people's convenience. It, therefore, seems desirable that there should be some alteration in the rules.

30. During the last year applications have been very numerous for digging canals in the low levels of this district, ostensibly to improve inland waterway, but really for the purpose of drainage and for agricultural improvement, by thus securing more control over the water in those parts.

31. The cyclone and inundation of the 31st of October 1876 caused very great injury to the roads and bridges of the district, especially throughout the south of the district.

REMARKS ON OFFICERS.

32. Mr. E. M. DeSilva, probationary District Engineer, has attended regularly to requirements, and has worked hard to give satisfaction. The Committee have been favourably impressed with his work.

Mr. W. Andrews, District Overseer, has a thorough knowledge of every part of the district and people, has much experience in road work and tact in managing labourers. He has worked hard and discharged his duties satisfactorily.

Mr. D. E. Ferrault, probationary Assistant Overseer, has given satisfaction by the prompt and regular discharge of his duties.

EXPLANATION.

There will appear a difference of Rs. 565-8-6 under the head of "Contingencies" and "Tools and Plant" when compared with the quarterly statements. This was owing to the amount having been paid to the Municipal Chairman, Noakholly, for the purchase of an iron-roller belonging to the Municipal Committee and charged under the head of "Contingencies" in the quarterly return, but now transferred under the head of "Tools and Plant."

BAGULA PROSANNA MOZUMDAR,
Vice-Chairman.

No. 146R., dated Rangamattee, the 19th November 1877.

From—E. H. RUDDOCK, Esq., Offg. Deputy Commissioner of the Chittagong Hill Tracts,

To—The Commissioner of the Chittagong Division.

I HAVE the honor to forward the annual report of the Chittagong Hill Tracts District Road Fund for the year 1876-77, commencing from 1st October 1876 and closing with 30th September 1877.

2. The abstract account of income and expenditure for that period stands as follows:—

				Rs.	A.	P.
Balance in hand on the 1st October 1876 ...			...	9,700	10	7
Grant-in-aid from Provincial Reserve Fund, as per Bengal Government's Resolution No. 278 of 15th August 1876 ...			...	10,000	0	0
		Total Income	...	19,700	10	7
Expenditure from 1st October 1876 to 30th September 1877—*vide* statement enclosed, No. 6, Part II ...			...	14,820	3	0
Cash in hand of the treasury officer on the 30th September 1877... ...	Rs. A. P. 473 6 0					
Cash in hand of the Deputy Commissioner	0 5 8					
Cash in hand of the officer in charge of Sungoo Sub-Division ...	34 12 4					
Advances outstanding	4,371 15 7					
Net balance available on the 30th September 1877 ...				4,880	7	7
		Total as above	...	19,700	10	7

3. The advances of previous years outstanding on the 1st October 1876 amounted to Rs. 6,898-15-11. At close of the year it amounts to Rs. 4,371-15-7, showing a further recovery in cash and labour of Rs. 2,527-0-4. It is gratifying to observe that the enormous advances of Rs. 35,000, made on different occasions of scarcity, have now been reduced to the small sum of Rs. 4,371-15-7, which, it is hoped, will be recovered during the present and the next working season.

4. The reason why the Road Cess Act X. of 1871 cannot be introduced in this district was fully explained in last year's report, and also why there is no Road Cess Committee. It is needless therefore to reproduce them in this place. It may be sufficient to state that as soon as the works are approved by the Executive Engineer of Chittagong and sanctioned by the Commissioner of the Division, they are executed under the immediate supervision of the Deputy Commissioner.

5. The following works were executed and payments made during the year under review:—

A sum of Rs. 59-8-3 were paid for printing charges in the Bengal Office, and shown under the head of contingencies for collection of revenue.

6. About 2 miles of road from Rangapania bil to Manickcherry were constructed at a cost of Rs. 4,957-6-6 by excavating and throwing on the roadway about 710,700 cubic feet of earth at Rs. 4-8 per 1,000 cubic feet; thus making it 18 feet broad on the top and raising it to an average height of 3 to 5 feet.

7. About 440 yards of rocky sides of hill were cut and removed from the above road at a cost of Rs. 887-9-8, making a roadway 18 to 20 feet in breadth.

8. Rs. 50 were spent in clearing jungle for constructing the above road.

9. About 109,000 cubic feet of hard sandstone were cut and removed from Manickcherry hill top at a cost of Rs. 1,221-13-8, by which the normal height of the hill was reduced by 15 feet.

10. About 1¼ miles of small roads of an average breadth of 6 feet were constructed in different directions at Rangamattee at a cost of Rs. 407-6-0.

11. About 150 yards of road from the police hospital to the river at Rangamattee cost Rs. 25-12-0.

12. About 24 miles of road from Puri Rowajah's village to the frontier post at Pyramid Hill, and about 12 miles from Ruma to the frontier post at Polityo in Sungoo Sub-Division, were constructed by cutting and removing jungle from the roads. The cost of the former amounted to Rs. 718-5-10, and of the latter to Rs. 491-8-0.

13. A road about 2 miles in length and 4 feet in breadth was made by the side of the river from Waggahsurrah tea plantation to Chundergonah Bazar. The cost up to date amounts to Rs. 400.

14. A sum of Rs. 176-6-6 was spent by the Executive Engineer of Chittagong in surveying a part of the road from Rangamattee towards Chittagong.

15. About 1½ miles of road from Rangamattee hill top to Rangapania bil were repaired at a cost of Rs. 432-7-7.

16. About 804 yards of road were repaired at a cost of Rs. 132-10-0 from the police hospital to foot of Deputy Commissioner's Office at Rangamattee.

17. On the road from Rangamattee towards Chittagong 83 temporary bridges were repaired at a cost of Rs. 400, and the cost of repairing the wooden bridge at Rangamattee amounted to Rs. 14-4-0.

18. The road from Rangamattee towards Chittagong was kept open during the rainy season by cutting and removing jungle and undergrowth of trees at a cost of Rs. 420.

19. The cost of repairing the masonry ghât at Rangamattee amounted to Rs. 240-5-6; two masonry wells, Rs. 48; and the bungalow at Kalipore, Rs. 58.

20. About 18 miles of road from Ruma towards Rangamattee were kept open at a cost of Rs. 558 by cutting and removing jungle during the rainy season. The road from Chundergonah towards Rangamattee was repaired at a cost of Rs. 28.

21. A sum of Rs. 2,531 was paid for services rendered by Public Works Department.

22. Rs. 400 on account of special allowance of Mr. A. DeRozario, Inspector of Police, and Rs. 120, the salary of Charifroo, Mohurir, were paid for local establishment.

23. A sum of Rs. 41-11-6 was paid for repairing 296 tools of different descriptions.

24. Owing to the scarcity which was prevalent in and near Chundergonah police station and Waggahsurrah tea plantation from July to September last, a road was opened between the abovenamed two places, and during that period about thirty-eight men were daily employed in constructing and repairing roads in different directions at Rangamattee and in cutting down Manickcherry hill top.

25. Towards the commencement of July last it was reported that a large number of men were in distress on account of failure of their crops. A notice was sent to all hill chiefs and village headmen that any one coming to Rangamattee would find work in constructing roads; but with the exception of the few persons abovementioned none appeared, and it is presumed that the distress was not so extensive as it was given out. Although many hundreds of persons were really in distress, yet they managed to get on by having recourse to succulent roots of trees and jungle yams, which can be obtained in abundance in the hills and they employed themselves in looking after their young paddy plants, which were in promising state, and this is certainly creditable than seeking help from Government.

26. The road from Rangamattee towards Chittagong was surveyed; but it is believed for want of sufficient hands the Executive Engineer of Chittagong could not frame the estimate

for its construction. For the same reason and for want of contractors the following works were not commenced:—surveying the road from Ruma in Sungoo Sub-Division to Rangamattee; constructing two miles of road on the west of Manickcherry hill; improving the road below police office at Rangamattee; taking up land near Rowjoun thana; raising the dam and deepening the tank at Rangamattee; and repairing the road below Gagra hill.

27. It was suggested in the annual administration report for 1876-77, and specially brought to the notice of the Commissioner of Chittagong, that the services of an overseer from the Public Works Department are greatly needed in this district; but the request for the appointment of such an officer has not yet been acceded to.

28. Owing to the ruling of the Government of Bengal (*vide* its Resolution dated the 21st of April last), the special allowance of Mr. A. DeRozario, Inspector of Police, was stopped, but he still continues in charge of the road fund work, and has been of most material assistance to me.

29. Charifroo, Mohurir, has given satisfaction in the discharge of his duties during the year under review.

30. During the year all the larger works were executed and paid for, for the first time, by contract rates at Rs. 4-8 per 1,000 cubic feet of earth-cutting, and double that sum for cutting hard sandstone. It is expected that the current year will see a reduction in the above rates, as the contract was sold by auction, and the rate has been reduced to Rs. 3-4 for cutting earth and Rs. 6-8 for sandstone.

31. The execution of the following works is proposed for the year 1877-78.

32. The construction of 2 miles of road from Manickcherry hill towards Chittagong by excavating 760,000 cubic feet of earth and making an embankment 3 to 4 feet high, with a breadth of 20 feet on the top. The cutting down and removing from Manickcherry hill top about 100,000 cubic feet of hard sandstone, and reducing the height of the hill by another 10 feet. Proposed cost Rs. 4,020.

33. Constructing a part of the road on the side of Debooahcherry by cutting and removing 50,000 cubic feet of hard stone, excavating and removing about 140,000 cubic feet of earth from the west side of Manickcherry hill. Proposed cost Rs. 730.

34. Cutting down Rangamattee hill top another six feet, and removing about 72,000 cubic feet of earth. Cost Rs. 432.

35. Opening 2 miles of small roads in different directions at Rangamattee, and constructing 90 temporary bridges on the road towards Chittagong. Cost Rs. 1,730. I think it a great pity we should go on year after year wasting money in making temporary bridges and that, as the road is completed, it should be permanently bridged. I have addressed the Executive Engineer of Chittagong on the subject.

36. It is proposed to survey during the year a part of the road from Chandergonah to Rangamattee by the side of the river. Cost Rs. 500.

37. The construction of the following roads and minor works will be taken in hand:—

	Rs.
Constructing and improving the road from Puri Rowjah's village to the frontier police post at Pyramid Hill	400
Constructing and improving the road from Ruma to the frontier police post at Politye	400
Constructing a village road from Rangamattee to Simginullah...	150
Making three masonry wells at Rangamatee at Rs. 250 each ...	750
Cutting two drains and emptying out the water of the tank ...	1,661

38. The repairs noted below will also be executed:—

Three and half miles of road from Rangamattee towards Chittagong	1,225
Cutting and removing during the rainy season undergrowth of trees and sun-grass for 15 miles of the abovenamed road	300
Repairing 2 miles of road in different directions at the head-quarters of Rangamattee	300
The masonry revetment, three wells, and the wooden bridge, at the head-quarters of Rangamattee	120
About 3 miles of road from Chundergonah towards Rangamattee, and the wooden bridge on that road	150
About 2 miles of road from Waggahsurrah tea plantation to Chundergonah police station	100
About 33 miles of road from Chundergonah to Ruma, and 10 miles of road from Banderbun to Dahacherry ...	1,260
About 2½ miles of road from Pheskicherry to Barkul ...	375

39. If sanction is received, an overseer at a salary of Rs. 100 per mensem will be entertained, and the salary of Charifroo, Mohurir, will be raised from Rs. 10 to Rs. 12 per mensem. Cost Rs. 1,344.

Rs. 200 have been reserved for contribution for services rendered to district roads by the officers of the Public Works Department, Rs. 150 for new tools, and Rs. 50 for repairs of old tools, and Rs. 28-7-7 for unforeseen contingencies.

40. The following is the sum total of the proposed expenditure for 1877-78:—

	Rs.	A.	P.
Actual balance available on the 1st of October 1877 ...	4,880	7	7
Grant-in-aid from Provincial Reserve Fund	10,000	0	0
Total ...	14,880	7	7
Expenditure proposed—			
Original works, roads, and bridges	9,278	0	0
Maintenance and repairs of roads and bridges ...	3,530	0	0
Local establishment	1,344	0	0
Contribution to Public Works Department... ...	200	0	0
Purchase of new and repair of old tools	200	0	0
Reserved for unforeseen contingencies	28	7	7
Total ...	14,880	7	7

41. It is proposed to make a towing path from Chundergonah to Rangamattee at a cost of about Rs. 10,000. Should it be sanctioned, the major portion of the above funds will be spent in constructing that road. The object and advantage of opening out the road are manifold, as the banks of the river will before long be dotted with tea plantations and the waste lands reclaimed and brought under cultivation, and a brisk trade will spring up on the banks of the river. Moreover, during the rains, when the river is at its highest, boats can be towed up, and so much valuable time saved.

42. If an overseer is not appointed by the Public Works Department, one will be locally entertained for the next five months at Rs. 25 per mensem.

43. During the heavy and unusual fall of rain in July and August last, a great portion of the road constructed on the sides of steep hills has been washed away and will require repairs. These repairs will be taken in hand at once. The masonry ghât at Rangamattee was also destroyed from the same cause.

44. For the realization of the advances made to the hillmen for plough cultivation, the custom has hitherto been to employ them on road-work, and their wages, minus diet expenses, are refunded into the treasury. The same course is also being adopted this year.

45. The statement showing the salaries of officers employed under the Road Cess Committee for the year 1877-78, as per Bengal Government, Public Works Department's Circular No. 48E, of 23rd June 1877, is enclosed.

Statement showing the salaries of Government Servants who have been deputed for service under the Road Cess Committee in the Chittagong Hill Tracts during 1877-78.

Name of officer.	Amount of salary paid on first appointment.	Amount and date of subsequent increase or decrease in salary.	Proposed increase from 1st October 1877 to 30th September 1878.	REMARKS
				There is only a mohurrir by name Charifroo, who is locally employed at a monthly salary of Rs 10. It is proposed to pay him at the rate of Rs. 12 per mensem during 1877-78.

Offg. Deputy Commissioner.

E. H. RUDDOCK,
Offg. Deputy Commissioner.

No. 64G.M., dated Chittagong, the 22nd February 1878.

From—E. E. LOWIS, ESQ., Commissioner of the Chittagong Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit the following annual report on the administration of the District Road Fund in the districts of the Chittagong Division for the cess year ending 30th September 1877; and to enclose herein the district reports and accounts, together with a general abstract of the same made for the whole Division.

2. The slight delay which has occurred in the submission of this report is owing to the non-receipt of the Noakholly accounts, which came to hand only on the 9th instant

3. An abstract of particulars regarding the meetings of the District Road Committees in the regulation districts of this Division during the year under review also accompanies. There being no landed interest properly speaking in the Hill Tracts on which the road cess may be levied, Act X. (B.C.) of 1871 has not been extended to that district, nor has any Committee been formed for the management of its road fund, the administration of which rests solely with the Deputy Commissioner.

4. During the year under report the Committee in Chittagong consisted of six official and ten non-official members, and they had six meetings; the average attendance in each being 5·83.

5. Out of the number of non-official members who did not attend any of the meetings some are reported to have evinced no interest whatever in the duties entrusted to them. The rest of the members seem to have shown fair activity as in the preceding year in discussing matters that were laid before them.

6. In Noakholly the Committee comprised of four official and fourteen non-official members, and they had also six meetings with an average attendance of 6 6. This was a marked improvement when compared with the number of sittings, and the average attendance of the members during the preceding year, showing that the non-official members took interest in the transaction of road cess matters during the year under review.

7. The receipts of this Division during the year under report on account of the District Road Fund amounted to Rs. 1,00,855-9-2, against Rs. 44,377 of the preceding year, *viz.*,—

	Cess years. 1876-77.			1875-76.

Miscellaneous	791	12	4	120	14	1
Total ...	1,00,855	9	2	44,377	0	0

8. In Noakholly only, where the valuations under the Road Cess Act have been completed, was the cess, amounting to Rs. 61,597-2-9, collected during the year. The valuations in Chittagong not having been completed, only fines under section 6 of Act X. of 1871 of Rs. 3,562-13-8 were realized in that district.

9. No grant from Provincial Reserve Fund was made to Noakholly during the year under report. Rs. 10,000 were allotted from that reserve to each of the other two districts,—*vide* Government Notification No. 278 of the 15th August 1876, and Resolution No. 3043A. of the 18th idem.

10. No contribution from any private person was received in any of the districts, which may perhaps be accounted for by the depressed condition of the people after the cyclone of the 31st October 1876.

11. Of the total miscellaneous receipts (Rs 791-12-4) of the year, Rs. 772-0-6 were on account of contribution from khas mehals in Chittagong; the remainder appertains to the district of Noakholly, of which no detail has been given by the Chairman.

12. The total receipt (Rs. 1,00,855-9-2); together with the unexpended balance (Rs. 14,174-1-11) of the preceding year, aggregating in all to Rs. 1,15,029-11-1, was available for expenditure during the year.

13. The actual expenditure was, however, Rs. 1,20,832-5-3 in the year under review, against Rs. 79,641-10-4 of the preceding year, *viz.*,—

14. The expenditure (Rs. 1,20,832-5-3) of the year, together with the unexpended balance (Rs. 20,670-2-6) remaining at its close amounted to Rs. 1,41,502-7-9, and out of this the sum of Rs. 26,472-12-8 was expended by the Chittagong Committee in excess of their actual receipts which were inadequate to meet their wants. The valuations under the District Road Cess Act not having been completed, no cess could be realized during the year; while on the other hand, the Committee had to pay Rs. 38,991-1-1 for their very large establishment entertained for the purpose of making assessment, besides the expenditure they had to incur on urgent district works.

15. The above deficit expenditure of Chittagong, together with the amount of expenditure of the same description (*viz*, Rs. 20,102-12-0) for the preceding year, makes up a total deficit of Rs. 46,575-8-8 and, this debt the Committee were asked to repay during the current year in full. On their representation, however, that most of their urgent works had been stopped during the year under report and the preceding year for want of fund, the Government have allowed the demand against the District Road Fund to be paid in two instalments to be made during the course of the current year and the year following.

16. In Noakholly, two-thirds of the total outlay was spent on repairs, as the cyclone of the 31st October 1876 did much damage to the roads and bridges towards the south of the district.

17. The Committee in both the regulation districts managed to carry out their district works by their own agency, and consequently paid no contribution to credit of the Public Work Department during the year. The Hill Tracts only contributed to Rs. 2,531 to that department.

18. The following is a statement showing the proposed works and the amounts estimated to be spent on them during the current year:—

19. The Sudder Committees and the different establishments under them seem to have worked well in the districts of this division during the year under review. The introduction of the Road Cess Act in the regulation districts of this division is, it seems, being now much felt by the people, owing to their distressed condition after the cyclone of the 31st October 1876.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 17, *dated the* 1*st May* 1878.

It is requested that immediate effect may be given, by the officers concerned, to the amendments noted below, which have been made by the High Court, with the sanction of the Governor-General in Council, in the revised rules for the receipt and payment of money appertaining to the Courts or Offices of Judicial Officers in Bengal not in direct account with the Accountant-General, which were issued with Circular Order No. 2, dated 5th February 1877 :—

Additions and Alterations.

RULE 2. In the list of account books, after—

"To be kept by all Judicial Officers, Magistrates, &c." 2. "Register of chalans issued, Form No. 2," insert—

"To be kept in Civil Courts only." 2A. "Register of petty receipts to be credited at once to Government, Form No. 2A."

RULE 5. Before the first word "when" insert—

"Except in the case provided for by the following Rule 5A."

After Rule 5 insert the following new rules :—

Applies to the Civil Courts only. 5A. Payments made into Court *to the credit of Government*, on account of searching fees, copying fees, or comparing fees, will be recorded, not in the register of chalans, but in a special register to be kept in Form 2A by the Accountant, who, on application from any person who desires to make any such payment due to the Government, will enter his name, the amount to be paid, and the number and date in the foil and counterfoil of the register; and, detaching the right-hand portion, will make it over to the applicant to take with the money to the Nazir. The Nazir will receive the money and countersign the foil, which the applicant will retain as the voucher, and as authority to take delivery of a copy, if applied for, when ready. The payment slips issued in one week, *i.e.* from Monday to Saturday, will not be accepted by the Nazir after the close of the week; but if a slip be not used within the week it must be cancelled and renewed.

Applies to the Civil Courts only. 5B. At the close of each day the Nazir's receipts, under the heads specified, should be checked by the Accountant with the daily total of the entries on the counterfoil of his register, and the Nazir will then remit the amount in hand, without any specification of details, to the Treasury, with a chalan in Form No. 11, indicating the nature of the receipts, and that they are to be credited to Government. The chalan so sent will be entered in the Registor of Chalans No. 2.

RULE 36 Add at end—

"And another dealing with petty receipts paid into Court to the credit of Government."

RULE 37. Add at the end—

Subsidiary Cash-book of petty receipts (Civil Courts only). "Another subsidiary Cash-book will be kept by the Nazir to exhibit petty payments made to him under Rule 5A above. He will also close and balance this account daily, and the opening and closing balances, as also the total receipts and remittances to the Treasury, for the day, will be posted daily into the Court's General Cash-book.

NOTIFICATION.

The 15th May 1878.—In supersession of the notification dated the 31st August 1869, published at page 1719 of the *Calcutta Gazette* of the 15th September 1869, the Lieutenant-Governor of Bengal is pleased to promulgate the following amended regulations concerning the supply, within the territories under the Lieutenant-Governor of Bengal, of lime or lemon-juice or other antiscorbutics for the use of ships, in accordance with the provisions of Section 6 of the Merchant Shipping Act of 1867.

1. No lime or lemon-juice shall be deemed fit and proper to be taken on board any ship, for the use of the crew or passengers thereof, unless the same is shown by certificate, under the hand of an inspector appointed by the local Government, to be proper for use on board such ship, such certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same contains fifteen per centum of proper and palatable proof spirits, to be approved by such inspector or by the proper officer of customs, and to be added before or immediately after the inspection thereof; nor unless the same is packed in such bottles at such time and in such manner, and is labelled in such manner as the inspector or the Collector of Customs may direct, provided that when any such lime or lemon-juice is deposited in any bonded warehouse, and has been approved as aforesaid by the said inspector, the said spirits, or so much of the said spirits as is necessary to make up fifteen per centum, may be added in such warehouse without payment of any duty thereon; and when any spirit has been added to any lime or lemon-juice, and the same has been labelled as aforesaid, it shall be deposited in the ware-house for delivery as ship's stores, only upon such terms and subject to such provisions of the Customs Act as are applicable to the delivery of ship's stores from a bonded warehouse.

2. In the event of a master of a ship being desirous of landing lime-juice in store, for the purpose of being rectified or rendered fit for the use of the crew or passengers on board such vessel, he shall enter the same at the Custom House, to be landed for rectification under the usual form of engagement, to be re-shipped after such lime or lemon-juice shall have been properly rectified and certified to by the inspector, under the same rules and regulations as in the case of lime or lemon-juice shipped direct from a warehouse.

3. When lime-juice has been taken from a warehouse as ship's stores, the label shall remain intact until twenty-four hours at least after the ship shall have left her port of departure on her foreign voyage.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 18, *dated the 4th May* 1878.

The Court are pleased to direct that, whenever proof of due service of a notice of appeal, or the like process, appears to fail, in consequence of an omission on the part of the appellant, or party concerned, to produce a witness to prove the identity of the party

served, or of his place of residence, a reasonable time shall be allowed for the production of such witness, where the omission has been the result of ignorance, and when return of the process will not thereby be unduly delayed.

2. The District and other Courts in the Mofussil should also take measures to have the provisions of Circular Order No 9 of the 6th April 1871 made more generally known, in order that needless expense and delay may not be occasioned by inadvertent disregard of them.

No. 19, *dated the* 11*th May* 1878.

In supersession of so much of the Circular Order of the late Sudder Court, No. 34, dated 15th September 1843, as requires that, in cases where Mooktars are employed in the Civil Courts, the Mookturnamahs shall be verified on oath, the Court are pleased to direct that such verification shall not be required in the case of certificated Mooktars who have passed the examination prescribed by the rules framed under Act XX of 1865.

2. This order shall not be taken to affect the practice in the Criminal Courts, a discretion in the matter of recognizing Mooktars having been reserved to these Courts by Section 186, Act X of 1872. Nor does it apply to any Mooktars other than those specified above.

No. 20, *dated the* 15*th May* 1878.

With reference to Notification No 893, dated 8th May 1878, of the Government of India in the Home Department, published in the *Gazette of India* of 11th May 1878, the High Court directs that Saturday, the 25th May 1878, corresponding to the 12th Joisto 1285 B. E., be observed as a close holiday in the subordinate Civil Courts. Friday, the 24th May, corresponding to 11th Joisto, as notified in Circular Order No. 19, dated 6th December 1877, will also be observed as a close holiday.

Sheriff's Office, the 1st May 1878.

NOTICE is hereby given that the Fifth Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Wednesday, the Twenty-ninth day of May instant, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. NOTIFICATION.

The 18th May 1878.—In continuation of the notifications dated 23rd March and 19th June 1875, respectively, published in the *Calcutta Gazette* of the 24th March and 23rd June 1875, Part I, pages 335 and 728, declaring certain blocks of land in the Chittagong Hill Tracts to be reserved forests under Act VII of 1865, it is hereby notified, under Section 4 of Act VII of 1878, that it is proposed to extend the limits of the reserved forests constituted by the said notifications, and to constitute tracts of country in the Chittagong Hill Tracts lying within the boundaries described below reserved forests under the provisions of the said Act VII of 1878:—

I.—Boundaries of the proposed Kassalong Reserve.

I.—The area drained by the Kassalong river and its feeders, bounded as follows:—

North.—The Tipperah Hills and Cachar.

East.—Cachar and the water-shed between the Kassalong and its feeders on one side, and the Kurnafoolee with its feeders, the Chota Hurin, the Bhar Huria, and Tipoee Doong, on the other side.

South.—A line running from the junction of the Kassalong and Kurnafoolee rivers approximately east and west, and following the water-shed between the two above-mentioned rivers.

West.—The Tipperah Hills and the water-shed between the Kassalong and its feeders on one side and the Chengree and Suber rivers on the other side.

(The above area includes the present Myanee reserve, formed under the notification of 23rd March 1875.)

II—Boundaries of the proposed Sitapahar Reserve.

II.—The present Sitapahar reserve and an addition to it of about 5,000 acres, the whole block being bounded as follows:—

North and *East.*—The Kurnafoolee and a demarcated line running close to it.

South.—A demarcated line running from the east boundary across the Kaptaie to the Kurnafoolee, then the Kurnafoolee.

West.—A line running from Sitapahar to the Kurnafoolee meeting that river near its junction with the Kytanadi.

NOTIFICATION.

The 18th May 1878.—In continuation of the notifications dated 23rd March and 19th June 1875, respectively, published in the *Calcutta Gazette* of the 24th March and 23rd June 1875, Part I, pages 335 and 728, declaring certain blocks of land in the Chittagong Hill Tracts to be reserved forests under Act VII of 1865, it is hereby notified, under Section 4 of Act VII of 1878, that it is proposed to extend the limits of the reserved forests constituted by the said notifications, and to constitute tracts of country in the Chittagong Hill Tracts lying within the boundaries described below reserved forests under the provisions of the said Act VII of 1878 :—

I.—Boundaries of the proposed Kassalong Reserve.

I.—The area drained by the Kassalong river and its feeders, bounded as follows :—

North.—The Tipperah Hills and Cachar.

East.—Cachar and the water-shed between the Kassalong and its feeders on one side, and the Kurnafoolee with its feeders, the Chota Hurin, the Bhar Huria, and Tipoee Doong, on the other side.

South.—A line running from the junction of the Kassalong and Kurnafoolee rivers approximately east and west, and following the water-shed between the two above-mentioned rivers.

West.—The Tipperah Hills and the water-shed between the Kassalong and its feeders on one side and the Chengree and Suber rivers on the other side.

(The above area includes the present Myanee reserve, formed under the notification of 23rd March 1875.)

II.—Boundaries of the proposed Sitapahar Reserve.

II.—The present Sitapahar reserve and an addition to it of about 5,000 acres, the whole block being bounded as follows :—

North and *East.*—The Kurnafoolee and a demarcated line running close to it.

South.—A demarcated line running from the east boundary across the Kaptaie to the Kurnafoolee, then the Kurnafoolee.

West.—A line running from Sitapahar to the Kurnafoolee meeting that river near its junction with the Kytanadi.

III.—Boundaries of the proposed Matamori Reserve.

III.—The area drained by the Matamori and its feeders above Gnaingtoung with the following boundaries :—

North.—A line running approximately east and west from Gnaingtoung to the eastern and western boundaries.

East.—The water-shed between the Sungoo and Matamori rivers.

South.—The Akyab Hill Tracts.

West.—The Akyab Hill Tracts and the water-shed between the Matamori on one side and Bagkhalee Eadgong and Jeantha rivers on the other side.

(The above area includes the present Matamori reserve, formed in June 1875.)

2. The Lieutenant-Governor appoints the Deputy Commissioner of the Chittagong Hill Tracts to be the Forest Settlement Officer, under the provisions of Chapter II of the said Act VII of 1878, to inquire into and determine the existence, nature, and extent of any rights alleged to exist in favour of any person in or over any land comprised within the boundaries specified above, or in or over any forest produce to be found therein (not being rights for the surrender of which compensation has already been awarded in the course of proceedings already taken under Act VII of 1865), and to deal with the same as by law provided.

The 15th May 1878.—In supersession of the notification dated the 31st August 1869, published at page 1719 of the *Calcutta Gazette* of the 15th September 1869, the Lieutenant-Governor of Bengal is pleased to promulgate the following amended regulations concerning the supply, within the territories under the Lieutenant-Governor of Bengal, of lime or lemon-juice or other antiscorbutics for the use of ships, in accordance with the provisions of Section 6 of the Merchant Shipping Act of 1867.

1. No lime or lemon-juice shall be deemed fit and proper to be taken on board any ship, for the use of the crew or passengers thereof, unless the same is shown by certificate, under the hand of an inspector appointed by the local Government, to be proper for use on board such ship, such certificate to be given upon inspection of a sample, but no such certificate to be given until it be shown to the satisfaction of such inspector that the juice contains not less than 25 grains of citric acid to the fluid ounce; nor unless the same contains fifteen per centum of proper and palatable proof spirits, to be approved by such inspector or by the proper officer of customs, and to be added before or immediately after the inspection thereof; nor unless the same is packed in such bottles at such time and in such manner, and is labelled in such manner as the inspector or the Collector of Customs may direct, provided that when any such lime or lemon-juice is deposited in any bonded warehouse, and has been approved as aforesaid by the said inspector, the said spirits, or so much of the said spirits as is necessary to make up fifteen per centum, may be added in such warehouse without payment of any duty thereon; and when any spirit has been added to any lime or lemon-juice, and the same has been labelled as aforesaid, it shall be deposited in the ware-house for delivery as ship's stores, only upon such terms and subject to such provisions of the Customs Act as are applicable to the delivery of ship's stores from a bonded warehouse.

2. In the event of a master of a ship being desirous of landing lime-juice in store, for the purpose of being rectified or rendered fit for the use of the crew or passengers on board such vessel, he shall enter the same at the Custom House, to be landed for rectification under the usual form of engagement, to be re-shipped after such lime or lemon-juice shall have been properly rectified and certified to by the inspector, under the same rules and regulations as in the case of lime or lemon-juice shipped direct from a warehouse.

3. When lime-juice has been taken from a warehouse as ship's stores, the label shall remain intact until twenty-four hours at least after the ship shall have left her port of departure on her foreign voyage.

4. The course of instruction given in the Calcutta Medical College is framed to meet the requirements of the Calcutta University for obtaining its degrees in medicine and surgery.

5. The candidates who may fail in obtaining free presentations may be admitted as students on payment of an entrance fee of Rs. 15, and a further sum of Rs. 5 monthly during the period of their stay at the college, provided they enter into a guarantee to follow out the college curriculum to a close, and to graduate at the Calcutta University. Candidates who do not intend to graduate in Calcutta, or who wish to attend only a few courses of lectures, may be admitted as casual students on payment of a fee of Rs. 40 for each course of lectures, or Rs. 60 for six months' attendance upon any single branch of hospital practice. The cost of educating a casual student to compete at the examination of the Royal College of Surgeons of England amounts to Rs. 810.

6. The certificates of lectures and hospital attendance of the college are recognized by the University of London, the Royal College of Surgeons of England, and the Worshipful Society of Apothecaries of London.

NOTIFICATION.

The 12th June 1878.—The Lieutenant-Governor is pleased to sanction the following amended rule to be substituted for Rule 7 of the Rules for the grant of leases of land for tea cultivation in the Western Dooars, published in the *Calcutta Gazettes* of the 24th and 31st March and 7th April 1875, Part I, pages 336, 387 and 414, respectively.

On receipt of an application, and after satisfying himself as far as lies in his power that the requirements of the rules have been complied with, the Deputy Commissioner shall record a proceeding to the above effect calling upon the applicant or his authorized agent to deposit such a sum as the Deputy Commissioner shall deem to be necessary to cover the cost of the survey and demarcation to be made as hereinafter provided. Such sum shall be calculated at the rate of one rupee per acre of the total quantity of land applied for, and on payment being made at this rate no further demands will ordinarily be necessary, nor will any refunds be granted. In cases, however, where the area found on actual survey exceeds by not less than one-fourth the area estimated in the application, the Deputy Commissioner may make a further demand at the rate of one rupee per acre on such excess area.

NOTIFICATION.

The 17th June 1878.—It is hereby notified that, under Section 155 of Act VIII of 1878, the Lieutenant-Governor of Bengal has been pleased to prescribe the following rules for ascertaining and determining what spirit imported into British India shall be deemed to have been effectually and permanently rendered unfit for human consumption:—

RULES.

I.—Spirit imported into British India for use exclusively in arts, manufactures, or chemistry, which has been rendered effectually and permanently unfit for human consumption, is subject only to an *ad valorem* duty of ten per cent. under Article XXXII, Schedule A of the Indian Tariff Act XVI of 1875.

II.—Whenever such spirit is imported from the United Kingdom into any port of the Bengal Presidency before it can be admitted at the reduced rate of duty as aforesaid, the importer must satisfy the Collector of Customs at that port that the spirit has been rendered effectually and permanently unfit for human consumption, and must produce a certificate

from a competent Customs or Excise authority of the United Kingdom that the spirit has already been subjected, under proper supervision in the United Kingdom, to a process by which it has been rendered effectually and permanently unfit for human consumption.

III.—If the importer cannot so satisfy the Collector of Customs, the latter shall cause such spirit to be examined, and, if necessary, rendered unfit for consumption in the manner hereinafter described as applicable to spirit imported from other countries than the United Kingdom.

IV.—Whenever such spirit as aforesaid is imported from other countries than the United Kingdom into any port of the Bengal Presidency, the Collector of Customs at that port shall send a sample of such spirit to the Chemical Examiner for examination and report, at the expense of the importer; and if the Chemical Examiner shall certify that the spirit has been rendered effectually and permanently unfit for human consumption, the Collector of Customs shall admit it at the reduced rate of duty.

V.—Whenever imported spirit is to be rendered effectually and permanently unfit for human consumption by officers of the Customs Department, the ingredient to be used for admixture with the spirit shall be caoutchoucine, and it shall be mixed with the spirit in the proportion of one part and a half of volume of the caoutchoucine to 98½ parts of volume of the spirit, which shall not be of less strength than 30 per cent. over proof.

VI.—But when it can be proved to the satisfaction of the Board of Revenue that the presence of caoutchoucine will render the spirit unsuitable for the purpose for which it is required, special sanction may be obtained for the use of woodnaptha instead of caoutchoucine. In this case one part of volume of crude woodnaptha shall be mixed with nine parts of volume of the spirit, which shall not be of a less strength than 30 per cent. over proof.

VII.—The caoutchoucine, or the woodnaptha, before admixture with the spirit, must be tested by the Chemical Examiner to Government, who must certify to the Collector of Customs that it is of proper strength, fitted, if used in the proportions mentioned in rule V or VI, to effectually and permanently render unpalatable and unfit for human consumption the spirit with which it is mixed.

VIII.—Any expense which may be incurred by the Collector of Customs in rendering spirit unfit for human consumption, or in ascertaining that it has been so rendered, must be paid by the importer.

IX.—The use of spirit methylated or caoutchoucined according to these rules is not permitted in the manufacture or preparation of tinctures, medicated spirits, hyponitrous ether, or other pharmaceutical preparations or in the manufacture or preparation of any other article capable of being used as a beverage or internally as a medicine, with the exception of sulphuric ether, chloroform, and chloral hydrate.

NOTIFICATION.

The 13th June 1878.—The following Notification of the Government of India is republished for general information :—

No. 378.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

GENERAL.

Simla, the 4th June 1878.

NOTIFICATION.

THE Governor-General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years : the exact proportion of gross produce payable as rent, and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of Civil and Criminal Justice. The amount of such expense cannot at present be stated; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from

high water-mark, and to the use for local requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand, and other building materials.

5. The rent will be taken in kind, and will consist of a fixed proportion not less than one-sixth of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce, delivery of which will be taken in the island, the Government may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoanut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoanut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoanut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling-houses for officials, sanitaria, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth, and any stone, lime, sand, or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of two years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement. Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such inquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper to the Government of India in the Department of Revenue, Agriculture, and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Goverament in regard to the form of the lease, the opinion of the Advocate-General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

NOTIFICATION.

ESTABLISHMENT OF AN EXPRESS STEAM SERVICE BETWEEN DHUBRI AND DIBRUGARH.

No. 318.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

COMMERCE AND TRADE—MISCELLANEOUS.

Simla, the 13th June 1878.

NOTIFICATION.

IN view to improving the means of communication with Assam and assisting in the development of the trade of that Province, the Government of India desire the establishment

of a line of fast steamers between Dibrugarh and some point near Dhubri, and hereby invite tenders for such a service on the following conditions :—

Conditions of Service.

2. The steamers shall have the following dimensions, and be of the following character :—

Length over all 150 to 200 feet. Speed through the water, 15 miles an hour. Draft, when loaded, not to exceed 3 feet. Accommodation in addition to that for officers and crew—

1st class passengers	4
2nd ditto	8
Coolies	100
Cargo, in addition to coal for 24 hours, steaming full power	10 tons.

Consumption of good English coal, when going full speed, not to exceed 3lb. per indicated horse-power per hour.

The vessels shall have one flush deck covered with a wood and canvas roof.

The 1st and 2nd class passenger cabins shall be in a deck-house forward, and the passenger accommodation shall, as much as possible, be forward of the engines.

3. The lower terminus shall be at Dhubri, or such other place as may be rendered desirable by the opening of railway communication, a change in the course of the river, or other circumstances.

4. The upper terminus shall be at Dibrugarh. The intermediate stations shall be those at present touched at by steamers, or such others as commercial necessities, a change in the course of the river, or other circumstances, may, in the opinion of the Government of India, render desirable.

5. The upward journey between Dhubri as the lower terminus and Dibrugarh shall be made in five days, the downward journey in three and a half days; the time-table, subject to alteration by Government as may appear advisable, being as follows :—

UP.	DOWN.
Day 1st.—Anchor between Goálpára and Beshiaghat.	Day 1st.—Dhunsirimukh.
„ 2nd.—Gauháti.	„ 2nd.—Rangamati.
„ 3rd.—Tezpur.	„ 3rd.—Goálpára.
„ 4th.—Niggri Ting.	„ 4th.—Dhubri (by noon).
„ 5th.—Dibrugarh.	

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free :—

1st Class	...	...	... 4 maunds.
2nd ,,	...	...	... 2 ,,
3rd ,,	...	...	... 1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12. The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed.

18. Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender.

NOTIFICATION.

The 7th June 1878.—The following Rules framed by the Commissioners of the Station of Jamalpore, in the district of Monghyr, under section 356 of the Bengal Municipal Act, 1876, have been approved by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by section 356 of the said Act.

For regulating the conduct of business at Meetings.

1. The Magistrate of the district shall be *ex officio* Chairman of the Committee.

2. There shall be a Vice-Chairman who shall be annually elected.

3. The Commissioners shall meet in their office at Jamalpore on the first Tuesday in every month (unless it be the 1st or 2nd of the month, in which case they shall meet on the 2nd Tuesday) for the conduct of business, and if necessary on any other day to be named by the Chairman. Two Commissioners and the Chairman or Vice-Chairman shall form a quorum, and all questions shall be determined by a majority of votes, and in cases where the Commissioners shall be equally divided, the Chairman shall have a casting vote. Three Commissioners

shall have the power to call a special meeting, by intimating their wish to the Chairman who shall then fix a day, issuing the usual notice to all the Commissioners.

Appointment of officers and servants.

4. The Commissioners shall be competent to employ any number of surveyors, inspectors, clerks, and other officers and servants upon such wages or emoluments as may be determined in each case by the Commissioners at a meeting.

5. Subject to the scale of establishment decided upon by the Commissioners under Rule 4, the Chairman shall have the power to appoint such persons as he may think fit, and, from time to time to remove such persons and appoint others in their places.

6. Provided that no person shall be appointed to an office, the salary of which is more than two hundred rupees per mensem, without the sanction of the Commissioners at a meeting, which shall require the confirmation of the Commissioner of the Division. Provided also that no officer, whose salary is more than Rs. 50 per mensem, shall be dismissed without the sanction of the Commissioners at a meeting.

7. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance in lieu thereof for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice of one month, on pain of forfeiture of one month's salary.

8. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

System of taxation.

9. The following taxes shall be levied within the station of Jamalpore :—

1.—Upon houses and lands, at a rate not exceeding 7 per centum of their annual value.

2.—Upon coal stored, at 1½ anna per ton per mensem.

3.—Brick-kilns at Rs. 5 for each lakh of bricks.

4.—Horses and conveyances—

Rs.	A.	P.	
0	8	0	per month for a horse.
0	4	0	,, for a pony.
1	0	0	,, for a four-wheeled carriage.
0	8	0	,, for a two-wheeled carriage.
0	2	0	,, for a cart.

5.—Upon all buildings and workshops not being habitations at a rate not exceeding 1 anna per month (per 100) square feet.

6.—Buildings devoted to religious purposes shall be exempted from taxation.

10. At the commencement of every year a list of horses and conveyances and of the houses, showing the names of the owners and the amount assessed upon each, shall be prepared under the superintendence of the Commissioners and shall be signed by the Chairman, or in his absence by the Vice-Chairman. The day on which such list is published shall be notified by beat of drum and notice affixed at the Municipal Office or elsewhere. The inhabitants shall have access to this list at the office, and any person who has reason to complain shall make known his complaint to the Commissioners in writing within fifteen days of the publication. The complainant shall attend at the next monthly meeting of the Commissioners, when any objection he may urge shall be heard and taken into consideration. Should the complainant fail to appear, the Commissioners shall enquire into the merits of the written complaint. The decision arrived at by that meeting shall in any case be final.

11. After the completion of the list, and on the expiration of the term of fifteen days provided for in the foregoing section, no objection to the amount assessed will be admitted as a right, but it shall nevertheless be competent to the Commissioners at any time to alter, diminish, or remit the amount of tax leviable from any rate-payer, when satisfied after due enquiry that any change in his pecuniary circumstances renders such a change, diminution, or remission just and necessary.

12. It shall be competent for the Commissioners at any time during the year to assess, in the manner above mentioned, any person who shall come to reside within the town.

13. It shall be competent for any person or company wishing to compound for any of the above taxes, either by the month or year, to do so with the consent of, and at the rates agreed to by, the Commissioners.

For regulating the time and mode of collecting the rates and taxes.

14. The taxes shall be collected by officers appointed by the Commissioners, and shall be payable quarterly in *advance*. Any person neglecting to pay the amount due for any quarters within the first month of that quarter, notwithstanding that such amount shall have been demanded of him on behalf of the Commissioners, shall be deemed a defaulter, and be dealt with according to the provisions of the Act.

15. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show his certificate if required.

16. Every person required in writing to furnish any schedule or return, which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition in the manner described in section 367 of the Act.

17. Payment of purchase-money for property sold and delivery of the property shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again on the same or any other day, and the first purchaser shall in such cases be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

18. All moneys and Government securities deposited by the officers and servants entertained under this Act shall be transmitted to the Collector of the district for safe custody, to be repaid by him on the duplicate receipt of the Chairman, countersigned by the Vice-Chairman, except sums under one hundred rupees, which may be paid on the signature of the Vice-Chairman alone.

19. The proceeds of all collections and fines under these rules shall be daily remitted to the Collector of the district to be held in deposit by him, and to be repaid by him from time to time according to the requirements of the Commissioners on the duplicate receipt signed by the Chairman or Vice-Chairman, as the case may be; no payment shall be made to any one for work done, which has not been sanctioned by the Commissioners at a meeting. A book showing the daily transaction of all receipts and disbursements shall be kept by the clerk or any other officer appointed by the Commissioners, to be placed before the Committee meeting monthly for examination and for countersignature of the Chairman or Vice-Chairman.

20. An annual account of all receipts and disbursements, and of the demands, collections, and outstanding arrears of taxes shall be submitted to the Government on the last day of April in every year.

21. To ensure the due application of the proceeds of the taxes, &c., no new work shall be commenced, except under the authority of a resolution passed at a meeting of the Commissioners. Estimates of works which shall cost Rs. 3,000 and upwards shall be prepared and submitted to Government for approval, prior to execution of such work or works. A statement of works executed by the Commissioners during the year shall be submitted to Government annually.

22. The following are defined to be nuisances in Jamalpore and are accordingly hereby prohibited:—

1.—Slaughtering cattle or cleaning any carcass on any road, street, or thoroughfare.

2.—Furious driving or riding on any public road.

3.—Obstructing passengers by keeping or leaving any cattle or conveyance of any kind standing longer than requisite on any public road, so as to cause inconvenience to the inhabitants.

4.—Throwing or laying down on the street any dirt, filth, rubbish, or any stone or building materials, or constructing any cow-shed, stable, or the like, open to any thoroughfare, or causing any offensive matter to run into the road from any house, factory, dung-heap, or the like, without having previously obtained the sanction of the Commissioners in each case.

5.—Exposing any goods for sale on the roads, except in places provided for by the Commissioners.

6.—Being found drunk or incapable in any public place.

7.—Wilful and indecent exposure of the person, or of any offensive deformity or disease, all easing of nature in public places, or bathing or washing in any tank or reservoir not being set apart for that purpose.

8.—Neglect to fence in, repair, and duly protect any well, tank, or any other dangerous places or structure.

9.—Keeping or driving elephants anywhere within the limits of the town without permission of the Commissioners.

10.—Refusal or neglect on the part of any proprietor or occupier of land to cut the boughs of the trees growing on such land or overhanging any public road, or to cut down jungle growing on such land after being required to do so in writing by the Commissioners.

11.—Stopping any public water-course or drain, so as to obstruct the free passage of water.

12.—Refusal or neglect to put into a wholesome state any private tank, privy, drain, or other excavation, after being required to do so in writing by any Commissioner.

13.—Erecting or keeping any privy or urinal within ten yards of any public road.

14.—Quarrying kunker, or cutting timber or grass, or damaging trees on public ground without the sanction of the Commissioners, or defacing the blocks

on which the names of any road or street are engraved, or any boundary pillar.

15.—Selling or exposing for sale, as fit for human food, any putrid or diseased animal substance.

16.—Any person who commits within the station of Jamalpore any nuisance as defined in the foregoing rules, shall be punishable by a fine not exceeding Rs. 50, and in case of continuing a nuisance after due notice in writing by any one of the Commissioners, by a fine not exceeding Rs. 5 for every day during which a nuisance is continued.

For regulating the disposal of offensive matter and dead bodies of animals.

23. Every person within whose premises any animals may die, shall within four hours after its death, or if death occurs at night within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the Conservancy Inspector of the division within which such premises may be situated and in such latter case shall pay to the said inspector the expense of removing the carcass at such rate as the Commissioners may determine, and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No Conservancy Inspector when called upon shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

24. No person shall deposit or cause to be deposited any carcass or any part of a carcass in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the regulation and management of privies.

25. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises for the removal of the night-soil or filth within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

26. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

27. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy, or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within fifteen days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

28. No owner or occupier of any house, land, or premises in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in rule No. 26.

The penalty for infringement shall be a fine not exceeding Rs. 20

29. No person shall throw, deposit, or discharge night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

30. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 22, *dated the 8th June* 1878.

A question having been raised as to whether a separate charge should be made for each copy to be served of the rules, notices, proclamations, injunctions, &c., specified in Article 5, Part I, and Article 7, Parts II, III, and IV of Rule 1 of the rules, dated 6th February last, issued under Clause I, Section 20, of the Court Fees Act of 1870, the Court are pleased to rule that such separate charge must be made, except in the case of rules, notices, &c., addressed to parties to the suit. When they are addressed to such parties, the charge should be made in accordance with the principle applied in the case of summons to defendants in Article 1, Parts I, II, III and IV, respectively.

No. 23, *dated the* 15*th June* 1878.

As inconvenience and danger to the public are likely to arise from the arrest under civil process of railway servants unless such previous notice be given as may enable measures to be taken to provide for the proper performance of their duties, the Court are pleased to direct that all warrants issued by any civil court subject to its superintendence, in the Lower Provinces and Assam, for the arrest of railway servants, be entrusted for execution to a selected peon, who shall, if he find on proceeding to execute the warrant that the immediate arrest of the railway servant would occasion risk or inconvenience, make all arrangements necessary to prevent escape, and defer removing the person arrested from his post for at least twenty-four hours, giving immediate notice of the arrest to the nearest Station Master.

In the High Court of Judicature at Fort William in Bengal.

NOTIFICATION.

Dated the 13*th June* 1878.

The following alterations are hereby made by the High Court in the rules dated 12th September 1874, drawn up in accordance with section 4, Act XX of 1865, for the qualification, admission, and enrolment of pleaders and mookhtears in the mofussil:—

In rule 6, clause 2nd, *for* "produced," *read* "shall produce."

To rule 13, after the words "necessary documents and papers," *read* "in original, and with the receipt of the officer in charge of a Government treasury for at least one-half of the fee required previous to examination by rule 22."

In rule 16, after the words "to be examined" *read* "balance of" and *for* "10," *read* "15."

NOTIFICATION.

The 2nd July 1878.—The following bye-laws framed by the Commissioners of the Purulia Municipality under Section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under Section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by Section 314 and 315 of the said Act. The bye-laws are now published for general information.

For regulating the time and mode of collecting taxes.

1. ON the first day of each quarter, it shall be proclaimed by beat of drum that every tax-payer shall, within 10 days from the date of proclamation, pay in the office of the Municipal Commissioners the amount due from him for the quarter.

2. If the amount be not paid within such time, the collecting officer shall prepare a bill for presentation. The bill shall be prepared on the 16th, and at the same time a notice shall be served on the defaulter, and process of distraint shall not issue until after the expiration of 15 days from the date of the service of such notice.

3. Every process issued under the Act or under these bye-laws, relating to the collection of taxes, shall be executed by a collecting officer.

4. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; if the purchaser fails to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

5. Every collecting officer shall, at the end of each quarter, furnish the Commissioners with a return containing particulars under the following heads :—

Names of tax-payers.	Amount of tax.	Amount realized.	Outstanding.	Why outstanding.

6. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance, for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month on pain of forfeiture of one month's salary.

7. All persons now holding, or who may hereafter be appointed to, any offices under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within such time as the Commissioners may appoint shall be held to have thereby forfeited his appointment and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

8. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report the death of the animal to the municipal police office, and in such latter case shall pay on demand by the Commissioners the expense of removing the carcass at such rate as the Commissioners may determine, and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

9. No person shall deposit, or cause to be deposited, any carcass or any part of a carcass in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

10. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptable for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

11. No person shall carry night-soil through the streets, otherwise than in a closely covered receptacle of such description and pattern as shall be prescribed from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

For the regulation and management of privies.

12. Every owner or occupier of any house, land, or premises from any privy in which any night-soil, filth or other offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises, for the removal of any such night-soil, filth, or other offensive matter within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5 for each occasion on which access is refused.

13. All privies shall be constructed above ground, and shall be provided with suitable moveable receptacles of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

14. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy or other noxious, or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

15. No person shall open a privy without the written permission of the Commissioners. The owner of any privy shall be bound to keep it clean, and if he neglect or fail to do so, the Municipal Commissioners shall take steps for the purpose and shall recover the cost from him.

The penalty for infringement shall be a fine not exceeding Rs. 20.

16. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seems to them necessary to do so for the preservation of public health, or for the prevention of infection or spread of disease, provided that the Municipal Commissioners shall be bound to supply such deodorants, or disinfectants at cost price, and that the price shall be recoverable as a debt due to the Commissioners.

For regulating or prohibiting the use of fire-balloons, fire-works, fire-arms, or missiles in the vicinity of the public roads.

17. No one shall let off any fire-balloons, fire-works, fire-arms, or any missiles within municipal limits without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

Registration of births and deaths.

18. Every occupier of a house or premises within whose house or premises any birth or death of a human being shall occur, shall be bound, within eight days of such occurrence, to give notice of the same in such form as the Commissioners for the purposes of registration may from time to time require.

The penalty for infringement shall be a fine not exceeding Rs. 5.

GENERAL BYE-LAWS.

19. No person shall put or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such spout now in existence and to recover the costs as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

20. No person shall put up, or cause to be put up, any *tatti* in front of his house, so as to encroach on any public street or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5.

21. No person shall construct or place over or by the side of any public drain, any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

22. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

23. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

24. No person shall steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboos, or other vegetable matter likely to render the water of such river, khal, tank, or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

25. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah, drain, or water-course, and the Commissioners may order the removal of any such obstruction on grounds of public health.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 4 daily.

26. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all times allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5.

27. No person shall let loose, or cause or allow to be let loose, or allow to get loose, any diseased or worn out animal on any highway.

The penalty for infringement shall be a fine not exceeding Rs. 10.

28. No person shall bury, or cause to be buried, any corpse or part of a corpse in any burial ground in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

The penalty for infringement shall be a fine not exceeding Rs. 10.

29. No person shall bury, or cause to be buried, in any burial-ground any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

30. No person shall build or dig, or cause to be built or dug, any grave in any burial-ground at a less distance than two feet from any other existing grave.

The penalty for infringement shall be a fine not exceeding Rs. 20.

31. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

32. No one shall carry a corpse or part of a corpse through any highway, unless it be decently covered and totally concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

33. No person shall, without the special permission of the Commissioners, picket animals or collect carts, or form any encampment upon any public ground within municipal limits, excepting on ground which is or may be specially set apart for the purpose by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

34. No person, for the purpose of carrying on his trade, shall use any place for slaughtering purposes without a license from the Commissioners, which shall be renewed annually.

The penalty for infringement shall be a fine not exceeding Rs. 10.

GOVERNMENT OF INDIA.

FINANCIAL DEPARTMENT.

ACCOUNTS AND FINANCE.

Simla, the 14th June 1878.

READ the following—

No. 1980, dated 22nd March 1878.

RESOLUTION—By the Government of India, Financial Department.

Read again—

Financial Resolution No. 3556, dated 19th October 1877.

RESOLUTION.—In order to eliminate from the category of "Money in the Government treasuries and at credit of the Government in the Presidency Banks and their Branches," everything which is not actually available for immediate use as legal-tender in payment or on account, the Governor-General in Council is pleased to pass the following orders.

2. All legal-tender copper coin, and all silver coin which is legal-tender only for fractions of a rupee, shall be received in the first instance—

if coined at the Calcutta Mint—by the Comptroller-General, and

if coined at the Bombay Mint—by the Accountant-General, Bombay,

and shall be deposited in the Office of Issue of Paper Currency in Calcutta and Bombay respectively, where depôts of these coins shall be formed and supplied by the Mints from time to time upon the requisition of the Comptroller-General. Sub-depôts shall be formed, in like manner, at all the other Offices of Issue of Paper Currency, and at such other treasuries as the Comptroller-General may direct.

3. Legal-tender copper coin, and silver coin which is legal-tender for only fractions of a rupee, which may accumulate in any treasury or at any Presidency Bank or Branch of a Presidency Bank in excess of the current local demand for such coin, should, under the orders of the Comptroller-General, be at once returned into store in the nearest depôt or sub-depôt.

4. No copper or silver coin in store in such depôt or sub-depôts shall be reckoned as money, or included in any return of money in the public treasuries or at credit of the Government.

5. Legal-tender copper or small silver coins, to meet current local demands, will be supplied to treasuries from the nearest depôt or sub-depôt; but indents should not be made for such coin in excess of what is necessary to meet current local demands.

6. As soon as legal-tender copper coin or small silver coin is issued from a depôt or sub-depôt, it will be reckoned and treated as money; and as soon as any such coin is received into such depôt, it will cease to be treated as money. The net revenue from the copper coinage in any year will be reckoned upon the excess of the issues from the depôts and sub-depôts over the receipts from the public, or the treasuries or banks under paragraph 3.

7. As soon as occasion offers, the contracts with the Presidency Banks should, with the concurrence of the Directors, be revised, so as to remove the distinction now made in respect to coin which is not legal-tender without limit of amount. These present orders will obviate the need of any such distinction.

Ordered that the above Resolution be published for general information.

ORDERED that this Resolution be communicated for information and guidance as follows:—

To the several local Governments and Administrations.

To the several Accountants-General and Deputy Accountants-General in independent charge.

To the Mint Masters, Calcutta and Bombay.

To the Secretary and Treasurer, Bank of Bengal.

Ditto ditto ditto Bombay.

Ditto ditto ditto Madras.

NOTIFICATION.

The 17th June 1878.—It is hereby notified that, under Section 155 of Act VIII of 1878, the Lieutenant-Governor of Bengal has been pleased to prescribe the following rules for ascertaining and determining what spirit imported into British India shall be deemed to have been effectually and permanently rendered unfit for human consumption:—

RULES.

I.—Spirit imported into British India for use exclusively in arts, manufactures, or chemistry, which has been rendered effectually and permanently unfit for human consumption, is subject only to an *ad valorem* duty of ten per cent. under Article XXXII, Schedule A of the Indian Tariff Act XVI of 1875.

II.—Whenever such spirit is imported from the United Kingdom into any port of the Bengal Presidency before it can be admitted at the reduced rate of duty as aforesaid, the importer must satisfy the Collector of Customs at that port that the spirit has been rendered effectually and permanently unfit for human consumption, and must produce a certificate from a competent Customs or Excise authority of the United Kingdom that the spirit has already been subjected, under proper supervision in the United Kingdom, to a process by which it has been rendered effectually and permanently unfit for human consumption.

III.—If the importer cannot so satisfy the Collector of Customs, the latter shall cause such spirit to be examined, and, if necessary, rendered unfit for consumption in the manner hereinafter described as applicable to spirit imported from other countries than the United Kingdom.

IV.—Whenever such spirit as aforesaid is imported from other countries than the United Kingdom into any port of the Bengal Presidency, the Collector of Customs at that port shall send a sample of such spirit to the Chemical Examiner for examination and report, at the expense of the importer; and if the Chemical Examiner shall certify that the spirit has been rendered effectually and permanently unfit for human consumption, the Collector of Customs shall admit it at the reduced rate of duty.

V.—Whenever imported spirit is to be rendered effectually and permanently unfit for human consumption by officers of the Customs Department, the ingredient to be used for admixture with the spirit shall be caoutchoucine, and it shall be mixed with the spirit in the proportion of one part and a half of volume of the caoutchoucine to 98½ parts of volume of the spirit, which shall not be of less strength than 30 per cent. over proof.

VI.—But when it can be proved to the satisfaction of the Board of Revenue that the presence of caoutchoucine will render the spirit unsuitable for the purpose for which it is required, special sanction may be obtained for the use of woodnaptha instead of caoutchoucine. In this case one part of volume of crude woodnaptha shall be mixed with nine parts of volume of the spirit, which shall not be of a less strength than 30 per cent. over proof.

VII.—The caoutchoucine, or the woodnaptha, before admixture with the spirit, must be tested by the Chemical Examiner to Government, who must certify to the Collector of Customs that it is of proper strength, fitted, if used in the proportions mentioned in rule V or VI, to effectually and permanently render unpalatable and unfit for human consumption the spirit with which it is mixed.

VIII.—Any expense which may be incurred by the Collector of Customs in rendering spirit unfit for human consumption, or in ascertaining that it has been so rendered, must be paid by the importer.

IX.—The use of spirit methylated or caoutchoucined according to these rules is not permitted in the manufacture or preparation of tinctures, medicated spirits, hyponitrous other, or other pharmaceutical preparations or in the manufacture or preparation of any other article capable of being used as a beverage or internally as a medicine, with the exception of sulphuric ether, chloroform, and chloral hydrate.

NOTIFICATION.

The 13th June 1878.—The following Notification of the Government of India is republished for general information :—

No. 378.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

GENERAL.

Simla, the 4th June 1878.

NOTIFICATION.

THE Governor-General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years : the exact proportion of gross produce payable as rent, and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of Civil and Criminal Justice. The amount of such expense cannot at present be stated ; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from high water-mark, and to the use for local requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand, and other building materials.

5. The rent will be taken in kind, and will consist of a fixed proportion not less than one-sixth of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce, delivery of which will be taken in the island, the Government may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoanut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoanut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoanut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling-houses for officials, sanitaria, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth, and any stone, lime, sand, or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of two years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement. Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such inquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper to the Government of India in the Department of Revenue, Agriculture, and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Government in regard to the form of the lease, the opinion of the Advocate-General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

Simla, the 13th June 1878.

NOTIFICATION.

IN view to improving the means of communication with Assam and assisting in the development of the trade of that Province, the Government of India desire the establishment of a line of fast steamers between Dibrugarh and some point near Dhubri, and hereby invite tenders for such a service on the following conditions :—

Conditions of Service.

2. The steamers shall have the following dimensions, and be of the following character :—

Length over all 150 to 200 feet. Speed through the water, 15 miles an hour. Draft, when loaded, not to exceed 8 feet. Accommodation in addition to that for officers and crew—

1st class passengers	4
2nd ditto	8
Coolies	100
Cargo, in addition to coal for 24 hours, steaming full power	10 tons.

Consumption of good English coal, when going full speed, not to exceed 3lb. per indicated horse-power per hour.

The vessels shall have one flush deck covered with a wood and canvas roof.

The 1st and 2nd class passenger cabins shall be in a deck-house forward, and the passenger accommodation shall, as much as possible, be forward of the engines.

3. The lower terminus shall be at Dhubri, or such other place as may be rendered desirable by the opening of railway communication, a change in the course of the river, or other circumstances.

4. The upper terminus shall be at Dibrugarh. The intermediate stations shall be those at present touched at by steamers, or such others as commercial necessities, a change

in the course of the river, or other circumstances, may, in the opinion of the Government of India, render desirable.

5. The upward journey between Dhubri as the lower terminus and Dibrugarh shall be made in five days, the downward journey in three and a half days; the time-table, subject to alteration by Government as may appear advisable, being as follows:—

UP.	DOWN.
Day 1st.—Anchor between Goálpára and Beshiaghat.	Day 1st.—Dhunsirimukh.
„ 2nd.—Gauháti.	„ 2nd.—Rangamati.
„ 3rd.—Tezpur.	„ 3rd.—Goálpára.
„ 4th.—Niggri Ting.	„ 4th.—Dhubri (by noon).
„ 5th.—Dibrugarh.	

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free:—

1st Class	...	...	... 4 maunds.
2nd „	...	...	... 2 „
3rd „	...	...	... 1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12. The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform

the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed.

18. Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

Simla, the 28th June 1878.

NOTIFICATION.

Under the provisions of section 56 of the Indian Emigration Act (VII of 1871) the Governor-General in Council is pleased to direct the substitution of the following for rules 1 and 7 of Schedule B of the rules relating to emigration from the port of Calcutta, which were published in the *Gazette of India* of the 22nd February 1873 :—

Rule 1.—*Ventilation of the between-decks.*

Besides hatches there must be provided air shafts, cowl-headed funnels or tubes, and one of Thiers's automatic ventilators with 10-inch cylinder, and such other additional means for affording light and ventilation to the space intended for the accommodation of the emigrants as the Protector and Medical Inspector of Emigrants may consider necessary. If there are any stern ports or side scuttles provided between-decks, they must be glazed, well fitted, about 14 inches apart, and as close to the upper-deck as possible.

Rule 7.—*Ventilation of the hold.*

Except in vessels fitted with ventilating masts, in which case a proportionate reduction may be allowed, there should be 5 steam pipes solidly and strongly put together of stout metal or wood and air tight, each at least 9 inches in diameter, fitted with cowl-heads, and leading from the hold to the open air on the upper-deck. There must also be a Thiers's automatic ventilator with 10-inch cylinder for the ventilation of the hold, and the automatic ventilator as well as the ventilating masts and steam pipes must be conveniently placed and so arranged as to carry off the steam from the cargo quite clear of the between-decks.

NOTIFICATION.

The 2nd July 1878.—The following bye-laws framed by the Commissioners of the Purulia Municipality under Section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under Section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by Section 314 and 315 of the said Act. The bye-laws are now published for general information.

For regulating the time and mode of collecting taxes.

1. ON the first day of each quarter, it shall be proclaimed by beat of drum that every tax-payer shall, within 10 days from the date of proclamation, pay in the office of the Municipal Commissioners the amount due from him for the quarter.

2. If the amount be not paid within such time, the collecting officer shall prepare a bill for presentation. The bill shall be prepared on the 16th, and at the same time a notice shall be served on the defaulter, and process of distraint shall not issue until after the expiration of 15 days from the date of the service of such notice.

3. Every process issued under the Act or under these bye-laws, relating to the collection of taxes, shall be executed by a collecting officer.

4. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; if the purchaser fails to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them,

For regulating the conduct of persons employed by the Commissioners.

5. Every collecting officer shall, at the end of each quarter, furnish the Commissioners with a return containing particulars under the following heads :—

Names of tax-payers.	Amount of tax.	Amount realized.	Outstanding.	Why outstanding.

6. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance, for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month on pain of forfeiture of one month's salary.

7. All persons now holding, or who may hereafter be appointed to, any offices under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within such time as the Commissioners may appoint shall be held to have thereby forfeited his appointment and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

8. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report the death of the animal to the municipal police office, and in such latter case shall pay on demand by the Commissioners the expense of removing the carcass at such rate as the Commissioners may determine, and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

9. No person shall deposit, or cause to be deposited, any carcass or any part of a carcass in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

10. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptable for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct

The penalty for infringement shall be a fine not exceeding Rs. 20.

11. No person shall carry night-soil through the streets, otherwise than in a closely covered receptacle of such description and pattern as shall be prescribed from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

For the regulation and management of privies.

12. Every owner or occupier of any house, land, or premises from any privy in which any night-soil, filth or other offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises, for the removal of any such night-soil, filth, or other offensive matter within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5 for each occasion on which access is refused.

13. All privies shall be constructed above ground, and shall be provided with suitable moveable receptacles of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

14. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy or other noxious, or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

15. No person shall open a privy without the written permission of the Commissioners. The owner of any privy shall be bound to keep it clean, and if he neglect or fail to do so, the Municipal Commissioners shall take steps for the purpose and shall recover the cost from him.

The penalty for infringement shall be a fine not exceeding Rs. 20.

16. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid' or other deodorants or disinfectants in any privy or premises if at any time it seems to them necessary to do so for the preservation of public health, or for the prevention of infection or spread of disease, provided that the Municipal Commissioners shall be bound to supply such deodorants, or disinfectants at cost price, and that the price shall be recoverable as a debt due to the Commissioners.

For regulating or prohibiting the use of fire-balloons, fire-works, fire-arms, or missiles in the vicinity of the public roads.

17. No one shall let off any fire-balloons, fire-works, fire-arms, or any missiles within municipal limits without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

Registration of births and deaths.

18. Every occupier of a house or premises within whose house or premises any birth or death of a human being shall occur, shall be bound, within eight days of such occurrence, to give notice of the same in such form as the Commissioners for the purposes of registration may from time to time require.

The penalty for infringement shall be a fine not exceeding Rs. 5.

GENERAL BYE-LAWS.

19. No person shall put or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such spout now in existence and to recover the costs as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

20. No person shall put up, or cause to be put up, any *tatti* in front of his house, so as to encroach on any public street or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5.

21. No person shall construct or place over or by the side of any public drain, any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

22. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

23. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

24. No person shall steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboos, or other vegetable matter likely to render the water of such river, khal, tank, or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

25. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah, drain, or water-course, and the Commissioners may order the removal of any such obstruction on grounds of public health.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 4 daily.

26. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all times allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

READ the following—

No. 1980, dated 22nd March 1878

RESOLUTION—By the Government of India, Financial Department.

Read again—

Financial Resolution No. 3556, dated 19th October 1877.

RESOLUTION.—In order to eliminate from the category of "Money in the Government treasuries and at credit of the Government in the Presidency Banks and their Branches," everything which is not actually available for immediate use as legal-tender in payment or on account, the Governor-General in Council is pleased to pass the following orders.

2. All legal-tender copper coin, and all silver coin which is legal-tender only for fractions of a rupee, shall be received in the first instance—

if coined at the Calcutta Mint—by the Comptroller-General, and

if coined at the Bombay Mint—by the Accountant-General, Bombay,

and shall be deposited in the Office of Issue of Paper Currency in Calcutta and Bombay respectively, where depôts of these coins shall be formed and supplied by the Mints from time to time upon the requisition of the Comptroller-General. Sub-depôts shall be formed, in like manner, at all the other Offices of Issue of Paper Currency, and at such other treasuries as the Comptroller-General may direct.

3. Legal-tender copper coin, and silver coin which is legal-tender for only fractions of a rupee, which may accumulate in any treasury or at any Presidency Bank or Branch

of a Presidency Bank in excess of the current local demand for such coin, should, under the orders of the Comptroller-General, be at once returned into store in the nearest depôt or sub-depôt.

4. No copper or silver coin in store in such depôt or sub-depôts shall be reckoned as money, or included in any return of money in the public treasuries or at credit of the Government.

5. Legal-tender copper or small silver coins, to meet current local demands, will be supplied to treasuries from the nearest depôt or sub-depôt; but indents should not be made for such coin in excess of what is necessary to meet current local demands.

6. As soon as legal-tender copper coin or small silver coin is issued from a depôt or sub-depôt, it will be reckoned and treated as money; and as soon as any such coin is received into such depôt, it will cease to be treated as money. The net revenue from the copper coinage in any year will be reckoned upon the excess of the issues from the depôts and sub-depôts over the receipts from the public, or the treasuries or banks under paragraph 3.

7. As soon as occasion offers, the contracts with the Presidency Banks should, with the concurrence of the Directors, be revised, so as to remove the distinction now made in respect to coin which is not legal-tender without limit of amount. These present orders will obviate the need of any such distinction.

Ordered that the above Resolution be published for general information.

ORDERED that this Resolution be communicated for information and guidance as follows:—

To the several local Governments and Administrations.

To the several Accountants-General and Deputy Accountants-General in independent charge.

To the Mint Masters, Calcutta and Bombay.

To the Secretary and Treasurer, Bank of Bengal.

Ditto ditto ditto Bombay.

Ditto ditto ditto Madras.

NOTIFICATION.

ESTABLISHMENT OF AN EXPRESS STEAM SERVICE BETWEEN DHUBRI AND DIBRUGARH.

No. 318.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

COMMERCE AND TRADE—MISCELLANEOUS.

Simla, the 13th June 1878.

NOTIFICATION.

IN view to improving the means of communication with Assam and assisting in the development of the trade of that Province, the Government of India desire the establishment of a line of fast steamers between Dibrugarh and some point near Dhubri, and hereby invite tenders for such a service on the following conditions :—

Conditions of Service.

2. The steamers shall have the following dimensions, and be of the following character :—

Length over all 150 to 200 feet. Speed through the water, 15 miles an hour. Draft, when loaded, not to exceed 8 feet. Accommodation in addition to that for officers and crew—

1st class passengers	4
2nd ditto	8
Coolies	100
Cargo, in addition to coal for 24 hours, steaming full power	10 tons.

Consumption of good English coal, when going full speed, not to exceed 3lb. per indicated horse-power per hour.

The vessels shall have one flush deck covered with a wood and canvas roof.

The 1st and 2nd class passenger cabins shall be in a deck-house forward, and the passenger accommodation shall, as much as possible, be forward of the engines.

3. The lower terminus shall be at Dhubri, or such other place as may be rendered desirable by the opening of railway communication, a change in the course of the river, or other circumstances.

4. The upper terminus shall be at Dibrugarh. The intermediate stations shall be those at present touched at by steamers, or such others as commercial necessities, a change in the course of the river, or other circumstances, may, in the opinion of the Government of India, render desirable.

5. The upward journey between Dhubri as the lower terminus and Dibrugarh shall be made in five days, the downward journey in three and a half days; the time-table, subject to alteration by Government as may appear advisable, being as follows:—

UP.	DOWN.
Day 1st.—Anchor between Goálpára and Beshiaghat.	Day 1st.—Dhunsirimukh.
„ 2nd.—Gauháti.	„ 2nd.—Rangamati.
„ 3rd.—Tezpur.	„ 3rd.—Goálpára.
„ 4th.—Niggri Ting.	„ 4th.—Dhubri (by noon).
„ 5th.—Dibrugarh.	

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free:—

1st Class	...	...	... 4 maunds.
2nd „	..	...	... 2 „
3rd „	...	...	... 1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12. The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed.

18. Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender.

NOTIFICATION.

The 16th July 1878.—The following bye-laws framed by the Commissioners of the Darjeeling Municipality under section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by sections 314 and 315 of the said Act. The bye-laws are now published for general information.

For regulating the time and mode of collecting the taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

2. Every person required in writing to furnish any Schedule or Return which the Commissioners may lawfully require him to furnish shall send such Schedule or Return to the office of the Commissioners, within one week from the date of the service of requisition in the manner described in section 367 of the Act.

3. Payment of purchase money for property sold, and delivery of the property, shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

4. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to be discharged after receipt of previous notice, or pay in advance, for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any persons failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For regulating the disposal of offensive matters, rubbish, and dead bodies of animals.

6. Every person within whose premises, or on whose land, any animal may die, shall, unless he can show reasonable excuse, within four hours after its death, or if the death occurs at night, within four hours after day-light, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcasses, or report its death to the conservancy overseer of the division within which such premises or land may be situated, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine, provided that in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer when called upon shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place, other than such places as may from time to time be appointed by the Commissioners for the reception of such carcasses.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the regulation and management of privies

8. Every owner, or occupier, of any house, land, or premises, from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of any night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs 5.

9 No privy shall be constructed except above ground, and all privies or premises must be provided with a suitable receptacle of metal or earthenware

The penalty for infringement, after notice, shall be a fine not exceeding Rs. 20.

10. On receipt of a notice from the Municipal Commissioners, the owner, or occupier, of any house, land, or premises, in, or on which any well-privy or other noxious or improperly constructed privy may be situated shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

11. No owner or occupier of any house, land, or premises, in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing waste or stagnant water) or into any other receptacle but one of the nature described in bye-law No. 9.

The penalty for infringement shall be a fine not exceeding Rs. 20.

12. No person shall suffer any offensive matter from any manufactory, place of business, house, stable, privy, or cook-house to flow into any road, jhora, canal, tank, or surface drain.

The penalty for infringement shall be a fine not exceeding Rs. 20. The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

13. No person shall carry night-soil through the streets except between the hours of 9 P.M. and 7 A.M., or otherwise than in a closely covered receptacle, or use any places other than those approved by the Commissioners for the purpose of depositing such night-soil.

The penalty for infringement shall be a fine not exceeding Rs. 20.

14. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises, if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease, provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

15. No person shall build, or cause to be built, or keep after prohibition by the Commissioners, any *latee*, privy, or urinal within ten feet of any public road or street, or in any compound so small as not to admit of that distance being maintained.

The penalty for infringement shall be a fine not exceeding Rs. 10. The penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

16. No person shall perform any office of nature in any place outside private premises other than such as may have been appointed by the Commissioners, provided that such places have been set apart by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For regulating traffic in the streets.

17. No owner of any carriage or cart shall allow it to be driven by a driver under 14 years of age.

The penalty for disobedience on the owner's part shall be a fine not exceeding Rs. 10.

18. No person shall, without the permission of the Commissioners, take an elephant along any of the public roads within the limits of the municipality, except by such routes as shall be fixed for the purpose by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

19. The Commissioners at a meeting may declare that certain roads are closed for carriages, carts, and other wheeled vehicles. Any person, or persons, after such notice, allowing his or their carriage, cart, or other wheeled vehicle, to enter on such road shall be liable to a fine not exceeding Rs. 20.

20. It shall be lawful for the Commissioners to forbid by notice the use of any road within municipal limits for the purpose of breaking, training, or exercising any animal.

The penalty for infringement shall be a fine not exceeding Rs. 5.

21. No person shall lead or drive, or cause to be led or driven, through any highway within municipal limits any horse, pony, mule, or donkey, unless it be properly secured with an iron bit.

The penalty for infringement shall be a fine not exceeding Rs. 10.

22. All carts, carriages, and other vehicles in motion shall be kept on the left hand side of the road.

The penalty for infringement shall be a fine not exceeding Rs. 5.

23. No cart, carriage, or other vehicle when yoked or harnessed shall be left without a driver.

The penalty for infringement shall be a fine not exceeding Rs. 5.

24. No person shall drive any carriage, or cart, drawn by horned cattle without reins properly fastened to the noses of the animals drawing the same.

The penalty for infringement shall be a fine not exceeding Rs. 5.

For regulating or prohibiting the use of fire-balloons, fire-works, fire-arms, or missiles in the vicinity of the public roads.

25. No person shall let off any fire-balloons, fire-works, fire-arms, or any missile in or near a public road without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

26. No person shall fire any mine or blast in or near a public road without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 20.

General Bye-Laws.

27. No person shall put, or cause to be put, on any house, or other building, any spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown, or fall, upon any public road or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5. The penalty for continued infringement after notice shall be a fine not exceeding Rupee 1 daily.

28. No person shall construct or place over, or by the side of, any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.

NOTIFICATION.

Under the provisions of section 56 of the Indian Emigration Act (VII of 1871) the Governor-General in Council is pleased to direct the substitution of the following for rules 1 and 7 of Schedule B of the rules relating to emigration from the port of Calcutta, which were published in the *Gazette of India* of the 22nd February 1873 :—

Rule 1.—*Ventilation of the between-decks.*

Besides hatches there must be provided air shafts, cowl-headed funnels or tubes, and one of Thiers's automatic ventilators with 10-inch cylinder, and such other additional means for affording light and ventilation to the space intended for the accommodation of the emigrants as the Protector and Medical Inspector of Emigrants may consider necessary. If there are any stern ports or side scuttles provided between-decks, they must be glazed, well fitted, about 14 inches apart, and as close to the upper-deck as possible.

Rule 7.—Ventilation of the hold.

Except in vessels fitted with ventilating masts, in which case a proportionate reduction may be allowed, there should be 6 steam pipes solidly and strongly put together of stout metal or wood and air tight, each at least 9 inches in diameter, fitted with cowl-heads, and leading from the hold to the open air on the upper-deck. There must also be a Thiers's automatic ventilator with 10-inch cylinder for the ventilation of the hold, and the automatic ventilator as well as the ventilating masts and steam pipes must be conveniently placed and so arranged as to carry off the steam from the cargo quite clear of the between-decks.

NOTIFICATION.

The 2nd July 1878.—The following bye-laws framed by the Commissioners of the Purulia Municipality under Section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under Section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by Section 314 and 315 of the said Act. The bye-laws are now published for general information.

For regulating the time and mode of collecting taxes.

1. ON the first day of each quarter, it shall be proclaimed by beat of drum that every tax-payer shall, within 10 days from the date of proclamation, pay in the office of the Municipal Commissioners the amount due from him for the quarter.

2. If the amount be not paid within such time, the collecting officer shall prepare a bill for presentation. The bill shall be prepared on the 16th, and at the same time a notice shall be served on the defaulter, and process of distraint shall not issue until after the expiration of 15 days from the date of the service of such notice.

3. Every process issued under the Act or under these bye-laws, relating to the collection of taxes, shall be executed by a collecting officer.

4. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; if the purchaser fails to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

5. Every collecting officer shall, at the end of each quarter, furnish the Commissioners with a return containing particulars under the following heads:—

Names of tax-payers.	Amount of tax.	Amount realized.	Outstanding.	Why outstanding.

6. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance, for

the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month on pain of forfeiture of one month's salary.

7. All persons now holding, or who may hereafter be appointed to, any offices under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within such time as the Commissioners may appoint shall be held to have thereby forfeited his appointment and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

8. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report the death of the animal to the municipal police office, and in such latter case shall pay on demand by the Commissioners the expense of removing the carcass at such rate as the Commissioners may determine, and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

9. No person shall deposit, or cause to be deposited, any carcass or any part of a carcass in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs 10.

10. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptable for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct

The penalty for infringement shall be a fine not exceeding Rs. 20.

11. No person shall carry night-soil through the streets, otherwise than in a closely covered receptacle of such description and pattern as shall be prescribed from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

For the regulation and management of privies..

12. Every owner or occupier of any house, land, or premises from any privy in which any night-soil, filth or other offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises, for the removal of any such night-soil, filth, or other offensive matter within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5 for each occasion on which access is refused.

13. All privies shall be constructed above ground, and shall be provided with suitable moveable receptacles of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

14. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy or other noxious, or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

15. No person shall open a privy without the written permission of the Commissioners. The owner of any privy shall be bound to keep it clean, and if he neglect or fail to do so, the Municipal Commissioners shall take steps for the purpose and shall recover the cost from him.

The penalty for infringement shall be a fine not exceeding Rs. 20.

16. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seems to them necessary to do so for the preservation of public health, or for the prevention of infection or spread of disease, provided that the Municipal Commissioners shall be bound to supply such deodorants, or disinfectants at cost price, and that the price shall be recoverable as a debt due to the Commissioners.

For regulating or prohibiting the use of fire-balloons, fire-works, fire-arms, or missiles in the vicinity of the public roads.

17. No one shall let off any fire-balloons, fire-works, fire-arms, or any missiles within municipal limits without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

Registration of births and deaths.

18. Every occupier of a house or premises within whose house or premises any birth or death of a human being shall occur shall be bound, within eight days of such occurrence,

to give notice of the same in such form as the Commissioners for the purposes of registration may from time to time require.

The penalty for infringement shall be a fine not exceeding Rs. 5.

GENERAL BYE-LAWS.

19. No person shall put or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such spout now in existence and to recover the costs as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

20. No person shall put up, or cause to be put up, any *tatti* in front of his house, so as to encroach on any public street or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5.

READ the following—

No. 1980, dated 22nd March 1878.

RESOLUTION—By the Government of India, Financial Department.

Read again—

Financial Resolution No. 3556, dated 19th October 1877.

RESOLUTION.—In order to eliminate from the category of "Money in the Government treasuries" and at credit of the Government in the Presidency Banks and their Branches," everything which is not actually available for immediate use as legal-tender in payment or on account, the Governor-General in Council is pleased to pass the following orders.

2. All legal-tender copper coin, and all silver coin which is legal-tender only for fractions of a rupee, shall be received in the first instance—

if coined at the Calcutta Mint—by the Comptroller-General, and

if coined at the Bombay Mint—by the Accountant-General, Bombay,

and shall be deposited in the Office of Issue of Paper Currency in Calcutta and Bombay respectively, where depôts of these coins shall be formed and supplied by the Mints from time to time upon the requisition of the Comptroller-General. Sub-depôts shall be formed, in like manner, at all the other Offices of Issue of Paper Currency, and at such other treasuries as the Comptroller-General may direct.

3. Legal-tender copper coin, and silver coin which is legal-tender for only fractions of a rupee, which may accumulate in any treasury or at any Presidency Bank or Branch of a Presidency Bank in excess of the current local demand for such coin, should, under the orders of the Comptroller-General, be at once returned into store in the nearest depôt or sub-depôt.

4. No copper or silver coin in store in such depôt or sub-depôts shall be reckoned as money, or included in any return of money in the public treasuries or at credit of the Government.

5. Legal-tender copper or small silver coins, to meet current local demands, will be supplied to treasuries from the nearest depôt or sub-depôt; but indents should not be made for such coin in excess of what is necessary to meet current local demands.

6. As soon as legal-tender copper coin or small silver coin is issued from a depôt or sub-depôt, it will be reckoned and treated as money; and as soon as any such coin is received into such depôt, it will cease to be treated as money. The net revenue from the copper coinage in any year will be reckoned upon the excess of the issues from the depôts

and sub-depôts over the receipts from the public, or the treasuries or banks under paragraph 3.

7. As soon as occasion offers, the contracts with the Presidency Banks should, with the concurrence of the Directors, be revised, so as to remove the distinction now made in respect to coin which is not legal-tender without limit of amount. These present orders will obviate the need of any such distinction.

Ordered that the above Resolution be published for general information.

ORDERED that this Resolution be communicated for information and guidance as follows:—

To the several local Governments and Administrations.
To the several Accountants-General and Deputy Accountants-General in independent charge.
To the Mint Masters, Calcutta and Bombay.
To the Secretary and Treasurer, Bank of Bengal.
Ditto ditto ditto Bombay.
Ditto ditto ditto Madras.

ESTABLISHMENT OF AN EXPRESS STEAM SERVICE BETWEEN DHUBRI AND DIBRUGARH.

No. 318.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

COMMERCE AND TRADE—MISCELLANEOUS.

Simla, the 13th June 1878.

NOTIFICATION.

IN view to improving the means of communication with Assam and assisting in the development of the trade of that Province, the Government of India desire the establishment

of a line of fast steamers between Dibrugarh and some point near Dhubri, and hereby invite tenders for such a service on the following conditions :—

Conditions of Service.

2. The steamers shall have the following dimensions, and be of the following character :—

Length over all 150 to 200 feet. Speed through the water, 15 miles an hour. Draft, when loaded, not to exceed 3 feet. Accommodation in addition to that for officers and crew—

1st class passengers	4
2nd ditto	8
Coolies	100
Cargo, in addition to coal for 24 hours, steaming full power	10 tons.

Consumption of good English coal, when going full speed, not to exceed 3lb. per indicated horse-power per hour.

The vessels shall have one flush deck covered with a wood and canvas roof.

The 1st and 2nd class passenger cabins shall be in a deck-house forward, and the passenger accommodation shall, as much as possible, be forward of the engines.

3. The lower terminus shall be at Dhubri, or such other place as may be rendered desirable by the opening of railway communication, a change in the course of the river, or other circumstances.

4. The upper terminus shall be at Dibrugarh. The intermediate stations shall be those at present touched at by steamers, or such others as commercial necessities, a change in the course of the river, or other circumstances, may, in the opinion of the Government of India, render desirable.

5. The upward journey between Dhubri as the lower terminus and Dibrugarh shall be made in five days, the downward journey in three and a half days; the time-table, subject to alteration by Government as may appear advisable, being as follows :—

UP.	DOWN.
Day 1st.—Anchor between Goálpára and Beshiaghat.	Day 1st.—Dhunsirimukh.
„ 2nd.—Gauháti.	„ 2nd.—Rangamati.
„ 3rd.—Tezpur.	„ 3rd.—Goálpára.
„ 4th.—Niggri Ting.	„ 4th.—Dhubri (by noon).
„ 5th.—Dibrugarh.	

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free :—

1st Class	...	...	... 4 maunds.
2nd ,,	...	...	... 2 ,,
3rd ,,	...	...	... 1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12 The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed.

18. Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 25, *dated the 1st July* 1878.

IT having been brought to the notice of the Court that applications for the refund of process fees paid under Article 4 (*d*), Parts II, III, and IV of the Process Fee Rules, issued with Circular Order No. 10, dated 27th February last, are frequently much delayed, judicial officers are requested to warn parties, by notice posted in some conspicuous place in their courts, that although no limit of time is prescribed for such applications, yet, as these can be granted only on view of the stamps originally filed, which are liable to be destroyed with the process record at the end of a year, there is a probability, in case delay be allowed to occur, that it may become impossible to obtain a refund of the money due.

Sheriff's Office, the 10th July 1878.

NOTICE is hereby given that the Seventh Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Wednesday, the Seventh day of August next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute.

(No. 19.)

Persian Gulf.

REPORTED SHOAL, N. N. E. OF BAHRAIN.

Information has been received from Her Majesty's Political Resident at Bushire that the Master of the British Barque *Oribe* has reported the discovery of a dangerous shoal patch in the Persian Gulf, in latitude 27° 27′ N., longitude 50° 59′ E.

The depth obtained on this shoal is not given, nor have any details been received as to how its position was determined.

As the shoal lies in the direct track of vessels, and as the whole of this portion of the Gulf is studded with dangers,—many of them being distinct pinnacles of rock or coral in deep water,—masters of vessels are cautioned to navigate with great care whilst in this neighbourhood.

By direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr. (late I. N.),*
Superintendent, Marine Survey of India.

MARINE SURVEY DEPARTMENT, CALCUTTA, 18th July 1878.

This Notice affects the following Admiralty Charts:—Persian Gulf No. 2837*b*; Indian Ocean, Sheet 2, northern portion, No. 748*b*; also, Admiralty Persian Gulf Pilot, page 125; and Taylor's Sailing Directory, Vol. I, page 249.

If this Notice is received on board ship, the substance of it should be inserted on the charts affected by it, and introduced into the sailing directions to which it relates.

NOTICE TO MARINERS.

(No. 20.)

Strait of Malacca—Salangore—Malay Coast.

ALTERATION OF COLOUR OF LIGHT AT KLANG STRAIT.

The following information has been received from the Colonial Secretary at Singapore:—

With reference to a notice published in the Straits Settlements Government Gazette on the 27th July 1877, relative to the exhibition of a light on Middle Point, Klang Strait, it is now notified that a permanent *Bright* light, instead of a *Red* light, as stated in the above notice, will be exhibited on the 20th August 1878, in lieu of the temporary light now shewn.

The light will be placed on a frame-work of timber; will be 30 feet above high water, and should be visible through an arc of 75°, or between the bearings of North by West to North-East by East ¾ East, from a distance of about 10 nautical miles.

The light is situated on the South-West point of Pulo Lumaut. Position, latitude 2° 52′ 25″ N., longitude 101° 14′ 28″ E

The following directions are published for general information:—Masters of vessels bound to Klang, or through the Klang Strait to Salangore River, or towards Penang, should bring the light to bear about North-North-East, and then steer North by East until the passage is open on a bearing of North-East ¼ North, which will lead into the fairway about mid-channel.

Shoals extend about a cable's length on each side of the entrance, but the passage being broad and safe, there is no occasion for a steamer to borrow on either shore, except when to keep inside, to avoid the strength of an adverse tide, whilst the lead forms a sure guide to sailing vessels beating through the Strait.

The tides during the height of the springs are rapid and somewhat irregular; the flood sets from the northward after the first quarter, the ebb from the South-South-West also after the first quarter. It is high water, full, and change at about 4 h., the rise and fall being from 10 to 12 feet.

[*Bearings are Magnetic and from Seaward. Variation*, 1° 30′ *Easterly in* 1878.]

By Direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr. (late I. N.)*,
Superintendent, Marine Survey of India.

NOTIFICATION.

The 15th July 1878.—The following bye-laws, framed by the Commissioners of the Municipality of Sewan, in the district of Sarun, under Section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under Section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred upon him by Sections 314 and 315 of the said Act. The bye-laws are now published for general information :—

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

1. Every person within whose premises any animal may die shall, within five hours after its death, or, if death occurs at night, within three hours after daylight, remove the carcass at his own expense outside the limits of the municipality, or to such place as may be set apart by the Commissioners for the purpose; or, if he prefer it, he shall report the fact to the town head constable, or the town overseer, who shall be bound to remove the carcass, and the expense of removal shall be recoverable as a debt due to the Commissioners. If the owner of the animal be known, he alone shall be liable for such expense.

The penalty for infringement shall be a fine not exceeding Rs. 10.

2. No person shall throw, deposit, or discharge any night-soil, sewage, or other filth into any river, tank, or receptacle for water. Such offensive matter shall be disposed of as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For regulating traffic in the streets.

3. Every carriage or ekka drawn by horses or ponies plying in the streets after one hour after sunset shall carry a light, except when, in the opinion of the Magistrate, there may be sufficient moonlight to render a light unnecessary.

The penalty for infringement shall be a fine not exceeding Rs. 5.

4. No person shall let loose any diseased or worn-out cattle on any public thoroughfare; and all persons shall take such precaution as to prevent the escape on to any public thoroughfare of cattle in their possession.

The penalty for infringement shall be a fine not exceeding Rs. 5.

For regulating the use of fire-works and fire-arms.

5. No person shall let off any fire-balloon, fire-work, fire-arm, bomb, or other missile in or near a public street unless he has previously obtained the consent of the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

NOTIFICATION.

The 16th July 1878.—The following bye-laws framed by the Commissioners of the Darjeeling Municipality under section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by sections 314 and 315 of the said Act. The bye-laws are now published for general information.

For regulating the time and mode of collecting the taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

2. Every person required in writing to furnish any Schedule or Return which the Commissioners may lawfully require him to furnish shall send such Schedule or Return to the office of the Commissioners, within one week from the date of the service of requisition in the manner described in section 367 of the Act.

3. Payment of purchase money for property sold, and delivery of the property, shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

4. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to be discharged after receipt of previous notice, or pay in advance, for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any persons failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For regulating the disposal of offensive matters, rubbish, and dead bodies of animals.

6. Every person within whose premises, or on whose land, any animal may die, shall, unless he can show reasonable excuse, within four hours after its death, or if the death occurs at night, within four hours after day-light, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcasses, or report its death to the conservancy overseer of the division within which such premises or land may be situated, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine, provided that in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer when called upon shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place, other than such places as may from time to time be appointed by the Commissioners for the reception of such carcasses.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the regulation and management of privies.

8. Every owner, or occupier, of any house, land, or premises, from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of any night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

9. No privy shall be constructed except above ground, and all privies or premises must be provided with a suitable receptacle of metal or earthenware.

The penalty for infringement, after notice, shall be a fine not exceeding Rs. 20.

10. On receipt of a notice from the Municipal Commissioners, the owner, or occupier, of any house, land, or premises, in, or on which any well-privy or other noxious or improperly constructed privy may be situated shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

11. No owner or occupier of any house, land, or premises, in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing waste or stagnant water) or into any other receptacle but one of the nature described in bye-law No. 9.

The penalty for infringement shall be a fine not exceeding Rs. 20.

12. No person shall suffer any offensive matter from any manufactory, place of business, house, stable, privy, or cook-house to flow into any road, jhora, canal, tank, or surface drain.

The penalty for infringement shall be a fine not exceeding Rs. 20. The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

Simla, the 28th June 1878.

NOTIFICATION.

Under the provisions of section 56 of the Indian Emigration Act (VII of 1871) the Governor-General in Council is pleased to direct the substitution of the following for rules 1 and 7 of Schedule B of the rules relating to emigration from the port of Calcutta, which were published in the *Gazette of India* of the 22nd February 1873 :—

Rule 1.—*Ventilation of the between-decks.*

Besides hatches there must be provided air shafts, cowl-headed funnels or tubes, and one of Thiers's automatic ventilators with 10-inch cylinder, and such other additional means for affording light and ventilation to the space intended for the accommodation of the emigrants as the Protector and Medical Inspector of Emigrants may consider necessary. If there are any stern ports or side scuttles provided between-decks, they must be glazed, well fitted, about 14 inches apart, and as close to the upper-deck as possible.

Rule 7.—*Ventilation of the hold.*

Except in vessels fitted with ventilating masts, in which case a proportionate reduction may be allowed, there should be 5 steam pipes solidly and strongly put together of stout metal or wood and air tight, each at least 9 inches in diameter, fitted with cowl-heads, and leading from the hold to the open air on the upper-deck. There must also be a Thiers's automatic ventilator with 10-inch cylinder for the ventilation of the hold, and the automatic ventilator as well as the ventilating masts and steam pipes must be conveniently placed and so arranged as to carry off the steam from the cargo quite clear of the between-decks.

NOTIFICATION.

ESTABLISHMENT OF AN EXPRESS STEAM SERVICE BETWEEN DHUBRI AND DIBRUGARH.

No. 318.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

COMMERCE AND TRADE—MISCELLANEOUS.

Simla, the 13th June 1878.

NOTIFICATION.

IN view to improving the means of communication with Assam and assisting in the development of the trade of that Province, the Government of India desire the establishment of a line of fast steamers between Dibrugarh and some point near Dhubri, and hereby invite tenders for such a service on the following conditions :—

Conditions of Service.

2. The steamers shall have the following dimensions, and be of the following character :—

Length over all 150 to 200 feet. Speed through the water, 15 miles an hour. Draft, when loaded, not to exceed 8 feet. Accommodation in addition to that for officers and crew—

1st class passengers	4
2nd ditto	8
Coolies	100
Cargo, in addition to coal for 24 hours, steaming full power	10 tons.

Consumption of good English coal, when going full speed, not to exceed 3lb. per indicated horse-power per hour.

The vessels shall have one flush deck covered with a wood and canvas roof.

The 1st and 2nd class passenger cabins shall be in a deck-house forward, and the passenger accommodation shall, as much as possible, be forward of the engines.

3. The lower terminus shall be at Dhubri, or such other place as may be rendered desirable by the opening of railway communication, a change in the course of the river, or other circumstances.

4. The upper terminus shall be at Dibrugarh. The intermediate stations shall be those at present touched at by steamers, or such others as commercial necessities, a change in the course of the river, or other circumstances, may, in the opinion of the Government of India, render desirable.

5. The upward journey between Dhubri as the lower terminus and Dibrugarh shall be made in five days, the downward journey in three and a half days; the time-table, subject to alteration by Government as may appear advisable, being as follows :—

UP.	DOWN.
Day 1st.—Anchor between Goálpára and Beshiaghat.	Day 1st.—Dhunsirimukh.
„ 2nd.—Gauháti.	„ 2nd.—Rangamati.
„ 3rd.—Tezpur.	„ 3rd.—Goálpára.
„ 4th.—Niggri Ting.	„ 4th.—Dhubri (by noon).
„ 5th.—Dibrugarh.	

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be

provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free :—

1st Class	...	...	... 4 maunds.
2nd „	..	...	... 2 „
3rd „	...	...	... 1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12 The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed.

18. Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL AND CRIMINAL.

No. 26, *dated the 8th July* 1878.

THE Court are pleased to warn all Judicial Officers, subject to their superintendence in the Lower Provinces and Assam, against permitting one Abdool Ali, lately practising as a Pleader in Chittagong, from practising as such in any Court, Civil or Criminal.

2. This man's claim to be admitted and enrolled as a Pleader under Act XX of 1875, on the ground that he was a Pleader of the late Sudder Court under Regulation XII of 1833, was disallowed by the High Court in 1871. It appears that, notwithstanding this, the late Judge of the 24-Pergunnahs (Mr. Beaufort) issued a certificate to him authorizing him to practise as a Pleader in that district, and that, subsequently, he went to Chittagong, where also he has, on the strength of this certificate, been allowed to practise. The proceedings of the late Judge were wholly unauthorized, and the Court has ordered the certificate to be cancelled accordingly.

CRIMINAL.

No. 6, *dated the 29th June* 1878.

WITH a view to secure uniformity and regularity in the manner in which orders are issued for the detention of juvenile offenders in a reformatory school under Act V of 1876, the Court is pleased to prescribe for general use the accompanying form of order, printed copies of which can be obtained on indent from the office of the Superintendent of Stationery.

Observations.—For many years past the Government of India have been anxious to equalise the burthen of salt taxation throughout the country. The rate of duty on salt has always been higher, and until the beginning of this year very much higher, in the Bengal Presidency than in the Presidencies of Madras and Bombay. In April 1861 the duty in the Lower Provinces of Bengal stood at Rs. 3-4 per maund, and in the Upper Provinces at Rs. 3 per maund, while in the Presidencies of Madras and Bombay it was only Re. 1-4 per maund.

2. In the Northern Provinces of India, moreover, the cost of salt was further relatively enhanced by the greater distances from the sources of supply, and the prices of the article to the consumer were consequently on the whole much higher than elsewhere.

3. The financial exigencies of the State did not admit of the loss of any part of the revenue derived from the salt duties, and it became obvious that the only practicable way of reducing the excessive prices in Northern India was to equalise the duties throughout the whole country, for the great differences of which in the several provinces there was no justification in principle.

4. In the five years ending 1877-78 the average annual quantity of salt taxed in British India was about 240 lakhs of maunds, and the average annual duty was about six crores of rupees, giving an average rate of Rs. 2-8 per maund. As the object of the Government was not to increase the total revenue from the salt duty, but only to maintain the amount which had been previously realized, a rate of Rs. 2-8 per maund was taken for general adoption.

5. The duties in Madras and Bombay have accordingly been gradually raised, until in December last they were fixed at Rs. 2-8 per maund. At the same time the duty in Bengal was reduced in the Lower Provinces to Rs. 3-2 and in the Upper Provinces to Rs. 2-12 per maund.

6. As announced in the financial statement of the present year, the Government of India has been in negotiation with the Native States of Rajputana and Central India with a view to the adoption of measures which should admit of the abolition of the Inland Customs line, the maintenance of which had been necessary to prevent the salt produced in those states from passing untaxed into Northern India, and to secure the full rate of duty on the importation of the less highly taxed salt of the south, as well as the export duty on British sugar.

7. These negotiations have now been brought to a close, and the arrangements which will ensue will permit of the early removal of the customs line. The sugar duties have already been abrogated, and the Government now finds itself in a position in which another important step may be taken towards the fulfilment of its policy of equalising the duties by making a further reduction of 4 annas per maund in the Bengal Presidency. Thus, throughout the greater part of British India a uniform duty of Rs. 2-8 per maund has now been arrived at.

8. The Government of India is sensible that the changes in the rates of duty which have been necessary in carrying out its policy could not be made without causing some disturbance in the salt trade, and it takes the occasion of the present reduction of duty to

announce that, so far as those provinces are concerned in which the duty has now been fixed at Rs. 2-8 per maund, the measure of equalisation may be regarded as complete and final, and that no further alteration is contemplated, the financial position of British India not admitting of the hope of a lower general rate than Rs. 2-8 per maund being adopted within any period that can now be foreseen.

9. The Governor-General in Council thinks that this statement is desirable in the interests of the salt trade, so that any uncertainty as to the future rate of duty on salt may be removed.

ORDER.—Ordered that the above Resolution be published in the *Gazette of India*.

A. O. HUME,
Secy. to the Govt. of India.

1. Every officer authorized to grant receipts should be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman or Vice-Chairman.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within fourteen days from the date of the service of the requisition in the manner described in Section 367 of the Act.

3. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For Regulating the Conduct of Persons employed by the Commissioners.

4. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice of one month, or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

6. Every person within whose premises any animal may die shall, within six hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated; and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the Regulation and Management of Privies.

8. Every owner or occupier of any house, land, or privies from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the municipality to his house, land, or premises for the removal of any night-soil or filth within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

9. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable movable receptacle of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

10. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy, or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

11. No owner or occupier of any house, land, or premises, in or on which a privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow or excavations (or any place con-

taining waste and stagnant water), or into any other receptacle but one of the nature described in Bye-law 9.

The penalty for infringement shall be a fine not exceeding Rs. 20.

12. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

13. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid or other deodorants or disinfectants in any privy or premises if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease; provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners. The necessity for such action to be certified by Civil Surgeon.

14. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

NOTIFICATION.

The 6th August 1878.—The following bye-laws, framed by the Commissioners of the Jungypore Municipality, in the district of Moorshedabad, under Section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under Section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal, in the exercise of the powers conferred on him by Sections 314 and 315 of the said Act. The bye-laws are now published for general information:—

I.—*For Regulating the disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.*

1. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after sunrise, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of carcasses of animals, or report its death to the conservancy overseer, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. The overseer, when called upon, shall not neglect to remove a carcass.

The penalty for infringement shall be a fine which may extend to Rs. 10.

2. No person shall deposit, or cause to be deposited, any carcass or any part of a carcass, in any place other than such place as may from time to time be appointed by the Commissioners for the reception of carcasses.

The penalty for infringement shall be a fine which may extend to Rs. 10.

II.—*For the Regulation and Management of Privies.*

3. Any owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the Municipality to his house, land, or premises for the removal of any night-soil or filth, within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine which may extend to Rs. 5.

4. Every sweeper employed by the owner or occupier of any house, land, or premises for the removal of offensive matter from such house, land, or premises shall be subject to the orders and control of the Municipal Commissioners in respect of the removal and disposal of such offensive matter.

Provided that such owner or occupier shall be responsible jointly with the sweepers, so employed by him, for the due observance of the laws, bye-laws, and orders of the Municipal Commissioners so far as regards the house, land, or premises owned or occupied by him.

5. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable movable receptacle of earthenware.

The penalty for infringement after notice shall be a fine which may extend to Rs. 20.

6. Whenever it shall appear to the Municipal Commissioners that a privy is noxious or improperly constructed, it shall be lawful for them to issue a notice on the owner or occupier of any house, land, or premises, in or on which such privy may be situated, directing him to fill up, close, or otherwise alter the construction of such privy as may seem to them proper; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter such privy in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

7. No owner or occupier of any premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law 5.

The penalty for infringement shall be a fine which may extend to Rs. 20.

8. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter, in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine which may extend to Rs. 20.

III.—*For Regulating Traffic in the Streets.*

9. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights, except when in the opinion of the Magistrate there may be sufficient moonlight to render such light or lights unnecessary.

The penalty for infringement shall be a fine which may extend to Rs. 2.

IV.—*General Bye-Laws.*

10. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public thoroughfare.

The penalty for infringement after notice shall be a fine which may extend to Rs. 5.

11. It shall be lawful for the Municipal Commissioners to issue a notice to the owner or occupier of any house or building on which there may already be any such spout, or other thing intended for the conveyance of water, as is described in bye-law 10, directing him to remove or alter such spout or other thing; and if the orders contained in the notice be not carried out within 10 days, the Commissioners may remove or alter such spout or other thing in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

12. No person shall construct or place over any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Municipal Commissioners, and in such manner as they shall direct; and in the case of such bridges, platforms, buildings, and structures now in existence, the Commissioners shall have power to issue a notice to the owner or occupier of any such bridge, platform, building, or structure, directing such alterations as they may think proper.

The penalty for infringement shall be a fine which may extend to Rs. 10. The penalty for continued infringement after notice shall be a daily fine which may extend to Rs. 3.

13. If any house, wall, or other erection, or any part thereof, fall upon any public road or thoroughfare, or into any public drain, the owner of such house, wall, or erection, shall remove it, after notice, within the time prescribed by the Municipal Commissioners.

The penalty for infringement after notice shall be a fine which may extend to Rs. 10. The penalty for continued infringement after notice shall be a daily fine which may extend to Rs. 5.

14. If it shall appear to the Municipal Commissioners at a meeting that any hollow or excavation in the land or premises of any person within the limits of the Municipality, is offensive or prejudicial to public health, they shall have power to serve a notice on the owner or occupier of such lands or premises to abate the nuisance, by filling up the hollows or excavations, or to take such other course not inconsistent with the provisions of the Municipal laws as to the Commissioners shall seem fit; and in the event of the occupier or owner of such land or premises refusing or omitting to comply with the requisition of the Commissioners within a reasonable time, to be set forth in the notice, they shall themselves carry out the work and may recover the cost from the owner.

15. No person shall bury, or cause to be buried, in any burial ground any corpse or part of a corpse in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

The penalty for infringement shall be a fine which may extend to Rs. 10.

16. No person shall bury, or cause to be buried, in any burial ground any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

The penalty for infringement shall be a fine which may extend to Rs. 10.

17. No one shall carry a corpse, or part of a corpse, through any public road or thoroughfare unless it be decently covered and entirely concealed from public view.

The penalty for infringement shall be a fine which may extend to Rs. 10.

CAPE OF GOOD HOPE.—SOUTH COAST.

NOTICE TO MARINERS.

It is hereby notified that a Light Tower is being built about two hundred to three hundred yards within the pitch of a low point (Seal Point), situated one and three quarter miles westward of Cape St Francis, to be hereafter called "Cape St. Francis Lighthouse."

The tower is a cylindrical stone structure, ninety-one feet high, with keeper's quarters attached at base, and is situated in latitude 34° 22′ 30″ south and longitude 24° 50′ 20″ east of Greenwich. It is intended to display a second order Holophotal Revolving White Light, flashing at intervals of twenty seconds, with focal plane one hundred and one and a half feet above the base of the tower, and one hundred and eighteen feet above the level of high water.

The light will be visible in clear weather about sixteen and three quarter sea miles from the deck of a vessel fifteen feet above the sea. It will command the coast uninterruptedly to the westward, but will be cut off to the eastward by Cape St. Francis on the line N. 53° E. true, or would not be visible from the eastward on a bearing more southerly than S. 53° W. true.

The nearest existing lights are Cape Recif, about forty-five miles to the eastward, and Mossel Bay (Cape St. Blaize), about one hundred and thirty-three miles to the westward.

The tower will probably be ready for the reception of the Lenticular about January 1878, and the light may probably be exhibited some time between 1st March and 30th April 1878, of which due and precise notice will be given.

JAMES FORDE, *Chief Inspector of Public Works.*

PUBLIC WORKS OFFICE, CAPE TOWN, 17th July 1877.

GOVERNMENT NOTICE.—No 318, 1878.

Office of the Commissioner of Crown Lands and Public Works, 29th April 1878.

WITH reference to the above notice, it is now hereby further notified that the tower is in all respects completed and ready for the reception of the apparatus; that a fracture having occurred to certain portions of the latter during transport, the expected exhibition of the light was unavoidably delayed

Mariners and others are now informed that the light will almost certainly be exhibited about on and after the 15th June next, 1878; and that the tower already is a conspicuous available day mark. JOHN LAING, *Commissioner of Crown Lands and Public Works.*

Persian Gulf.

REPORTED SHOAL, N. N. E. OF BAHRAIN.

Information has been received from Her Majesty's Political Resident at Bushire that the Master of the British Barque *Oribe* has reported the discovery of a dangerous shoal patch in the Persian Gulf, in latitude 27° 27′ N., longitude 50° 59′ E.

The depth obtained on this shoal is not given, nor have any details been received as to how its position was determined.

As the shoal lies in the direct track of vessels, and as the whole of this portion of the Gulf is studded with dangers,—many of them being distinct pinnacles of rock or coral in deep water,—masters of vessels are cautioned to navigate with great care whilst in this neighbourhood.

By direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr. (late I. N.),*
Superintendent, Marine Survey of India.

MARINE SURVEY DEPARTMENT, CALCUTTA, 18th July 1878.

This Notice affects the following Admiralty Charts:—Persian Gulf. No. 2837*b*; Indian Ocean, Sheet 2, northern portion, No. 748*b*; also, Admiralty Persian Gulf Pilot, page 125; and Taylor's Sailing Directory, Vol. I, page 249.

If this Notice is received on board ship, the substance of it should be inserted on the charts affected by it, and introduced into the sailing directions to which it relates.

NOTICE TO MARINERS.

(No. 20.)

Strait of Malacca—Salangore—Malay Coast.

ALTERATION OF COLOUR OF LIGHT AT KLANG STRAIT.

The following information has been received from the Colonial Secretary at Singapore:—

With reference to a notice published in the Straits Settlements Government Gazette on the 27th July 1877, relative to the exhibition of a light on Middle Point, Klang Strait, it is now notified that a permanent *Bright* light, instead of a *Red* light, as stated in the above notice, will be exhibited on the 20th August 1878, in lieu of the temporary light now shewn.

The light will be placed on a frame-work of timber; will be 30 feet above high water, and should be visible through an arc of 75°, or between the bearings of North by West to North-East by East ½ East, from a distance of about 10 nautical miles.

The light is situated on the South-West point of Pulo Lumaut. Position, latitude 2° 52′ 25″ N., longitude 101° 14′ 28″ E.

The following directions are published for general information:—Masters of vessels bound to Klang, or through the Klang Strait to Salangore River, or towards Penang, should bring the light to bear about North-North-East, and then steer North by East until the passage is open on a bearing of North-East ½ North, which will lead into the fairway about mid-channel.

Shoals extend about a cable's length on each side of the entrance, but the passage being broad and safe, there is no occasion for a steamer to borrow on either shore, except when fairly inside, to avoid the strength of an adverse tide, whilst the lead forms a sure guide to sailing vessels beating through the Strait.

The tides during the height of the springs are rapid and somewhat irregular; the flood sets from the northward after the first quarter, the ebb from the South-South-West also after the first quarter. It is high water, full, and change at about 4 h., the rise and fall being from 10 to 12 feet.

[*Bearings are Magnetic and from Seaward. Variation*, 1° 30′ *Easterly in* 1878.]

By Direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr.* (*late I. N.*),
Superintendent, Marine Survey of India.

MARINE SURVEY DEPARTMENT, CALCUTTA, 18*th July* 1878.

This Notice will affect the following Admiralty Charts :—North and South Sands, Strait of Malacca, No. 794*a*, Pulo Penang to Parcelor Hill, No. 793*b*; Strait of Malacca, Sheet 2, No. 1355; and Indian Ocean, northern portion, No. 748*b*; also, Indian Marine Survey and Admiralty Light-lists (1878), and China Sea Directory, Vol I (1878), page 69.

If this Notice is received on boardship, the substance of it should be inserted on the Charts affected by it, and introduced into the Sailing Directions to which it relates.

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free :—

1st Class	...	...	... 4 maunds.
2nd „	...	...	... 2 „
3rd „	...	...	... 1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12. The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed.

18. Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender.

Notification No. 225, dated the 31st July 1878.

Observations.—For many years past the Government of India have been anxious to equalise the burthen of salt taxation throughout the country. The rate of duty on salt has always been higher, and until the beginning of this year very much higher, in the Bengal Presidency than in the Presidencies of Madras and Bombay. In April 1861 the duty in the Lower Provinces of Bengal stood at Rs. 3-4 per maund, and in the Upper Provinces at Rs. 3 per maund, while in the Presidencies of Madras and Bombay it was only Re. 1-4 per maund.

2. In the Northern Provinces of India, moreover, the cost of salt was further relatively enhanced by the greater distances from the sources of supply, and the prices of the article to the consumer were consequently on the whole much higher than elsewhere.

3. The financial exigencies of the State did not admit of the loss of any part of the revenue derived from the salt duties, and it became obvious that the only practicable way of reducing the excessive prices in Northern India was to equalise the duties throughout the whole country, for the great differences of which in the several provinces there was no justification in principle.

4. In the five years ending 1877-78 the average annual quantity of salt taxed in British India was about 240 lakhs of maunds, and the average annual duty was about six crores of

rupees, giving an average rate of Rs. 2-8 per maund. As the object of the Government was not to increase the total revenue from the salt duty, but only to maintain the amount which had been previously realized, a rate of Rs. 2-8 per maund was taken for general adoption.

5. The duties in Madras and Bombay have accordingly been gradually raised, until in December last they were fixed at Rs. 2-8 per maund. At the same time the duty in Bengal was reduced in the Lower Provinces to Rs. 3-2 and in the Upper Provinces to Rs. 2-12 per maund.

6. As announced in the financial statement of the present year, the Government of India has been in negotiation with the Native States of Rajputana and Central India with a view to the adoption of measures which should admit of the abolition of the Inland Customs line, the maintenance of which had been necessary to prevent the salt produced in those states from passing untaxed into Northern India, and to secure the full rate of duty on the importation of the less highly taxed salt of the south, as well as the export duty on British sugar.

7. These negotiations have now been brought to a close, and the arrangements which will ensue will permit of the early removal of the customs line. The sugar duties have already been abrogated, and the Government now finds itself in a position in which another important step may be taken towards the fulfilment of its policy of equalising the duties by making a further reduction of 4 annas per maund in the Bengal Presidency. Thus, throughout the greater part of British India a uniform duty of Rs. 2-8 per maund has now been arrived at

8. The Government of India is sensible that the changes in the rates of duty which have been necessary in carrying out its policy could not be made without causing some disturbance in the salt trade, and it takes the occasion of the present reduction of duty to announce that, so far as those provinces are concerned in which the duty has now been fixed at Rs. 2-8 per maund, the measure of equalisation may be regarded as complete and final, and that no further alteration is contemplated, the financial position of British India not admitting of the hope of a lower general rate than Rs. 2-8 per maund being adopted within any period that can now be foreseen.

9. The Governor-General in Council thinks that this statement is desirable in the interests of the salt trade, so that any uncertainty as to the future rate of duty on salt may be removed.

ORDER.—Ordered that the above Resolution be published in the *Gazette of India*.

A. O. HUME,
Secy. to the Govt. of India.

NOTIFICATION.

The 5th August 1878.—The following bye-laws, framed by the Commissioners of the Cuttack Municipality under Section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under Section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercies of the powers conferred on him by Sections 314 and 315 of the said Act. The bye-laws are now published for general information :—

For Regulating the Time and Mode of Collecting Taxes.

1. Every officer authorized to grant receipts should be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman or Vice-Chairman.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within fourteen days from the date of the service of the requisition in the manner described in Section 367 of the Act.

3. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For Regulating the Conduct of Persons employed by the Commissioners.

4. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice of one month, or pay in advance for the period of one month; and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

6. Every person within whose premises any animal may die shall, within six hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated; and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the Regulation and Management of Privies.

8. Every owner or occupier of any house, land, or privies from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the municipality to his house, land, or premises for the removal of any night-soil or filth within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

9. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable movable receptacle of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

10. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy, or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

11. No owner or occupier of any house, land, or premises, in or on which a privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow or excavations (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in Bye-law 9.

The penalty for infringement shall be a fine not exceeding Rs. 20.

12. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

13. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid or other deodorants or disinfectants in any privy or premises if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease; provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners. The necessity for such action to be certified by Civil Surgeon.

14. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

For Regulating Traffic in the Streets.

15. Every carriage or cart plying on the streets after one hour after sunset shall carry a light or lights.

The penalty for infringement shall be a fine not exceeding Rs. 5.

16. No person shall, without the permission of the Commissioners, take an elephant or camel along any of the public roads within the limits of the municipality except by such routes as shall be fixed for the purpose by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

For Regulating or Prohibiting the Use of Fire-balloons, Fire-works, Fire-arms, or Missiles in the vicinity of public roads.

17. No one shall let off any fire-balloons, fire-works, fire-arms, or any missiles in or near a public street without permission and within the hours prescribed by the Chairman or Vice-Chairman previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

General Bye-laws.

18. No person shall so extend the slope of the roof of any house, or put or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such projection or spout or other thing now or hereafter in existence, and to recover the costs as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

19. No person shall construct or place over, or by the side of, any public drain any bridge, platform, building or structure of any kind except by and with the written permission of the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs 10. The penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

20. If any house, wall, or other erection, or any other part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for disobedience shall be a fine not exceeding Rs. 10. The penalty for continued disobedience after notice shall be a fine not exceeding Rs. 5 daily.

21. No person shall prepare any channel or convey water by any channel across any public thoroughfare except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10. The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

22. No person shall steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboos, or other vegetable matter likely to render the water of such river, khal, tank, or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5. The penalty for infringement after notice shall be a fine not exceeding Rs. 2 daily.

23. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all times allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

The penalty for infringement shall be a fine not exceeding Rs. 10. The penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

24. No person shall bury, or cause to be buried, any corpse or part of a corpse in any burial ground in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

The penalty for infringement shall be a fine not exceeding Rs. 10.

NOTIFICATION.

The 6th August 1878.—The following bye-laws, framed by the Commissioners of the Jungypore Municipality, in the district of Moorshedabad, under Section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under Section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal, in the exercise of the powers conferred on him by Sections 314 and 315 of the said Act. The bye-laws are now published for general information:—

I.—*For Regulating the disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.*

1. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after sunrise, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of carcasses of animals, or report its death to the conservancy overseer, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. The overseer, when called upon, shall not neglect to remove a carcass.

The penalty for infringement shall be a fine which may extend to Rs. 10.

2. No person shall deposit, or cause to be deposited, any carcass or any part of a carcass, in any place other than such place as may from time to time be appointed by the Commissioners for the reception of carcasses.

The penalty for infringement shall be a fine which may extend to Rs. 10.

II.—*For the Regulation and Management of Privies.*

3. Any owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier shall give free access to the servants of the Municipality to his house, land, or premises for the removal of any night-soil or filth, within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine which may extend to Rs. 5.

4. Every sweeper employed by the owner or occupier of any house, land, or premises for the removal of offensive matter from such house, land, or premises shall be subject to the orders and control of the Municipal Commissioners in respect of the removal and disposal of such offensive matter.

Provided that such owner or occupier shall be responsible jointly with the sweepers, so employed by him, for the due observance of the laws, bye-laws, and orders of the Municipal Commissioners so far as regards the house, land, or premises owned or occupied by him.

5. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable movable receptacle of earthenware.

The penalty for infringement after notice shall be a fine which may extend to Rs. 20.

6. Whenever it shall appear to the Municipal Commissioners that a privy is noxious or improperly constructed, it shall be lawful for them to issue a notice on the owner or occupier of any house, land, or premises, in or on which such privy may be situated, directing him to fill up, close, or otherwise alter the construction of such privy as may seem to them proper; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter such privy in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

7. No owner or occupier of any premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law 5.

The penalty for infringement shall be a fine which may extend to Rs. 20.

8. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter, in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine which may extend to Rs. 20.

III.—*For Regulating Traffic in the Streets.*

9. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights, except when in the opinion of the Magistrate there may be sufficient moonlight to render such light or lights unnecessary.

The penalty for infringement shall be a fine which may extend to Rs. 2.

IV.—*General Bye-Laws.*

10. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public thoroughfare.

The penalty for infringement after notice shall be a fine which may extend to Rs. 5.

11. It shall be lawful for the Municipal Commissioners to issue a notice to the owner or occupier of any house or building on which there may already be any such spout, or other thing intended for the conveyance of water, as is described in bye-law 10, directing him to remove or alter such spout or other thing; and if the orders contained in the notice be not carried out within 10 days, the Commissioners may remove or alter such spout or other thing in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

12. No person shall construct or place over any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Municipal Commissioners, and in such manner as they shall direct; and in the case of such bridges, platforms, buildings, and structures now in existence, the Commissioners shall have power to issue a notice to the owner or occupier of any such bridge, platform, building, or structure, directing such alterations as they may think proper.

The penalty for infringement shall be a fine which may extend to Rs. 10. The penalty for continued infringement after notice shall be a daily fine which may extend to Rs. 3.

13. If any house, wall, or other erection, or any part thereof, fall upon any public road or thoroughfare, or into any public drain, the owner of such house, wall, or erection, shall remove it, after notice, within the time prescribed by the Municipal Commissioners.

The penalty for infringement after notice shall be a fine which may extend to Rs. 10. The penalty for continued infringement after notice shall be a daily fine which may extend to Rs. 5.

14. If it shall appear to the Municipal Commissioners at a meeting that any hollow or excavation in the land or premises of any person within the limits of the Municipality, is offensive or prejudicial to public health, they shall have power to serve a notice on the owner or occupier of such lands or premises to abate the nuisance, by filling up the hollows or excavations, or to take such other course not inconsistent with the provisions of the Municipal laws as to the Commissioners shall seem fit; and in the event of the occupier or owner of such land or premises refusing or omitting to comply with the requisition of the Commissioners within a reasonable time, to be set forth in the notice, they shall themselves carry out the work and may recover the cost from the owner.

15. No person shall bury, or cause to be buried, in any burial ground any corpse or part of a corpse in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

The penalty for infringement shall be a fine which may extend to Rs. 10.

16. No person shall bury, or cause to be buried, in any burial ground any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

The penalty for infringement shall be a fine which may extend to Rs. 10.

17. No one shall carry a corpse, or part of a corpse, through any public road or thoroughfare unless it be decently covered and entirely concealed from public view.

The penalty for infringement shall be a fine which may extend to Rs. 10.

The 30th July 1878.—The Lieutenant-Governor is pleased to order the publication of the following notification for general information. A. MACKENZIE,
Secy. to the Govt. of Bengal.

CAPE OF GOOD HOPE.—SOUTH COAST.

NOTICE TO MARINERS.

It is hereby notified that a Light Tower is being built about two hundred to three hundred yards within the pitch of a low point (Seal Point), situated one and three quarter miles westward of Cape St. Francis, to be hereafter called "Cape St. Francis Lighthouse."

The tower is a cylindrical stone structure, ninety-one feet high, with keeper's quarters attached at base, and is situated in latitude 34° 22′ 30″ south and longitude 24° 50′ 20″ east of Greenwich. It is intended to display a second order Holophotal Revolving White Light, flashing at intervals of twenty seconds, with focal plane one hundred and one and a half feet above the base of the tower, and one hundred and eighteen feet above the level of high water.

The light will be visible in clear weather about sixteen and three-quarter sea miles from the deck of a vessel fifteen feet above the sea. It will command the coast uninterruptedly to the westward, but will be cut off to the eastward by Cape St. Francis on the line N. 53° E. true, or would not be visible from the eastward on a bearing more southerly than S. 53° W. true.

The nearest existing lights are Cape Recif, about forty-five miles to the eastward, and Mossel Bay (Cape St. Blaize), about one hundred and thirty-three miles to the westward.

The tower will probably be ready for the reception of the Lenticular about January 1878, and the light may probably be exhibited some time between 1st March and 30th April 1878, of which due and precise notice will be given.

JAMES FORDE, *Chief Inspector of Public Works.*

PUBLIC WORKS OFFICE, CAPE TOWN, 17th July 1877.

GOVERNMENT NOTICE.—No 318, 1878.

Office of the Commissioner of Crown Lands and Public Works, 29th April 1878.

WITH reference to the above notice, it is now hereby further notified that the tower is in all respects completed and ready for the reception of the apparatus; that a fracture having occurred to certain portions of the latter during transport, the expected exhibition of the light was unavoidably delayed

Mariners and others are now informed that the light will almost certainly be exhibited about on and after the 15th June next, 1878; and that the tower already is a conspicuous available day mark. JOHN LAING, *Commissioner of Crown Lands and Public Works.*

ACCOUNTS.

Simla, the 25th July 1878.

READ again—

Financial Resolution No. 2055, dated 25th July 1877, directing that no money shall be removed from the Public Treasury *for investment* without the sanction of the Government of India, and pointing out that this Rule applies to Local Fund balances as much as to Provincial Funds.

Financial Resolution No. 680, dated 4th February 1878, exempting Dispensary Funds from the operation of the foregoing orders.

RESOLUTION.—The Governor-General in Council observes that there has been some misunderstanding of the intentions of the Government of India in respect to the investment of Local Fund balances, and that it is necessary to state clearly the principle on which the orders of 25th July 1877 were based That principle is, that no funds contributed from the public revenues, or raised by general taxation, such as the District Cess Funds, and the like, shall be invested without the consent of the Government of India. Thus the orders of July 1877 do not apply to Municipal or Port Funds, nor do they apply to Trust or Endowment Funds of any kinds.

NOTIFICATION.

The 19th August 1878.—The following rules for the working of the Treasure Trove Act (VI of 1878) are approved by the Lieutenant-Governor and published for general information under Section 19 of the said Act :—

The notification under Section 5(*a*) shall be published at the Collector's cutcherry, subdivisional cutcherry, moonsif's cutcherry and police-station within the jurisdiction of which the treasure was found, and at some conspicuous spot in the village in which it was found.

2. On receipt of any application under Section 4, or on receipt of information from any person other than the finder that treasure had been found, the Collector shall report the fact to the Commissioner, stating—

(1) Name of finder;
(2) Nature of treasure;
(3) Approximate value;
(4) Date of finding;
(5) Whether it is recommended that Government should acquire the treasure under Section 16 (when the treasure consists of coin).

A copy of this report shall be sent to the Asiatic Societies of Calcutta and Bombay for information, it having been decided that unless there is some strong reason to the contrary, whenever two or more coins of the same kind are found, the Society may be allowed the option of purchasing one of them.

3. In the case of information being given by a person other than the finder, the Collector shall issue a notice on the person informed against, to show cause why he should not be prosecuted for not giving the required notice; and in the event of no cause being shewn, the Collector shall take such further action as may seem expedient.

4. On receipt of the Collector's report the Commissioner will, if he thinks the property ought to be acquired by Government, report the case for the orders of the Board of Revenue.

5. All notices under Section (5) should be served at the cost of Government.

6. All fines levied under this Act shall be credited to Land Revenue "Miscellaneous," and any treasure which vests in Government under Section 20 or 21 shall, unless it be such as it is thought advisable for Government to retain, be sold by public auction to the highest bidder under the orders of the Commissioner, and the proceeds be credited to the above head.

7. All Commissioners and Collectors should append a paragraph to their land revenue annual reports, stating whether any applications have been presented during the year under report under Section 4, or any proceedings taken before the Magistrate under Section 20 or 21.

NOTIFICATION.

The 19th August 1878.—The following notification by the Government of India in the Financial Department, declaring that the Opium Act, 1878, shall come into force in the territories under the Lieutenant-Governor of Bengal from the 21st August 1878, is published for general information :—

No. 2892.

FINANCIAL DEPARTMENT.

SEPARATE REVENUE—OPIUM.

NOTIFICATION.

Simla, the 16th August 1878.—In exercise of the powers vested in him by Section 1 of the Opium Act, 1878, the Governor-General in Council is pleased to declare that the aforesaid Act shall come into force in the territories administered by the Lieutenant-Governor of Bengal with effect from the 21st August 1878.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

IN exercise of the powers conferred by Sections 5 and 13 of the Opium Act, 1878, the Lieutenant-Governor of Bengal has made the following Rules, which have received the sanction of the Governor-General in Council, and are now published as required by the Act. Excepting as in any case expressly limited, these Rules apply to all the territories administered by the Lieutenant-Governor of Bengal.

Interpretation-clause.

I. In these Rules, unless there be something repugnant in the subject or context—

(1) "Board" means the Board of Revenue for the Provinces for the time being subject to the Lieutenant-Governor of Bengal:
(2) "Commissioner" means the Commissioner of a Revenue Division:
(3) "Collector" includes a Deputy Collector or other Revenue Officer in independent charge of a district and a Superintendent of Excise Revenue:
(4) "Preventive-officer" means any officer of any of the departments mentioned in Section 14 of the Opium Act:
(5) "Intendant" means any officer in charge of Government opium stores at Calcutta:
(6) "Farmer" means a person who has obtained from the Collector a farm under Rule XXXVIII or XLIII.
(7) "Licensed-vendor" means a person who has obtained a license for retail sale under Rules XXXIV, XXXVI, XL, and XLIII.
(8) "Retail sale" means the sale of any quantity of opium or intoxicating drugs not exceeding five tolas, and of any quantity of poppy-heads not exceeding five seers:
(9) "Opium" means the inspissated juice of the poppy:
(10) "Intoxicating drugs" includes madak and chandu, and every preparation and admixture thereof, and kafa, and all other intoxicating or narcotic preparations of opium and of the poppy, but does not include poppy-heads:
(11) "Poppy-heads" means the dry capsules of the poppy plant:
(12) the words "import," "export," and "transport" have the respective meanings assigned to them in the Opium Act, 1878.
(13) "Bengal" means the territories administered by the Lieutenant-Governor of Bengal:
(14) "India" means the country included within the British frontier lines on the extreme west, north, and east of British India.

II. Rules XIV to XXVIII apply only to Calcutta; the remaining Rules apply to all the territories for the time being subject to the Lieutenant-Governor of Bengal, including Calcutta.

Manufacture.

III. The manufacture of opium, except by the Government or by a cultivator licensed under Act XIII of 1857 for delivery to the Government, and the manufacture of more than five tolas weight of intoxicating drugs without a license from the Collector or a farmer granted under these Rules, are prohibited.

Possession.

IV. Except as provided in Rule V—
(1) no person shall have in his possession any opium other than opium purchased from the Government or from a farmer or licensed-vendor:
(2) no person, not being a farmer, licensed-vendor, or medical practitioner, shall have in his possession more than five tolas of opium or intoxicating drugs, or more than five seers of poppy-heads.

V. Rule IV does not apply to—
(1) Travellers and visitors from foreign countries beyond the boundaries of India having in their possession any quantity of opium produced in such foreign territory, or intoxicating drugs prepared therefrom, not exceeding two seers in all for the whole party;

intended for the personal use of such travellers and visitors or their attendants, and not for sale or barter:

(2) foreign horse-dealers entering India with their horses, having in their possession opium produced in such foreign territory, or intoxicating drugs prepared thereform, limited to ten tolas weight per horse:

(3) opium, intoxicating drugs, or poppy-heads in transit covered by a pass under these Rules:

(4) cultivators duly licensed under Act XIII of 1857 having newly extracted opium in their possession during the usual period between the full growth of the poppy and the delivery of the produce to the opium agent.

VI. The Collector may grant to any medical practitioner residing within his district a license in Form I appended to these Rules for the possession and retail of opium, intoxicating drugs, and poppy-heads for medical purposes only: provided that such medical practitioner shall not have in his possession at one time more than a seer of either opium or intoxicating drugs, and more than ten seers of poppy-heads.

Transport.

VII. When a farmer or licensed-vendor desires to transport opium, intoxicating drugs, or poppy-heads, he shall obtain for each consignment a pass from the Collector in such form as the Board may from time to time prescribe.

The pass shall specify—

(1) the time within which the transport shall be effected;
(2) the place from which the consignment is to be transported;
(3) the name of the person in charge of the consignment;
(4) the name of the consignee;
(5) the number of packages, and the weight and contents of each; and
(6) the place to which the consignment is to be transported.

Each package in every such consignment shall be stamped in the presence of the officer granting the pass with his official seal.

VIII. The bulk of a consignment shall not be broken during transport.

IX. The Collector may make it a condition of the pass that the bulk of the consignment for which it is granted shall not be broken until after the consignment shall have been examined at the place to which it is carried by an officer deputed or authorised by the Collector for that purpose. Provided that such examination shall be made within seven days from the date on which the Collector is informed of the arrival of the consignment.

X. If any officer competent to exercise the powers of seizure, detention, and search under Sections 14 and 15 of the Opium Act, finds that the packages are fewer, or the amount of opium and intoxicating drugs less (by more than the dryage allowance of one-quarter per cent.) than the number or amount specified in the pass, he shall immediately report the circumstances to the Collector, who will decide whether a prosecution shall, or shall not, be instituted.

Import.

XI. Opium, intoxicating drugs, or poppy-heads may be imported into Bengal,—

(*a*) by Government for its own purposes;
(*b*) by the persons described in clauses 1 and 2 of Rule VI in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium.

Export.

XII. Opium, intoxicating drugs, or poppy-heads may be exported from Bengal—

(*a*) by Government for its own purposes;
(*b*) by the persons described in clauses 1 and 2 of Rule V in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium;

(*c*) to the territories under the Government of Chandernagore under the conditions specified in Rule XIII;

(*d*) by sea from the Port of Calcutta in the manner provided by Rules XIV to XXVIII.

XIII. Opium, intoxicating drugs, and poppy-heads may be exported from Calcutta to the territories under the Government of Chandernagore, subject, while in transit through British territory, to the conditions of Rules VII, VIII, and X.

XIV. Opium may be exported by sea from the Port of Calcutta, if it has been purchased from Government at a public sale held by the Board, and is covered by a pass or certificate granted by the Board.

XV. Shipping bills for exportation of opium must be printed in red ink and presented at the Custom-house in duplicate, accompanied by the usual certificate from the Board. The duplicate on which the pass is granted will be returned to the shipper to obtain delivery from the opium godown, the original being forwarded to the Gate-officer on the wharf, to expedite the passing of the opium out of the Custom-house.

XVI. On ordinary working days, no treasury receipt in payment of opium and no pass will be accepted by the Board after 3-30 P.M., nor will any certificate be supplied after 4 P. M. On Saturdays, no receipt or pass will be accepted after 1-30 P. M., and no certificate granted after 2 P. M.

XVII. The certificates granted by the Board are to be returned to the Board, duly cancelled, at the close of the month.

XVIII. A fee of Rs. 5 will be charged to each shipper on presentation of shipping bills after 4 P.M. on the day of clearance of the China steamer.

XIX. All opium intended for export, which shall not be cleared from the godowns before 4-30 P.M., shall be conveyed to the steamer or ship from the ghât opposite to the opium godowns in covered cargo-boats, with properly secured hatches.

XX. The Preventive-officer at the ghât shall examine all boat-notes and chests, and shall see the latter placed in the hold of the cargo-boat. He shall then secure and seal the hatches or any other openings or doors of the cargo-boat, by which access may be had to the hold, with a distinctive mark before allowing the boat to proceed to the steamer or ship. He shall also make an entry in the boat-note specifying that the hatches have been sealed.

XXI. The Preventive-officer on board the receiving ship or steamer shall carefully examine the seals affixed to the hatches, &c., of all cargo-boats laden with opium as soon as they arrive alongside the vessel, and shall not allow the seals to be broken in any case until he is actually prepared to receive the opium on board, and to superintend the removal of the chests from the hold of the cargo-boat.

XXII. Should it appear to the Preventive-officer on board the receiving vessel that the seals placed on the hatches, &c., of the cargo-boats have been broken in transit, or have been in any way tampered with, he shall bring the matter to the immediate notice of the officer in charge of the vessel, and shall examine each chest carefully. If any theft of opium is discovered, the Preventive-officer shall make an immediate report to the River Police and to the Collector of Customs, mentioning at the same time the number of the cargo-boat and the name of the owner and manjee.

XXIII. Each shipper who removes his chests of opium from the Government premises after 4-30 P.M., shall be required to pay Rs. 2 for any number of chests up to 20, Rs. 3 for any number of chests above 20 and up to 50, and Rs. 5 for any larger number of chests, as remuneration to the Preventive-officer at the ghât employed beyond the usual hours.

XXIV. These fees shall be realized by the Intendant before delivery of the chests to the shippers, and all such fees shall be remitted daily by the Intendant to the Collector of Customs, and shall form a special fund for the remuneration of the Preventive-officers who may be employed beyond the usual working hours.

XXV. No application shall be received by the Intendant for the delivery of opium chests after 9 o'clock P.M.

XXVI. On account of each requisition made for the delivery of chests, and presented to the Intendant between the hours of 5 o'clock and 9 o'clock P.M. on ordinary working days, or between 2 P.M. and 9 P.M. on Saturdays, the Intendant shall be authorised to demand a fee of Rs. 16, and a further fee of 2 annas on account of each chest delivered.

XXVII. The procedure described in Rules XVIII to XXIV of this section is enjoined specially in the case of opium cleared from the godowns after 4-30 P. M., but it may be followed in the case of opium cleared before that time, if the shipper so desires, and on application made to the Intendant.

Export of Chandu.

XXVIII. Subject to the provisions of the law relating to sea-customs for the time being in force, the export of chandu is permitted under a pass from the Superintendent of Excise Revenue, Calcutta.

Export passes shall only be granted to licensed-vendors of chandu, and on payment of such export duty as may from time to time be fixed by the Board. The pass must be produced at the Custom-house at the time of exportation, and must certify that the chandu which it covers has been prepared from opium supplied from Government stores.

Sale, Wholesale.

XXIX. Opium, in quantities of not less than one seer, shall be supplied, on prepayment, at such rates as the Lieutenant-Governor of Bengal may from time to time prescribe by Notification in the *Calcutta Gazette*, from the Collector's office only to the treasurer or his agent, or to a farmer, licensed-vendor, or medical practitioner licensed under Rule VI.

XXX. Opium may be sold wholesale by the Board for export by sea.

Sale, Retail.

XXXI. No person shall retail opium, intoxicating drugs, or poppy-heads, except under license from the Collector or from a farmer, and in accordance with the conditions specified in the license.

XXXII. No larger quantity than five tolas of opium or intoxicating drugs or five seers of poppy-heads shall be sold, except to a licensed-vendor or to a medical practitioner, licensed under Rule VI, or under a special order from an officer exercising the powers of a Collector. A licensed-vendor may sell any quantity not exceeding one seer of opium or intoxicating drugs, and not exceeding ten seers of poppy-heads, to a medical practitioner licensed under Rule VI.

XXXIII. Opium shall not be retailed at any Government office.

XXXIV. Licenses for the retail of opium shall be granted to licensed-vendors in Form II.

XXXV. Licenses for the manufacture and retail sale of intoxicating drugs shall be granted by the Collector in Form III.

XXXVI. Whenever the Collector grants a license for the retail of opium or of intoxicating drugs, he shall impose such conditions on the licensee, besides those specified in the license, as may from time to time be prescribed by the Board.

XXXVII. Licenses for retail sale shall be granted for one year only, unless the Board shall otherwise specifically direct.

Such limited number of shops for the retail vend of opium or intoxicating drugs as the Commissioner may from time to time decide shall be allowed in each district, and the monopoly of retail vend at such shops shall be put up to auction, or otherwise contracted for at the commencement of each official year. The shops shall be sold or contracted for singly, or in such groups as the Commissioner may direct.

XXXVIII. With the sanction of the Commissioner, the Collector may let in farm the duties leviable on the retail of all or any intoxicating drugs within any specified area for a term not exceeding two years, and, with the sanction of the Board, for a term not exceeding five years. The Board may prescribe rules (*a*) for the invitation and acceptance of tenders for such farms; (*b*) for the requisition of security for the due fulfilment of the engagements entered into by the farmers; and (*c*) as to the form and conditions of such

leases. Any breach of such engagement shall render the lease liable to annulment by the authority by whom the farm was sanctioned.

XXXIX. When the duties leviable on any intoxicating drug are let in farm, the farmer may make his own arrangements for the manufacture and retail thereof within the limits of his farm; provided that no opium, except that supplied from the Collector's office, shall be used in the manufacture of such drugs. No person shall sell by retail any intoxicating drugs within such limits except he holds a license from the farmer to that effect.

XL. Before entering into engagements for any such farm, the Collector may, with the sanction of the Commissioner, make such reservations or restrictions with respect to the grant of licenses by the farmer as he thinks fit.

Such licenses shall be granted in Form IV, and, when countersigned by the Collector, shall have the same validity as licenses granted directly by the Collector.

XLI. Every farmer shall file in the Collector's office, in such form as may from time to time be prescribed by the Commissioner, a list of all licenses granted by him.

XLII. With the sanction of the Board, obtained through the Commissioner, the Collector may cancel any lease granted under Rule XXXVIII, or may, within the period of the lease, impose any new reservation or restriction on the farmer.

If a lease be cancelled for any cause other than a breach of the conditions of the lease, or if any reservation or restriction with respect to the grant of licenses be imposed during the lease, the Board may award to the farmer compensation for any loss thereby caused to him.

XLIII. The Collector may grant licenses for the retail of poppy-heads, or may farm the duties leviable on the retail of the same, on such terms as the Board shall from time to time prescribe.

XLIV. If any licensed vendor or farmer shall have in his possession, on the expiry of his license or farm, any opium, intoxicating drugs, or poppy-heads, which he is unable to dispose of to the satisfaction of the Collector by private sale to other licensed vendors or farmers, he shall surrender the same to the officer in charge of the excise revenue; and the incoming licensed vendor or farmer, or, if the expired license or farm is not renewed, any licensed vendor or farmer within the district, when required by the Collector, shall be bound to purchase the articles aforesaid to the extent of two months' supply, at such price, and in such quantities, as the Collector shall adjudge; provided that, if such articles be declared by the Civil Surgeon of the district to be unfit for use, the Collector shall cause them to be destroyed.

Disposal of things confiscated.

XLV. (*i*).—All things confiscated under the Opium Act, 1878, except opium, intoxicating drugs, and poppy-heads, shall be disposed of by the Collector by public sale.

(*ii*).—Opium so confiscated shall be sent for examination to the Civil Surgeon of the district, and, if declared by him to be fit for use, shall be disposed of in such manner as the Commissioner may, by general order, direct. If declared to be unfit for use, it shall be immediately destroyed.

(*iii*).—Intoxicating drugs so confiscated shall be immediately destroyed.

(*iv*).—Poppy-heads so confiscated shall be disposed of as the officer in charge of the excise revenue of the district in which the confiscation is made may direct.

The value of confiscated poppy shall be calculated at the rate of Rs. 12 per agency bigah of 3,025 square yards, and of confiscated opium declared to be fit for use at the rate of Rs. 3 per seer. Opium declared to be unfit for use shall be deemed to be of no value.

Rewards to be paid to officers and informers.

XLVI. Any Magistrate convicting an offender under section 9, or any Magistrate or other authorised officer ordering the confiscation of opium under section 12 of the Opium Act, 1878, may grant, in such proportions as he thinks fit, to any person or persons who have contributed to the seizure of the opium or the conviction of the offender, a reward not exceeding the value of the

opium and other articles confiscated in the case, *plus* the amount of any fine imposed.

XLVII. In any case in which, in the opinion of the Commissioner, any person has performed any service of special merit in respect of the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878, the Commissioner may grant to such person a reward not exceeding in amount Rs. 500.

The Board or, with the sanction of the Board, a Collector may incur expenditure not exceeding Rs. 500 in each case for the employment of informers, or for any other purpose connected with the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878.

The 15th August 1878.—The following Resolution, received from the Government of India, in the Financial Department, is published for general information:—

No. 1805.

GOVERNMENT OF INDIA.

FINANCIAL DEPARTMENT.

ACCOUNTS.

Simla, the 25th July 1878.

READ again—

Financial Resolution No. 2055, dated 25th July 1877, directing that no money shall be removed from the Public Treasury *for investment* without the sanction of the Government of India, and pointing out that this Rule applies to Local Fund balances as much as to Provincial Funds.

Financial Resolution No. 680, dated 4th February 1878, exempting Dispensary Funds from the operation of the foregoing orders.

RESOLUTION.—The Governor-General in Council observes that there has been some misunderstanding of the intentions of the Government of India in respect to the investment of Local Fund balances, and that it is necessary to state clearly the principle on which the orders of 25th July 1877 were based. That principle is, that no funds contributed from the public revenues, or raised by general taxation, such as the District Cess Funds, and the like, shall be invested without the consent of the Government of India. Thus the orders of July 1877 do not apply to Municipal or Port Funds, nor do they apply to Trust or Endowment Funds of any kinds.

NOTIFICATION.

The 19th August 1878.—The following rules for the working of the Treasure Trove Act (VI of 1878) are approved by the Lieutenant-Governor and published for general information under Section 19 of the said Act :—

The notification under Section 5(*a*) shall be published at the Collector's cutcherry, subdivisional cutcherry, moonsif's cutcherry and police-station within the jurisdiction of which the treasure was found, and at some conspicuous spot in the village in which it was found.

2. On receipt of any application under Section 4, or on receipt of information from any person other than the finder that treasure had been found, the Collector shall report the fact to the Commissioner, stating—

(1) Name of finder;
(2) Nature of treasure;
(3) Approximate value;
(4) Date of finding;
(5) Whether it is recommended that Government should acquire the treasure under Section 16 (when the treasure consists of coin).

A copy of this report shall be sent to the Asiatic Society of Calcutta and Royal Asiatic Society, Bombay, for information, it having been decided that unless there is some strong reason to the contrary, whenever two or more coins of the same kind are found, the Societies may be allowed the option of purchasing one of them.

3. In the case of information being given by a person other than the finder, the Collector shall issue a notice on the person informed against, to show cause why he should not be prosecuted for not giving the required notice; and in the event of no cause being shewn, the Collector shall take such further action as may seem expedient.

4. On receipt of the Collector's report the Commissioner will, if he thinks the property ought to be acquired by Government, report the case for the orders of the Board of Revenue.

5. All notices under Section (5) should be served at the cost of Government.

6. All fines levied under this Act shall be credited to Land Revenue "Miscellaneous," and any treasure which vests in Government under Section 20 or 21 shall, unless it be such as it is thought advisable for Government to retain, be sold by public auction to the highest bidder under the orders of the Commissioner, and the proceeds be credited to the above head.

7. All Commissioners and Collectors should append a paragraph to their land revenue annual reports, stating whether any applications have been presented during the year under report under Section 4, or any proceedings taken before the Magistrate under Section 20 or 21.

NOTIFICATION.

The 19th August 1878.—The following notification by the Government of India in the Financial Department, declaring that the Opium Act, 1878, shall come into force in the territories under the Lieutenant-Governor of Bengal from the 21st August 1878, is published for general information :—

No. 2892.

FINANCIAL DEPARTMENT.

SEPARATE REVENUE—OPIUM.

NOTIFICATION.

Simla, the 16th August 1878.—In exercise of the powers vested in him by Section 1 of the Opium Act, 1878, the Governor-General in Council is pleased to declare that the aforesaid Act shall come into force in the territories administered by the Lieutenant-Governor of Bengal with effect from the 21st August 1878.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

IN exercise of the powers conferred by Sections 5 and 13 of the Opium Act, 1878, the Lieutenant-Governor of Bengal has made the following Rules, which have received the sanction of the Governor-General in Council, and are now published as required by the Act. Excepting as in any case expressly limited, these Rules apply to all the territories administered by the Lieutenant-Governor of Bengal.

Interpretation-clause.

I. In these Rules, unless there be something repugnant in the subject or context—

(1) "Board" means the Board of Revenue for the Provinces for the time being subject to the Lieutenant-Governor of Bengal:

(2) "Commissioner" means the Commissioner of a Revenue Division:

(3) "Collector" includes a Deputy Collector or other Revenue Officer in independent charge of a district and a Superintendent of Excise Revenue:

(4) "Preventive-officer" means any officer of any of the departments mentioned in Section 14 of the Opium Act:

(5) "Intendant" means any officer in charge of Government opium stores at Calcutta:

(6) "Farmer" means a person who has obtained from the Collector a farm under Rule XXXVIII or XLIII.

(7) "Licensed-vendor" means a person who has obtained a license for retail sale under Rules XXXIV, XXXVI, XL, and XLIII.

(8) "Retail sale" means the sale of any quantity of opium or intoxicating drugs not exceeding five tolas, and of any quantity of poppy-heads not exceeding five seers:

(9) "Opium" means the inspissated juice of the poppy:

(10) "Intoxicating drugs" includes madak and chandu, and every preparation and admixture thereof, and kafa, and all other intoxicating or narcotic preparations of opium and of the poppy, but does not include poppy-heads:

(11) "Poppy-heads" means the dry capsules of the poppy plant:

(12) the words "import," "export," and "transport" have the respective meanings assigned to them in the Opium Act, 1878.

(13) "Bengal" means the territories administered by the Lieutenant-Governor of Bengal:

(14) "India" means the country included within the British frontier lines on the extreme west, north, and east of British India.

II. Rules XIV to XXVIII apply only to Calcutta; the remaining Rules apply to all the territories for the time being subject to the Lieutenant-Governor of Bengal, including Calcutta.

Manufacture.

III. The manufacture of opium, except by the Government or by a cultivator licensed under Act XIII of 1857 for delivery to the Government, and the manufacture of more than five tolas weight of intoxicating drugs without a license from the Collector or a farmer granted under these Rules, are prohibited.

Possession.

IV. Except as provided in Rule V—

(1) no person shall have in his possession any opium other than opium purchased from the Government or from a farmer or licensed-vendor:

(2) no person, not being a farmer, licensed-vendor, or medical practitioner, shall have in his possession more than five tolas of opium or intoxicating drugs, or more than five seers of poppy-heads.

V. Rule IV does not apply to—

(1) Travellers and visitors from foreign countries beyond the boundaries of India having in their possession any quantity of opium produced in such foreign territory, or intoxicating drugs prepared therefrom, not exceeding two seers in all for the whole party

intended for the personal use of such travellers and visitors or their attendants, and not for sale or barter:

(2) foreign horse-dealers entering India with their horses, having in their possession opium produced in such foreign territory, or intoxicating drugs prepared thereform, limited to ten tolas weight per horse:

(3) opium, intoxicating drugs, or poppy-heads in transit covered by a pass under these Rules:

(4) cultivators duly licensed under Act XIII of 1857 having newly extracted opium in their possession during the usual period between the full growth of the poppy and the delivery of the produce to the opium agent.

VI. The Collector may grant to any medical practitioner residing within his district a license in Form 1 appended to these Rules for the possession and retail of opium, intoxicating drugs, and poppy-heads for medical purposes only: provided that such medical practitioner shall not have in his possession at one time more than a seer of either opium or intoxicating drugs, and more than ten seers of poppy-heads.

Transport.

VII. When a farmer or licensed-vendor desires to transport opium, intoxicating drugs, or poppy-heads, he shall obtain for each consignment a pass from the Collector in such form as the Board may from time to time prescribe.

The pass shall specify—

(1) the time within which the transport shall be effected;

(2) the place from which the consignment is to be transported;

(3) the name of the person in charge of the consignment;

(4) the name of the consignee;

(5) the number of packages, and the weight and contents of each; and

(6) the place to which the consignment is to be transported.

Each package in every such consignment shall be stamped in the presence of the officer granting the pass with his official seal.

VIII. The bulk of a consignment shall not be broken during transport.

IX. The Collector may make it a condition of the pass that the bulk of the consignment for which it is granted shall not be broken until after the consignment shall have been examined at the place to which it is carried by an officer deputed or authorised by the Collector for that purpose. Provided that such examination shall be made within seven days from the date on which the Collector is informed of the arrival of the consignment.

X. If any officer competent to exercise the powers of seizure, detention, and search under Sections 14 and 15 of the Opium Act, finds that the packages are fewer, or the amount of opium and intoxicating drugs less (by more than the dryage allowance of one-quarter per cent.) than the number or amount specified in the pass, he shall immediately report the circumstances to the Collector, who will decide whether a prosecution shall, or shall not, be instituted.

Import.

XI. Opium, intoxicating drugs, or poppy-heads may be imported into Bengal,—

(*a*) by Government for its own purposes;

(*b*) by the persons described in clauses 1 and 2 of Rule VI in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium.

Export.

XII. Opium, intoxicating drugs, or poppy-heads may be exported from Bengal—

(*a*) by Government for its own purposes;

(*b*) by the persons described in clauses 1 and 2 of Rule V in the quantities which, and for the purposes for which, those persons may, under those clauses, possess opium;

(*c*) to the territories under the Government of Chandernagore under the conditions specified in Rule XIII;

(*d*) by sea from the Port of Calcutta in the manner provided by Rules XIV to XXVIII.

XIII. Opium, intoxicating drugs, and poppy-heads may be exported from Calcutta to the territories under the Government of Chandernagore, subject, while in transit through British territory, to the conditions of Rules VII, VIII, and X.

XIV. Opium may be exported by sea from the Port of Calcutta, if it has been purchased from Government at a public sale held by the Board, and is covered by a pass or certificate granted by the Board.

XV. Shipping bills for exportation of opium must be printed in red ink and presented at the Custom-house in duplicate, accompanied by the usual certificate from the Board. The duplicate on which the pass is granted will be returned to the shipper to obtain delivery from the opium godown, the original being forwarded to the Gate-officer on the wharf, to expedite the passing of the opium out of the Custom-house.

XVI. On ordinary working days, no treasury receipt in payment of opium and no pass will be accepted by the Board after 3-30 P. M., nor will any certificate be supplied after 4 P. M. On Saturdays, no receipt or pass will be accepted after 1-30 P. M., and no certificate granted after 2 P. M.

XVII. The certificates granted by the Board are to be returned to the Board, duly cancelled, at the close of the month.

XVIII. A fee of Rs. 5 will be charged to each shipper on presentation of shipping bills after 4 P.M. on the day of clearance of the China steamer.

XIX. All opium intended for export, which shall not be cleared from the godowns before 4-30 P M., shall be conveyed to the steamer or ship from the ghât opposite to the opium godowns in covered cargo-boats, with properly secured hatches.

XX. The Preventive-officer at the ghât shall examine all boat-notes and chests, and shall see the latter placed in the hold of the cargo-boat. He shall then secure and seal the hatches or any other openings or doors of the cargo-boat, by which access may be had to the hold, with a distinctive mark before allowing the boat to proceed to the steamer or ship. He shall also make an entry in the boat-note specifying that the hatches have been sealed.

XXI. The Preventive-officer on board the receiving ship or steamer shall carefully examine the seals affixed to the hatches, &c., of all cargo-boats laden with opium as soon as they arrive alongside the vessel, and shall not allow the seals to be broken in any case until he is actually prepared to receive the opium on board, and to superintend the removal of the chests from the hold of the cargo-boat.

XXII. Should it appear to the Preventive-officer on board the receiving vessel that the seals placed on the hatches, &c., of the cargo-boats have been broken in transit, or have been in any way tampered with, he shall bring the matter to the immediate notice of the officer in charge of the vessel, and shall examine each chest carefully. If any theft of opium is discovered, the Preventive-officer shall make an immediate report to the River Police and to the Collector of Customs, mentioning at the same time the number of the cargo-boat and the name of the owner and manjee.

XXIII. Each shipper who removes his chests of opium from the Government premises after 4-30 P.M., shall be required to pay Rs. 2 for any number of chests up to 20, Rs. 3 for any number of chests above 20 and up to 50, and Rs. 5 for any larger number of chests, as remuneration to the Preventive-officer at the ghât employed beyond the usual hours.

XXIV. These fees shall be realized by the Intendant before delivery of the chests to the shippers, and all such fees shall be remitted daily by the Intendant to the Collector of Customs, and shall form a special fund for the remuneration of the Preventive-officers who may be employed beyond the usual working hours.

XXV. No application shall be received by the Intendant for the delivery of opium chests after 9 o'clock P.M.

XXVI. On account of each requisition made for the delivery of chests, and presented to the Intendant between the hours of 5 o'clock and 9 o'clock P.M. on ordinary working days, or between 2 P.M. and 9 P.M. on Saturdays, the Intendant shall be authorised to demand a fee of Rs. 16, and a further fee of 2 annas on account of each chest delivered.

XXVII. The procedure described in Rules XVIII to XXIV of this section is enjoined specially in the case of opium cleared from the godowns after 4-30 P.M., but it may be followed in the case of opium cleared before that time, if the shipper so desires, and on application made to the Intendant.

Export of Chandu.

XXVIII. Subject to the provisions of the law relating to sea-customs for the time being in force, the export of chandu is permitted under a pass from the Superintendent of Excise Revenue, Calcutta.

Export passes shall only be granted to licensed-vendors of chandu, and on payment of such export duty as may from time to time be fixed by the Board. The pass must be produced at the Custom-house at the time of exportation, and must certify that the chandu which it covers has been prepared from opium supplied from Government stores.

Sale, Wholesale.

XXIX. Opium, in quantities of not less than one seer, shall be supplied, on prepayment, at such rates as the Lieutenant-Governor of Bengal may from time to time prescribe by Notification in the *Calcutta Gazette*, from the Collector's office only to the treasurer or his agent, or to a farmer, licensed-vendor, or medical practitioner licensed under Rule VI.

XXX. Opium may be sold wholesale by the Board for export by sea.

Sale, Retail.

XXXI. No person shall retail opium, intoxicating drugs, or poppy-heads, except under license from the Collector or from a farmer, and in accordance with the conditions specified in the license.

XXXII. No larger quantity than five tolas of opium or intoxicating drugs or five seers of poppy-heads shall be sold, except to a licensed-vendor or to a medical practitioner, licensed under Rule VI, or under a special order from an officer exercising the powers of a Collector. A licensed-vendor may sell any quantity not exceeding one seer of opium or intoxicating drugs, and not exceeding ten seers of poppy-heads, to a medical practitioner licensed under Rule VI.

XXXIII. Opium shall not be retailed at any Government office.

XXXIV. Licenses for the retail of opium shall be granted to licensed-vendors in Form II.

XXXV. Licenses for the manufacture and retail sale of intoxicating drugs shall be granted by the Collector in Form III.

XXXVI. Whenever the Collector grants a license for the retail of opium or of intoxicating drugs, he shall impose such conditions on the licensee, besides those specified in the license, as may from time to time be prescribed by the Board.

XXXVII. Licenses for retail sale shall be granted for one year only, unless the Board shall otherwise specifically direct.

Such limited number of shops for the retail vend of opium or intoxicating drugs as the Commissioner may from time to time decide shall be allowed in each district, and the monopoly of retail vend at such shops shall be put up to auction, or otherwise contracted for at the commencement of each official year. The shops shall be sold or contracted for singly, or in such groups as the Commissioner may direct.

XXXVIII. With the sanction of the Commissioner, the Collector may let in farm the duties leviable on the retail of all or any intoxicating drugs within any specified area for a term not exceeding two years, and, with the sanction of the Board, for a term not exceeding five years. The Board may prescribe rules (*a*) for the invitation and acceptance of tenders for such farms; (*b*) for the requisition of security for the due fulfilment of the engagements entered into by the farmers; and (*c*) as to the form and conditions of such

leases. Any breach of such engagement shall render the lease liable to annulment by the authority by whom the farm was sanctioned.

XXXIX. When the duties leviable on any intoxicating drug are let in farm, the farmer may make his own arrangements for the manufacture and retail thereof within the limits of his farm; provided that no opium, except that supplied from the Collector's office, shall be used in the manufacture of such drugs. No person shall sell by retail any intoxicating drugs within such limits except he holds a license from the farmer to that effect.

XL. Before entering into engagements for any such farm, the Collector may, with the sanction of the Commissioner, make such reservations or restrictions with respect to the grant of licenses by the farmer as he thinks fit.

Such licenses shall be granted in Form IV, and, when countersigned by the Collector, shall have the same validity as licenses granted directly by the Collector.

XLI. Every farmer shall file in the Collector's office, in such form as may from time to time be prescribed by the Commissioner, a list of all licenses granted by him.

XLII. With the sanction of the Board, obtained through the Commissioner, the Collector may cancel any lease granted under Rule XXXVIII, or may, within the period of the lease, impose any new reservation or restriction on the farmer.

If a lease be cancelled for any cause other than a breach of the conditions of the lease, or if any reservation or restriction with respect to the grant of licenses be imposed during the lease, the Board may award to the farmer compensation for any loss thereby caused to him.

XLIII. The Collector may grant licenses for the retail of poppy-heads, or may farm the duties leviable on the retail of the same, on such terms as the Board shall from time to time prescribe.

XLIV. If any licensed vendor or farmer shall have in his possession, on the expiry of his license or farm, any opium, intoxicating drugs, or poppy-heads, which he is unable to dispose of to the satisfaction of the Collector by private sale to other licensed vendors or farmers, he shall surrender the same to the officer in charge of the excise revenue; and the incoming licensed vendor or farmer, or, if the expired license or farm is not renewed, any licensed vendor or farmer within the district, when required by the Collector, shall be bound to purchase the articles aforesaid to the extent of two months' supply, at such price, and in such quantities, as the Collector shall adjudge; provided that, if such articles be declared by the Civil Surgeon of the district to be unfit for use, the Collector shall cause them to be destroyed.

Disposal of things confiscated.

XLV. (*i*).—All things confiscated under the Opium Act, 1878, except opium, intoxicating drugs, and poppy-heads, shall be disposed of by the Collector by public sale.

(*ii*).—Opium so confiscated shall be sent for examination to the Civil Surgeon of the district, and, if declared by him to be fit for use, shall be disposed of in such manner as the Commissioner may, by general order, direct. If declared to be unfit for use, it shall be immediately destroyed.

(*iii*).—Intoxicating drugs so confiscated shall be immediately destroyed.

(*iv*).—Poppy-heads so confiscated shall be disposed of as the officer in charge of the excise revenue of the district in which the confiscation is made may direct.

The value of confiscated poppy shall be calculated at the rate of Rs 12 per agency bigah of 3,025 square yards, and of confiscated opium declared to be fit for use at the rate of Rs 3 per seer. Opium declared to be unfit for use shall be deemed to be of no value.

Rewards to be paid to officers and informers.

XLVI. Any Magistrate convicting an offender under section 9, or any Magistrate or other authorised officer ordering the confiscation of opium under section 12 of the Opium Act, 1878, may grant, in such proportions as he thinks fit, to any person or persons who have contributed to the seizure of the opium or the conviction of the offender, a reward not exceeding the value of the

opium and other articles confiscated in the case, *plus* the amount of any fine imposed.

XLVII. In any case in which, in the opinion of the Commissioner, any person has performed any service of special merit in respect of the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878, the Commissioner may grant to such person a reward not exceeding in amount Rs. 500.

The Board or, with the sanction of the Board, a Collector may incur expenditure not exceeding Rs. 500 in each case for the employment of informers, or for any other purpose connected with the prevention or detection of opium-smuggling or of any offence against the Opium Act, 1878.

If such notice be not given, or if this license be not recalled by the Collector under the authority reserved to him in clause XII, this license, and any counterpart engagement for the due observance of these conditions that the license-holder may have entered into, shall remain in force, as if this license and the engagement were formally renewed for a further term of one year, viz. to the day of 18 .

XII.—This license may be recalled by the Collector—

(*a*) for default of punctual payment of the duty stipulated to be paid in clause I;

(*b*) for violation of any of the conditions specified in this license;

(*c*) if the holder of this license be convicted of breach of the peace, or of any other criminal offence during the currency of this license.

Should the license be recalled for any of these causes, the license-holder will have no claim to any compensation whatever, or to any refund of any duty, or instalment of duty, already paid. But it shall be in the discretion of the Collector to make such compensation or refund, should he consider it necessary or advisable to do so.

Should the Collector desire to recall this license before the expiry of the period for which it has been granted for any cause other than those above specified (*a*), (*b*) and (*c*), he shall give 15 days' previous notice, and remit a sum equal to the duty for 15 days, or if notice be not given, shall make such further compensation, in default of notice, as the Commissioner may direct.

XIII.—This license may be surrendered by the license-holder on his giving one month's previous notice to the Collector, and paying such fine not exceeding the amount of the duty for six months, or the loss caused to Government by the failure to carry out any condition imposed, as the Collector may adjudge.

Should the Collector be satisfied that the reason for resigning the license is adequate, he may, with the sanction of the Commissioner, remit the fine.

XIV.—On the infringement of any of the above articles, or any of the conditions imposed by the Opium Act, 1878, or by the rules made thereunder, this license and any other license or licenses that the holder may have obtained for the sale of opium, or for the manufacture or sale of madak or chandu, shall be forfeited.

NOTIFICATION.

The 13th August 1878.—The following rules in respect to the duties to be performed by the Registrar of Joint Stock Companies have been sanctioned by the Lieutenant-Governor under the provisions of Clause 2, Section 190 of Act X of 1866, and are hereby published for general information :—

RULES UNDER CLAUSE 2, SECTION 190 OF ACT X OF 1866.

THE registration hours shall be between 11 A.M. and 2 P.M. every day, except on Sundays and authorized holidays.

2. The following registers and index shall be kept by the Registrar of Joint Stock Companies :—

(1) a general register as per Appendix I,
(2) a register ledger „ „ II,
(3) an index to the general register.

3. On being satisfied that the requirements of the law have been complied with, the Registrar shall proceed to register the memorandum of association and the articles of association (if any) filed with the memorandum in the following manner, viz by entering the same into the general register and by endorsing on the papers so filed the following formula :—

"Registered by me this day of 18 .

Signature.

Seal. Registrar, J. S. Cos.

Registrar of Joint Stock Companies."

4. On receipt of every document the Registrar shall endorse thereon the following particulars :—

(1) the number borne by the company in the Registrar's ledger,
(2) the name of the company,
(3) the nature and substance of the document.

5. If any memorandum or articles of association of a company be found defective or incomplete in any of the particulars required by law, the Registrar shall return the same to the party applying for registration for due rectification or completion thereof, and, until such rectification or completion be made, the Registrar shall not register the document or grant certificate thereof.

6. The Registrar shall return to the company concerned, for the purpose of being amended, any document found defective or incomplete in any of the particulars required by the law, or in the preparation of which prescribed formalities have not been observed. Until the necessary rectification be made, the document shall not be filed and certificate granted.

7. The Registrar shall deposit in a separate box, labelled with the name of the company, a copy of the memorandum of association of the company concerned, which shall be lodged in the office of the Registrar.

The documents of each company shall be placed together, and kept separate and distinct from the documents of other companies.

8. On the registration of a company, the Registrar shall grant a certificate to the company in the form given in Appendix III, and on the registration of any other documents authorized to be recorded he shall grant a certificate in the form given in Appendix IV.

9. He shall keep a book, to be called "the Register of Joint Stock Companies." HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 30, *dated the* 19*th August* 1878.

It having been brought to the notice of the Court that in certain districts fees are not paid to Revenue Agents for conducting cases in Moonsiffs' Courts agreeably to Act IV of 1876, and in view to an uniformity of practice in all districts, the following extract from the Court's letter to the Judge of Moorshedabad is circulated for the information and guidance of all Judicial Officers:—

Extract (*paragraph* 3) *from the High Court's letter No.* 987, *dated the* 9*th May* 1876, *to the Judge of Moorshedabad*

"3. As regards your enquiry whether you are to follow the scale of fees for pleaders, laid down in High Court Circular No. 22, of the 13th June 1866, in fixing the fees of the Revenue Agents, or that followed by the Revenue Courts in former days or any other scale, I am directed to say that the Revenue Agents should be allowed half pleaders' fees and that, if a Pleader and Revenue Agent be retained and act on the same side in the same suit, one pleader's fee will have to be allowed."

CRIMINAL.

No. 7, *dated the* 17*th August* 1878.

All Magistrates subordinate to the High Court are hereby informed that the Board of Revenue have, at the instance of the Court, issued the following instructions to Collector, in connection with the attachment and sale, under Section 172, Criminal Procedure Code, of land paying revenue to Government:—

"The High Court have represented that Collectors of districts, who hold sales of land paying revenue to Government from time to time, could more conveniently and advantage-

ously hold sales of such attached land as is above referred to, situated within their jurisdictions, than could Magistrates, especially in cases where the Magistrate is in another district. The Board therefore direct that Collectors will in future comply with the requisitions of Magistrates to hold sales in such cases; and it is further directed that in these cases the procedure in respect of advertisement, sale, and delivery of possession in the case of sales in execution of decrees of Civil Courts, under Act X of 1877, the Code of Civil Procedure, may be strictly followed."

No. 8, *dated the* 22*nd August* 1878.

The attention of the Court having been drawn by the Lieutenant-Governor of Bengal to the inconvenience arising from the practice said to prevail in some districts of requiring jail officers to attend the Sessions Courts from day to day until cases in which their evidence may be required come up in their turn, the Judges are pleased to direct that, in future, when jail or other departmental officers of Government who reside in the station are summoned as witnesses, arrangements be made to send for them only when actually wanted.

Sheriff's Office, the 21st August 1878.

NOTICE is hereby given that the Eighth Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the Ninth day of September next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute.

NOTIFICATION.

The 9th September 1878.—In exercise of the power conferred on him by section 234 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased, on the recommendation of the Commissioners of the Municipality of Serampore at a meeting, to order that the provisions of sections 264 to 277, both inclusive, of Part VII, Chap. II of the said Act, shall be in force in the said Municipality.

RAJENDRA NATH MITRA,
Asst. Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 9th September 1878.—In exercise of the powers conferred upon him by section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased to confirm the bye-laws stated at foot of this notification, which were made by the Commissioners of the Municipality of Mozufferpore, at a meeting convened expressly for the purpose and of which due notice had been given, and in exercise of the powers conferred by section 315 of the same Act, the Lieutenant-Governor is pleased to sanction the penalties for any breach of the said bye-laws which have been declared by the Commissioners.

For regulating the time and mode of collecting the taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition, in the manner described in section 367 of the Act. Any person failing to do so shall be liable to a penalty not exceeding Rs. 5 for the omission, and to a penalty not exceeding Rs. 2 for every day the omission shall after warning continue. Any person submitting a false or incorrect schedule or return shall be liable to a penalty of Rs. 20, provided that nothing in this bye-law shall be held to prevent the institution of a criminal prosecution under the Penal Code, should the fact appear to warrant such a proceeding.

3. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fails to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

4. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice or pay in advance for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month on pain of forfeiture of one month's salary.

5. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

6. The Commissioners shall have power to inflict for neglect of duty a fine not exceeding one month's pay upon any person employed by them.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

7. Every person within whose premises any animal may die shall, within four hours after its death, or if death occurs at night, within two hours after day-light, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report the death to the conservancy overseer of the division within which such premises may be situated; and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine, and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

8. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of carcasses.

The penalty for infringement shall be a fine not exceeding Rs. 10.

9. All dust, ashes, rubbish, and sweeping of any house, the removal of which is undertaken by the Municipal Commissioners, shall be deposited by the owner of the said house on the side of the road between the hours of 5 A. M. and 8 A. M.

The penalty for infringement shall be a fine not exceeding Rs. 10.

10. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool, into any river, tank, khal, water-course, or receptacle for water, or dispose of the abovementioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine which may extend to Rs. 20.

11. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description or pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Commissioners may from time to time direct.

The penalty for infringement shall be a fine which may extend to Rs. 5.

For the regulation and management of privies.

12. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises for the removal of any night-soil or filth within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine which may extend to Rs. 5.

13. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable moveable receptacle of earthenware.

The penalty for infringement shall be a fine which may extend to Rs. 20.

14. Whenever it shall appear to the Municipal Commissioners that a privy is noxious or improperly constructed, it shall be lawful for them to issue a notice on the owner or occupier of any house, land, or premises in or on which such privy may be situated, directing him to fill up, close, or otherwise alter the construction of such privy as may seem to them proper; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter such privy in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

15. No owner or occupier of any premises in or on which any privy may be situated shall allow night-soil or filth of any kind to flow, or be discharged, from such privy into any drain, water-course, river, tank, hollow, or excavation (or into any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law No. 13.

The penalty for infringement shall be a fine which may extend to Rs. 20.

16. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or in any premises, if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease.

Provided that the Municipal Commissioners shall be bound to supply such deodorants or disinfectants at cost price, and the price shall be recoverable as a debt due to the Commissioners.

The penalty for not using deodorant or disinfectant so supplied shall be a fine which may extend to Rs. 10.

For regulating traffic in the streets.

17. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights, except when, in the opinion of the Magistrate, there may be sufficient moon-light to render such light or lights unnecessary.

The penalty for infringement shall be a fine which may extend to Rs. 2.

For regulating or prohibiting the use of fire-balloons, fire-works, fire-arms, or missiles in the vicinity of public streets.

18. No one shall let off any fire-balloon, fire-work, fire-arm, or any missile on or near any public street, without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

General Bye-laws.

19. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown, or fall upon any public thoroughfare.

The penalty for infringement, after notice, shall be a fine which may extend to Rs. 5.

20. It shall be lawful for the Municipal Commissioners to issue a notice to the owner or occupier of any house or building on which there may already be any such spout or other thing intended for the conveyance of water as is described in bye-law No. 19, directing him to remove or alter such spout or other thing; and if the orders contained in the notice be not carried out within ten days, the Commissioners may remove or alter such spout or other thing in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

21. No person shall construct or place over any public drain any bridge, platform, building, or structure of any kind, except by, and with, the written permission of the Municipal Commissioners and in such manner as they shall direct, and in the case of any such bridges, platforms, buildings, or structures now in existence the Commissioners shall have power to issue a notice to the owner or occupier thereof directing such alterations as they may think proper.

The penalty for infringement shall be a fine which may extend to Rs. 10.

The penalty for continued infringement, after notice, shall be a daily fine which may extend to Rs. 3.

22. If any house, wall, or other erection, or any part thereof, fall upon any public road or thoroughfare, or into any public drain, the owner of such house, wall, or erection shall remove it, after notice, within the time prescribed by the Municipal Commissioners.

The penalty for infringement, after notice, shall be a fine which may extend to Rs. 10.

The penalty for continued infringement, after notice, shall be a daily fine which may extend to Rs. 5.

23. No person shall steep in any river, khal, tank, or ditch, within municipal limits, any jute, hemp, bamboos, or other vegetable matter likely to render the water of such river, khal, tank, or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5.

The penalty for continued infringement, after notice, shall be a fine not exceeding Rs. 2 daily.

24. No persons shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course; and the Commissioners may order the removal of any such obstruction on grounds of public health.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement, after notice, shall be a fine not exceeding Rs. 4 daily.

25. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all times allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

The penalty for infringement shall be a fine not exceeding Rs 10.

The penalty for continued infringement, after notice, shall be a fine not exceeding Rs. 5 daily.

In this register he shall enter the names of the registered companies in the order of their registration, and he shall number each company consecutively. One page in the register shall be allotted to each company until another page is required.

Under the name of each company the Registrar shall enter a note of every registration effected or record made relating to the company, and he shall affix to each entry the date of such registration and his signature.

From and after 1st April 1879 the numbers assigned to the companies thereafter registered shall be in a consecutive series commencing and terminating with each official year.

An alphabetical index shall be kept of the companies registered.

10. The Registrar shall keep a daily cash-book and a duplicate chalan-book. In the former shall be entered day by day, as they occur, all receipts and disbursements of money, and the latter shall contain particulars of the cash sent from time to time to the General Treasury. All monies received shall be placed, while in the custody of the Registrar, in a cash-box, of which he shall keep the key and for the safety of which and of the cash-book and chalan-book he shall be responsible. The Registrar shall remit all fees to the treasury, if possible, on the day they are received, or, if that is found impossible, early on the day following.

11. On payment of the proper fee the Registrar shall permit any person applying to do so to inspect his records under the supervision of a responsible officer.

12. The Registrar of Joint Stock Companies shall, in his discretion, institute suc inquiries and investigations at the offices of registered companies or otherwise as shall b necessary to obtain information or evidence respecting defaults, or respecting any infractions o the law, made by such companies in complying with any of the provisions of the India Companies' Act, 1866.

13. The Registrar may assign any of the duties prescribed under these rules to a Assistant Registrar, where such an officer may be appointed by Government, and may distribut the office work to the Assistant Registrar, clerks, and servants in such manner as he ma think fit.

14. The Registrar shall submit an annual report on the administration and working o his office, together with the following statements for the previous official year :—

DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

Dated the 10th September 1878.

No. 249.—*Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules for the Sone Canals which it is proposed to substitute for the rules passed and published at pages 938 to 943, Part I of the *Calcutta Gazette* of the 2nd August 1876.

Rule under Act III (B.C.) of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water-course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation will not be obstructed.

5. The Divisional Canal Officer may withhold the grant of water for a crop to any cultivator whose fields he may, by personal inspection (by

himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361·25 superficial feet, and by the addition of small water-channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule* 25.

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water-course according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course. Such headman shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint a headman.

(*d*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10.

(*e*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (appendix A) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (appendix B) from such officer.

(*f*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub-Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(*g*)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(*h*)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported through the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9. The allowance to the headman of a water-course for duties connected with that water-course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 5 per cent. on the assessments of canal water-rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 3 per cent. on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchment under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively, if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanc[illegible] Superintending Canal Officer.

If for longer periods, a[illegible] shall be submitted for the sanction of the Lieutenant-Governor in the [illegible]ent.

13. Tanks may be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations :—

(*a*)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle; such tanks are generally in the immediate neighbourhood of villages.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times and to such extent as the Sub-Divisional Canal Officer approves.

(*e*)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may be suspended for twelve months for breach of these regulations by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his assistants) that the water-course is not maintained in proper repair. Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headman of water-courses. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission, under section 76 (*b*) of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges. All applications for remission of water-rates shall be made by the parties concerned in person, or through their headman, to the nearest Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop, and the Sub-Divisional Officer shall thereupon inspect the applicant's fields, and forward his application for decision to the Divisional Canal Officer with his remarks.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. Under this rule an appeal shall lie to the Commissioner of the division, whose order shall be final.

19. Under section 78 of the Act the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follows :—

WATER-RATES.

1 Beegha ... ... = 27225·00 „ „
1 Acre ... ... = 43560·00 „ „

20. Up to 1st June 1879 leases for three years may be granted at the following rates provided that the area leased in any village shall not be less than the whole irrigable area in the case of khureef cultivation or half the irrigable area in that of the rubbee cultivation. In the latter case the area must be as far as possible in one block. In certain cases it may, at the discretion of the Superintending Engineer, be comprised in two or at most three blocks.

Schedule of Rates.

	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Rubbee, including bhadace	2	4	0	1	6	6	0	1	2
Khureef	1	8	0	0	15	0	0	0	9

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood as a general rule the extent of land for which water can be supplied at the rate of 80 acres in khureef and 180 acres in rubbee per cubic foot of available supply.

23. Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government under section 82 of Act III (B.C.) of 1876 all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. A contractor or contractors shall be entitled to collect water dues at the rates given in the schedule attached to rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water rates shall be deemed a sum due to Government under sections 82 and 85 of Act III of 1876.

25. A contractor (or, in case there be more than one, each severally and jointly) shall be responsible for all sums payable on the application (appendix D), and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under these rules is for the supply of water to khureef crops or to all irrigable rubbee in the village, a list in form E should be submitted with the application showing the number of each field in the map, the area of the field, crop to be grown, and amount payable; and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village. In such cases the fields receiving water may vary from year to year, but the total area to be watered can never be less than the area stated in the application for the three years' lease.

27. No water shall be taken previous to receipt of a permit (appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor or contractors the Divisional Canal Officer shall furnish such contractor or contractors with an authorization under section 82 to collect the amounts due by the cultivators according to the list furnished under rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Canal Officer to perform the duties specified in rule 9. Such headman shall receive 5 per cent. on the assessment, but the Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high. The headman will be held personally responsible for the due observance of this rule.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions. The headman will be held personally responsible for the due observance of this rule.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit. The headman to be held responsible for the payment of such rates as may be imposed, leaving it to him to realize the same from those to blame.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a canal irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments, and by the addition of small water-channels as prescribed in rule 5, an additional

charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

39. The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer.

40. All water-rates shall become due on the dates noted on the "permits," viz the dates on which the crops ordinarily come to maturity, and are as follows :—

Water-rate on spring crops,—wheat, barley, peas, poppy, &c.,—shall become due on 15th April

Water-rate on summer crops,—cheena, &c.,—shall become due on 15th August.

Water-rate on bhadoi crops,—seera rice, Indian-corn, murwa, &c.,—shall become due on 30th November.

Water-rate on annual and winter crops,—aghani rice, joaur, &c.,—on 31st January and shall be paid within one month of such dates

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

43. The Collector will make the collections through the Deputy Collectors attached to each division of the canal and the Subordinate Canal Revenue Establishment.

44. Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer. Meanwhile the collection of the demand shall not be suspended.

45. Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer.

46. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

47. If the decision of the Divisional Canal Officer uphold the original demand, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order. The decision of the Superintending Canal Officer shall be final.

48. In cases in which the water-rate is irrecoverable, from the absconding or bankruptcy of the defaulter, or when the question at issue does not depend on the canal supply or the action of the Irrigation Department, the Collector will obtain sanction to remission of canal demands from the Commissioner of the division. All such remissions shall be reported at the close of each official year to the Divisional Canal Officer.

49. If a cultivator is dissatisfied with the entries made against him in the "permit" (appendix B), whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer within fifteen days of the issue of the permit

50 No person, without the permission in writing of the Divisional or Sub-Divisional Canal Officers, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting upon such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

51. No Canal Officer, unless specially exempted by the Lieutenant-Governor, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

52. The ameen after completing the measurement of a village, before leaving it, will compile the *Khatianni*. A copy of the *Khatianni* will be taken by the putwaree, who must himself make the copy; but if he cannot from any cause do so, the ameen must give it, and the latter is to be held responsible that a copy is taken

53. The copy of the *Khatianni* thus made will be hung up in some conspicuous place, and slips in the prescribed form (appendix F) will be prepared by the putwaree and given to each ryot showing the amount he will have to pay, area irrigated, &c.

54. The allowance to the putwaree for the above work shall be 2 per cent. on the assessments which shall be paid by the Collector on his being satisfied that the putwaree did his work properly.

55. The measurements shall be made as soon as practicable, and every care taken to have the *Khatianni* hung up in the village at least 15 days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

56. In case of any alteration in the *Khatianni* owing to correction of clerical errors, &c., the same shall be communicated to the putwaree at once to enable him to correct the village copy and slips accordingly.

57. The zilladar shall submit his check measurements in the form (appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the measurements as often as he possibly can. If it is found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CRIMINAL.

No. 9, *dated the* 26*th August* 1878.

Under the provisions of Section 457 of the Criminal Procedure Code of 1872, it is unnecessary to frame separate charges in respect of minor offences of the same class included in an offence of a graver character with which an accused person is charged. A conviction of an offence therefore implies conviction of the different offences of lesser degree which are parts of the offence of which the accused has been found guilty.

2. The first and second rules issued with Circular Order No. 16, dated 20th August 1864, which have been omitted in the reprint of Circular Orders of 1878, page 43, are formally cancelled.

NOTIFICATION.

The 7th September 1878.—In exercise of the powers conferred upon him by section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased to confirm the Bye-laws stated at foot of this notification, which were made by the Commissioners of the Municipality of Nattore, at a meeting convened expressly for the purpose, and of which due notice had been given, and in exercise of the powers conferred by section 315 of the same Act the Lieutenant-Governor is pleased to sanction the penalties for any breach of the said Bye-laws which have been declared by the Commissioners.

For regulating the time and mode of collecting the taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer, at the time of demanding payment, shall be bound to show this certificate, if required.

2. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

3. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance, for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

4. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

5. Every person within whose premises any human being may die shall, within 12 hours of the death, either remove the body at his own expense to such burning or burial ground as may be fixed by the Municipal Commissioners for the burning and burial of such body, or notify the death to the conservancy overseer; and in such latter case shall pay to the overseer the expense of removing the body at such rate as the Commissioners may from time to time determine.

6. Every person within whose premises any animal may die shall, within four hours after its death, or if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated; and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine: and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs 10.

For the regulation and management of privies.

8. Every owner or occupier of any house, land, or premises, from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of any night-soil or filth, within such hours as may have been fixed on by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

9. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable movable receptacle of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

10. On receipt of a notice from the Municipal Commissioners every owner or occupier of any house, land, or premises in or on which any well privy, or other noxious or improperly constructed privy, may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

11. No owner or occupier of any house, land, or premises, in or on which any privy may be situated shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law 10.

The penalty for infringement shall be a fine not exceeding Rs. 20.

12. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool, into any river, tank, khal, water-course, or receptacle for water, or dispose of the above mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

13. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease: provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

14. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle, of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

For regulating traffic in the streets.

15. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights.

The penalty for infringement shall be a fine not exceeding Rs 5.

16. No owner of any carriage shall allow it to be driven by a driver under 14 years of age.

The penalty for disobedience on the owner's part shall be a fine not exceeding Rs. 10.

For regulating or prohibiting the use of fire-balloons, fire-works fire-arms, or missiles in the vicinity of public roads.

17. No one shall let off any fire-balloon, fire-work, fire arm, or any missile in or near a public street without the consent of the Municipal Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

General Bye-laws.

18. Passenger boats.—A charge of one anna per head per mile on 1st class passengers, *i.e.*, by steamers and boats and ¼ (quarter) pie per head per mile for all other passengers over and above the toll leviable from the boats or steamers by measurement. This charge to be leviable from the owners of boats or steamers and not from the passengers, except when a Government boat or steamer is hired by any person for his exclusive use. The hire in such cases charged by Government is for the use of the boat, and the tollage of boat, plus mileage charge per head, will be levied from the passenger at the rate of one anna.

Empty boats.—To be charged on tonnage of the boat itself as ascertained from its draught for displacement.

Exemption.—From payment of canal dues at the above rates for goods will not be allowed to any department or departments. The canal officers, *i.e.*, those directly in charge of irrigation works, and whose duty will necessitate travelling through the canal for inspection thereof, and the Deputy Revenue Superintendent, will be allowed to pass free of tollage. All other Government officers, heretofore passed free on grant of certificates of *being on duty*, will be expected to pay the required tollage for themselves and baggage boats.

Special rate.—Allowed to Messrs. Bullock, Welsted and Co. for their boats and passenger steamers, will cease from the 1st October next, and they will be charged thereafter similarly as the general public at the rates above notified, their boats and steamers being measured in accordance with existing rules for such measurement.

Demurrage.—The number of days which a boat entering the canal by booking or paying tollage at one of the locks may remain in it without additional payment, shall be calculated at the rate of one day for every eight miles or portion of eight miles to be traversed. Boats remaining for a longer period will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

Dated the 10th September 1878.

No. 249.—Notification.—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules for the Sone Canals which it is proposed to substitute for the rules passed and published at pages 938 to 943, Part I of the *Calcutta Gazette* of the 2nd August 1876.

Rule under Act III (B.C.) of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water-course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water for a crop to any cultivator whose fields he may have ascertained by personal inspection (by himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361·25 superficial feet, and by the addition of small water-channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule* 25.

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water-course according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course. Such headman shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint a headman.

(*d*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10.

(*e*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (appendix A) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (appendix B) from such officer.

(*f*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub-Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(*g*)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(*h*)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported through the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9. The allowance to the headman of a water-course for duties connected with that water-course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 5 per cent. on the assessments of canal water-rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 3 per cent. on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchment under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively, if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations :—

(*a*)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle; such tanks are generally in the immediate neighbourhood of villages.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times and to such extent as the Sub-Divisional Canal Officer approves.

(*e*)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may be suspended for twelve months for breach of these regulations by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his assistants) that the water-course is not maintained in proper repair. Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headman of water-courses. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission, under section 76 (*b*) of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges. All applications for remission of water-rates shall be made by the parties concerned in person, or through their headman, to the nearest Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop, and the Sub-Divisional Officer shall thereupon inspect the applicant's fields, and forward his application for decision to the Divisional Canal Officer with his remarks.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. Under this rule an appeal shall lie to the Commissioner of the division, whose order shall be final.

19. Under section 78 of the Act the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follows:—

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood as a general rule the extent of land for which water can be supplied at the rate of 80 acres in khureef and 180 acres in rubbee per cubic foot of available supply.

23. Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become

jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government under section 82 of Act III (B.C.) of 1876 all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. A contractor or contractors shall be entitled to collect water dues at the rates given in the schedule attached to rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water rates shall be deemed a sum due to Government under sections 82 and 85 of Act III of 1876.

25. A contractor (or, in case there be more than one, each severally and jointly) shall be responsible for all sums payable on the application (appendix D), and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under these rules is for the supply of water to khureef crops or to all irrigable rubbee in the village, a list in form E should be submitted with the application showing the number of each field in the map, the area of the field, crop to be grown, and amount payable; and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village. In such cases the fields receiving water may vary from year to year, but the total area to be watered can never be less than the area stated in the application for the three years' lease.

27. No water shall be taken previous to receipt of a permit (appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor or contractors the Divisional Canal Officer shall furnish such contractor or contractors with an authorization under section 82 to collect the amounts due by the cultivators according to the list furnished under rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Canal Officer to perform the duties specified in rule 9. Such headman shall receive 5 per cent. on the assessment, but the Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high. The headman will be held personally responsible for the due observance of this rule.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions. The headman will be held personally responsible for the due observance of this rule.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit. The headman to be held responsible for the payment of such rates as may be imposed, leaving it to him to realize the same from those to blame.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a canal irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments, and by the addition of small water-channels as prescribed in rule 5, an additional charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

39. The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer.

40. All water-rates shall become due on the dates noted on the "permits," viz. the dates on which the crops ordinarily come to maturity, and are as follows:—

Water-rate on spring crops,—wheat, barley, peas, poppy, &c.,—shall become due on 15th April.

Water-rate on summer crops,—cheena, &c.,—shall become due on 15th August.

Water-rate on bhadoi crops,—seera rice, Indian-corn, murwa, &c.,—shall become due on 30th November.

Water-rate on annual and winter crops,—aghani rice, joaur, &c.,—on 31st January and shall be paid within one month of such dates.

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

43. The Collector will make the collections through the Deputy Collectors attached to each division of the canal and the Subordinate Canal Revenue Establishment.

44. Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer. Meanwhile the collection of the demand shall not be suspended.

45. Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer.

46. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

47. If the decision of the Divisional Canal Officer uphold the original demand, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order. The decision of the Superintending Canal Officer shall be final.

48. In cases in which the water-rate is irrecoverable, from the absconding or bankruptcy of the defaulter, or when the question at issue does not depend on the canal supply or the action of the Irrigation Department, the Collector will obtain sanction to remission of canal demands from the Commissioner of the division. All such remissions shall be reported at the close of each official year to the Divisional Canal Officer.

49. If a cultivator is dissatisfied with the entries made against him in the "permit" (appendix B), whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer within fifteen days of the issue of the permit.

50. No person, without the permission in writing of the Divisional or Sub-Divisional Canal Officers, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting upon such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

51. No Canal Officer, unless specially exempted by the Lieutenant-Governor, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

52. The ameen after completing the measurement of a village, before leaving it, will compile the *Khatianni*. A copy of the *Khatianni* will be taken by the putwaree, who must himself make the copy; but if he cannot from any cause do so, the ameen must give it, and the latter is to be held responsible that a copy is taken.

53. The copy of the *Khatianni* thus made, will be hung up in some conspicuous place, and slips in the prescribed form (appendix F) will be prepared by the putwaree and given to each ryot showing the amount he will have to pay, area irrigated, &c.

54. The allowance to the putwaree for the above work shall be 2 per cent. on the assessments which shall be paid by the Collector on his being satisfied that the putwaree did his work properly.

55. The measurements shall be made as soon as practicable, and every care taken to have the *Khatianni* hung up in the village at least 15 days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

56. In case of any alteration in the *Khatianni* owing to correction of clerical errors, &c., the same shall be communicated to the putwaree at once to enable him to correct the village copy and slips accordingly.

57. The zilladar shall submit his check measurements in the form (appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the measurements as often as he possibly can. If it is found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

NOTIFICATION.

The 23rd September 1878.—In exercise of the powers conferred upon him by Section 3 of Regulation I of 1872, entitled the Sonthal Pergunnahs Settlement Regulation, the Lieutenant-Governor of Bengal is pleased to direct that "The Bengal Excise Act, 1878" (Act VII (B.C.) of 1878), shall have force and effect in the Sonthal Pergunnahs, with effect from this date, with the exception of so much of Section 5 of the said Act as relates to the manufacture of Pachwai.

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

The 27th September 1878.—In exercise of the powers conferred upon him by section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased to confirm the Bye-laws stated at foot of this notification, which were made by the Commissioners of the Municipality of Ranaghat, in the district of Nuddea, at a meeting, convened expressly for the purpose, and of which due notice had been given, and in exercise of the powers conferred by section 315 of the same Act, the Lieutenant-Governor is pleased to sanction the penalties for any breach of the said Bye-laws which have been declared by the Commissioners.

BYE-LAWS

For regulating the time and mode of collecting the taxes.

1. EVERY officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required, and no tax-payer shall be bound to pay unless such certificate is shown and a printed receipt tendered to him.

2. For all sums paid on account of any tax mentioned in the Act, a printed receipt signed by the tax darogah and the collecting officer, showing the quarter for which the sum is paid, the amount of the tax, the number of the holding and of the ward in which it is situated, and the person from whom the tax is levied, shall be given to the person paying the same.

3. When any tax, rate or toll is levied by distress and sale of moveable property, payment of the purchase-money and delivery of the property shall be made immediately after the sale; and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer to sell the property again on the same or any other day, and the first or any succeeding purchaser, except the last, shall in such case be responsible to the Commissioners for any loss; and such loss shall be recoverable as a debt due to the Commissioners.

4. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition in the manner described in section 367 of the Act.

For regulating the conduct of persons employed by the Commissioners.

5. The Commissioners shall have power to inflict, for neglect of duty, a fine not exceeding one month's pay upon any person employed by them.

6. All persons now holding, or who may hereafter be appointed to any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment, and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

7. Every person, within whose premises any animal may die, shall, within six hours after its death, or if death occurs at night, within four hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcasses, or report the death to the conservancy overseer of the division, within which such premises may be situated.

The penalty for infringement shall be a fine not exceeding Rs. 10.

In case the person liable shall not remove the carcass, he shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in case the said person be not the owner of the animal, and the owner be known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners.

8. No person shall dispose, or cause to be disposed of any corpse, or any part of a corpse otherwise than by burning or burying it at or in some lawful burning or burial ground

The penalty for infringement shall be a fine not exceeding Rs. 20.

9. If the corpse of any person within the municipal limits shall remain unburied or unburnt after 12 hours from the time of death, the Municipal Commissioners may dispose of such corpse through their servants, and recover the expense from any assets left by the deceased.

For the regulation and management of privies.

10. No person shall carry night-soil through the streets except between the hours of 8 A.M. and 8 A.M., or otherwise than in a closely covered receptacle, or shall use any place, other than those approved by the Commissioners, for the purpose of depositing such night-soil therein.

The penalty for infringement shall be a fine not exceeding Rs. 20.

11. Within such limits as the Municipal Commissioners at a meeting may appoint, no person shall construct or keep, after prohibition by the Municipal Commissioners, any well-privy.

The penalty for infringement shall be a fine not exceeding Rs. 20. The penalty for continued infringement after notice shall be a daily fine of one rupee.

12. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises, if at any time it seem to them necessary to do so for the preservation of public health or for the prevention of infection or spread of disease; provided that the Municipal Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

The penalty for refusal to use the deodorant shall be a daily fine of one rupee.

Passenger boats.—A charge of one anna per head per mile on 1st class passengers, *i.e.*, by steamers and boats and ¼ (quarter) pie per head per mile for all other passengers over and above the toll leviable from the boats or steamers by measurement. This charge to be leviable from the owners of boats or steamers and not from the passengers, except when a Government boat or steamer is hired by any person for his exclusive use. The hire in such cases charged by Government is for the use of the boat, and the tollage of boat, plus mileage charge per head, will be levied from the passenger at the rate of one anna.

Empty boats.—To be charged on tonnage of the boat itself as ascertained from its draught for displacement.

Exemption.—From payment of canal dues at the above rates for goods will not be allowed to any department or departments. The canal officers, *i.e.*, those directly in charge of irrigation works, and whose duty will necessitate travelling through the canal for inspection thereof, and the Deputy Revenue Superintendent, will be allowed to pass free of tollage. All other Government officers, heretofore passed free on grant of certificates of *being on duty*, will be expected to pay the required tollage for themselves and baggage boats.

Special rate.—Allowed to Messrs. Bullock, Welsted and Co. for their boats and passenger steamers, will cease from the 1st October next, and they will be charged thereafter similarly as the general public at the rates above notified, their boats and steamers being measured in accordance with existing rules for such measurement.

Demurrage.—The number of days which a boat entering the canal by booking or paying tollage at one of the locks may remain in it without additional payment, shall be calculated at the rate of one day for every eight miles or portion of eight miles to be traversed. Boats remaining for a longer period will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

Dated the 10th September 1878.

No. 249.—Notification.—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules for the Sone Canals which it is proposed to substitute for the rules passed and published at pages 938 to 948, Part I of the *Calcutta Gazette* of the 2nd August 1876.

Rule under Act III (B.C.) of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water-course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water for a crop to any cultivator whose fields he may have ascertained by personal inspection (by himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361·25 superficial feet, and by the addition of small water-channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 25.*

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water-course according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course. Such headman shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint a headman.

(*d*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10.

(*e*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (appendix A) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (appendix B) from such officer.

(*f*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub-Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(*g*)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(*h*)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported through the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9. The allowance to the headman of a water-course for duties connected with that water-course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 5 per cent. on the assessments of canal water-rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 3 per cent. on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchment under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively, if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations :—

(*a*)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle; such tanks are generally in the immediate neighbourhood of villages.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times and to such extent as the Sub-Divisional Canal Officer approves.

(*e*)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may be suspended for twelve months for breach of these regulations by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his assistants) that the water-course is not maintained in proper repair. Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headman of water-courses. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission, under section 76 (*b*) of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges. All applications for remission of water-rates shall be made by the parties concerned in person, or through their headman, to the nearest Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop, and the Sub-Divisional Officer shall thereupon inspect the applicant's fields, and forward his application for decision to the Divisional Canal Officer with his remarks

18 Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. Under this rule an appeal shall lie to the Commissioner of the division, whose order shall be final.

19. Under section 78 of the Act the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follows :—

WATER-RATES.

Sone Canals.

NOTE.

1 Cottah ... ... = 1361·25 superficial feet.
1 Beegha ... ... = 27225·00 " "
1 Acre ... ... = 43560·00 " "

20. Up to 1st June 1879 leases for three years may be granted at the following rates provided that the area leased in any village shall not be less than the whole irrigable area in the case of khureef cultivation or half the irrigable area in that of the rubbee cultivation. In the latter case the area must be as far as possible in one block. In certain cases it may, at the discretion of the Superintending Engineer, be comprised in two or at most three blocks.

Schedule of Rates.

	Per acre.	Per beegha.	Per cottah.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Rubbee, including bhadaee ...	2 4 0	1 6 6	0 1 2
Khureef	1 8 0	0 15 0	0 0 9

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood as a general rule the extent of land for which water can be supplied at the rate of 80 acres in khureef and 180 acres in rubbee per cubic foot of available supply.

23. Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become

jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government under section 82 of Act III (B.C.) of 1876 all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. A contractor or contractors shall be entitled to collect water dues at the rates given in the schedule attached to rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water-rates shall be deemed a sum due to Government under sections 82 and 83 of Act III of 1876.

25. A contractor (or, in case there be more than one, each severally and jointly) shall be responsible for all sums payable on the application (appendix D), and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under these rules is for the supply of water to khureef crops or to all irrigable rubbee in the village, a list in form E should be submitted with the application showing the number of each field in the map, the area of the field, crop to be grown, and amount payable; and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village. In such cases the fields receiving water may vary from year to year, but the total area to be watered can never be less than the area stated in the application for the three years' lease.

27. No water shall be taken previous to receipt of a permit (appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor or contractors the Divisional Canal Officer shall furnish such contractor or contractors with an authorization under section 82 to collect the amounts due by the cultivators according to the list furnished under rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Canal Officer to perform the duties specified in rule 9. Such headman shall receive 5 per cent. on the assessment, but the Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high. The headman will be held personally responsible for the due observance of this rule.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions. The headman will be held personally responsible for the due observance of this rule.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit. The headman to be held responsible for the payment of such rates as may be imposed, leaving it to him to realize the same from those to blame.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a canal irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments, and by the addition of small water-channels as prescribed in rule 5, an additional charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

39. The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer.

40. All water-rates shall become due on the dates noted on the "permits," viz. the dates on which the crops ordinarily come to maturity, and are as follows:—

Water-rate on spring crops,—wheat, barley, peas, poppy, &c.,—shall become due on 15th April.

Water-rate on summer crops,—cheena, &c.,—shall become due on 15th August.

Water-rate on bhadoi crops,—seera rice, Indian-corn, murwa, &c.,—shall become due on 30th November.

Water-rate on annual and winter crops,—aghani rice, joaur, &c.,—on 31st January and shall be paid within one month of such dates.

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

43. The Collector will make the collections through the Deputy Collectors attached to each division of the canal and the Subordinate Canal Revenue Establishment.

44. Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer. Meanwhile the collection of the demand shall not be suspended.

45. Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer.

46. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

47. If the decision of the Divisional Canal Officer uphold the original demand, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order. The decision of the Superintending Canal Officer shall be final.

48. In cases in which the water-rate is irrecoverable, from the absconding or bankruptcy of the defaulter, or when the question at issue does not depend on the canal supply or the action of the Irrigation Department, the Collector will obtain sanction to remission of canal demands from the Commissioner of the division. All such remissions shall be reported at the close of each official year to the Divisional Canal Officer.

49. If a cultivator is dissatisfied with the entries made against him in the "permit" (appendix B), whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course with the Divisional or Sub-Divisional Canal Officer within fifteen days of the issue of the permit.

50. No person, without the permission in writing of the Divisional or Sub-Divisional Canal Officers, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting upon such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

51. No Canal Officer, unless specially exempted by the Lieutenant-Governor, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereof, either in his own name or in the name of another, or jointly, or in shares with others.

52. The ameen after completing the measurement of a village, before leaving it, will compile the *Khatianni*. A copy of the *Khatianni* will be taken by the putwaree, who must himself make the copy; but if he cannot from any cause do so, the ameen must give it, and the latter is to be held responsible that a copy is taken.

53. The copy of the *Khatianni* thus made will be hung up in some conspicuous place, and slips in the prescribed form (appendix F) will be prepared by the putwaree and given to each ryot showing the amount he will have to pay, area irrigated, &c.

54. The allowance to the putwaree for the above work shall be 2 per cent. on the assessments which shall be paid by the Collector on his being satisfied that the putwaree did his work properly.

55. The measurements shall be made as soon as practicable, and every care taken to have the *Khatianni* hung up in the village at least 15 days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

56. In case of any alteration in the *Khatianni* owing to correction of clerical errors, &c., the same shall be communicated to the putwaree at once to enable him to correct the village copy and slips accordingly.

57. The zilladar shall submit his check measurements in the form (appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the measurements as often as he possibly can. If it is found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL AND CRIMINAL.

No. 31, *dated the* 19*th September* 1878.

The attention of all Judicial Officers in the Lower Provinces of Bengal and Assam is drawn to the remarks contained in Circular Order No. 24, dated the 23rd August 1870, in which the importance of a strict attention to the provisions of the law with respect to the service of processes forwarded by the Calcutta Court of Small Causes under Sections 29 and 30 of Act IX of 1850 was pointed out.

2. The Court has learnt with regret that the Judges of the Small Cause Court have still frequent reason to complain of the want of care with which their processes are treated by the Courts in the interior, and that much inconvenience and expense are occasionally caused to suitors by the irregular manner in which affidavits of service are filled in. The Judges of the Small Cause Court will now be asked to mention specifically any Court from which processes are habitually or frequently returned in an imperfect condition, and the Court will not fail to take such steps as may be necessary to prevent a repetition of the complaint.

No 32, *dated the* 20*th September* 1878.

The attention of all Judicial Officers is called to the notification of this date, copy of which is annexed, imposing a fee of one rupee in respect of administering oaths on affidavits under the Code of Civil Procedure (Act X of 1877).

2. It will be observed that the fee is payable in Court fee stamps, and will therefore be credited to Government. These fees should be shewn separately in the daily register of Court fees realized, prescribed by Circular Order No. 23, dated 22nd December 1877, in order that it may be ascertained whether the receipts in any district are sufficient to justify the appointment of a special officer to administer oaths on affidavits.

NOTIFICATION.

Dated the 20th September 1878.

It is hereby notified that, with the sanction of His Excellency the Governor-General in Council, the following charge has been introduced into all Civil and Criminal Courts subject to the Appellate Jurisdiction of the High Court, and that it will be levied from and after this date, *viz.*,—

For administering the oath of the declarant in the case of any affidavit under the Code of Civil Procedure (Act X of 1877), except—

(a) affidavits made by process-servers regarding the manner of service of process;

(b) affidavits made by any public officer in virtue of his office, one rupee.

The above fee shall be paid by means of a Court fee stamp of not less value than the amount above prescribed.

Passenger boats.—A charge of one anna per head per mile on 1st class passengers, *i.e.*, by steamers and boats and ¼ (quarter) pie per head per mile for all other passengers over and above the toll leviable from the boats or steamers by measurement. This charge to be leviable from the owners of boats or steamers and not from the passengers, except when a Government boat or steamer is hired by any person for his exclusive use. The hire in such cases charged by Government is for the use of the boat, and the tollage of boat, plus mileage charge per head, will be levied from the passenger at the rate of one anna.

Empty boats.—To be charged on tonnage of the boat itself as ascertained from its draught for displacement.

Exemption.—From payment of canal dues at the above rates for goods will not be allowed to any department or departments. The canal officers, *i.e.*, those directly in charge of irrigation works, and whose duty will necessitate travelling through the canal for inspection thereof, and the Deputy Revenue Superintendent, will be allowed to pass free of tollage. All other Government officers, heretofore passed free on grant of certificates of *being on duty*, will be expected to pay the required tollage for themselves and baggage boats.

Special rate.—Allowed to Messrs. Bullock, Welsted and Co. for their boats and passenger steamers, will cease from the 1st October next, and they will be charged thereafter similarly as the general public at the rates above notified, their boats and steamers being measured in accordance with existing rules for such measurement.

Demurrage.—The number of days which a boat entering the canal by booking or paying tollage at one of the locks may remain in it without additional payment, shall be calculated at the rate of one day for every eight miles or portion of eight miles to be traversed. Boats remaining for a longer period will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

NOTIFICATION.

The 14th October 1878.—In exercise of the powers conferred upon him by section 314 of the Bengal Municipal Act, 1876, the Lieutenant-Governor is pleased to confirm the bye-laws stated at foot of this notification, which were made by the Commissioners of the Municipality of Barisal, at a meeting convened expressly for the purpose, and of which due notice had been given, and in exercise of the powers conferred by section 315 of the same Act, the Lieutenant-Governor is pleased to sanction the penalties for any breach of the said bye-laws which have been declared by the said Commissioners.

BYE-LAWS.

For regulating the time and mode of collecting the taxes.

1. Every officer authorized to collect taxes of any kind and grant receipts, shall be provided with a certificate of such authority, bearing the seal of the Municipality and signature of the Chairman or Vice-Chairman. Every collecting officer, at the time of demanding or receiving payment, shall be bound to show this certificate if required. On the suspension or dismissal of a collecting officer, the Chairman or Vice-Chairman shall take back his certificate, and so destroy it that no future use can be made of it by any one.

2. Payment of purchase-money for property sold, and delivery of the property, shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again, on the same or any other day, and the first purchaser shall, in such case, be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For regulating the conduct of persons employed by the Commissioners.

3. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice or pay in advance for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month, on pain of forfeiture of one month's salary.

4. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners shall, when required to do so, furnish good security to such amount as the Commissioners may from time to time fix, and any person failing to furnish such security, within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.

5. Every person, within whose premises any animal may die, shall, within six hours of its death, or, if death occurs at night, within four hours after daylight, either remove the carcass at his own expense to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death at the Municipal Office to the conservancy overseer, and in such latter case shall pay to the said overseer the expense of removing the carcass, at such rate as the Commissioners may determine, and such expense shall be recoverable as a debt due to the Commissioners. In cases where the said person is not the owner of the animal, and the owner is known, the latter shall alone be responsible for the payment of such expense. No overseer, when called upon, except at night, shall neglect to remove a carcass within three hours of receiving the information.

The penalty for infringement shall be a fine not exceeding Rs. 10.

6. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such place as may, from time to time, be appointed by the Commissioners for the reception of the carcasses of animals.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall throw, deposit, or discharge, any night-soil, sewage or the contents of any drain, privy, or cess-pool into any river, tank, khall, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

8. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle, of such description and pattern as shall be required from time to time by the Commissioners, and between such hours as the Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

For the regulation and management of privies.

9. Every owner or occupier of any house, land, or premises, from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises, for the removal of any night-soil or filth, within such hours as may have been fixed on by the Municipal Commissioners, viz. between sunrise and sunset.

The penalty for infringement shall be a fine not exceeding Rs. 5.

10. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable moveable receptacle of metal, wood, or earthenware.

(This Bye-law is to be confined within the five mohullahs—Kotwali, Church, Kalibari, Kutibari, and School—which compose the town proper, particularly with a view to keep clean the Bhatta Khal and the Jail Khal and their accessories.)

The penalty for infringement shall be a fine not exceeding Rs. 20.

11. On the receipt of a notice from the Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy as may be directed in the notice, and if the orders contained in the notice be not carried out within fifteen days, the Commissioners may fill up, close or otherwise alter the said privy, and the expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

12. No owner or occupier of any house, land, or premises in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing stagnant and waste water), or into any other receptacle but one of the nature described in bye-law No 10.

The penalty for infringement shall be a fine not exceeding Rs. 20.

13. No person shall perform any office of nature in any place outside private premises, other than such place as may be appointed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

14. The Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or premises if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or spread of disease provided that the Commissioners shall be bound to supply such deodorants, &c., at cost price, and the price shall be recoverable as a debt due to the Commissioners.

The penalty for refusal to use the deodorants shall be a daily fine not exceeding Re. 1.

For regulating Traffic in the Streets.

15. Every carriage or cart plying on the streets after sunset shall carry a light or lights.

The penalty for infringement shall be a fine not exceeding Rs. 5.

16. No person shall let loose any animal without sufficient guard, or picket such animal on any public road, or collect carts so as to impede general traffic on any public road.

The penalty for infringement shall be a fine not exceeding Rs. 10.

General Bye-laws.

17. No person shall put, or cause to be put, on any house or other building any spout, or other thing intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such spout now in existence, and to recover the costs as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5; the penalty for continued infringement shall be a fine not exceeding Re. 1 daily.

18. No person shall deposit, or cause to be deposited in or by the side of any public road or drain any substance or thing whereby the said road or drain is, or may be, in any way obstructed or injured.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement shall be a fine not exceeding Rs. 3 daily.

19. No person shall construct any building or structure of any kind abutting on any public road or drain, and no person shall place over any public drain any bridge or platform, except by, and with the written permission of, the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

20. If any house, wall, or other erection, or any part thereof fall upon any public highway or into any public drain, the owner of such house, wall or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

21. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

22. No person shall, without the permission of the Commissioners, steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboos, or other vegetable matter, or any animal matter, likely to render the water of such river, khal, tank, or ditch, offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement shall be a fine not exceeding Rs. 2 daily.

23. No person shall dig, or cause to be dug, any hole in any public drain, water-course, khal, tank, or public ground, or take or cause earth to be taken therefrom without the written permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

24. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course, and the Commissioners may order the removal of any such obstruction on grounds of public health.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement after notice shall be a fine not exceeding Rs. 4 daily.

25. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all times allow the Commissioners or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement shall be a fine not exceeding Rs. 5 daily.

26. No person shall wash in any tank, khal, or ditch, belonging to the Commissioners the clothes or bedding, or furniture used by any person suffering from cholera or small-pox.

The penalty for disobedience to comply with the order shall be a fine not exceeding Rs. 50.

27. No person shall construct any ghât in any public tank or water-course, except by, and with the written permission of, the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10; the penalty for continued infringement shall be a fine not exceeding Rs. 3 daily.

28. No person shall, without the consent of the Commissioners, fill up or stop any existing cess-pool so as to obstruct the drainage of any part of the town.

The penalty for infringement shall be a fine not exceeding Rs. 20, and the Commissioners may order the offender to re-dig the hole at his own expense and, if he neglects to do so, may impose a daily fine not exceeding Rs. 2, or may do the work at his expense.

29. No person shall collect, or allow to be collected (except for the purpose of conveying it away), on or near any public road or place, any manure or other offensive substance.

NOTIFICATION.

The 10th October 1878.—The following revised rules for the grant of leases for tea cultivation in the districts of Julpigoree and Darjeeling have been approved by the Lieutenant-Governor and are published for general information.

2. With reference to the provisions of the revised form of preliminary lease under which transfers, if duly registered, will in future be recognized, the Lieutenant-Governor is pleased to admit to registration all such transfers already completed, though made in violation of the terms of the leases hitherto in force; provided that application for their registration be made within two months of the date of this notification, and that a fee of four annas per acre be paid on the area of the lands transferred. Failing such registration, the forfeiture clause of the preliminary leases under which the lands are held will be enforced.

RULES FOR THE GRANT OF LEASES FOR TEA CULTIVATION IN THE DISTRICTS OF JULPIGOREE AND DARJEELING.

What lands will ordinarily be available.

1. THE lands that are generally available under these rules in the district of Julpigoree lie within that tract of country in the Western Dooars which extends in an easterly direction from the east bank of the River Teesta to the west bank of the River Sankos. The lands available in the district of Darjeeling lie in the Daling Sub-division of that district, and are bounded on the north by the Government Reserved Forests as notified in the *Calcutta Gazette* of the 7th August 1878; on the south by the Julpigoree district; on the east by the Moortee Nuddee; and on the west by the Lethee Nuddee. Any lots of Waste Land belonging to Government, lying in any other parts of the districts of Julpigoree or

Darjeeling, and which are not reserved for other purposes, may also be made available for Tea cultivation under these rules.

What lands will not ordinarily be available.

2. The following lands will not ordinarily be available under these rules :—

(*a.*)—Lands which, by a notification in the *Calcutta Gazette*, are held to constitute a reserve for the supply of timber, fuel, grazing, or any other article of general and public consumption.

(*b.*)—Lands not included in the above category, but which now bear India-rubber trees or other valuable timber (such as sal, khair, chelownee, sissoo, &c.,) in compact blocks or patches.

(*c.*)—Lands in respect of which any person or persons, or any village community, possess rights of occupancy, or such other rights or privileges as render it impolitic or unadvisable to grant such lands to any other person or persons for the purpose of tea cultivation.

(*d.*)—Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare. Provided that such road or thoroughfare shall have been constructed, or shall be kept in repair, from public funds, and that it be borne on the list of the district roads of the district.

(*e.*)—Lands which the local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules.

How and to whom application is to be made.

3. Every person, company, or association, desirous of obtaining a grant of land under these rules must, in person or by a duly authorized agent, present an application on stamped paper of the value of 8 annas to the Deputy Commissioner of the district in which the land lies.

What the application is to specify.

4. The application must specify—

(*a.*)—The name, or names, and address, or addresses of the applicant or applicants, and of his or their authorized agent, if any.

(*b.*)—The area, situation, and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.

(*c.*)—The particulars, if any, which may appear to the applicant to bring any part of the land applied for within the exceptions mentioned in Rule 2. The application must also state whether the land, or any part of it, is or has ever been cultivated in any manner.

5. Every lot applied for must be compact and capable of being enclosed in a ring fence; and if any part of the land touches on a public road or navigable river, the length of such road or river frontage must not exceed one half the breadth of the lot applied for.

6. Not more than 800 acres will ordinarily be granted to any one applicant, company, or association; and when more than 800 acres are applied for, the applicant must set forth specially the grounds for such application, and give *primâ facie* guarantees that he possesses the requisite capital for working such larger area. All applications for more than 800. acres will be forwarded by the Deputy Commissioner to the Commissioner, who, if he desires to recommend compliance therewith, will forward them to the Board of Revenue, who will take the orders of Government upon each case.

Procedure on receipt of an application.

7. On receipt of an application for any area not exceeding 800 acres, the Deputy Commissioner must satisfy himself, as far as lies in his power, that the requirements of the rules have been complied with. If he considers that the application should be rejected he will record an order to that effect, giving his reasons for such rejection. An appeal will lie from such order of rejection to the Commissioner of the Division if preferred within 30 days from the date of the order. If the Deputy Commissioner considers that an application for such area as it is within his power to grant should be entertained, or in the case of application for areas over 800 acres, when the orders of Government accepting the application have been received, the applicant or his agent will be required to deposit the cost of survey and demarcation to be made as hereinafter provided. The amount to be so deposited must be calculated at one rupee per acre of the total area applied for. If the area is found to be greater, the sum of one rupee per acre must be paid on account of such excess area before a preliminary lease is granted. Payments under this rule do not cover the cost of erecting permanent boundary marks under Rule 20.

8. On receipt of the sum payable under the preceding rule, and of an agreement, signed by the applicant or by his authorized agent, to pay such further sum as may be required for the purposes above mentioned, the Deputy Commissioner will record an order appointing a tehsildar or other officer to visit the land, and to make full and detailed inquiries into its condition and circumstances.

Preliminary inquiry to be made.

9. The general object of such inquiry shall be to ascertain whether or not the land applied for can be granted under the rules in force; but the Deputy Commissioner may instruct the officer making the inquiry to furnish him with such other specific and detailed information as may seem to him to be necessary.

10. On completion of this inquiry, the officer making it will record the result thereof, and submit a report for the orders of the Deputy Commissioner. If the Deputy Commissioner, after considering the report, and after calling for such further explanations, oral or

written, as he may deem necessary, shall be of opinion that the land applied for cannot be granted under the rules, and should not therefore be surveyed, he will record an order to that effect. An appeal will lie from such order to the Commissioner of the Division if preferred within 30 days from the date of the order.

11. If the Deputy Commissioner decide that the land applied for can be granted under the rules, and should therefore be surveyed, he will record an order to that effect.

12. If the Deputy Commissioner finds the land or any part of it in the occupation of any person or persons or of any village community, he will submit a full report of the circumstances for the orders of the Commissioner, stating in detail how he proposes to deal with such prior occupants; and, if it is proposed to remove them, the compensation, if any, which the applicant undertakes to pay to such persons. The Commissioner will report his orders in all such cases for the information of the Board of Revenue.

13. If any claim or objection be preferred under Act XXIII of 1863, the Deputy Commissioner will proceed to dispose of the same in accordance with the provisions of that Act.

How the survey is to be made.

14. The officer who made the inquiry provided for by Rules 8 to 10 will, on receipt of an order to that effect from the Deputy Commissioner, proceed to point out to the Surveyor the boundaries of the land applied for, and such prominent features in it as may be useful for the purposes of the survey, and which should, in his opinion, be entered in the preliminary lease as hereinafter provided. The boundaries and other features above mentioned should be clearly marked and defined by the officer in presence of the surveyor, and the latter should be furnished with a list of them signed by the said officer.

15. The surveyor will then proceed to make the survey and put up such temporary boundary marks as are necessary for that purpose. He must prepare a map showing—

(*a*)—All natural features of the country lying within the boundaries as fixed by the officer who made the enquiry under Rules 8 to 10, *e.g.*, bheels, streams, forest clumps, &c.

(*b*)—Such features of the country lying outside the boundary of the land to be surveyed as may serve to identify the latter and connect it with the revenue survey or other existing map.

The surveyor is bound to bring to the notice of the Deputy Commissioner any fact which may come to his knowledge in the course of the survey rendering it advisable, that the land he is surveying should not be granted under these rules.

16. The map should ordinarily be on a scale of 16 inches to the mile. If possible, the surveyor's field-book should be copied at the back of it. If not, a copy of the field-book should be attached to or accompany the map. If the map be made originally in the vernacular, the Deputy Commissioner will cause it to be translated into English.

17. On the map being completed, it must be checked by an officer appointed by the Deputy Commissioner. If found to be incorrect, it will be amended by the surveyor in conjunction with the officer above mentioned. If found to be correct, it will be laid before the Deputy Commissioner with the report of the officer who made the preliminary inquiry under Rules 8 to 10, and with all other papers connected with the case.

18. The Deputy Commissioner will then proceed to consider the application. A date for this purpose must be previously fixed by him, and due notice of it given to the applicant or to his authorized agent.

19. The Deputy Commissioner shall have power to reject an application at any stage of the proceedings under the rules, if he sees reason to do so, refunding in such case to the applicant the deposit made by him on account of survey. He is authorized to reject an application when he does not consider that there is a *bonâ fide* intention on the part of the applicant to cultivate in tea the land applied for, or when it appears desirable to reserve the land for cultivation other than tea, or to preserve any forest standing on it. An appeal against every such order of rejection shall lie to the Commissioner of the Division if preferred within 30 days of the date of the order.

20. If the Deputy Commissioner grant the application, he will without delay grant the applicant a lease in form A of the appendix, and call upon him to execute a counterpart thereof, and to pay for all valuable forest trees as provided in clause 10 of the preliminary lease. He will also direct him to mark out the land leased by a continuous trench, or in such other manner as the Deputy Commissioner may direct. Within three months of the grant of such lease the lessee must, on pain of forfeiture of all rights in the land leased, mark out the land as above directed, and must further erect, at his own expense, such permanent boundary* marks as the Deputy Commissioner may direct. On the expiry of the three months, the surveyor must test the correctness of the boundary line and permanent marks and report the result to the Deputy Commissioner, at the same time pointing out to the lessee or his representative by written notice any corrections that may be required. If the corrections indicated are not made by the lessee or his representative within 30 days of the receipt of such notice, all rights in the land shall be liable to forfeiture to Government.

21. Whenever, after receipt of an application, as provided for in Rule 3, and after making such inquiries as he may deem necessary, the Deputy Commissioner, shall be of opinion

* These boundary marks shall ordinarily consist of a masonry platform at every point where more than two lots or patches of waste or other lands meet, with large stones or mounds at every angle and at every 100 yards of the boundary line between such platforms and other marks.

that there is no *primâ facie* objection whatever to the grant under the rules of the land applied for, he may put the applicant in preliminary and provisional possession of an area not exceeding one-eighth of the estimated area of the land applied for, with the object of enabling the applicant to make preparations for commencing cultivation and getting the land in order. Provided that the applicant, before obtaining such preliminary possession, shall have erected such boundary marks as the Deputy Commissioner may direct, and that the amount of all estimated charges incurred in connection with such preliminary occupation shall have been deposited by the applicant.

22. The order for, and conditions of, such preliminary occupation shall be in the form B in the appendix, and shall be addressed to the tehsildar or other officer appointed by the Deputy Commissioner. A copy of the order shall be delivered to the applicant, who shall, after receipt of occupation, acknowledge such receipt by signing a copy of the order and depositing it with the Deputy Commissioner.

23. Grantees are not permitted to club or amalgamate their grants, otherwise than by transfers duly registered as provided for in the preliminary lease. Any unauthorized amalgamation will subject the holders of the grants in question to forfeiture of all rights in the lands so amalgamated.

APPENDIX A.

Form of preliminary lease of land in granted by the Deputy Commissioner of to (name) of (address).

1. THE lands covered by this lease are situated within the boundaries shown by the red lines in map No. , dated , and attached to the lease. The lands may be described as being bounded as follows:—

North.—
East.—
South.—
West.—

Their area is more or less acres, and they are situated in the pergunnahs and tehsils detailed in the margin.

2. The rights conveyed by this lease are heritable and also transferable, provided (*a*), that the entire grant, and not a portion of it, be transferred; (*b*), that the clearance conditions are duly observed by the transferor and transferee respectively; (*c*), that the transfer is registered in the Deputy Commissioner's office within 21 days of the date thereof; and (*d*), that a registration fee of 4 annas per acre be paid to the Deputy Commissioner on the occasion of every such transfer. If any transfer of the rights conveyed by this lease is made otherwise than in accordance with the foregoing provisions, all rights in the land leased shall be liable to be forfeited to Government. After the expiry of this preliminary lease, no right shall be claimed otherwise than as expressly provided for hereinafter.

3. The rent to be paid shall be as follows:—

Year of entry (*i.e.* from actual date of entry to 31st March following)	...	Nil.
1*st* full year (from 1st April following date of entry)	...	Nil.
2*nd* year	...	3 annas per acre.
3*rd* „	...	6 „ „
4*th* „	...	9 „ „
5*th* „	...	12 „ „

The rent shall be paid to the tehsildar of in the following instalments:—

1st September, one-half; 1st March one-half.

4. The lessee shall either himself reside on or near to the lands covered by this lease, or he shall appoint a manager or agent who shall reside on or near to such lands, and who shall be provided with a full legal power to act on behalf of the principal in all matters arising out of, or concerning, the lands covered by the lease.

5. The lessee binds himself to conform to all the provisions of the rules for the grant of tea leases under which this lease is granted.

6. Five per cent. of the area of the lands leased shall be cleared by the end of the second year after the grant of this lease, and 10 per cent. by the end of the third year.

7. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

8. All rights to minerals or quarries of all kinds are reserved to Government.

9. No right of fishery, and no right to dam up or otherwise obstruct the passage of any stream is given by this lease. A public right of way over twenty yards on either bank of every stream, available at any time of the year for local boat traffic, is reserved.

10. All valuable forest trees which are of a girth of three feet and over at the height of four feet from the ground must be paid for by the lessee before possession is given under this lease. The kinds of trees to be so paid for, and the rates of payment for each tree, are those set forth in schedules drawn up for this purpose from time to time by the Forest Department and approved by Government. All other trees and scrub jungle are at the disposal of the lessee.

11. The Deputy Commissioner may at any time enter on, inspect, or measure the area under cultivation, and the lessee may at any time demand that such measurement be made. Provided that the expenses of any such inspection or measurement demanded by the lessee shall be paid by him as rent due. If, after such inspection, the Deputy Commissioner finds that 15 per cent. of the total area held under the lease has been brought under cultivation by means of good husbandry, and actually bears tea plants, the lessee shall be entitled to the renewal of the lease for a further period of twenty years, and to renewals for similar periods in perpetuity, subject to the following conditions:—

(*a*)—Subject to any general or special orders of Government the rent to be paid shall be fixed by the Board of Revenue on the report of the Deputy Commissioner on each occasion of renewal, but shall not exceed the rate of rent per acre paid in the neighbourhood at the time of renewal for the highest class of lands under ordinary cultivation. If at any future time the administration of the tracts under tea cultivation should entail on the State any considerable increase of expenditure, it will be competent to the Government, with the sanction of the legislature, to impose such special taxation as may be deemed necessary, either by raising the rent, or in some other mode. But under no other circumstances will the rent, which has now been fixed for a term of years on the principle above enunciated, be raised during the currency of such term.

(*b*)—The title conveyed by the renewed lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole, and that no transfer shall be valid as against the Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notification of the transfer shall have been given by the transferree to the Deputy Commissioner at the time of transfer, together with a fee of 4 annas per acre of the area leased.

(*c*)—In all other respects, the conditions of the renewed lease shall be the same as those of the preliminary lease.

12. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

13. If before the expiration of this preliminary lease no application for a renewal of the lease shall have been made in accordance with the above provisions, the lessee may be allowed to hold on as a tenant-at-will, but not otherwise, until other arrangements shall have been made by the Deputy Commissioner.

APPENDIX B.

To the Tehsildar of

WHEREAS of

and (name) of

(residence) propose to enter into an agreement in regard to certain land (situated at or near the spot herein described) for the purpose of cultivating tea, and whereas

(name) of

(residence) desires immediately to enter upon occupation of some part of the above lands for the purpose of making preparations for and for commencing such cultivation, I do hereby authorize the said

(name) of

(residence) hereby to use for that purpose any lands lying within

(here specify boundaries) and not exceeding 100 acres in all.

In the event of a lease being hereafter granted, the date of entry referred to in such lease shall be held to be not the date of this order, but the date of possession being given under such lease. In case of a lease being refused, no claim to compensation shall lie against the Government for any outlay incurred by

(name) of

(residence) on the strength of this order. No rent shall be payable for land occupied during the currency of this order, the term whereof shall expire on the 31st March next.

Occupation under this order, or after its expiry, without an express condition to the contrary, shall never be held to constitute any tenure other than a tenancy-at-will from year to year. The occupant shall keep the boundary line and marks in repair and clear of jungle. A copy of this order has been delivered to

(name) with permission to enter into occupation. You will register him as in occupation of the land under the usual amalnama.

Passenger boats.—A charge of one anna per head per mile on 1st class passengers, *i.e.*, by steamers and boats and ¼ (quarter) pie per head per mile for all other passengers over and above the toll leviable from the boats or steamers by measurement. This charge to be leviable from the owners of boats or steamers and not from the passengers, except when a Government boat or steamer is hired by any person for his exclusive use. The hire in such cases charged by Government is for the use of the boat, and the tollage of boat, plus mileage charge per head, will be levied from the passenger at the rate of one anna.

Empty boats.—To be charged on tonnage of the boat itself as ascertained from its draught for displacement.

Exemption.—From payment of canal dues at the above rates for goods will not be allowed to any department or departments. The canal officers, *i.e.*, those directly in charge of irrigation works, and whose duty will necessitate travelling through the canal for inspection thereof, and the Deputy Revenue Superintendent, will be allowed to pass free of tollage. All other Government officers, heretofore passed free on grant of certificates of *being on duty*, will be expected to pay the required tollage for themselves and baggage boats.

Special rate.—Allowed to Messrs. Bullock, Welsted and Co. for their boats and passenger steamers, will cease from the 1st October next, and they will be charged thereafter similarly as the general public at the rates above notified, their boats and steamers being measured in accordance with existing rules for such measurement.

Demurrage.—The number of days which a boat entering the canal by booking or paying tollage at one of the locks may remain in it without additional payment, shall be calculated at the rate of one day for every eight miles or portion of eight miles to be traversed, Boats remaining for a longer period will pay a demurrage of eight annas per 100 maunds per diem for each day or part of a day that they may remain in excess.

DRAFT RULES PROPOSED UNDER ACT III (B. C.) OF 1876.

Dated the 10th September 1878.

No. 249.—*Notification.*—In exercise of the powers conferred on him by Section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules for the Sone Canals which it is proposed to substitute for the rules passed and published at pages 938 to 943, Part I of the *Calcutta Gazette* of the 2nd August 1876.

Rule under Act III (B.C.) of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water-course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water for a crop to any cultivator whose fields he may have ascertained by personal inspection (by himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361·25 superficial feet, and by the addition of small water-channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule* 25.

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water-course according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course. Such headman shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint a headman.

(*d*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10.

(*e*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (appendix A) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (appendix B) from such officer.

(*f*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub-Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(*g*)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(*h*)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported through the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9. The allowance to the headman of a water-course for duties connected with that water-course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and

generally assisting the officers of the Irrigation Department, shall be 5 per cent. on the assessments of canal water-rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 3 per cent. on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchment under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively, if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations :—

(*a*)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle; such tanks are generally in the immediate neighbourhood of villages.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times and to such extent as the Sub-Divisional Canal Officer approves.

(*e*)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may be suspended for twelve months for breach of these regulations by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his assistants) that the water-course is not maintained in proper repair. Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headman of water-courses. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission, under section 76 (*b*) of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges. All applications for remission of water-rates shall be made by the parties concerned in person, or through their headman, to the nearest Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop, and the Sub-Divisional Officer shall thereupon inspect the applicant's fields, and forward his application for decision to the Divisional Canal Officer with his remarks.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. Under this rule an appeal shall lie to the Commissioner of the division, whose order shall be final.

19. Under section 78 of the Act the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follows :—

WATER-RATES.

Beegha ... ... = 27225·00 " "
1 Acre ... ... = 43560·00 " "

20. Up to 1st June 1879 leases for three years may be granted at the following rates provided that the area leased in any village shall not be less than the whole irrigable area in the case of khureef cultivation or half the irrigable area in that of the rubbee cultivation. In the latter case the area must be as far as possible in one block. In certain cases it may, at the discretion of the Superintending Engineer, be comprised in two or at most three blocks.

Schedule of Rates.

	Per acre.	Per beegha.	Per cottah.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Rubbee, including bhadaee ...	2 4 0	1 6 6	0 1 2
Khureef	1 8 0	0 15 0	0 0 9

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood as a general rule the extent of land for which water can be supplied at the rate of 80 acres in khureef and 180 acres in rubbee per cubic foot of available supply.

23. Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government under section 82 of Act III (B.C.) of 1876 all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. A contractor or contractors shall be entitled to collect water dues at the rates given in the schedule attached to rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water-rates shall be deemed a sum due to Government under sections 82 and 85 of Act III of 1876.

25. A contractor (or, in case there be more than one, each severally and jointly) shall be responsible for all sums payable on the application (appendix D), and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under these rules is for the supply of water to khureef crops or to all irrigable rubbee in the village, a list in form E should be submitted with the application showing the number of each field in the map, the area of the field, crop to be grown, and amount payable; and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village. In such cases the fields receiving water may vary from year to year, but the total area to be watered can never be less than the area stated in the application for the three years' lease.

27. No water shall be taken previous to receipt of a permit (appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor or contractors the Divisional Canal Officer shall furnish such contractor or contractors with an authorization under section 82 to collect the amounts due by the cultivators according to the list furnished under rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Canal Officer to perform the duties specified in rule 9. Such headman shall receive 5 per cent. on the assessment, but the Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the

admission of the water, by a ridge not less than half a foot high. The headman will be held personally responsible for the due observance of this rule.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions. The headman will be held personally responsible for the due observance of this rule.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit. The headman to be held responsible for the payment of such rates as may be imposed, leaving it to him to realize the same from those to blame.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a canal irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments, and by the addition of small water-channels as prescribed in rule 5, an additional charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

39. The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer.

40. All water-rates shall become due on the dates noted on the "permits," viz. the dates on which the crops ordinarily come to maturity, and are as follows:—

Water-rate on spring crops,—wheat, barley, peas, poppy, &c.,—shall become due on 15th April.

Water-rate on summer crops,—cheena, &c.,—shall become due on 15th August.

Water-rate on bhadoi crops,—seera rice, Indian-corn, murwa, &c.,—shall become due on 30th November.

Water-rate on annual and winter crops,—aghani rice, joaur, &c.,—on 31st January and shall be paid within one month of such dates.

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

43. The Collector will make the collections through the Deputy Collectors attached to each division of the canal and the Subordinate Canal Revenue Establishment.

44. Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer. Meanwhile the collection of the demand shall not be suspended.

45. Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer.

46. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

47. If the decision of the Divisional Canal Officer uphold the original demand, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order. The decision of the Superintending Canal Officer shall be final.

48. In cases in which the water-rate is irrecoverable, from the absconding or bankruptcy of the defaulter, or when the question at issue does not depend on the canal supply or the action of the Irrigation Department, the Collector will obtain sanction to remission of canal demands from the Commissioner of the division. All such remissions shall be reported at the close of each official year to the Divisional Canal Officer.

49. If a cultivator is dissatisfied with the entries made against him in the "permit" (appendix B), whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course with the Divisional or Sub-Divisional Canal Officer within fifteen days of the issue of the permit.

50. No person, without the permission in writing of the Divisional or Sub-Divisional Canal Officers, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting upon such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

51. No Canal Officer, unless specially exempted by the Lieutenant-Governor, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereof, either in his own name or in the name of another, or jointly, or in shares with others.

52. The ameen after completing the measurement of a village, before leaving it, will compile the *Khatianni*. A copy of the *Khatianni* will be taken by the putwaree, who must himself make the copy; but if he cannot from any cause do so, the ameen must give it, and the latter is to be held responsible that a copy is taken.

53. The copy of the *Khatianni* thus made will be hung up in some conspicuous place, and slips in the prescribed form (appendix F) will be prepared by the putwaree and given to each ryot showing the amount he will have to pay, area irrigated, &c.

54. The allowance to the putwaree for the above work shall be 2 per cent. on the assessments which shall be paid by the Collector on his being satisfied that the putwaree did his work properly.

55. The measurements shall be made as soon as practicable, and every care taken to have the *Khatianni* hung up in the village at least 15 days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

56. In case of any alteration in the *Khatianni* owing to correction of clerical errors, &c., the same shall be communicated to the putwaree at once to enable him to correct the village copy and slips accordingly.

57. The zilladar shall submit his check measurements in the form (appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the measurements as often as he possibly can. If it is found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

NOTICE TO MARINERS.

(No. 23.)

Bay of Bengal, Coast of Burma.

REPORTED SHOAL, NORTH-WEST OF CHEDUBA ISLAND.

Mr. W. E. Hutchinson, Commanding the British India Steam Navigation Company's steamer *Avagyee*, whilst on a voyage from Bassein to Kyouk Phyou, observed heavy rollers and breakers indicative of a shoal patch, with probably only 2 or 3 fathoms at low water, lying 8 miles to the north-west of Beacon island, Cheduba, coast of British Burma.

From the shoal, West point of Ramree island bears N. by E. ½ E., and the north-west point of Cheduba island S. ¾ E. by S., which places it in latitude 19° 2′ N., and longitude 93° 21′ 30″ E.

CAUTION.—The whole of the neighbourhood of Cheduba and Ramree islands is imperfectly known, and careful navigation is necessary.

[*The bearings are Magnetic: Variation* 2° 55′ *Easterly in* 1878.]

By Direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr. (late I. N.),*
Superintendent, Marine Survey of India.

NOTIFICATION.

The 10th October 1878.—The following revised rules for the grant of leases for tea cultivation in the districts of Julpigoree and Darjeeling have been approved by the Lieutenant-Governor and are published for general information.

2. With reference to the provisions of the revised form of preliminary lease under which transfers, if duly registered, will in future be recognized, the Lieutenant-Governor is pleased to admit to registration all such transfers already completed, though made in violation of the terms of the leases hitherto in force; provided that application for their registration be made within two months of the date of this notification, and that a fee of four annas per acre be paid on the area of the lands transferred. Failing such registration, the forfeiture clause of the preliminary leases under which the lands are held will be enforced.

RULES FOR THE GRANT OF LEASES FOR TEA CULTIVATION IN THE DISTRICTS OF JULPIGOREE AND DARJEELING.

What lands will ordinarily be available.

1. THE lands that are generally available under these rules in the district of Julpigoree lie within that tract of country in the Western Dooars which extends in an easterly direction from the east bank of the River Teesta to the west bank of the River Sankos. The lands available in the district of Darjeeling lie in the Daling Sub-division of that district, and are bounded on the north by the Government Reserved Forests as notified in the *Calcutta Gazette* of the 7th August 1878; on the south by the Julpigoree district; on the east by the Moortee Nuddee; and on the west by the Lethee Nuddee. Any lots of Waste Land belonging to Government, lying in any other parts of the districts of Julpigoree or Darjeeling, and which are not reserved for other purposes, may also be made available for Tea cultivation under these rules.

What lands will not ordinarily be available.

2. The following lands will not ordinarily be available under these rules:—

(*a*)—Lands which, by a notification in the *Calcutta Gazette*, are held to constitute a reserve for the supply of timber, fuel, grazing, or any other article of general and public consumption.

(*b*.)—Lands not included in the above category, but which now bear India-rubber trees or other valuable timber (such as sal, khair, chelownee, sissoo, &c.,) in compact blocks or patches.

(*c*.)—Lands in respect of which any person or persons, or any village community, possess rights of occupancy, or such other rights or privileges as render it impolitic or unadvisable to grant such lands to any other person or persons for the purpose of tea cultivation.

(*d*.)—Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare. Provided that such road or thoroughfare shall have been constructed, or shall be kept in repair, from public funds, and that it be borne on the list of the district roads of the district.

(*e*.)—Lands which the local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules.

How and to whom application is to be made.

3. Every person, company, or association, desirous of obtaining a grant of land under these rules must, in person or by a duly authorized agent, present an application on stamped paper of the value of 8 annas to the Deputy Commissioner of the district in which the land lies.

What the application is to specify.

4. The application must specify—

(*a*.)—The name, or names, and address, or addresses of the applicant or applicants, and of his or their authorized agent, if any.

(*b*.)—The area, situation, and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.

(*c*.)—The particulars, if any, which may appear to the applicant to bring any part of the land applied for within the exceptions mentioned in Rule 2. The application must also state whether the land, or any part of it, is or has ever been cultivated in any manner.

5. Every lot applied for must be compact and capable of being enclosed in a ring fence; and if any part of the land touches on a public road or navigable river, the length of such road or river frontage must not exceed one half the breadth of the lot applied for.

6. Not more than 800 acres will ordinarily be granted to any one applicant, company, or association; and when more than 800 acres are applied for, the applicant must set forth specially the grounds for such application, and give *primâ facie* guarantees that he possesses the requisite capital for working such larger area. All applications for more than 800 acres will be forwarded by the Deputy Commissioner to the Commissioner, who, if he desires to recommend compliance therewith, will forward them to the Board of Revenue, who will take the orders of Government upon each case.

Procedure on receipt of an application.

7. On receipt of an application for any area not exceeding 800 acres, the Deputy Commissioner must satisfy himself, as far as lies in his power, that the requirements of the rules have been complied with. If he considers that the application should be rejected he will record an order to that effect, giving his reasons for such rejection. An appeal will lie from such order of rejection to the Commissioner of the Division if preferred within 30 days from the date of the order. If the Deputy Commissioner considers that an application for such area as it is within his power to grant should be entertained, or in the case of application for areas over 800 acres, when the orders of Government accepting the application have been received, the applicant or his agent will be required to deposit the cost of survey and demarcation to be made as hereinafter provided. The amount to be so deposited must be calculated at one rupee per acre of the total area applied for. If the area is found to be greater, the sum of one rupee per acre must be paid on account of such excess area before a preliminary lease is granted. Payments under this rule do not cover the cost of erecting permanent boundary marks under Rule 20.

8. On receipt of the sum payable under the preceding rule, and of an agreement, signed by the applicant or by his authorized agent, to pay such further sum as may be required for the purposes above mentioned, the Deputy Commissioner will record an order appointing a tehsildar or other officer to visit the land, and to make full and detailed inquiries into its condition and circumstances.

Preliminary inquiry to be made.

9. The general object of such inquiry shall be to ascertain whether or not the land applied for can be granted under the rules in force; but the Deputy Commissioner may instruct the officer making the inquiry to furnish him with such other specific and detailed information as may seem to him to be necessary.

10. On completion of this inquiry, the officer making it will record the result thereof, and submit a report for the orders of the Deputy Commissioner. If the Deputy Commissioner, after considering the report, and after calling for such further explanations, oral or written, as he may deem necessary, shall be of opinion that the land applied for cannot be granted under the rules, and should not therefore be surveyed, he will record an order to that effect. An appeal will lie from such order to the Commissioner of the Division if preferred within 30 days from the date of the order.

11. If the Deputy Commissioner decide that the land applied for can be granted under the rules, and should therefore be surveyed, he will record an order to that effect.

12. If the Deputy Commissioner finds the land or any part of it in the occupation of any person or persons or of any village community, he will submit a full report of the circumstances for the orders of the Commissioner, stating in detail how he proposes to deal with such *prior occupants*; and, *if it is proposed to remove them*, the compensation, if any, which the applicant undertakes to pay to such persons. The Commissioner will report his orders in all such cases for the information of the Board of Revenue.

13. If any claim or objection be preferred under Act XXIII of 1863, the Deputy Commissioner will proceed to dispose of the same in accordance with the provisions of that Act.

How the survey is to be made.

14. The officer who made the inquiry provided for by Rules 8 to 10 will, on receipt of an order to that effect from the Deputy Commissioner, proceed to point out to the Surveyor the boundaries of the land applied for, and such prominent features in it as may be useful for the purposes of the survey, and which should, in his opinion, be entered in the preliminary lease as hereinafter provided. The boundaries and other features above mentioned should be clearly marked and defined by the officer in presence of the surveyor, and the latter should be furnished with a list of them signed by the said officer.

15. The surveyor will then proceed to make the survey and put up such temporary boundary marks as are necessary for that purpose. He must prepare a map showing—

(*a*)—All natural features of the country lying within the boundaries as fixed by the officer who made the enquiry under Rules 8 to 10, *e.g.*, bheels, streams, forest clumps, &c.

(*b*)—Such features of the country lying outside the boundary of the land to be surveyed as may serve to identify the latter and connect it with the revenue survey or other existing map.

The surveyor is bound to bring to the notice of the Deputy Commissioner any fact which may come to his knowledge in the course of the survey rendering it advisable, that the land he is surveying should not be granted under these rules.

16. The map should ordinarily be on a scale of 16 inches to the mile. If possible, the surveyor's field-book should be copied at the back of it. If not, a copy of the field-book should be attached to or accompany the map. If the map be made originally in the vernacular, the Deputy Commissioner will cause it to be translated into English.

17. On the map being completed, it must be checked by an officer appointed by the Deputy Commissioner. If found to be incorrect, it will be amended by the surveyor in conjunction with the officer above mentioned. If found to be correct, it will be laid before the Deputy Commissioner with the report of the officer who made the preliminary inquiry under Rules 8 to 10, and with all other papers connected with the case.

18. The Deputy Commissioner will then proceed to consider the application. A date for this purpose must be previously fixed by him, and due notice of it given to the applicant or to his authorized agent.

19. The Deputy Commissioner shall have power to reject an application at any stage of the proceedings under the rules, if he sees reason to do so, refunding in such case to the applicant the deposit made by him on account of survey. He is authorized to reject an application when he does not consider that there is a *bonâ fide* intention on the part of the applicant to cultivate in tea the land applied for, or when it appears desirable to reserve the land for cultivation other than tea, or to preserve any forest standing on it. An appeal against every such order of rejection shall lie to the Commissioner of the Division if preferred within 30 days of the date of the order.

20. If the Deputy Commissioner grant the application, he will without delay grant the applicant a lease in form A of the appendix, and call upon him to execute a counterpart thereof, and to pay for all valuable forest trees as provided in clause 10 of the preliminary lease. He will also direct him to mark out the land leased by a continuous trench, or in such other manner as the Deputy Commissioner may direct. Within three months of the grant of such lease the lessee must, on pain of forfeiture of all rights in the land leased, mark out the land as above directed, and must further erect, at his own expense, such permanent boundary* marks as the Deputy Commissioner may direct. On the expiry of the three months, the surveyor must test the correctness of the boundary line and permanent marks and report the result to the Deputy Commissioner, at the same time pointing out to the lessee or his representative by written notice any corrections that may be required. If the corrections indicated are not made by the lessee or his representative within 30 days of the receipt of such notice, all rights in the land shall be liable to forfeiture to Government.

21. Whenever, after receipt of an application, as provided for in Rule 3, and after making such inquiries as he may deem necessary, the Deputy Commissioner shall be of opinion that there is no *primâ facie* objection whatever to the grant under the rules of the land applied for, he may put the applicant in preliminary and provisional possession of an area not exceeding one-eighth of the estimated area of the land applied for, with the object of enabling the applicant to make preparations for commencing cultivation and getting the land in order. Provided that the applicant, before obtaining such preliminary possession, shall have erected such boundary marks as the Deputy Commissioner may direct, and that the amount of all estimated charges incurred in connection with such preliminary occupation shall have been deposited by the applicant.

22. The order for, and conditions of, such preliminary occupation shall be in the form B in the appendix, and shall be addressed to the tehsildar or other officer appointed by the Deputy Commissioner. A copy of the order shall be delivered to the applicant, who shall, after receipt of occupation, acknowledge such receipt by signing a copy of the order and depositing it with the Deputy Commissioner.

23. Grantees are not permitted to club or amalgamate their grants, otherwise than by transfers duly registered as provided for in the preliminary lease. Any unauthorized amalgamation will subject the holders of the grants in question to forfeiture of all rights in the lands so amalgamated.

APPENDIX A.

Their area is more or less acres, and they are situated in the pergunnahs and tehsils detailed in the margin.

2. The rights conveyed by this lease are heritable and also transferable, provided (*a*), that the entire grant, and not a portion of it, be transferred; (*b*), that the clearance conditions are duly observed by the transferor and transferee respectively; (*c*), that the transfer is registered in the Deputy Commissioner's office within 21 days of the date thereof; and (*d*), that a registration fee of 4 annas per acre be paid to the Deputy Commissioner on the occasion of every such transfer. If any transfer of the rights conveyed by this lease is made otherwise than in accordance with the foregoing provisions, all rights in the land leased shall be liable to be forfeited to Government. After the expiry of this preliminary lease, no right shall be claimed otherwise than as expressly provided for hereinafter.

* These boundary marks shall ordinarily consist of a masonry platform at every point where more than two lots or patches of waste or other lands meet, with large stones or mounds at every angle and at every 100 yards of the boundary line between such platforms and other marks.

3. The rent to be paid shall be as follows :—

Year of entry (*i.e.* from actual date of entry to 31st March following)							...	Nil.		
1*st*	full year (from 1st April following date of entry)						...	Nil.		
2*nd*	year	...	...	...	...	...	...	3 annas per acre.		
3*rd*	,,	...	...	...	...	...	...	6	,,	,,
4*th*	,,	...	...	...	...	...	...	9	,,	,,
5*th*	,,	...	...	...	...	...	...	12	,,	,,

The rent shall be paid to the tehsildar of in the following instalments :—

1st September, one-half; 1st March one-half.

4. The lessee shall either himself reside on or near to the lands covered by this lease, or he shall appoint a manager or agent who shall reside on or near to such lands, and who shall be provided with a full legal power to act on behalf of the principal in all matters arising out of, or concerning, the lands covered by the lease.

5. The lessee binds himself to conform to all the provisions of the rules for the grant of tea leases under which this lease is granted.

6. Five per cent. of the area of the lands leased shall be cleared by the end of the second year after the grant of this lease, and 10 per cent. by the end of the third year.

7. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

8. All rights to minerals or quarries of all kinds are reserved to Government.

9. No right of fishery, and no right to dam up or otherwise obstruct the passage of any stream is given by this lease. A public right of way over twenty yards on either bank of every stream, available at any time of the year for local boat traffic, is reserved.

10. All valuable forest trees which are of a girth of three feet and over at the height of four feet from the ground must be paid for by the lessee before possession is given under this lease. The kinds of trees to be so paid for, and the rates of payment for each tree, are those set forth in schedules drawn up for this purpose from time to time by the Forest Department and approved by Government. All other trees and scrub jungle are at the disposal of the lessee.

11. The Deputy Commissioner may at any time enter on, inspect, or measure the area under cultivation, and the lessee may at any time demand that such measurement be made. Provided that the expenses of any such inspection or measurement demanded by the lessee shall be paid by him as rent due. If, after such inspection, the Deputy Commissioner finds that 15 per cent. of the total area held under the lease has been brought under cultivation by means of good husbandry, and actually bears tea plants, the lessee shall be entitled to the renewal of the lease for a further period of twenty years, and to renewals for similar periods in perpetuity, subject to the following conditions :—

(*a*)—Subject to any general or special orders of Government the rent to be paid shall be fixed by the Board of Revenue on the report of the Deputy Commissioner on each occasion of renewal, but shall not exceed the rate of rent per acre paid in the neighbourhood at the time of renewal for the highest class of lands under ordinary cultivation. If at any future time the administration of the tracts under tea cultivation should entail on the State any considerable increase of expenditure, it will be competent to the Government, with the sanction of the legislature, to impose such special taxation as may be deemed necessary, either by raising the rent, or in some other mode. But under no other circumstances will the rent, which has now been fixed for a term of years on the principle above enunciated, be raised during the currency of such term.

(*b*)—The title conveyed by the renewed lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole, and that no transfer shall be valid as against the Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notification of the transfer shall have been given by the transferree to the Deputy Commissioner at the time of transfer, together with a fee of 4 annas per acre of the area leased.

(*c*)—In all other respects, the conditions of the renewed lease shall be the same as those of the preliminary lease.

12. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

13. If before the expiration of this preliminary lease no application for a renewal of the lease shall have been made in accordance with the above provisions, the lessee may be allowed to hold on as a tenant-at-will, but not otherwise, until other arrangements shall have been made by the Deputy Commissioner.

APPENDIX B.

To the Tehsildar of

WHEREAS of

and (name) of

(residence) propose to enter into an agreement in regard to certain land (situated at or near the spot herein described) for the purpose of cultivating tea, and whereas

(name) of

(residence) desires immediately to enter upon occupation of some part of the above lands for the purpose of making preparations for, and for commencing such cultivation, I do hereby authorize the said

(name) of

(residence) hereby to use for that purpose any lands lying within

(here specify boundaries) and not exceeding 100 acres in all.

In the event of a lease being hereafter granted, the date of entry referred to in such lease shall be held to be not the date of this order, but the date of possession being given under such lease. In case of a lease being refused, no claim to compensation shall lie against the Government for any outlay incurred by

(name) of

(residence) on the strength of this order. No rent shall be payable for land occupied during the currency of this order, the term whereof shall expire on the 31st March next.

Occupation under this order, or after its expiry, without an express condition to the contrary, shall never be held to constitute any tenure other than a tenancy-at-will from year to year. The occupant shall keep the boundary line and marks in repair and clear of jungle. A copy of this order has been delivered to

(name) with permission to enter into occupation. You will register him as in occupation of the land under the usual amalnama.

RULES UNDER ACT III (B. C.) OF 1876.

1. The Collector, before awarding compensation under section 16, or making a reference under section 17, of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur.

3. Water shall not ordinarily be granted where the length of the village channel, from its head to its point of contact with the village boundary exceeds two (2) miles.

4. Water for irrigation shall not be supplied, except through a village channel so constructed and maintained, that, in the opinion of the Divisional Canal Officer—

(*a*)—the water will pass without wastage;

(*b*)—the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water to any cultivator whose fields have not been prepared for irrigation by division into compartments not greater in area than one cottah or 1361·25 superficial feet, and by the addition of small water channels as is customary in irrigation from wells.

Rice fields are exempted from the operation of this rule.

6. The above rule shall only apply to those cases in which the non-observance of it has been discovered previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 38.

7. Persons desirous (i) of constructing a village channel, or (ii) of taking water therefrom, or (iii) of taking water from any outlet provided by Government, shall prefer a written application to the Divisional Canal Officer, or to some officer duly authorised by him to receive such applications. In the first case (i), if the application be received by an officer subordinate to the Divisional Canal Officer, it shall be forwarded to him for orders.

8. An application under Rule 7 shall, if granted, and unless otherwise specially agreed upon, be subject to the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation, without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants appoint a headman, known or ascertained, to be a substantial person possessed of property, to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the village channel according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the village channel. His appointment shall be subject to the approval of the Divisional Canal Officer and of the Collector, and he shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Divisional Canal Officer shall appoint a headman, whose appointment shall be subject to the approval of the Collector.

(*d*)—If the Collector and Divisional Canal Officer do not agree as to the appointment of a headman under Rules 8 (*b*) and 8 (*c*), the Collector shall refer the matter to the Commissioner of the Division, whose decision shall be final.

(*e*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 11.

(*f*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A) to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B) from such officer.

(*g*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates that there is likely to be difficulty in the realization of the water-rates, he shall intimate the same to the Collector, in whose option it shall be to require payment of water-rates in advance.

(*h*)—That any other cultivators in the same village, able and willing to irrigate their lands from the village channel, may, subject to the approval of the Divisional Canal Officer, be admitted as shareholders in it, on paying their proportionate share of the first cost and maintenance thereof, to be determined by the amount of irrigable land held by them.

(*i*)—That all alterations in the number of shareholders, distribution of shares, or appointment of headmen, shall be reported to the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

9. The Divisional Canal Officer is empowered to pay to the headman appointed under Rule 8 the fees detailed in the rule next following, subject to the condition of satisfactory performance of duty.

10. The allowance to the headman of a village channel for duties connected with that village channel, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 4 per cent on the amount of canal-water rates assessed on the lands irrigated from the village channel under his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

11. The allowance to the headman of a village channel for collecting the water-rates shall be 4 per cent. on the amount actually paid in by him. If the headman shall satisfy the Collector that arrears have not accrued through any negligence on his part, it shall be within the discretion of the Collector to pay him the allowance on the whole or on any part of such arrears.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If proposed for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13 Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependant on any canal, under the following conditions:—

(*a*)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle or both.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written application of the parties concerned.

(*e*)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that the village channel is not maintained in proper repair Immediate report of any such closure, with an explanation of the special ground for stoppage, shall be made to the Superintending Canal Officer.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of village channels. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Canal Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries, or other channels, shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission of water-rates, under section 76 (*b*), shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any portion of the rates. All applications for remission of water-rates shall be made in writing by the parties concerned, either in person or through their headman, to the nearest Sub-Divisional Canal Officer, at least seven days prior to the cutting of the crop. On receipt of such application, the Sub-Divisional Canal Officer shall, after due local inquiry, forward the application with his remarks to the Divisional Canal Officer for decision.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

19. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follow :—

20. Up to the 1st June 1879 leases for three years may be granted at the following rates, provided that the area leased in any village shall not be less than the whole irrigable area in the case of khurreef cultivation, or half the irrigable area in that of rubbee cultivation. In the latter case the area must be as far as possible in one block. In certain cases it may, at the discretion of the Divisional Canal Officer, be comprised in two or at most three blocks—

Schedule of Rates.

	Per acre.	Per beegha.	Per cottah.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Rubbee, including bhadoi ...	2 4 0	1 6 6	0 1 2
Khurreef	1 8 0	0 15 0	0 0 9

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood, as a general rule, the extent of land for which water can be supplied at the rate of 80 acres in khurreef, and 180 acres in rubbee per cubic foot of available supply.

23 Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government, under section 82 of Act III (B.C.) of 1876, all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in Appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in Appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. Contractors shall be entitled to collect water-dues at the rates given in the schedule attached to Rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water-rates shall be deemed a sum due to Government under sections 82 and 85 of Act III of 1876.

25. A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the application (Appendix D), except such sums as may be remitted by competent authority under the rules in force, and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under Rules 20 to 25 is for the supply of water to khurreef crops, or to all irrigable rubbee crops in the village, a list in Form E should be submitted with the application, showing the number of each field in the map, the area of the field, crop to be grown, and amount payable, and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village. In such cases the fields receiving water may vary from year to year, but the total area for which the water-rates shall be calculated shall never be less than the area specified in the three-years' lease. Should more land be irrigated than is specified in the three-years' lease, the same shall be chargeable with annual water-rates.

27. No water shall be taken previous to receipt of a permit (Appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor, the Divisional Canal Officer shall, under section 82, furnish such contractor with a written authority to collect the amounts due by the cultivators according to the list furnished under Rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Divisional Canal Officer to perform the duties specified in Rule 10. Such headman shall receive five per cent on the assessment, but the Divisional Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule and of Rules 29 and 30.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower rate if he thinks fit. The headman to be held responsible for the collection of the amount of charges so imposed.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a field, irrigated by the canal water, fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates shall be levied on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments and by the addition of small water channels as prescribed in Rule 6, an additional charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Canal Officer must certify that the field was not properly prepared for irrigation according to the terms of the rule.

39. The statements of the amounts demandable for water-rates levied under the rules in force shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

40. All water-rates shall become due on the dates noted on the "permits," as herein below stated, and shall be paid within one month of such dates :—

Water-rate on sugarcane and spring crops, wheat, barley, peas, poppy, &c.,—15th April.

Water-rate on summer crops, cheena, &c.,—15th August.

Water-rate on bhadoi crops, early rice, Indian corn, murwa, &c.,—30th November.

Water-rate on annual and winter crops, aghani rice, joaur, &c.,—31st January.

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents, in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rate shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer.

43. Objections to the demand addressed to the Collector shall, if remission be claimed on the score of short supply or of any matter affecting the Irrigation Department, be referred for orders to the Divisional Canal Officer. The collection of the demand shall not be suspended on account of any such objection.

44. Claims for remission referred by the Collector and admitted by the Divisional Canal Officer shall be reported by him for the sanction of the Superintending Canal Officer.

45. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

46. If the Divisional Canal Officer reject the claim, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order of the Divisional Canal Officer.

47. In special cases not otherwise provided for by these rules, and in cases in which water-rates are not recoverable owing to the absconding or bankruptcy of the defaulter, the Collector will obtain the sanction of the Commissioner of the Division to the remission of such sums as he may deem irrecoverable. The details of such remission shall be communicated at the close of each official year to the Divisional Canal Officer.

48. If a cultivator is dissatisfied with the entries made against him in the khatianni, whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop.

49. No person shall, without the permission in writing of the Divisional or Sub-Divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

50. No Canal Officer, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

51. The ameen appointed to measure up the area irrigated in any village shall, before leaving it, make over the khusras to a mohurir, who will then compile the khatianni. A copy of the khatianni will be taken by the putwaree, who must as a rule make it himself; but if he cannot from any cause do so, the mohurir must make it, and the putwaree is to be held responsible that he gets a copy.

52. The copy of the khatianni thus made shall be hung up in some conspicuous place in the village, and slips in the prescribed form (Appendix F), showing the amount he will have to pay, area irrigated, &c., shall be prepared by the putwaree and given to each ryot.

53. The allowance to the putwaree for the above work shall be 2 per cent. on the collections, and shall be paid to him by the Collector on his being satisfied that the work has been properly done. No allowance will be made to putwarees in leases granted under Rule 25.

54. The measurements of each crop irrigated shall be made as soon as practicable, and every care should be taken to have the khatianni hung up in the village at least fifteen days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

55. In case of any subsequent alteration of the khatianni owing to correction of clerical errors, &c., such alteration shall be at once communicated to the putwaree to enable him to correct the village copy and slips accordingly.

56. The zilladar shall submit his check measurements in a form (Appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the ameens' measurements as often as he possibly can. If it be found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

NOTIFICATION.

The 10th October 1878.—The following revised rules for the grant of leases for tea cultivation in the districts of Julpigoree and Darjeeling have been approved by the Lieutenant-Governor and are published for general information.

2. With reference to the provisions of the revised form of preliminary lease under which transfers, if duly registered, will in future be recognized, the Lieutenant-Governor is pleased to admit to registration all such transfers already completed, though made in violation of the terms of the leases hitherto in force; provided that application for their registration be made within two months of the date of this notification, and that a fee of four annas per acre be paid on the area of the lands transferred. Failing such registration, the forfeiture clause of the preliminary leases under which the lands are held will be enforced.

RULES FOR THE GRANT OF LEASES FOR TEA CULTIVATION IN THE DISTRICTS OF JULPIGOREE AND DARJEELING.

1. THE lands that are generally available under these rules in the district of Julpigoree lie within that tract of country in the Western Dooars which extends in an easterly direction from the east bank of the River Teesta to the west bank of the River Sankos. The lands available in the district of Darjeeling lie in the Daling Sub-division of that district, and are bounded on the north by the Government Reserved Forests as notified in the *Calcutta Gazette* of the 7th August 1878; on the south by the Julpigoree district; on the east by the Moortee Nuddee; and on the west by the Lethee Nuddee. Any lots of Waste Land belonging to Government, lying in any other parts of the districts of Julpigoree or Darjeeling, and which are not reserved for other purposes, may also be made available for Tea cultivation under these rules.

What lands will ordinarily be available.

What lands will not ordinarily be available.

2. The following lands will not ordinarily be available under these rules:—

(*a.*)—Lands which, by a notification in the *Calcutta Gazette*, are held to constitute a reserve for the supply of timber, fuel, grazing, or any other article of general and public consumption.

(*b.*)—Lands not included in the above category, but which now bear India-rubber trees or other valuable timber (such as sal, khair, chelownee, sissoo, &c.,) in compact blocks or patches.

(*c.*)—Lands in respect of which any person or persons, or any village community, possess rights of occupancy, or such other rights or privileges as render it impolitic or unadvisable to grant such lands to any other person or persons for the purpose of tea cultivation.

(*d.*)—Lands lying within a distance of 60 feet on either side from the centre of any public road or thoroughfare. Provided that such road or thoroughfare shall have been constructed, or shall be kept in repair, from public funds, and that it be borne on the list of the district roads of the district.

(*e.*)—Lands which the local Government may at any time, by a notification in the *Calcutta Gazette*, expressly exempt from the operation of these rules.

3. Every person, company, or association, desirous of obtaining a grant of land under these rules must, in person or by a duly authorized agent, present an application on stamped paper of the value of 8 annas to the Deputy Commissioner of the district in which the land lies.

How and to whom application is to be made.

What the application is to specify.

4. The application must specify—

(*a.*)—The name, or names, and address, or addresses of the applicant or applicants, and of his or their authorized agent, if any.

(*b.*)—The area, situation, and boundaries of the land applied for, as far as they can be ascertained without a detailed survey.

(*c.*)—The particulars, if any, which may appear to the applicant to bring any part of the land applied for within the exceptions mentioned in Rule 2. The application must also state whether the land, or any part of it, is or has ever been cultivated in any manner.

5. Every lot applied for must be compact and capable of being enclosed in a ring fence; and if any part of the land touches on a public road or navigable river, the length of such road or river frontage must not exceed one half the breadth of the lot applied for.

6. Not more than 800 acres will ordinarily be granted to any one applicant, company, or association; and when more than 800 acres are applied for, the applicant must set forth specially the grounds for such application, and give *primâ facie* guarantees that he possesses the requisite capital for working such larger area. All applications for more than 800 acres will be forwarded by the Deputy Commissioner to the Commissioner, who, if he desires to recommend compliance therewith, will forward them to the Board of Revenue, who will take the orders of Government upon each case.

Procedure on receipt of an application.

7. On receipt of an application for any area not exceeding 800 acres, the Deputy Commissioner must satisfy himself, as far as lies in his power, that the requirements of the rules have been complied with. If he considers that the application should be rejected he will record an order to that effect, giving his reasons for such rejection. An appeal will lie from such order of rejection to the Commissioner of the Division if preferred within 30 days from the date of the order. If the Deputy Commissioner considers that an application for such area as it is within his power to grant should be entertained, or in the case of application for areas over 800 acres, when the orders of Government accepting the application have been received, the applicant or his agent will be required to deposit the cost of survey and demarcation to be made as hereinafter provided. The amount to be so deposited must be calculated at one rupee per acre of the total area applied for. If the area is found to be greater, the sum of one rupee per acre must be paid on account of such excess area before a preliminary lease is granted. Payments under this rule do not cover the cost of erecting permanent boundary marks under Rule 20.

8. On receipt of the sum payable under the preceding rule, and of an agreement, signed by the applicant or by his authorized agent, to pay such further sum as may be required for the purposes above mentioned, the Deputy Commissioner will record an order appointing a tehsildar or other officer to visit the land, and to make full and detailed inquiries into its condition and circumstances.

Preliminary inquiry to be made.

9. The general object of such inquiry shall be to ascertain whether or not the land applied for can be granted under the rules in force; but the Deputy Commissioner may instruct the officer making the inquiry to furnish him with such other specific and detailed information as may seem to him to be necessary.

10. On completion of this inquiry, the officer making it will record the result thereof, and submit a report for the orders of the Deputy Commissioner. If the Deputy Commissioner, after considering the report, and after calling for such further explanations, oral or written, as he may deem necessary, shall be of opinion that the land applied for cannot be granted under the rules, and should not therefore be surveyed, he will record an order to that effect. An appeal will lie from such order to the Commissioner of the Division if preferred within 30 days from the date of the order.

11. If the Deputy Commissioner decide that the land applied for can be granted under the rules, and should therefore be surveyed, he will record an order to that effect.

12. If the Deputy Commissioner finds the land or any part of it in the occupation of any person or persons or of any village community, he will submit a full report of the circumstances for the orders of the Commissioner, stating in detail how he proposes to deal with such prior occupants; and, if it is proposed to remove them, the compensation, if any, which the applicant undertakes to pay to such persons. The Commissioner will report his orders in all such cases for the information of the Board of Revenue.

13. If any claim or objection be preferred under Act XXIII of 1863, the Deputy Commissioner will proceed to dispose of the same in accordance with the provisions of that Act.

How the survey is to be made.

14. The officer who made the inquiry provided for by Rules 8 to 10 will, on receipt of an order to that effect from the Deputy Commissioner, proceed to point out to the Surveyor the boundaries of the land applied for, and such prominent features in it as may be useful for the purposes of the survey, and which should, in his opinion, be entered in the preliminary lease as hereinafter provided. The boundaries and other features above mentioned should be clearly marked and defined by the officer in presence of the surveyor, and the latter should be furnished with a list of them signed by the said officer.

15. The surveyor will then proceed to make the survey and put up such temporary boundary marks as are necessary for that purpose. He must prepare a map showing—

(*a*)—All natural features of the country lying within the boundaries as fixed by the officer who made the enquiry under Rules 8 to 10, *e.g.*, bheels, streams, forest clumps, &c.

(*b*)—Such features of the country lying outside the boundary of the land to be surveyed as may serve to identify the latter and connect it with the revenue survey or other existing map.

The surveyor is bound to bring to the notice of the Deputy Commissioner any fact which may come to his knowledge in the course of the survey rendering it advisable, that the land he is surveying should not be granted under these rules.

16. The map should ordinarily be on a scale of 16 inches to the mile. If possible, the surveyor's field-book should be copied at the back of it. If not, a copy of the field-book should be attached to or accompany the map. If the map be made originally in the vernacular, the Deputy Commissioner will cause it to be translated into English.

17. On the map being completed, it must be checked by an officer appointed by the Deputy Commissioner. If found to be incorrect, it will be amended by the surveyor in conjunction with the officer above mentioned. If found to be correct, it will be laid before the Deputy Commissioner with the report of the officer who made the preliminary inquiry under Rules 8 to 10, and with all other papers connected with the case.

18. The Deputy Commissioner will then proceed to consider the application. A date for this purpose must be previously fixed by him, and due notice of it given to the applicant or to his authorized agent.

19. The Deputy Commissioner shall have power to reject an application at any stage of the proceedings under the rules, if he sees reason to do so, refunding in such case to the applicant the deposit made by him on account of survey. He is authorized to reject an application when he does not consider that there is a *bonâ fide* intention on the part of the applicant to cultivate in tea the land applied for, or when it appears desirable to reserve the land for cultivation other than tea, or to preserve any forest standing on it. An appeal against every such order of rejection shall lie to the Commissioner of the Division if preferred within 30 days of the date of the order.

20. If the Deputy Commissioner grant the application, he will without delay grant the applicant a lease in form A of the appendix, and call upon him to execute a counterpart thereof, and to pay for all valuable forest trees as provided in clause 10 of the preliminary lease. He will also direct him to mark out the land leased by a continuous trench, or in such other manner as the Deputy Commissioner may direct Within three months of the grant of such lease the lessee must, on pain of forfeiture of all rights in the land leased, mark out the land as above directed, and must further erect, at his own expense, such permanent boundary* marks as the Deputy Commissioner may direct. On the expiry of the three months, the surveyor must test the correctness of the boundary line and permanent marks and report the result to the Deputy Commissioner, at the same time pointing out to the lessee or his representative by written notice any corrections that may be required. If the corrections indicated are not made by the lessee or his representative within 30 days of the receipt of such notice, all rights in the land shall be liable to forfeiture to Government.

21. Whenever, after receipt of an application, as provided for in Rule 3, and after making such inquiries as he may deem necessary, the Deputy Commissioner shall be of opinion that there is no *primâ facie* objection whatever to the grant under the rules of the land applied for, he may put the applicant in preliminary and provisional possession of an area not exceeding one-eighth of the estimated area of the land applied for, with the object of enabling the applicant to make preparations for commencing cultivation and getting the land in order. Provided that the applicant, before obtaining such preliminary possession, shall have erected such boundary marks as the Deputy Commissioner may direct, and that the amount of all estimated charges incurred in connection with such preliminary occupation shall have been deposited by the applicant.

22. The order for, and conditions of, such preliminary occupation shall be in the form B in the appendix, and shall be addressed to the tehsildar or other officer appointed by the Deputy Commissioner. A copy of the order shall be delivered to the applicant, who shall, after receipt of occupation, acknowledge such receipt by signing a copy of the order and depositing it with the Deputy Commissioner.

23. Grantees are not permitted to club or amalgamate their grants, otherwise than by transfers duly registered as provided for in the preliminary lease. Any unauthorized amalgamation will subject the holders of the grants in question to forfeiture of all rights in the lands so amalgamated.

APPENDIX A.

Form of preliminary lease of land in granted by the Deputy Commissioner of to (name) of (address).

1. THE lands covered by this lease are situated within the boundaries shown by the red lines in map No. , dated , and attached to the lease. The lands may be described as being bounded as follows:—

North.—

East.—

South.—

West.—

Their area is more or less acres, and they are situated in the pergunnahs and tehsils detailed in the margin.

2. The rights conveyed by this lease are heritable and also transferable, provided (*a*), that the entire grant, and not a portion of it, be transferred; (*b*), that the clearance conditions are duly observed by the transferor and transferee respectively; (*c*), that the transfer is registered in the Deputy Commissioner's office within 21 days of the date thereof; and (*d*), that a registration fee of 4 annas per acre be paid to the Deputy Commissioner on the occasion of every such transfer. If any transfer of the rights conveyed by this lease is made otherwise than in accordance with the foregoing provisions, all rights in the land leased shall be liable to be forfeited to Government. After the expiry of this preliminary lease, no right shall be claimed otherwise than as expressly provided for hereinafter.

* These boundary marks shall ordinarily consist of a masonry platform at every point where more than two lots or patches of waste or other lands meet, with large stones or mounds at every angle and at every 100 yards of the boundary line between such platforms and other marks.

3. The rent to be paid shall be as follows :—

Year of entry (*i.e.* from actual date of entry to 31st March following)						...	Nil.		
1*st*	full year (from 1st April following date of entry)					...	Nil.		
2*nd*	year	...	...	...	...	...	3 annas	per	acre.
3*rd*	,,	...	...	...	...	...	6	,,	,,
4*th*	,,	...	...	...	...	...	9	,,	,,
5*th*	,,	...	...	...	...	...	12	,,	,,

The rent shall be paid to the tehsildar of in the following instalments :—

1st September, one-half; 1st March one-half.

4. The lessee shall either himself reside on or near to the lands covered by this lease, or he shall appoint a manager or agent who shall reside on or near to such lands, and who shall be provided with a full legal power to act on behalf of the principal in all matters arising out of, or concerning, the lands covered by the lease.

5. The lessee binds himself to conform to all the provisions of the rules for the grant of tea leases under which this lease is granted.

6. Five per cent of the area of the lands leased shall be cleared by the end of the second year after the grant of this lease, and 10 per cent. by the end of the third year.

7. Any land covered by the lease which may at any time be required for a public purpose, may be taken up by Government free of cost on a reduction being made in the rent payable under the lease proportionate to the area taken by Government. But the value of any improvements or property thereon shall be paid to the lessee, and shall be assessed under the provision of the law in force for the time being for the acquisition of land for public purposes.

8. All rights to minerals or quarries of all kinds are reserved to Government.

9 No right of fishery, and no right to dam up or otherwise obstruct the passage of any stream is given by this lease. A public right of way over twenty yards on either bank of every stream, available at any time of the year for local boat traffic, is reserved.

10. All valuable forest trees which are of a girth of three feet and over at the height of four feet from the ground must be paid for by the lessee before possession is given under this lease. The kinds of trees to be so paid for, and the rates of payment for each tree, are those set forth in schedules drawn up for this purpose from time to time by the Forest Department and approved by Government. All other trees and scrub jungle are at the disposal of the lessee.

11. The Deputy Commissioner may at any time enter on, inspect, or measure the area under cultivation, and the lessee may at any time demand that such measurement be made. Provided that the expenses of any such inspection or measurement demanded by the lessee shall be paid by him as rent due. If, after such inspection, the Deputy Commissioner finds that 15 per cent. of the total area held under the lease has been brought under cultivation by means of good husbandry, and actually bears tea plants, the lessee shall be entitled to the renewal of the lease for a further period of twenty years, and to renewals for similar periods in perpetuity, subject to the following conditions :—

(*a*)—Subject to any general or special orders of Government the rent to be paid shall be fixed by the Board of Revenue on the report of the Deputy Commissioner on each occasion of renewal, but shall not exceed the rate of rent per acre paid in the neighbourhood at the time of renewal for the highest class of lands under ordinary cultivation. If at any future time the administration of the tracts under tea cultivation should entail on the State any considerable increase of expenditure, it will be competent to the Government, with the sanction of the legislature, to impose such special taxation as may be deemed necessary, either by raising the rent, or in some other mode. But under no other circumstances will the rent, which has now been fixed for a term of years on the principle above enunciated, be raised during the currency of such term.

(*b*)—The title conveyed by the renewed lease shall be heritable and transferable, provided that no transfer shall be made of less than the whole, and that no transfer shall be valid as against the Government, but shall, on the contrary, be equivalent to a surrender of the lease, unless notification of the transfer shall have been given by the transferree to the Deputy Commissioner at the time of transfer, together with a fee of 4 annas per acre of the area leased.

(*c*)—In all other respects, the conditions of the renewed lease shall be the same as those of the preliminary lease.

12. The rights and privileges conveyed by this lease, and by any renewed lease granted in accordance with its provisions, shall be liable to be forfeited on failure of the lessee to comply with any condition thereof.

13. If before the expiration of this preliminary lease no application for a renewal of the lease shall have been made in accordance with the above provisions, the lessee may be allowed to hold on as a tenant-at-will, but not otherwise, until other arrangements shall have been made by the Deputy Commissioner.

APPENDIX B.

To the Tehsildar of

WHEREAS of and (name) of (residence) propose to enter into an agreement in regard to certain land (situated at or near the spot herein described) for the purpose of cultivating tea, and whereas (name) of (residence) desires immediately to enter upon occupation of some part of the above lands for the purpose of making preparations for, and for commencing such cultivation, I do hereby authorize the said (name) of (residence) hereby to use for that purpose any lands lying within (here specify boundaries) and not exceeding 100 acres in all.

In the event of a lease being hereafter granted, the date of entry referred to in such lease shall be held to be not the date of this order, but the date of possession being given under such lease. In case of a lease being refused, no claim to compensation shall lie against the Government for any outlay incurred by (name) of (residence) on the strength of this order. No rent shall be payable for land occupied during the currency of this order, the term whereof shall expire on the 31st March next.

Occupation under this order, or after its expiry, without an express condition to the contrary, shall never be held to constitute any tenure other than a tenancy-at-will from year to year. The occupant shall keep the boundary line and marks in repair and clear of jungle. A copy of this order has been delivered to (name) with permission to enter into occupation. You will register him as in occupation of the land under the usual amalnama.

NOTICE TO MARINERS.

(No. 23.)

Bay of Bengal, Coast of Burma.

REPORTED SHOAL, NORTH-WEST OF CHEDUBA ISLAND.

Mr. W. E. Hutchinson, Commanding the British India Steam Navigation Company's steamer *Avagyee*, whilst on a voyage from Bassein to Kyouk Phyou, observed heavy rollers and breakers indicative of a shoal patch, with probably only 2 or 3 fathoms at low water, lying 8 miles to the north-west of Beacon island, Cheduba, coast of British Burma.

From the shoal, West point of Ramree island bears N. by E. ½ E., and the north-west point of Cheduba island S. E. by S., which places it in latitude 19° 2′ N., and longitude 93° 21′ 30″ E.

CAUTION.—The whole of the neighbourhood of Cheduba and Ramree islands is imperfectly known, and careful navigation is necessary.

[*The bearings are Magnetic: Variation 2° 55′ Easterly in* 1878.]

By Direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr. (late I. N.),*
Superintendent, Marine Survey of India.

NOTIFICATION.

The 22nd October 1878.—The following revised rules, which have been framed for the guidance of Benches of Magistrates established in Calcutta under section 9 of the Presidency Magistrates' Act IV of 1877 and sanctioned by the Lieutenant-Governor, are published for general information in lieu of those which appeared at page 661 of the *Calcutta Gazette* of the 30th May 1877.

1. The Bench shall try such cases as may be referred to it by either of the Stipendiary Magistrates, subject to the provisions of rule 8: provided further that no case triable by the High Court only shall be so referred.

2. Benches shall ordinarily sit for the first hearing of cases on the dates and at the time mentioned below. A special Bench may, however, be convened on any other day by either of the Stipendiary Magistrates.

(*Here insert dates and time of sitting.*)

3. A Bench shall ordinarily be composed of not less than three Magistrates when they are all Honorary Magistrates, or of two when one of them is a Stipendiary Magistrate and the other an Honorary Magistrate. The Honorary Magistrates will sit in the rotation arranged by the Commissioner of Police, but any Magistrate not named may sit, unless the Chief Magistrate otherwise directs.

The Stipendiary Magistrates shall be *ex-officio* members of benches.

When an Honorary Magistrate, named for a particular day, fails to attend owing to illness or from any other cause, the Chief Magistrate may, at his discretion, summon another member or direct that the Bench may proceed without the absent member; provided that no case set down for hearing before the Bench shall proceed unless a Stipendiary Magistrate, or, in his absence, two Honorary Magistrates be present.

4. The Chief Magistrate shall, if present, officiate as Chairman. In his absence the Junior Magistrate shall, if sitting, officiate as Chairman. In the absence of both the Stipendiary Magistrates, the Bench may elect its own Chairman.

5. The Chairman shall conduct the proceedings of the Court, and exercise all the functions in that behalf usually exercised by a Presidency Magistrate when sitting alone. He shall decide upon the admissibility of evidence, and maintain order in the Court; but it shall be open to any member of the Bench to put any question to the witnesses, either direct or through the Chairman as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

6. Each member of the Bench shall have a voice in the finding and sentence. In a Bench of three or other uneven number, the opinion of the majority shall prevail. When the numbers are even, the Chairman shall have a casting vote.

7. The Chairman shall generally record the evidence and judgment in cases in which a record of evidence and a judgment are necessary; but such duty may, with his consent, be performed by any one of his colleagues.

8. The Bench may hold one or more adjourned sittings, if this be found necessary for the disposal of business, or of part-heard cases; but it shall be open to the Bench at the close of its regular sittings either to refer unheard cases back to the Magistrate under whose order of reference they received them, or to postpone them to some other day as may seem most convenient. Any part-heard case postponed to a further sitting of the Bench may be proceeded with if any member of the Bench has been present at the previous hearing in the case, but subject to the provisions of section 156 of the Presidency Magistrates' Act.

Any part-heard case may, however, be sent back to the Magistrate under whose order of reference it was received, should it appear unsuited for trial by a Bench. In such cases the Magistrate shall recommence the trial.

RULES UNDER ACT III (B.C.) OF 1876.

1. The Collector, before awarding compensation under section 16, or making a reference under section 17, of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, oss from wastage, is likely to occur.

3. Water shall not ordinarily be granted where the length of the village channel, from its head to its point of contact with the village boundary exceeds two (2) miles.

4. Water for irrigation shall not be supplied, except through a village channel so constructed and maintained, that, in the opinion of the Divisional Canal Officer—

(*a*)—the water will pass without wastage;

(*b*)—the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water to any cultivator whose fields have not been prepared for irrigation by division into compartments not greater in area than one cottah or 1361·25 superficial feet, and by the addition of small water channels as is customary in irrigation from wells.

Rice fields are exempted from the operation of this rule.

6. The above rule shall only apply to those cases in which the non-observance of it has been discovered previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 38.

7. Persons desirous (i) of constructing a village channel, or (ii) of taking water therefrom, or (iii) of taking water from any outlet provided by Government, shall prefer a written application to the Divisional Canal Officer, or to some officer duly authorised by him to receive such applications In the first case (i), if the application be received by an officer subordinate to the Divisional Canal Officer, it shall be forwarded to him for orders.

8. An application under Rule 7 shall, if granted, and unless otherwise specially agreed upon, be subject to the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation, without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants appoint a headman, known or ascertained, to be a substantial person possessed of property, to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the village channel according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the village channel. His appointment shall be subject to the approval of the Divisional Canal Officer and of the Collector, and he shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Divisional Canal Officer shall appoint a headman, whose appointment shall be subject to the approval of the Collector.

(*d*)—If the Collector and Divisional Canal Officer do not agree as to the appointment of a headman under Rules 8 (*b*) and 8 (*c*), the Collector shall refer the matter to the Commissioner of the Division, whose decision shall be final.

(*e*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 11.

(*f*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A) to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B) from such officer.

(*g*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates that there is likely to be difficulty in the realization of the water-rates, he shall intimate the same to the Collector, in whose option it shall be to require payment of water-rates in advance.

(*h*)—That any other cultivators in the same village, able and willing to irrigate their lands from the village channel, may, subject to the approval of the Divisional Canal Officer, be admitted as shareholders in it, on paying their proportionate share of the first cost and maintenance thereof, to be determined by the amount of irrigable land held by them.

(*i*)—That all alterations in the number of shareholders, distribution of shares, or appointment of headmen, shall be reported to the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

9. The Divisional Canal Officer is empowered to pay to the headman appointed under Rule 8 the fees detailed in the rule next following, subject to the condition of satisfactory performance of duty.

10. The allowance to the headman of a village channel for duties connected with that village channel, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 4 per cent on the amount of canal-water rates assessed on the lands irrigated from the village channel under his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

11. The allowance to the headman of a village channel for collecting the water-rates shall be 4 per cent. on the amount actually paid in by him. If the headman shall satisfy the Collector that arrears have not accrued through any negligence on his part, it shall be within the discretion of the Collector to pay him the allowance on the whole or on any part of such arrears.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If proposed for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependant on any canal, under the following conditions:—

(*a*)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle or both.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written application of the parties concerned.

(*e*)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

14. The Divisional Canal Officer may, by written order under section 76 (*a*)(ii), stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that the village channel is not maintained in proper repair. Immediate report of any such closure, with an explanation of the special ground for stoppage, shall be made to the Superintending Canal Officer.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of village channels. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Canal Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries, or other channels, shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission of water-rates, under section 76 (*b*), shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any portion of the rates. All applications for remission of water-rates shall be made in writing by the parties concerned, either in person or through their headman, to the nearest Sub-Divisional Canal Officer, at least seven days prior to the cutting of the crop. On receipt of such application, the Sub-Divisional Canal Officer shall, after due local inquiry, forward the application with his remarks to the Divisional Canal Officer for decision.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

19. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follow :—

20. Up to the 1st June 1879 leases for three years may be granted at the following rates, provided that the area leased in any village shall not be less than the whole irrigable area in the case of khurreef cultivation, or half the irrigable area in that of rubbee cultivation. In the latter case the area must be as far as possible in one block. In certain cases it may, at the discretion of the Divisional Canal Officer, be comprised in two or at most three blocks—

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood, as a general rule, the extent of land for which water can be supplied at the rate of 80 acres in khurreef, and 180 acres in rubbee per cubic foot of available supply.

23. Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government, under section 82 of Act III (B.C.) of 1876, all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in Appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in Appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. Contractors shall be entitled to collect water-dues at the rates given in the schedule attached to Rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water-rates shall be deemed a sum due to Government under sections 82 and 85 of Act III of 1876.

25. A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the application (Appendix D), except such sums as may be remitted by competent authority under the rules in force, and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under Rules 20 to 25 is for the supply of water to khurreef crops, or to all irrigable rubbee crops in the village, a list in Form E should be submitted with the application, showing the number of each field in the map, the area of the field, crop to be grown, and amount payable, and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village. In such cases the fields receiving water may vary from year to year, but the total area for which the water-rates shall be calculated shall never be less than the area specified in the three-years' lease. Should more land be irrigated than is specified in the three-years' lease, the same shall be chargeable with annual water-rates.

27. No water shall be taken previous to receipt of a permit (Appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor, the Divisional Canal Officer shall, under section 82, furnish such contractor with a written authority to collect the amounts due by the cultivators according to the list furnished under Rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Divisional Canal Officer to perform the duties specified in Rule 10. Such headman shall receive five per cent. on the assessment, but the Divisional Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule and of Rules 29 and 30.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water, for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz., five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower rate if he thinks fit. The headman to be held responsible for the collection of the amount of charges so imposed.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a field, irrigated by the canal water, fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates shall be levied on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments and by the addition of small water channels as prescribed in Rule 6, an additional charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Canal Officer must certify that the field was not properly prepared for irrigation according to the terms of the rule.

39. The statements of the amounts demandable for water-rates levied under the rules in force shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

40. All water-rates shall become due on the dates noted on the "permits," as herein below stated, and shall be paid within one month of such dates :—

Water-rate on sugarcane and spring crops, wheat, barley, peas, poppy, &c.,—15th April.

Water-rate on summer crops, cheena, &c.,—15th August.

Water-rate on bhadoi crops, early rice, Indian corn, murwa, &c.,—30th November.

Water-rate on annual and winter crops, aghani rice, joaur, &c.,—31st January.

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents, in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rate shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer.

43. Objections to the demand addressed to the Collector shall, if remission be claimed on the score of short supply or of any matter affecting the Irrigation Department, be referred for orders to the Divisional Canal Officer. The collection of the demand shall not be suspended on account of any such objection.

44. Claims for remission referred by the Collector and admitted by the Divisional Canal Officer shall be reported by him for the sanction of the Superintending Canal Officer.

45. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

46. If the Divisional Canal Officer reject the claim, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order of the Divisional Canal Officer.

47. In special cases not otherwise provided for by these rules, and in cases in which water-rates are not recoverable owing to the absconding or bankruptcy of the defaulter, the Collector will obtain the sanction of the Commissioner of the Division to the remission of such sums as he may deem irrecoverable. The details of such remission shall be communicated at the close of each official year to the Divisional Canal Officer.

48. If a cultivator is dissatisfied with the entries made against him in the khatianni, whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop.

49. No person shall, without the permission in writing of the Divisional or Sub-Divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

50. No Canal Officer, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

51. The ameen appointed to measure up the area irrigated in any village shall, before leaving it, make over the khusras to a mohurir, who will then compile the khatianni. A copy of the khatianni will be taken by the putwaree, who must as a rule make it himself; but if he cannot from any cause do so, the mohurir must make it, and the putwaree is to be held responsible that he gets a copy.

52. The copy of the khatianni thus made shall be hung up in some conspicuous place in the village, and slips in the prescribed form (Appendix F), showing the amount he will have to pay, area irrigated, &c., shall be prepared by the putwaree and given to each ryot.

53. The allowance to the putwaree for the above work shall be 2 per cent. on the collections, and shall be paid to him by the Collector on his being satisfied that the work has been properly done. No allowance will be made to putwarees in leases granted under Rule 25.

54. The measurements of each crop irrigated shall be made as soon as practicable, and every care should be taken to have the khatianni hung up in the village at least fifteen days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

55. In case of any subsequent alteration of the khatianni owing to correction of clerical errors, &c., such alteration shall be at once communicated to the putwaree to enable him to correct the village copy and slips accordingly.

56. The zilladar shall submit his check measurements in a form (Appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the ameens' measurements as often as he possibly can. If it be found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 12th November 1878.—The following application made by the Commissioners of the Municipality of Darjeeling, under the Public Works Loan Act, 1871, for a loan of one lakh of rupees required for the purpose of improving and increasing the water-supply of the Municipality of Darjeeling, is hereby published for general information :—

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

Application made by the undersigned Municipal Commissioners of Darjeeling for a loan under the Local Public Works Act of 1871.

1*st*.—The loan is required for the following purposes, viz. :—

The increase and improvement of the water-supply of Darjeeling, which is insufficient for the purposes of the station during four months of the year by tapping springs on the western slopes of the Sinchal range ; the estimated cost being Rs. 1,32,000.

2*nd*.—The amount of the loan applied for is one lakh of rupees (Rs. 1,00,000) the balance of estimated cost being met by a special grant from Government.

3*rd*.—The security offered for the above loan will be as follows :—

	Rs.
I.—Proceeds of house tax estimated to yield at 7½ per cent. ...	10,500
II.—Horse and pony tax	500
III.—Rent of locations	4,000
IV.—Bazar rents, &c.	15,000
V.—Native village rents	3,000
VI.—Pound fines	500
Total ...	33,500

4*th*.—The house and horse tax are levied under Act V (B.C.) of 1876.

The rents of location (with which those of the native villages are to be closed) were first assigned to the use of the Sanitarium in 1838. This was confirmed in 1854, again in orders No. 217 of the 14th January 1864, and finally in the Resolution of the Government of Bengal, dated 27th June 1873.

The bazar rents are derived from buildings erected by the Municipality out of its revenues and situated on land made over to it by Government.

The pound fines were made over to the Municipality under orders dated 14th October 1862, contained in letter No. 3625 from the Under-Secretary to the Government of Bengal, to the Superintendent of Darjeeling.

5*th*.—It is proposed to take the whole sum at once, as the works should be completed before the 1st April 1879.

The Commissioners undertake to repay the loan in equal half-yearly instalments together with interest at 4½ per cent. in thirty years, viz. Rs. 3,053-8 on the 1st April and the 1st October in each year.

6*th*.—As the value of the property owned by the Commissioners annually increases, an estimate framed on a three-years' average would be considerably below its proper value, but the following table shows the actual proceeds of the various sources of income for 1877-78 :—

		Rs	
1.	House tax, &c., @ 5 per cent. ..	6,104	
2.	Horse and pony tax	341	
3.	Rents, &c.	19,274	
4.	Location rents, &c.	2,758	(Half-year's collection only.)
5.	Pound fines	480	
6.	Commutation money	2,250	
7.	Miscellaneous	3,452	
8.	Balance in hand	3,650	
	Total ...	38,309	

while our expenditure during the same year was :—

	Rs.
Police	3,454
Conservancy	7,996
Establishment	957
Roads	5,702
Buildings	7,014
Charity and education	1,857
Miscellaneous	3,677
Extraordinary (including purchase of lands, re-payment of loan, &c.	7,466
Total ...	38,123

7th.—The bazar buildings, &c., now valued at Rs. 2,50,000.

8th.—The only prior charge upon any of these sources of income is Rs. 6,500 borrowed under the loan of 1876.

(*Here insert dates and time of sitting.*)

3. A Bench shall ordinarily be composed of not less than three Magistrates when they are all Honorary Magistrates, or of two when one of them is a Stipendiary Magistrate and the other an Honorary Magistrate. The Honorary Magistrates will sit in the rotation arranged by the Commissioner of Police, but any Magistrate not named may sit, unless the Chief Magistrate otherwise directs.

The Stipendiary Magistrates shall be *ex-officio* members of benches.

When an Honorary Magistrate, named for a particular day, fails to attend owing to illness or from any other cause, the Chief Magistrate may, at his discretion, summon another member or direct that the Bench may proceed without the absent member; provided that no case set down for hearing before the Bench shall proceed unless a Stipendiary Magistrate, or, in his absence, two Honorary Magistrates be present.

4. The Chief Magistrate shall, if present, officiate as Chairman. In his absence the Junior Magistrate shall, if sitting, officiate as Chairman. In the absence of both the Stipendiary Magistrates, the Bench may elect its own Chairman.

5. The Chairman shall conduct the proceedings of the Court, and exercise all the functions in that behalf usually exercised by a Presidency Magistrate when sitting alone. He shall decide upon the admissibility of evidence, and maintain order in the Court; but it shall be open to any member of the Bench to put any question to the witnesses, either direct or through the Chairman as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

6. Each member of the Bench shall have a voice in the finding and sentence. In a Bench of three or other uneven number, the opinion of the majority shall prevail. When the numbers are even, the Chairman shall have a casting vote.

7. The Chairman shall generally record the evidence and judgment in cases in which a record of evidence and a judgment are necessary; but such duty may, with his consent, be performed by any one of his colleagues.

8. The Bench may hold one or more adjourned sittings, if this be found necessary for the disposal of business, or of part-heard cases; but it shall be open to the Bench at the close of its regular sittings either to refer unheard cases back to the Magistrate under whose order of reference they received them, or to postpone them to some other day as may seem most convenient. Any part-heard case postponed to a further sitting of the Bench may be proceeded with if any member of the Bench has been present at the previous hearing in the case, but subject to the provisions of section 156 of the Presidency Magistrates' Act.

Any part-heard case may, however, be sent back to the Magistrate under whose order of reference it was received, should it appear unsuited for trial by a Bench. In such cases the Magistrate shall recommence the trial.

No. 254.—The following rules, having reference to the Banspattee khall from the lock at the Midnapore Canal down to the Hooghly, have been passed this day by the Lieutenant-Governor under the provisions of Sections 11 and 12 of the "Canals' Act of 1864" (No. V, B.L.C.) :—

1. No vessel will be allowed to moor by ropes attached to both banks of the khall.

2. No vessel, any part of whose cargo, hull-rigging, or gear rises above the water to a height exceeding 7½ feet will be allowed to moor on the right or south bank of the khall.

3. All vessels on the left or north bank must moor by ropes head and stern tied to bamboos or mooring posts driven into the bank by the crew and parallel with the bank in one line.

4. No anchor must be dropped within the limits of the navigable channel to which these rules refer, except in case of emergency or to avoid an accident, and the anchor dropped for any such purpose must be removed as soon as the immediate necessity for it has passed.

5. All vessels moored to either bank must be kept as close as possible to the bank.

6 Every person, either personally or by his servant, infringing any of the above rules (1 to 5) shall be liable, under Section 11 of the Canal Act, to a fine not exceeding Rs. 50 for any one infringement, or to a fine not exceeding Rs. 5 a day for any continued infringement.

RULES UNDER ACT III (B.C.) OF 1876.

1. The Collector, before awarding compensation under section 16, or making a reference under section 17, of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur.

3. Water shall not ordinarily be granted where the length of the village channel, from its head to its point of contact with the village boundary exceeds two (2) miles.

4. Water for irrigation shall not be supplied, except through a village channel so constructed and maintained, that, in the opinion of the Divisional Canal Officer—

(*a*)—the water will pass without wastage;

(*b*)—the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water to any cultivator whose fields have not been prepared for irrigation by division into compartments not greater in area than one cottah or 1361·25 superficial feet, and by the addition of small water channels as is customary in irrigation from wells.

Rice fields are exempted from the operation of this rule.

6. The above rule shall only apply to those cases in which the non-observance of it has been discovered previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 38.

7. Persons desirous (i) of constructing a village channel, or (ii) of taking water therefrom, or (iii) of taking water from any outlet provided by Government, shall prefer a written application to the Divisional Canal Officer, or to some officer duly authorised by him to receive such applications. In the first case (i), if the application be received by an officer subordinate to the Divisional Canal Officer, it shall be forwarded to him for orders.

8. An application under Rule 7 shall, if granted, and unless otherwise specially agreed upon, be subject to the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation, without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants appoint a headman, known or ascertained, to be a substantial person possessed of property, to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the village channel according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the village channel. His appointment shall be subject to the approval of the Divisional Canal Officer and of the Collector, and he shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Divisional Canal Officer shall appoint a headman, whose appointment shall be subject to the approval of the Collector.

(*d*)—If the Collector and Divisional Canal Officer do not agree as to the appointment of a headman under Rules 8 (*b*) and 8 (*c*), the Collector shall refer the matter to the Commissioner of the Division, whose decision shall be final.

(*e*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 11.

(*f*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A) to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B) from such officer.

(*g*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates that there is likely to be difficulty in the realization of the water-rates, he shall intimate the same to the Collector, in whose option it shall be to require payment of water-rates in advance.

(*h*)—That any other cultivators in the same village, able and willing to irrigate their lands from the village channel, may, subject to the approval of the Divisional Canal Officer, be admitted as shareholders in it, on paying their proportionate share of the first cost and maintenance thereof, to be determined by the amount of irrigable land held by them.

(*i*)—That all alterations in the number of shareholders, distribution of shares, or appointment of headmen, shall be reported to the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

9. The Divisional Canal Officer is empowered to pay to the headman appointed under Rule 8 the fees detailed in the rule next following, subject to the condition of satisfactory performance of duty.

10. The allowance to the headman of a village channel for duties connected with that village channel, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 4 per cent on the amount of canal-water rates assessed on the lands irrigated from the village channel under his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

11. The allowance to the headman of a village channel for collecting the water-rates shall be 4 per cent. on the amount actually paid in by him. If the headman shall satisfy the Collector that arrears have not accrued through any negligence on his part, it shall be within the discretion of the Collector to pay him the allowance on the whole or on any part of such arrears.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If proposed for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependant on any canal, under the following conditions :—

(*a*)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle or both.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written application of the parties concerned.

(*e*)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

14. The Divisional Canal Officer may, by written order under section 76 (*a*)(ii), stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that the village channel is not maintained in proper repair. Immediate report of any such closure, with an explanation of the special ground for stoppage, shall be made to the Superintending Canal Officer.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of village channels. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Canal Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries, or other channels, shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission of water-rates, under section 76 (*b*), shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any portion of the rates. All applications for remission of water-rates shall be made in writing by the parties concerned, either in person or through their headman, to the nearest Sub-Divisional Canal Officer, at least seven days prior to the cutting of the crop. On receipt of such application, the Sub-Divisional Canal Officer shall, after due local inquiry, forward the application with his remarks to the Divisional Canal Officer for decision.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

19. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follow :—

WATER-RATES.

Sone Canals.

1 Beegha ... ... = 27,225·00 „
1 Acre . ... = 43,560·00 „

20. Up to the 1st June 1879 leases for three years may be granted at the following rates, provided that the area leased in any village shall not be less than the whole irrigable area in the case of khurreef cultivation, or half the irrigable area in that of rubbee cultivation. In the latter case the area must be as far as possible in one block. In certain cases it may, at the discretion of the Divisional Canal Officer, be comprised in two or at most three blocks—

Schedule of Rates.

	Per acre.	Per beegha.	Per cottah.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Rubbee, including bhadoi ...	2 4 0	1 6 6	0 1 2
Khurreef	1 8 0	0 15 0	0 0 9

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood, as a general rule, the extent of land for which water can be supplied at the rate of 80 acres in khurreef, and 180 acres in rubbee per cubic foot of available supply.

23. Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government, under section 82 of Act III (B.C.) of 1876, all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in Appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in Appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. Contractors shall be entitled to collect water-dues at the rates given in the schedule attached to Rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water-rates shall be deemed a sum due to Government under sections 82 and 85 of Act III of 1876.

25. A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the application (Appendix D), except such sums as may be remitted by competent authority under the rules in force, and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under Rules 20 to 25 is for the supply of water to khurreef crops, or to all irrigable rubbee crops in the village, a list in Form E should be submitted with the application, showing the number of each field in the map, the area of the field, crop to be grown, and amount payable, and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village In such cases the fields receiving water may vary from year to year, but the total area for which the water-rates shall be calculated shall never be less than the area specified in the three-years' lease. Should more land be irrigated than is specified in the three-years' lease, the same shall be chargeable with annual water-rates.

27. No water shall be taken previous to receipt of a permit (Appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor, the Divisional Canal Officer shall, under section 82, furnish such contractor with a written authority to collect the amounts due by the cultivators according to the list furnished under Rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Divisional Canal Officer to perform the duties specified in Rule 10. Such headman shall receive five per cent. on the assessment, but the Divisional Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule and of Rules 29 and 30.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz., five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower rate if he thinks fit. The headman to be held responsible for the collection of the amount of charges so imposed.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a field, irrigated by the canal water, fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates shall be levied on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments and by the addition of small water channels as prescribed in Rule 6, an additional charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Canal Officer must certify that the field was not properly prepared for irrigation according to the terms of the rule.

39. The statements of the amounts demandable for water-rates levied under the rules in force shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

40. All water-rates shall become due on the dates noted on the "permits," as herein below stated, and shall be paid within one month of such dates :—

Water-rate on sugarcane and spring crops, wheat, barley, peas, poppy, &c.,—15th April.

Water-rate on summer crops, cheena, &c.,—15th August.

Water-rate on bhadoi crops, early rice, Indian corn, murwa, &c.,—30th November.

Water-rate on annual and winter crops, aghani rice, joaur, &c.,—31st January.

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents, in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rate shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer.

43. Objections to the demand addressed to the Collector shall, if remission be claimed on the score of short supply or of any matter affecting the Irrigation Department, be referred for orders to the Divisional Canal Officer. The collection of the demand shall not be suspended on account of any such objection.

44. Claims for remission referred by the Collector and admitted by the Divisional Canal Officer shall be reported by him for the sanction of the Superintending Canal Officer.

45. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

46. If the Divisional Canal Officer reject the claim, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order of the Divisional Canal Officer.

47. In special cases not otherwise provided for by these rules, and in cases in which water-rates are not recoverable owing to the absconding or bankruptcy of the defaulter, the Collector will obtain the sanction of the Commissioner of the Division to the remission of such sums as he may deem irrecoverable. The details of such remission shall be communicated at the close of each official year to the Divisional Canal Officer.

48. If a cultivator is dissatisfied with the entries made against him in the khatianni, whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop.

49. No person shall, without the permission in writing of the Divisional or Sub-Divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

50. No Canal Officer, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

51. The ameen appointed to measure up the area irrigated in any village shall, before leaving it, make over the khusras to a mohurir, who will then compile the khatianni. A copy of the khatianni will be taken by the putwaree, who must as a rule make it himself; but if he cannot from any cause do so, the mohurir must make it, and the putwaree is to be held responsible that he gets a copy.

52. The copy of the khatianni thus made shall be hung up in some conspicuous place in the village, and slips in the prescribed form (Appendix F), showing the amount he will have to pay, area irrigated, &c., shall be prepared by the putwaree and given to each ryot.

53. The allowance to the putwaree for the above work shall be 2 per cent. on the collections, and shall be paid to him by the Collector on his being satisfied that the work has been properly done. No allowance will be made to putwarees in leases granted under Rule 25.

54. The measurements of each crop irrigated shall be made as soon as practicable, and every care should be taken to have the khatianni hung up in the village at least fifteen days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

55. In case of any subsequent alteration of the khatianni owing to correction of clerical errors, &c., such alteration shall be at once communicated to the putwaree to enable him to correct the village copy and slips accordingly.

56. The zilladar shall submit his check measurements in a form (Appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the ameens' measurements as often as he possibly can. If it be found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

NOTIFICATION.

The 18th November 1878.—The following revised rules for the working of the Treasure Trove Act (VI of 1878) are approved by the Lieutenant-Governor and published for general information under Section 19 of the said Act in modification of those published at page 891 of the *Calcutta Gazette* of the 21st August 1878:—

The notification under Section 5 (*a*) shall be published at the Collector's cutcherry, sub-divisional cutcherry, moonsiff's cutcherry, and police-station within the jurisdiction of which the treasure was found, and at some conspicuous spot in the village in which it was found.

2. On receipt of any application under Section 4, or on receipt of information from any person other than the finder that treasure had been found, the Collector shall report the fact to the Commissioner, stating—

(1) Name of finder;
(2) Nature of treasure;
(3) Approximate value;
(4) Date of finding;
(5) Whether it is recommended that Government should acquire the treasure under Section 16 (when the treasure consists of coin).

A copy of this report shall be sent to the Asiatic Society at Calcutta for information it having been decided that unless there is some strong reason to the contrary, whenever two or more coins of the same kind are found, the Society may be allowed the option of purchasing one of them. The Society will also select any coins likely to be useful to the Royal Asiatic Society at Bombay, and will correspond with that Society on the subject.

3. In the case of information being given by a person other than the finder, the Collector shall issue a notice on the person informed against, to show cause why he should

not be prosecuted for not giving the required notice; and in the event of no cause being shewn, the Collector shall take such further action as may seem expedient.

4. On receipt of the Collector's report the Commissioner will, if he thinks the property ought to be acquired by Government, report the case for the orders of the Board of Revenue.

5. All notices under Section (5) should be served at the cost of Government.

6. All fines levied under this Act shall be credited to Land Revenue "Miscellaneous," and any treasure which vests in Government under Section 20 or 21 shall, unless it be such as it is thought advisable for Government to retain, be sold by public auction to the highest bidder under the orders of the Commissioner, and the proceeds be credited to the above head.

7. All Commissioners and Collectors should append a paragraph to their land revenue annual reports, stating whether any applications have been presented during the year under report under Section 4, or any proceedings taken before the Magistrate under Section 20 or 21.

3. A Bench shall ordinarily be composed of not less than three Magistrates when they are all Honorary Magistrates, or of two when one of them is a Stipendiary Magistrate and the other an Honorary Magistrate. The Honorary Magistrates will sit in the rotation arranged by the Commissioner of Police, but any Magistrate not named may sit, unless the Chief Magistrate otherwise directs.

The Stipendiary Magistrates shall be *ex-officio* members of benches.

When an Honorary Magistrate, named for a particular day, fails to attend owing to illness or from any other cause, the Chief Magistrate may, at his discretion, summon

another member or direct that the Bench may proceed without the absent member; provided that no case set down for hearing before the Bench shall proceed unless a Stipendiary Magistrate, or, in his absence, two Honorary Magistrates be present.

4. The Chief Magistrate shall, if present, officiate as Chairman. In his absence the Junior Magistrate shall, if sitting, officiate as Chairman. In the absence of both the Stipendiary Magistrates, the Bench may elect its own Chairman.

5. The Chairman shall conduct the proceedings of the Court, and exercise all the functions in that behalf usually exercised by a Presidency Magistrate when sitting alone. He shall decide upon the admissibility of evidence, and maintain order in the Court; but it shall be open to any member of the Bench to put any question to the witnesses, either direct or through the Chairman as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

6. Each member of the Bench shall have a voice in the finding and sentence. In a Bench of three or other uneven number, the opinion of the majority shall prevail. When the numbers are even, the Chairman shall have a casting vote.

7. The Chairman shall generally record the evidence and judgment in cases in which a record of evidence and a judgment are necessary; but such duty may, with his consent, be performed by any one of his colleagues.

8. The Bench may hold one or more adjourned sittings, if this be found necessary for the disposal of business, or of part-heard cases; but it shall be open to the Bench at the close of its regular sittings either to refer unheard cases back to the Magistrate under whose order of reference they received them, or to postpone them to some other day as may seem most convenient. Any part-heard case postponed to a further sitting of the Bench may be proceeded with if any member of the Bench has been present at the previous hearing in the case, but subject to the provisions of section 156 of the Presidency Magistrates' Act.

Any part-heard case may, however, be sent back to the Magistrate under whose order of reference it was received, should it appear unsuited for trial by a Bench. In such cases the Magistrate shall recommence the trial.

RULES UNDER ACT III (B.C.) OF 1876.

1. The Collector, before awarding compensation under section 16, or making a reference under section 17, of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur.

3. Water shall not ordinarily be granted where the length of the village channel, from its head to its point of contact with the village boundary exceeds two (2) miles.

4. Water for irrigation shall not be supplied, except through a village channel so constructed and maintained, that, in the opinion of the Divisional Canal Officer—

(*a*)—the water will pass without wastage;

(*b*)—the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water to any cultivator whose fields have not been prepared for irrigation by division into compartments not greater in area than one cottah or 1361·25 superficial feet, and by the addition of small water channels as is customary in irrigation from wells.

Rice fields are exempted from the operation of this rule.

6. The above rule shall only apply to those cases in which the non-observance of it has been discovered previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 38.

7. Persons desirous (i) of constructing a village channel, or (ii) of taking water therefrom, or (iii) of taking water from any outlet provided by Government, shall prefer a written application to the Divisional Canal Officer, or to some officer duly authorised by him to receive such applications. In the first case (i), if the application be received by an officer subordinate to the Divisional Canal Officer, it shall be forwarded to him for orders.

8. An application under Rule 7 shall, if granted, and unless otherwise specially agreed upon, be subject to the following conditions:—

(*a*)—That the water supplied shall not be used for other purposes than irrigation, without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*)—That the applicants appoint a headman, known or ascertained, to be a substantial person possessed of property, to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the village channel according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the village channel. His appointment shall be subject to the approval of the Divisional Canal Officer and of the Collector, and he shall be deemed to be a public servant within the meaning of the Penal Code.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Divisional Canal Officer shall appoint a headman, whose appointment shall be subject to the approval of the Collector.

(*d*)—If the Collector and Divisional Canal Officer do not agree as to the appointment of a headman under Rules 8 (*b*) and 8 (*c*), the Collector shall refer the matter to the Commissioner of the Division, whose decision shall be final.

(*e*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 11.

(*f*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A) to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B) from such officer.

(*g*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates that there is likely to be difficulty in the realization of the water-rates, he shall intimate the same to the Collector, in whose option it shall be to require payment of water-rates in advance.

(*h*)—That any other cultivators in the same village, able and willing to irrigate their lands from the village channel, may, subject to the approval of the Divisional Canal Officer, be admitted as shareholders in it, on paying their proportionate share of the first cost and maintenance thereof, to be determined by the amount of irrigable land held by them.

(*i*)—That all alterations in the number of shareholders, distribution of shares, or appointment of headmen, shall be reported to the Sub-Divisional Canal Officer for the sanction of the Divisional Canal Officer.

9. The Divisional Canal Officer is empowered to pay to the headman appointed under Rule 8 the fees detailed in the rule next following, subject to the condition of satisfactory performance of duty.

10. The allowance to the headman of a village channel for duties connected with that village channel, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 4 per cent on the amount of canal-water rates assessed on the lands irrigated from the village channel under his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

11. The allowance to the headman of a village channel for collecting the water-rates shall be 4 per cent. on the amount actually paid in by him. If the headman shall satisfy the Collector that arrears have not accrued through any negligence on his part, it shall be within the discretion of the Collector to pay him the allowance on the whole or on any part of such arrears.

12. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If proposed for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependant on any canal, under the following conditions :—

(*a*)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle or both.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written application of the parties concerned.

(*e*)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

14. The Divisional Canal Officer may, by written order under section 76 (*a*)(ii), stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that the village channel is not maintained in proper repair. Immediate report of any such closure, with an explanation of the special ground for stoppage, shall be made to the Superintending Canal Officer.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of village channels. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Canal Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries, or other channels, shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission of water-rates, under section 76 (*b*), shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any portion of the rates. All applications for remission of water-rates shall be made in writing by the parties concerned, either in person or through their headman, to the nearest Sub-Divisional Canal Officer, at least seven days prior to the cutting of the crop. On receipt of such application, the Sub-Divisional Canal Officer shall, after due local inquiry, forward the application with his remarks to the Divisional Canal Officer for decision.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

19. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follow :—

WATER-RATES.

Sone Canals.

Class.	Nature of crop.	Flow irrigation per			Lift irrigation per			Per

1 Beegha ... ... = 27,225·00 „
1 Acre ... ... = 43,560·00 „

20. Up to the 1st June 1879 leases for three years may be granted at the following rates, provided that the area leased in any village shall not be less than the whole irrigable area in the case of khurreef cultivation, or half the irrigable area in that of rubbee cultivation. In the latter case the area must be as far as possible in one block. In certain cases it may, at the discretion of the Divisional Canal Officer, be comprised in two or at most three blocks—

Schedule of Rates.

	Per acre.	Per beegha.	Per cottah.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Rubbee, including bhadoi ...	2 4 0	1 6 6	0 1 2
Khurreef	1 8 0	0 15 0	0 0 9

21. Three-year leases will not be granted for sugarcane.

22. By irrigable area is to be understood, as a general rule, the extent of land for which water can be supplied at the rate of 80 acres in khurreef, and 180 acres in rubbee per cubic foot of available supply.

23 Leases for three years at the reduced rates may be given (1) on the application of all the cultivators of a village, on condition of their agreeing in such application to become jointly and severally responsible for the payment of all amounts due on account of water-rates; or (2) on the joint application of the cultivators and of some person hereinafter called the contractor, who may agree to collect and pay to Government, under section 82 of Act III (B.C.) of 1876, all sums which may be due under the application on account of water-rates. The application of villagers binding themselves jointly and severally will be in the form prescribed in Appendix C. The joint application of villagers and a water-rate contractor shall be in the form prescribed in Appendix D. Every application under this rule must be signed by each applicant in the presence of at least one respectable witness.

24. Contractors shall be entitled to collect water-dues at the rates given in the schedule attached to Rule 20 from the cultivators who have applied for the water supplied. Every due from a cultivator to a contractor on account of water-rates shall be deemed a sum due to Government under sections 82 and 85 of Act III of 1876.

25. A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the application (Appendix D), except such sums as may be remitted by competent authority under the rules in force, and shall be entitled to a deduction of 5 per cent. for cost of collection.

26. When the lease under Rules 20 to 25 is for the supply of water to khurreef crops, or to all irrigable rubbee crops in the village, a list in Form E should be submitted with the application, showing the number of each field in the map, the area of the field crop to be grown, and amount payable, and this should be signed by each cultivator. Water will be supplied in accordance with this list during the period of the lease. Similar lists must be submitted each year before water is supplied to rubbee lands when the area leased is less than the whole area of irrigable rubbee land in the village. In such cases the fields receiving water may vary from year to year, but the total area for which the water-rates shall be calculated shall never be less than the area specified in the three-years' lease. Should more land be irrigated than is specified in the three-years' lease, the same shall be chargeable with annual water-rates.

27. No water shall be taken previous to receipt of a permit (Appendix B) signed by the Divisional Canal Officer. When an agreement has been made for the collection of the rates by a contractor, the Divisional Canal Officer shall, under section 82, furnish such contractor with a written authority to collect the amounts due by the cultivators according to the list furnished under Rule 26, one copy of which is to be sent to the Collector.

28. Every contractor shall nominate a headman to be approved by the Divisional Canal Officer to perform the duties specified in Rule 10. Such headman shall receive five per cent. on the assessment, but the Divisional Canal Officer may retrench the whole or any part of these fees if the duties are not properly performed.

29. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

30. When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

31. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate. The headman will be held personally responsible for the due observance of this rule and of Rules 29 and 30.

32. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

33. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

34. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated.

35. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower rate if he thinks fit. The headman to be held responsible for the collection of the amount of charges so imposed.

36. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

37. When the original crop sown in a field, irrigated by the canal water, fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates shall be levied on the second crop.

38. When a field is irrigated which has not been prepared by division into compartments and by the addition of small water channels as prescribed in Rule 6, an additional charge may be imposed equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Canal Officer must certify that the field was not properly prepared for irrigation according to the terms of the rule.

39. The statements of the amounts demandable for water-rates levied under the rules in force shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

40. All water-rates shall become due on the dates noted on the "permits," as herein below stated, and shall be paid within one month of such dates :—

Water-rate on sugarcane and spring crops, wheat, barley, peas, poppy, &c.,—15th April.

Water-rate on summer crops, cheena, &c.,—15th August.

Water-rate on bhadoi crops, early rice, Indian corn, murwa, &c.,—30th November.

Water-rate on annual and winter crops, aghani rice, joaur, &c.,—31st January.

41. In the case of lands held in bhaoli, the water-rate shall be recoverable from both the cultivator and the person or persons in receipt of the bhaoli rents, in the same proportion as the produce is divisible amongst them.

42. Collection of all water-rate shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer.

43. Objections to the demand addressed to the Collector shall, if remission be claimed on the score of short supply or of any matter affecting the Irrigation Department, be referred for orders to the Divisional Canal Officer. The collection of the demand shall not be suspended on account of any such objection.

44. Claims for remission referred by the Collector and admitted by the Divisional Canal Officer shall be reported by him for the sanction of the Superintending Canal Officer.

45. A remission statement signed by the Superintending Canal Officer shall be sufficient authority for a refund by the Collector.

46. If the Divisional Canal Officer reject the claim, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order of the Divisional Canal Officer.

47. In special cases not otherwise provided for by these rules, and in cases in which water-rates are not recoverable owing to the absconding or bankruptcy of the defaulter, the Collector will obtain the sanction of the Commissioner of the Division to the remission of such sums as he may deem irrecoverable. The details of such remission shall be communicated at the close of each official year to the Divisional Canal Officer.

48. If a cultivator is dissatisfied with the entries made against him in the khatianni, whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer at least seven days prior to the cutting of the crop.

49. No person shall, without the permission in writing of the Divisional or Sub-Divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

50. No Canal Officer, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

51. The ameen appointed to measure up the area irrigated in any village shall, before leaving it, make over the khusras to a mohurir, who will then compile the khatianni. A copy of the khatianni will be taken by the putwaree, who must as a rule make it himself; but if he cannot from any cause do so, the mohurir must make it, and the putwaree is to be held responsible that he gets a copy.

52. The copy of the khatianni thus made shall be hung up in some conspicuous place in the village, and slips in the prescribed form (Appendix F), showing the amount he will have to pay, area irrigated, &c., shall be prepared by the putwaree and given to each ryot.

53. The allowance to the putwaree for the above work shall be 2 per cent. on the collections, and shall be paid to him by the Collector on his being satisfied that the work has been properly done. No allowance will be made to putwarees in leases granted under Rule 25.

54. The measurements of each crop irrigated shall be made as soon as practicable, and every care should be taken to have the khatianni hung up in the village at least fifteen days before the crop is cut, so that the ryot may make his complaints, if he have any, in good time.

55. In case of any subsequent alteration of the khatianni owing to correction of clerical errors, &c., such alteration shall be at once communicated to the putwaree to enable him to correct the village copy and slips accordingly.

56. The zilladar shall submit his check measurements in a form (Appendix G) which shall be sent in for the inspection of the Divisional Canal Officer. The Sub-Divisional Canal Officer shall also check the ameens' measurements as often as he possibly can. If it be found that any ameen systematically makes wrong measurements, he shall be punished by dismissal, and shall be declared incapable of obtaining further employment under Government.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal

CIVIL.

No. 33, *dated the* 1*st November* 1878.

It having been ruled by the Government of Bengal that the grant of vacation leave to Uncovenanted Judicial Officers should be left entirely to the High Court, and that it need not be gazetted, District Judges are requested in future to submit applications for such leave to the court direct and not through the Accountant-General. The instructions contained in Circular Order No. 25, dated 17th August 1864, however, continue in force, and an immediate report must be made in case any officer overstays the leave granted him.

2. Applications for privilege leave, which, under Section 31-1, Chapter VII, of the Civil Leave Code, is admissible to Uncovenanted Judicial Officers only in case of urgent necessity, should continue, as hitherto, to be submitted to the court through the Accountant-General, and the officers making the applications should be required to note in them what vacation leave, if any, they may have had within the three years previous.

3. District Judges will now observe that vacation leave cannot be granted otherwise than under these instructions.

No. 34, *dated the 7th November* 1878.

WITH reference to the notification appended to circular order No. 32, of the 20th September last, Judicial Officers are informed that it was not intended to impose a fee in respect of affidavits sworn by order of Court for the proof of service of process, and that no charge should therefore be made against persons who accompany process peons for the purpose of identifying parties.

CRIMINAL.

No. 11, *dated the* 1*st November* 1878.

IN modification of Circular Order No. 5, dated 5th July 1865, the Court are pleased to direct that, in future, persons convicted of offences which are not punishable with whipping, or with imprisonment for a term of three years or upwards, shall not be entered in the "Register of criminals convicted of heinous offences," although the charge may have been one falling under Chapter XII or XVII of the Indian Penal Code.

Sheriff's Office, the 30th October 1878.

NOTICE is hereby given that the Ninth Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Monday, the Twenty-fifth day of November next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute.

NOTIFICATION.

The 18th November 1878.—The following revised rules for the working of the Treasure Trove Act (VI of 1878) are approved by the Lieutenant-Governor and published for general information under Section 19 of the said Act in modification of those published at page 891 of the *Calcutta Gazette* of the 21st August 1878 :—

The notification under Section 5 (*a*) shall be published at the Collector's cutcherry, sub-divisional cutcherry, moonsiff's cutcherry, and police-station within the jurisdiction of which the treasure was found, and at some conspicuous spot in the village in which it was found.

2. On receipt of any application under Section 4, or on receipt of information from any person other than the finder that treasure had been found, the Collector shall report the act to the Commissioner, stating—

(1) Name of finder;
(2) Nature of treasure;
(3) Approximate value;
(4) Date of finding;
(5) Whether it is recommended that Government should acquire the treasure under Section 16 (when the treasure consists of coin).

A copy of this report shall be sent to the Asiatic Society at Calcutta for information, it having been decided that unless there is some strong reason to the contrary, whenever two

or more coins of the same kind are found, the Society may be allowed the option of purchasing one of them. The Society will also select any coins likely to be useful to the Royal Asiatic Society at Bombay, and will correspond with that Society on the subject.

3. In the case of information being given by a person other than the finder, the Collector shall issue a notice on the person informed against, to show cause why he should not be prosecuted for not giving the required notice; and in the event of no cause being shewn, the Collector shall take such further action as may seem expedient.

4. On receipt of the Collector's report the Commissioner will, if he thinks the property ought to be acquired by Government, report the case for the orders of the Board of Revenue.

5. All notices under Section (5) should be served at the cost of Government.

6. All fines levied under this Act shall be credited to Land Revenue "Miscellaneous," and any treasure which vests in Government under Section 20 or 21 shall, unless it be such as it is thought advisable for Government to retain, be sold by public auction to the highest bidder under the orders of the Commissioner, and the proceeds be credited to the above head.

7. All Commissioners and Collectors should append a paragraph to their land revenue annual reports, stating whether any applications have been presented during the year under report under Section 4, or any proceedings taken before the Magistrate under Section 20 or 21.

The following are the conditions of sale:—

1.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale: or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

Deposit.
When the amount bid is less than Rs. 1,200 per chest, Rs. 300 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

6.—The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7.—No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8.—The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10.—No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the

same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertised for sale; No. 2, report of the examination of such Opium.

16.—The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1877-78, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17.—Any further information respecting weight or quality of the Opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1879, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 60,000 chests of Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."
